A statement of intent is required for this bill because it amends 53-6-113 to authorize the department of social and rehabilitation services to adopt rules to govern eligibility for the Montana medicaid program.

It is the intent of the legislature that the department adopt rules for eligibility that comply with federal requirements under Title XIX of the federal Social Security Act (42 U.S.C. 1396, et seq.) and 42 CFR 430 through 498. The rules of the department should address the standards of eligibility for the Montana medicaid program, including income and resource criteria, treatment of resources, specification of groups eligible to receive medicaid, and all other considerations described in 53-6-113(2) through (4).

*Be it enacted by the Legislature of the State of Montana:*

*(b) The person would be eligible for assistance under a program described in subsection (1)(a) if he were to apply for such assistance.*

*(c) The person is in a medical facility that is a medicaid provider and, but for residence in the facility, he would be receiving assistance under one of the programs in subsection (1)(a).*

*(i) the person's income does not exceed the medically needy income level specified for federally aided categories of assistance and his resources are within the resource standards of the federal supplemental security income program; or*

*(ii) the person, while having income greater than the medically needy income level specified for federally aided categories of assistance, has an adjusted income level, after incurring medical expenses, that does not exceed the medically needy income level specified for federally aided categories of assistance and his resources are within the resource standards of the federal supplemental security income program.*

*(g) The person is under 1 year of age and:*

*(i) has income that does not exceed income standards as may be required by the federal Social Security Act; and*

*(ii) has resources that do not exceed standards the department determines reasonable for purposes of the program.*

*(42 U.S.C. 1396 et seq.), as may be amended, and not specifically listed in this part to categories of persons that may be designated by the act for receipt of assistance."*

Section 2. Section 53-6-133, MCA, is amended to read:

**"53-6-133. Investigation and determination of eligibility.** (1) The county department shall promptly investigate and determine the eligibility of each applicant under this part in accordance with the rules of the department of social and rehabilitation services. Each applicant shall be informed of his right to a fair hearing and of the confidential nature of the information given. The county department shall determine whether or not the applicant is eligible for assistance under this part, and aid shall be furnished promptly to eligible persons. Each applicant shall receive written notice of the decision concerning his application, and right of appeal shall be secured to the applicant under the procedures of 53-2-606.

(2) If available funds are not sufficient to provide medical care for all eligible persons, the department shall have the authority to set priorities to limit, reduce, or otherwise curtail the amount, scope, or duration of the medical care and services made available."

Section 4. Section 53-6-113, MCA, is amended to read:

Rules may include but are not limited to financial standards and criteria for income and resources, treatment of resources, nonfinancial criteria, family responsibilities, residency, application, termination, definition of terms, and confidentiality of applicant and recipient information.*

*(3) The department may adopt rules limiting eligibility based on criteria more restrictive than that provided in 53-6-131 if required by Title XIX of the federal Social Security Act (42 U.S.C. 1396, et seq.), as may be*

# CHAPTER NO. 312

[HB 482]

AN ACT TO ALLOW THE DEPARTMENT OF HEALTH AND ENVIRONMENTAL SCIENCES TO DELEGATE REVIEW POWERS TO QUALIFIED LOCAL GOVERNMENTS FOR SMALL PUBLIC WATER AND SEWER PROJECTS; TO ALLOW THE BOARD OF HEALTH AND ENVIRONMENTAL SCIENCES TO ADOPT RULES RELATING TO THE DELEGATION OF REVIEW; AND AMENDING SECTION 75-6-102, MCA.

STATEMENT OF INTENT

A statement of intent is required for [this act] because section 1(2) grants rulemaking authority to the board of health and environmental sciences. The board would adopt rules governing the delegation to local governments of review of small public water systems and extensions or alterations of existing public water and sewer systems.

The rules are intended to establish criteria that would be used to determine whether a division of a local government has a review program suitable for delegation of review. The rules would specify the acceptable level of expertise and other factors necessary for local review and, if review authority has been granted, the circumstances under which the authority should be terminated or reviewed.

The rules are also intended to address the size of public water and sewer systems that would be subject to local review.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. **Delegation of review of small public water and sewer construction.** (1) If a local government requests a delegation and the appropriate division of the local government has established satisfactory review programs, the department may delegate to the division of local government review of:

(b) extensions or alterations of existing public water and sewer systems that involve 50 or fewer connections.

HeinOnline -- 1989 vol. I 665 1989

STATEMENT OF INTENT

A statement of intent is required for this bill because [section 3] requires the Montana board of science and technology development to adopt rules to implement the Montana Science and Technology Financing Act created by this bill.

It is the intent of the legislature that the board adopt rules:

(1) governing the conduct of board business;

(2) establishing application procedures that, at a minimum, require the submittal of an executive summary for a science and technology development project loan, a business plan for a seed capital project loan, a research and development project proposal for a research and development project loan, and other documents necessary to meet the criteria established in chapter 3 of Title 90;

(3) establishing the procedures to be followed by the board in its review process prior to making a science and technology development project loan; and

HeinOnline -- 1989 vol. I 672 1989

(4) establishing postdisbursement activities that describe the ongoing involvement or follow-along management of the board that may be required in a science and technology development project loan agreement.

The rules should be promulgated so as to promote the purposes and goals stated in the act. These include:

(1) strengthening and diversifying the state's economy by facilitating a public sector-private sector partnership to encourage scientific and technological development within the state in order to keep pace with a changing economic structure and to create new jobs and expand business opportunities;

(2) using the in-state investment fund for the purposes adopted by the voters of Montana in 1982 in Initiative Measure No. 95, by providing financial programs for new and expanding businesses to encourage the creation of jobs and expansion of the tax base;

(3) assisting in the acceleration of development of technology in the state through the making of technology investments that have significant potential for commercialization in Montana;

(4) working to forge a partnership among the private sector, the university community, and government;

(5) creating a funding source for the board to use in making seed capital development project loans;

(6) creating a mechanism for the board to use in making seed capital project loans; and

(7) creating a mechanism for the board to use in making research and development project loans.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. **Short title.** This chapter may be cited as the "Montana Science and Technology Financing Act".

Section 2. **Findings and purpose.** (1) The legislature finds and declares that:

(a) it is the policy of the state of Montana to promote the health, safety, and general welfare of all the people of the state;

(b) this policy will be furthered through strengthening and diversifying the state's economy by facilitating a public sector-private sector partnership to encourage scientific and technological development within the state in order to keep pace with a changing economic structure and to create new jobs and expand business opportunities;

(c) this strengthening and diversification will be fostered by assisting in the acceleration of development of technology in the state through participation with the private sector in the financing of science and technology development projects that have significant potential for commercialization in Montana;

HeinOnline -- 1989 vol. I 673 1989

(d) the in-state investment fund created through adoption of Initiative Measure No. 95 by the voters of Montana in 1982 is the appropriate source for providing financing programs for the development of new and expanding businesses in Montana;

(e) the Science and Technology Development Board Seed Capital Bond Act contained provisions that were found to be unconstitutional by the Montana supreme court, and the 51st legislature of the state of Montana must remedy those defects through legislation; and

(f) the Montana science and technology development board has demonstrated success in forging a partnership among the private sector, the university community, and government, and this success should be continued through an ongoing legislative commitment to the board's programs.

(2) The purposes of this chapter are to provide:

(a) a funding source for the board to make seed capital project loans;

(b) a mechanism for the board to use in making seed capital project loans; and

(c) a mechanism for the board to use in making research and development project loans, the funding source of which will be provided by separate legislation.

Section 3. **Rulemaking authority.** The board shall adopt rules necessary to implement the provisions of this chapter, including but not limited to rules:

(1) governing the conduct of board business;

(2) establishing application procedures that, at a minimum, require the submittal of:

(a) an executive summary for a science and technology development project loan;

(b) a business plan for a seed capital project loan;

(c) a research and development project proposal for a research and development project loan; and

(2) Cancellation of a lease under this section does not entitle the lessee to any refund of rentals paid or exemption from the payment of any rentals, penalties, or other compensation due the state."

Section 3. Section 77-6-212, MCA, is amended to read:

**"77-6-212. Loss of preference right — cancellation of lease — subleasing — pasturing agreements.** (1) Except as provided in subsections (3) and (4), a lessee of state land classed as agricultural or grazing land may not exercise the preference right provided in 77-6-205 if he subleases the land for more than 2 years in the term of the lease.

(2) The department shall cancel a lease of state agricultural or grazing land if the lessee subleases the land for more than 3 years during the term of the lease, unless the sublease is made between members of a family as provided in subsection (3).

(3) A lessee under subsection (1) or (2) may sublease the land for a period of not more than 5 years without losing the preference right or the lease to state land if, during the term of the lease, the land is subleased only to a spouse, son, daughter, adopted child, or sibling of the lessee.

(4) The lessee does not lose the preference right or right to lease because of subleasing as provided under this section if:

(a) the sublease is one-third or less acres of the lease; or

(b) the sublease is considered to be a pasturing agreement and is approved in writing by the department prior to the initiation of the agreement.

(5) For purposes of this section, a sublease may not be considered a pasturing agreement unless the lessee personally retains management and physical control of the land and livestock. "Management" means but is not limited to:

*(6) A lessee of state land classified as agricultural or grazing land shall lose the preference right provided in 77-6-205 upon conviction of a felony offense involving a dangerous drug, as defined in Title 50, chapter 32, and involving the planting, propagating, cultivating, growing, harvesting, manufacturing, compounding, converting, producing, processing, preparing, testing, analyzing, packaging, repackaging, storing, or concealing of a dangerous drug on any portion of the unit. When a state land lease is held by an association, company, or corporation, conviction of a member of the association, company, or corporation under this subsection does not result in loss of lease preference unless it appears that the operator, manager, or family in control of the association, company, or corporation is a consenting party or privy to a violation of this subsection."*

*Be it enacted by the Legislature of the State of Montana:*

Section 1. Section 37-3-323, MCA, is amended to read:

**"37-3-323. Revocation or suspension of license — probation — fine.** (1) The board may make an investigation whenever it is brought to its attention that there is reason to suspect that a person having a license or certificate to practice medicine in this state:

(a) is mentally or physically unable to safely engage in the practice of medicine, has procured his license to practice medicine by fraud or misrepresentation or through mistake, has been declared incompetent by a court of competent jurisdiction and thereafter has not been lawfully declared competent, or has a condition which impairs his intellect or judgment to the extent that it incapacitates him for the safe performance of professional duties;

(b) has been guilty of unprofessional conduct;

(c) has practiced medicine while his license was suspended or revoked;

(d) has had his license suspended or revoked by any licensing authority for reasons other than nonpayment of fees; or

(e) while under probation has violated its terms.

(2) The investigation shall be for the purpose of determining the probability of the existence of these conditions or the commission of these offenses and may include requiring the person to submit to a physical examination or a mental examination, or both, by a physician or physicians

HeinOnline -- 1989 vol. I 690 1989

selected by the board if it appears to be in the best interests of the public that this evaluation be secured. The board may examine and scrutinize the hospital records and reports of a licensee as part of the examination, and copies of these shall be released to the board on written request. If the board has reasonable cause to believe that this probability exists, the department shall mail to the person at his last address of record with the department a specification of the charges against him, together with a written notice of the time and place of the hearing on such charges, advising him that he may be present in person and by counsel if he so desires to offer evidence and be heard in his defense. The time fixed for the hearing may not be less than 30 days from the date of mailing the notice.

(3) A person, including a member of the board, may file a sworn complaint with the department against a person having a license to practice medicine in this state charging him with the commission of any of the offenses set forth in 37-3-322 or with any of the offenses or conditions set forth in subsection (1) of this section, which complaint shall set forth a specification of the charges. When the complaint is filed, the department shall mail a copy to the person accused at his last address of record with the department, together with a written citation of the time and place of the hearing on it.

(4) At the hearing the board shall adopt a resolution finding him guilty or not guilty of the matters charged. If the board finds that the offenses or conditions referred to in 37-3-322 or subsection (1) of this section do not exist with respect to the person or if he is found not guilty, the board shall dismiss the charges or complaint. If the board finds that the offenses or conditions referred to in 37-3-322 or in subsection (1) of this section do exist and the person is found guilty, the board shall:

(a) revoke his license;

(b) suspend his right to practice for a period not exceeding 1 year;

(c) suspend its judgment of revocation on the terms and conditions to be determined by the board;

(d) place him on probation;

(5) In a case of revocation, suspension, or probation, the department shall enter in its records the facts of the action and of subsequent action of the board with respect to it.

(6) On the expiration of the term of suspension, the licensee shall be reinstated by the board if he furnishes the board with evidence that he is then of good moral character and conduct and restored to good health and that he has not practiced medicine in this state during the term of suspension. If the evidence fails to establish to the satisfaction of the board that the holder is then of good moral character and conduct or restored to good health or if the evidence shows he has practiced medicine in this state

HeinOnline -- 1989 vol. I 691 1989

during the term of suspension, the board shall revoke the license at a hearing with notice and the procedure provided in subsection (1) of this section. The revocation is final and absolute.

(7) If a person holding a license to practice medicine under this chapter is by a final order or adjudication of a court of competent jurisdiction adjudged to be mentally incompetent or seriously mentally ill or addicted to the use of narcotics, his license may be suspended by the board. The suspension continues until the licensee is found or adjudged by the court to be restored to reason or cured or until he is discharged as restored to reason or cured and his professional competence has been proven to the satisfaction of the board.

*(8) A fine imposed under this section must be deposited in the general fund.*

*(9) The remedies and method of enforcement of this part as provided for in this section are concurrent and in addition to the other remedies provided in this part."*

Section 2. **Extension of authority.** Any existing authority to make rules on the subject of the provisions of [this act] is extended to the provisions of [this act].

## CHAPTER NO. 326

[HB 251]

AN ACT TO CLARIFY THE REAL ESTATE DESCRIPTION REQUISITE OF A UNIFORM COMMERCIAL CODE FINANCING STATEMENT COVERING FARM PRODUCTS; AMENDING SECTIONS 30-9-109 AND 30-9-402, MCA; AND PROVIDING AN APPLICABILITY DATE.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. Section 30-9-109, MCA, is amended to read:

**"30-9-109. Classification of goods — "consumer goods" — "equipment" — "farm products" — "inventory".** Goods are:

(1) "consumer goods" if they are used or bought for use primarily for personal, family or household purposes;

HeinOnline -- 1989 vol. I 704 1989

(2) "equipment" if they are used or bought for use primarily in business (including farming or a profession) or by a debtor who is a nonprofit organization or a governmental subdivision or agency or if the goods are not included in the definitions of inventory, farm products or consumer goods;

(3) "farm products" if they are crops or livestock or supplies used or produced in farming operations or if they are products of crops or livestock in their unmanufactured states (such as ginned cotton, wool clip, maple syrup, milk and eggs), *including crops growing or to be grown,* and if they are in the possession of a debtor engaged in raising, fattening, grazing or other farming operations. If goods are farm products they are neither equipment nor inventory;

(4) "inventory" if they are held by a person who holds them for sale or lease or to be furnished under contracts of service or if he has so furnished them, or if they are raw materials, work in process or materials used or consumed in a business. Inventory of a person is not to be classified as his equipment."

Section 2. Section 30-9-402, MCA, is amended to read:

**"30-9-402. Formal requisites of financing statement — amendments — mortgage as financing statement.** (1) A financing statement is sufficient if it gives the names of the debtor and the secured party, is signed by the debtor, gives an address of the secured party from which information concerning the security interest may be obtained, gives a mailing address and the county of residence of the debtor, and contains a statement indicating the types or describing the items of collateral. A financing statement may be filed before a security agreement is made or a security interest otherwise attaches. *If* the financing statement covers timber to be cut, minerals or the like (including oil and gas) or accounts subject to 30-9-103(5), *or farm products* or *if* the financing statement is filed as a fixture filing (30-9-313) and the collateral is goods which are or are to become fixtures, the statement must also comply with subsection (5). A copy of the security agreement is sufficient as a financing statement if it contains the above information and is signed by the debtor.

(2) A financing statement which otherwise complies with subsection (1) is sufficient when it is signed by the secured party instead of the debtor if it is filed to perfect a security interest in:

(a) collateral already subject to a security interest in another jurisdiction when it is brought into this state, or when the debtor's location is changed to this state. Such a financing statement must state that the collateral was brought into this state or that the debtor's location was changed to this state under such circumstances.

(b) proceeds under 30-9-306 if the security interest in the original collateral was perfected. Such a financing statement must describe the original collateral.

(c) collateral as to which the filing has lapsed; or

(d) collateral acquired after a change of name, identity, or corporate structure of the debtor (subsection (7)).

(3) A form substantially as follows is sufficient to comply with subsection (1):

Name of debtor (or assignor) .....

Address .....

County of residence .....

Name of secured party (or assignee) .....

Address .....

1. This financing statement covers the following types (or items) of property:

(Describe) .....

2. (If collateral is crops) The above described crops are growing or are to be grown on:

(Describe Real Estate) .....

3. (If applicable) The above goods are to become fixtures on:

(Describe Real Estate) .....

and this financing statement is to be filed in the real estate record. (If the debtor does not have an interest or record) The name of a record owner is .....

4. (If products of collateral are claimed) Products of the collateral are also covered.

(Use whichever is applicable) Signature of Debtor (or Assignor) .....

Signature of Secured Party (or Assignee) .....

(4) A financing statement may be amended by filing a writing signed by both the debtor and the secured party. An amendment does not extend the period of effectiveness of a financing statement. If any amendment adds collateral, it is effective as to the added collateral only from the filing date of the amendment. In this chapter, unless the context otherwise requires, the term "financing statement" means the original financing statement and any amendments.

(5) *(a)* A financing statement covering timber to be cut or covering minerals or the like (including oil and gas) or accounts subject to 30-9-103(5), or a financing statement filed as a fixture filing (30-9-313) when the debtor is not a transmitting utility, must show that it covers this type of collateral, must recite that it is to be filed in the real estate records, and the financing statement must contain a description of the real estate sufficient if it were contained in a mortgage of the real estate to give constructive notice of the mortgage under the law of this state. If the debtor does not have an interest of record in the real estate, the financing statement must show the name of a record owner.

*(b) A financing statement covering farm products must contain a reasonable description of the real estate upon which the farm products are produced or located. A legal description of the real estate is not required; a statement naming the county or counties in which the farm products are produced or located is sufficient to satisfy this subsection (b).*

(6) (a) A mortgage is effective as a financing statement filed as a fixture filing from the date of its recording if:

(i) the goods are described in the mortgage by item or type;

HeinOnline -- 1989 vol. I 706 1989

(ii) the goods are or are to become fixtures related to the real estate described in the mortgage;

(iii) the mortgage complies with the requirements for a financing statement in this section other than a recital that it is to be filed in the real estate records; and

(iv) the mortgage is duly recorded.

(b) No fee with reference to the financing statement is required other than the regular recording and satisfaction fees with respect to the mortgage.

(7) A financing statement sufficiently shows the name of the debtor if it gives the individual, partnership, or corporate name of the debtor, whether or not it adds other trade names or the names of partners. If the debtor so changes his name or in the case of an organization its name, identity, or corporate structure that a filed financing statement becomes seriously misleading, the filing is not effective to perfect a security interest in collateral acquired by the debtor more than 4 months after the change unless a new appropriate financing statement is filed before the expiration of that time. A filed financing statement remains effective with respect to collateral transferred by the debtor even though the secured party knows of or consents to the transfer.

(8) A financing statement substantially complying with the requirements of this section is effective even though it contains minor errors which are not seriously misleading."

Section 3. **Extension of authority.** Any existing authority to make rules on the subject of the provisions of [this act] is extended to the provisions of [this act].

Section 4. **Applicability.** [This act] applies to financing statements filed after September 30, 1989.

Approved March 27, 1989.

HeinOnline -- 1989 vol. I 708 1989

*(22)* malpractice or negligent practice;

*(23)* practicing medicine as the partner, agent, or employee of or in joint venture with a person who does not hold a license to practice medicine within this state; however, this does not prohibit the incorporation of an individual licensee or group of licensees as a professional service corporation under Title 35, chapter 4, nor does *it* apply to a single consultation with or a single treatment by a person or persons licensed to practice medicine and surgery in another state or territory of the United States or foreign country;

STATEMENT OF INTENT

This bill requires a statement of intent because [section 12] requires the department of family services to adopt administrative rules for the licensing of community homes for persons with severe disabilities. Licensed community homes are family-oriented residences for persons with severe disabilities who are eligible for services designed to assist persons with severe disabilities in living and functioning independently.

It is the intent of the legislature that, in adopting rules, the department develop licensing requirements to govern the administration, operation, and health and safety of standards of community homes for persons with severe disabilities. The department of health and environmental sciences and the state fire marshal shall provide advice and recommendations to the department of family services in the adoption of licensing requirements for the health and safety of community homes.

The rules for licensing of community homes for persons with severe disabilities may address the following: facility acquisition, facility design, group home staffing, staff training, service goals and design, quality of services, client placement procedure, provider grievance procedure, accounting procedures, including a procedure for the accounting of client personal property and belongings, water and waste disposal, food service, laundry, and fire and life safety standards that are compatible with the residential character of the facility.

*Be it enacted by the Legislature of the State of Montana:*

# CHAPTER NO. 331

[HB 317]

AN ACT LIMITING THE COMPENSATION THAT MAY BE USED IN THE CALCULATION OF AVERAGE FINAL COMPENSATION WHEN A MEMBER OF THE TEACHERS' RETIREMENT SYSTEM RECEIVES A SUBSTANTIAL INCREASE IN COMPENSATION THAT MAY BE INCLUDED IN THE CALCULATION OF AVERAGE FINAL COMPENSATION, SUBJECT TO RULES ADOPTED BY THE TEACHERS' RETIREMENT BOARD; DEFINING ANY AMOUNT IN EXCESS OF THE LIMIT ESTABLISHED AS TERMINATION PAY; AMENDING SECTION 19-4-101, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

STATEMENT OF INTENT

It is the intent of the legislature to provide equitable retirement benefits to all members of the teachers' retirement system based on their normal service and salary. The legislature further intends to limit the effect on the retirement system of isolated salary increases received by selected individuals through promotions or one-time salary enhancements during their last years of employment.

The bill provides that the amount of each year's earned compensation that may be used in calculating a member's average final compensation may not exceed the member's earned compensation for the preceding year by more than 10%, except as provided by rule by the board. The legislature intends that the board's rules exempt from the 10% statutory cap increases that:

(1) result from collective bargaining agreements;

HeinOnline -- 1989 vol. I 727 1989

(2) have been granted by the employer to all other similarly situated employees; or

(3) have been received as compensation for summer employment.

In addition, the legislature intends that the board's rules require a member to provide adequate documentation to permit the board to make an informed decision concerning exceptions to the 10% statutory cap.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. Section 19-4-101, MCA, is amended to read:

**"19-4-101. Definitions.** As used in this chapter, unless the context clearly indicates otherwise, the following definitions apply:

(1) "Accumulated contributions" means the sum of all the amounts deducted from the compensation of a member or paid by a member and credited to his individual account in the annuity savings fund, together with interest. Regular interest shall be computed and allowed to provide a benefit at the time of retirement.

(2) "Actuarial equivalent" means a benefit of equal value when computed, with regular interest, on the basis of the 1971 Group Annuity Mortality Table, with ages set back 4 years and an interest rate of 8% compounded annually.

(3) "Annuity" means the payments made to a beneficiary for life which are derived from a member's accumulated contributions.

(4) "Annuity reserve" means the present value of all payments to be made on account of a member's annuity computed, with regular interest, on the basis of the mortality tables adopted by the retirement board.

(5) (a) "Average final compensation" means the average of the earned compensation of a member during the 3 consecutive years of full-time service which yield the highest average and on which contributions have been made as required by 19-4-602.

*(b) In determining a member's retirement allowance under 19-4-802 or 19-4-804, the amount of each year's earned compensation that may be used in the calculation of average final compensation may not exceed the member's earned compensation from the preceding year by more than 10%, except as provided by rule by the retirement board.*

*(c) Earned compensation in excess of the amount specified in subsection (5)(b) is considered termination pay as provided in subsection (5)(d).*

*(d)* If the earned compensation includes any termination pay, the member shall select one of the following options:

(i) use the total termination pay in the calculation of the average final compensation. The member and the employer shall pay such contributions to the retirement system as are determined by the board to adequately compensate the system for the additional retirement benefit. The contributions must be made at the time the termination pay is received.

HeinOnline -- 1989 vol. I 728 1989

(ii) use a yearly amount of termination pay added to each of the 3 consecutive years' salary used in the calculation of the average final compensation, if the member has 4 or more years of service with the employer from which the termination pay was received. The amount of such compensation used in the calculation of average final compensation must be divided by the total number of years of creditable service to determine a yearly amount. The member and the employer must pay contributions on the termination pay according to the rates provided for in 19-4-602(1) and 19-4-605(1).

(iii) exclude the termination pay from the average final compensation. No contribution is required of either the employer or member, *and contributions made under 19-4-602 and 19-4-605 must be refunded.*

*(e)* For purposes of this subsection, termination pay includes any form of termination pay or any lump-sum payment for deferred compensation, sick leave, or accumulated vacation credit, or any other payment for time not worked other than compensation received while on sick leave or authorized leave of absence.

(6) "Beneficiary" means a person in receipt of a pension, annuity, retirement allowance, or other benefit provided by the retirement system.

(7) "Creditable service" is that service defined by 19-4-401.

(8) "Earned compensation" means the full compensation, pay, or salary actually paid to a member and reported to the retirement system, including amounts paid under a salary reduction agreement to a tax sheltered annuity or deferred compensation program and the value of any housing provided by the employer. The employer shall fix the value of any housing provided. The term does not include any other amounts paid in kind or fringe benefits not actually paid to a member. The earned compensation of a member who had less than 3 consecutive years of full-time service during the 5 years preceding his retirement is the compensation, pay, or salary which he would have earned had his part-time service been full-time service. The earned compensation of a member who is awarded a disability retirement allowance prior to the completion of a full year is the compensation, pay, or salary which he would have received had he completed the full year, except that any termination pay, as defined in subsection (5)*(e)*, received by the member is limited to the amount actually paid and is not the amount he would have earned had he completed the full year.

(9) "Employer" means the state of Montana, the trustees of a district, or any other agency or subdivision of the state which employs a person who is designated a member of the retirement system.

(10) "Full-time service" means service which is full-time and which extends over a normal academic year of at least 9 months. With respect to those members employed by the office of the superintendent of public instruction, any other state agency or institution, or the office of a county superintendent, "full-time service" means service which is full-time and which totals at least 9 months in any one year.

(11) "Member" means a person who has an individual account in the annuity savings fund. An active member is a person included under the

HeinOnline -- 1989 vol. I 729 1989

provisions of 19-4-302. An inactive member is a person included under the provisions of 19-4-303.

(12) "Part-time service" means service which is less than full-time or which totals less than 9 months in any one year. Part-time service shall be credited in the proportion that the actual time worked bears to full-time service.

(13) "Pension" means the payments made to a beneficiary for life which are paid out of the pension accumulation fund.

(14) "Pension reserve" means the present value of all payments to be made on account of a pension computed, with regular interest, on the basis of the mortality tables adopted by the retirement board.

(15) "Prior service" means employment of the same nature as service defined in subsection (20) of this section but rendered before September 1, 1937.

(16) "Regular interest" means interest at 4% per annum compounded annually or at such other rate as may be set by the retirement board in accordance with 19-4-501(2).

(17) "Retirement allowance" means the annuity plus the pension.

(18) "Retirement board" means the retirement system's governing board provided for in 2-15-1010.

(19) "Retirement system" means the teachers' retirement system of the state of Montana provided for in 19-4-102.

(20) "Service" means the performance of such instructional duties or related activities as would entitle the person to active membership in the retirement system under the provisions of 19-4-302."

Section 2. **Extension of authority.** Any existing authority to make rules on the subject of the provisions of [this act] is extended to the provisions of [this act].

Section 3. **Effective date.** [This act] is effective on passage and approval.

*(b) An insurer may contest the penalty assessment in a hearing conducted according to division rules."*

(i) a local job *pool is the job service office area that includes the worker's residence; and*

(ii) *the* statewide job *pool* is the state of Montana."

Section 3. Section 39-71-1023, MCA, is amended to read:

The division shall adopt rules establishing relative unit values, groups of specialties, the procedures insurers must use to pay for services under the schedule, and the method of determining the median of billed medical fees. These rules *must* be modeled on the 1974 revision of the 1969 California Relative Value Studies.

(3) Beginning January 1, 1988, the division shall establish rates for hospital services necessary for the treatment of injured workers. Approved rates must be in effect for a period of 12 months from the date of approval. The division may coordinate this ratesetting function with other public agencies that have similar responsibilities.

(4) Notwithstanding subsection (2), beginning January 1, 1988, and ending January 1, 1990, the maximum fees payable by insurers must be limited to the relative value fee schedule established in January 1987. Notwithstanding subsection (3), the hospital rates payable by insurers must be limited to those set in January 1988, until December 31, 1989."

(2) The industrial insurance program *must* be neither more nor less than self-supporting. Employments affected by the provisions hereof *must* be divided by the division into classes, whose rates may be readjusted at such times as the division may actuarially determine. Separate accounts *must* be kept of the amounts collected and expended in each class for actuarially determining rates, but for payment of compensation and dividends, the industrial insurance expendable trust fund *must* be one and indivisible.

(3) The division shall determine the hazards of the different classes of occupations or industries and fix the premiums therefor at the lowest rate consistent with maintenance of an actuarially sound industrial insurance fund and the creation of actuarially sound surplus and reserves, and for such purpose may adopt a system of schedule rating in such a manner as to take account of the peculiar hazard of each risk and shall utilize the experience and information afforded to it.

(4) In addition, compensation plan No. 3 *must* use an experience rating system for employers enrolled under it. This system *must* reward employers with a better than average safety record, penalize employers with a worse than average safety record, and may provide for premium volume discount. *The division may retroactively apply experience modification factors up to 1 year. The division may only apply modification factors retroactively when the factor is delayed because the rating bureau has not received sufficient data from previous carriers to calculate a final modification factor.*

HeinOnline -- 1989 vol. I 741 1989

(5) The division in fixing rates shall provide for the expenses of administering the industrial insurance expendable trust fund allowed by law, the disbursements on account of injuries and deaths of employees in each class, an actuarially sound catastrophe reserve, reserves actuarially determined to meet anticipated and unexpected losses, and such other reserves and surplus as may be determined by the division. The amounts of such reserves and surplus *must* be as determined from time to time by the division to be adequate but not excessive for the purposes intended.

(6) The division shall charge a minimum annual premium on each contract and policy of insurance sufficient to cover the cost of administering the contract or policy.

*(7) (a) Except in a case of fraud, the division may not assess an additional quarterly premium later than 3 years after the date on which the quarterly premium became due.*

*(b) An employer may not receive a refund or an adjustment later than 3 years after the date on which the quarterly premium became due.*"

Section 11. Section 39-71-118, MCA, is amended to read:

Casual employees as defined by 39-71-116 are included as employees if they are not otherwise covered by workers' compensation and if an employer has elected to be bound by the provisions of the compensation law for these casual employments, as provided in 39-71-401(2). Household or domestic service is excluded.

(b) a recipient of general relief who is performing work for a county of this state under the provisions of 53-3-303 through 53-3-305 and any juvenile performing work under authorization of a district court judge in a delinquency prevention or rehabilitation program;

However, this subsection does not apply to students enrolled in vocational training programs as outlined above while they are on the premises of a public school or community college.

(d) students enrolled and in attendance in programs of vocational-technical education at designated vocational-technical centers; or

(e) an airman or other person employed as a volunteer under 67-2-105.

HeinOnline -- 1989 vol. I 742 1989

(2) *(a)* If the employer is a partnership or sole proprietorship, such employer may elect to include as an employee within the provisions of this chapter any member of such partnership or the owner of the sole proprietorship devoting full time to the partnership or proprietorship business.

*(b)* In the event of such election, the employer must serve upon the employer's insurer written notice naming the partners or sole proprietor to be covered *and stating the level of compensation coverage desired by electing the amount of wages to be reported, subject to the limitations in subsection (d). A* partner or sole proprietor *is not considered* an employee within this chapter until such notice has been given.

*(c) A change in elected wages must be in writing and is effective at the start of the next quarter following notification.*

*(d) All weekly compensation benefits must be based on the amount of elected wages, subject to the minimum and maximum limitations of this subsection.* For premium ratemaking and for the determination of weekly wage for weekly compensation benefits, the *electing employer may elect* not less than $900 a month and not more than 1 ½ times the average weekly wage as defined in this chapter."

Section 12. Section 39-71-123, MCA, is amended to read:

**"39-71-123. Wages defined.** (1) "Wages" means the gross remuneration paid in money, or in a substitute for money, for services rendered by an employee. Wages include but are not limited to:

(c) payments made to an employee on any basis other than time worked, including but not limited to piecework, an incentive plan, or profit-sharing arrangement.

(2) Wages do not include:

(a) employee travel expense reimbursements or allowances for meals, lodging, travel, and subsistence;

(c) tips and other gratuities received by the employee in excess of those documented to the employer for tax purposes;

(d) contributions made by the employer to a group insurance or pension plan; or

(e) vacation or sick leave benefits accrued but not paid.

(3) For compensation benefit purposes, the average actual earnings for the four pay periods immediately preceding the injury are the employee's wages, except if:

(a) the term of employment for the same employer is less than four pay periods, in which case the employee's wages are the hourly rate times the number of hours in a week for which the employee was hired to work; or

(b) for good cause shown by the claimant, the use of the four pay periods does not accurately reflect the claimant's employment history with the employer, in which case the insurer may use additional pay periods.

*(4) (a) For the purpose of calculating compensation benefits for an employee working concurrent employments, the average actual wages must be calculated as provided in subsection (3).*

*(b) The compensation benefits for a covered volunteer must be based on the average actual wages in his regular employment, except self-employment as a sole proprietor or partner who elected not to be covered, from which he is disabled by the injury incurred.*

*(c) The compensation benefits for an employee working at two or more concurrent remunerated employments must be based on the aggregate of average actual wages of all employments, except self-employment as a sole proprietor or partner who elected not to be covered, from which the employee is disabled by the injury incurred."*

(2) Except for authorizations to provide information to third-party health care payors, an authorization may not permit the release of health care information relating to health care that the patient receives more than 6 months after the authorization was signed.

(3) An authorization in effect on October 1, 1987, remains valid for 30 months after October 1, 1987, unless an earlier date is specified or it is revoked under 50-16-528. Health care information disclosed under such an authorization is otherwise subject to this part. An authorization written after October 1, 1987, becomes invalid after the expiration date contained in the authorization, which may not exceed 30 months. If the authorization does not contain an expiration date, it expires 6 months after it is signed.

*(4) Notwithstanding subsections (2) and (3), a signed claim for workers' compensation or occupational disease benefits authorizes disclosure to the workers' compensation insurer, as defined in 39-71-116, by the health care provider. The disclosure authorized by this subsection relates only to information concerning the claimant's condition. This authorization is effective only as long as the claimant is claiming benefits."*

Section 14. Section 39-71-307, MCA, is amended to read:

**"39-71-307. Employers and insurers to file reports of accidents — penalty.** (1) Every employer of labor and every insurer is hereby required to file with the division, under such rules as the division may from time to time make, a full and complete report of every accident to an

(2) All other sections of [this act] are effective July 1, 1989.

**"20-5-312. Reporting, budgeting, and payment for high school tuition.** (1) Except as provided in subsection (2), at the close of the school

HeinOnline -- 1989 vol. I 752 1989

term of each school fiscal year, the trustees of each high school district shall determine the rate of tuition for the current school fiscal year by:

(a) totaling the actual expenditures from the district general fund, the debt service fund, and, if the pupil is a resident of another county, the retirement fund;

(b) dividing the amount determined in subsection (1)(a) above by the ANB of the district as determined under the provisions of 20-9-311; and

(c) subtracting the total of the per-ANB amount allowed by 20-9-316 through 20-9-321 that represents the foundation program as prescribed by 20-9-303 plus the per-ANB amount determined by dividing the state financing of the district permissive levy by the ANB of the district, from the amount determined in subsection (1)(b).

(2) The tuition for a full-time high school special education pupil must be determined under rules adopted by the superintendent of public instruction for the calculation of tuition for full-time high school special education pupils as designated in 20-9-311 for funding purposes.

(3) Before July 15, the trustees shall report to the county superintendent of the county in which the district is located:

(a) the names, addresses, and resident districts of the pupils attending the schools of the district under an approved tuition agreement;

(b) the number of days of school attended by each pupil;

(c) the amount, if any, of each pupil's tuition payment that the trustees, in their discretion, have the authority to waive; and

(d) the rate of current school fiscal year tuition, as determined under the provisions of this section.

(4) When the county superintendent receives a tuition report from a district, he shall immediately send the reported information to the superintendent of each district in which the reported pupils reside.

(5) When the district superintendent receives a tuition report or reports for high school pupils residing in his district and attending an out-of-district high school under approved tuition agreements, he shall determine the total amount of tuition due such out-of-district high schools on the basis of the following per-pupil schedule: the rate of tuition, number of pupils attending under an approved tuition agreement, and other information provided by each high school district where resident district pupils have attended school.

(6) The total amount of the high school tuition, with consideration of any tuition waivers, for pupils attending a high school outside the county of residence *must* be financed by the county basic special tax for high schools as provided in 20-9-334. In December, the county superintendent shall cause the payment by county warrant of at least one-half of the high school tuition obligations established under this section out of the first *money* realized from the county basic special tax for high schools. The remaining obligations must be paid by June 15 of the school fiscal year.

HeinOnline -- 1989 vol. I 753 1989

The payments *must* be made to the county treasurer of the county where each high school entitled to tuition is located. The county treasurer shall credit tuition receipts to the general fund of the applicable high school district, and the tuition receipts *must* be used in accordance with the provisions of 20-9-141.

(7) For pupils attending a high school outside their district of residence but within the county of residence, the total amount of the tuition, with consideration of any tuition waivers, must be paid during the ensuing school fiscal year. The trustees of the sending high school district shall include the tuition amount in the tuition fund of the preliminary and final budgets. This budgeted tuition amount is not subject to the budget adjustment provisions of 20-9-132. The county superintendent shall report the net tuition fund levy requirement for each high school district to the county commissioners on the second Monday of August, and a levy on the district *must* be made by the county commissioners in accordance with 20-9-142. *The* levy requirement *must* be calculated by subtracting from the total expenditure amount authorized in the final tuition fund budget the sum of the cash balance in the tuition fund at the end of the immediately preceding school fiscal year plus any other anticipated money that may be realized in the tuition fund. The trustees shall pay by warrants drawn on the tuition fund the tuition amounts owed to each district included in the county superintendent's notification. Payments *must* be made whenever there is a sufficient amount of cash available in the tuition fund but no later than the end of the school fiscal year for which the budget is adopted. However, if the trustees of either the sending or receiving high school *district* feel the transfer privilege provided by this subsection is being abused, they may appeal to the county superintendent of schools, who shall hold a hearing and either approve or disapprove the transfer."

Section 4. Section 20-6-401, MCA, is amended to read:

**"20-6-401. Definitions.** As used in this part, unless the context clearly indicates otherwise, the following definitions apply:

(1) "Component districts" *means* the elementary or high school districts incorporated into the enlarged district.

(2) "Eligible pupils" *means* the average number belonging *(ANB)* in the operating schools of the component districts and the tuition pupils residing in the component districts and attending another district's school under the tuition provisions of the school laws, except that the pupils residing in the component district having the largest total number of pupils *are* ineligible for bonus payment consideration.

(3) "Enlarged district" *means* the elementary or high school district resulting from the consolidation or annexation of two or more component districts.

(4) "General bonus payment" for first- and second-class school districts *must* be $300 per eligible pupil per year for a period of 3 years and *must* be deposited in the enlarged district's general fund. General bonus payment for third-class school districts *must* be $500 per eligible pupil per year for a period of 3 years and *must* be deposited in the enlarged district's general

HeinOnline -- 1989 vol. I 754 1989

fund. *The* payment *must* be made from the state school equalization aid account.

(5) "Transportation bonus payment" *is* the provision of 66 ⅔% state financing of the on-schedule transportation amount as provided by the transportation provisions of the school laws. When an eligible pupil is entitled to transportation, the enlarged district *is* entitled to the transportation bonus payment for *the* eligible pupil for a period of 3 years. *The* payment *must* be made from the state transportation aid account. When the eligible pupil rides a bus providing transportation for ineligible pupils, the 66 ⅔% state financing of the on-schedule amount for this payment *must* be prorated to provide financing for the eligible pupil."

Section 5. Section 20-7-306, MCA, is amended to read:

**"20-7-306. Distribution of secondary vocational education and industrial arts funds.** (1) The superintendent of public instruction shall categorize secondary vocational programs into one of five weighted categories based upon the relative additional costs of those programs.

(2) The superintendent of public instruction shall determine the weighted category to be assigned industrial arts programs.

(3) The superintendent of public instruction shall adjust the weighted categories as necessary to assure that the procedures outlined in subsections (4) and (5) do not result in entitlements that exceed the amount appropriated.

(4) Funding *must* be based upon the average number belonging (ANB) *for* secondary vocational education and industrial arts programs of the high school district in the *ANB calculation period* immediately preceding the year for which funding is requested. The ANB *must* be computed for each separate secondary vocational education and industrial arts program.

(5) For secondary vocational education programs, the ANB generated for each category established in subsection (1) *must* be multiplied by the factor for that category, and the product *must* be multiplied by the applicable ANB dollar value established by 20-9-319. Industrial arts programs *must* be funded at 50% of the category assigned. The high school district is entitled to receive for secondary vocational education and industrial arts, the total of *the computation of* all secondary vocational education and industrial arts categories.

(6) The superintendent of public instruction shall annually distribute the funds allocated in this section by November 1. The money received by the high school district must be deposited into the subfund of the miscellaneous programs fund established by 20-9-507 and *may* be expended only for approved secondary vocational education and industrial arts programs. The expenditure of the money *must* be reported in the annual trustees' report as required by 20-9-213."

Section 6. Section 20-9-311, MCA, is amended to read:

**"20-9-311. Calculation of average number belonging (ANB).** (1) Average number belonging *must* be computed by determining the total of the aggregate days of attendance by regularly enrolled, full-time pupils

HeinOnline -- 1989 vol. I 755 1989

during the *second semester of the preceding school fiscal year and the first semester of the* current school fiscal year plus the aggregate days of absence by regularly enrolled, full-time pupils during the *second semester of the preceding school fiscal year and the first semester of the* current school fiscal year and by dividing *the* total by 180. However, when a school district has approval to operate less than 180 school days under 20-9-804, *the* total *must* be calculated in accordance with the provisions of 20-9-805. Attendance for a part of a morning session or a part of an afternoon session by a pupil *must* be counted as attendance for one-half day. In calculating the ANB for pupils enrolled in a program established under 20-7-117 prior to January 1, 1974, or pursuant to 20-7-117(1), attendance at or absence from a regular session of the program for at least 2 hours of either a morning or an afternoon session will be counted as one-half day attended or absent as the case may be. If a variance has been granted as provided in 20-1-302, ANB will be computed in a manner prescribed by the superintendent of public instruction, but in no case *may* the ANB exceed one-half for each kindergarten pupil. When any pupil has been absent, with or without excuse, for more than 10 consecutive school days, including pupil-instruction-related days, his absence after the 10th day of absence *may* not be included in the aggregate days of absence and his enrollment in the school *may* not be considered in the calculation of the average number belonging until he resumes attendance at school.

(2) If a student spends less than half his time in the regular program and the balance of his time in school in the special education program, he *is* considered a full-time special pupil but *is* not considered regularly enrolled for ANB purposes. If a student spends half or more of his time in school in the regular program and the balance of his time in the special education program, he *is* considered regularly enrolled for ANB purposes.

(3) The average number belonging of the regularly enrolled, full-time pupils for the public schools of a district must be based on the aggregate of all the regularly enrolled, full-time pupils attending the schools of the district, except that when:

(a) a school of the district is located more than 3 miles beyond the incorporated limits of a city or town or from another school of the district, all of the regularly enrolled, full-time pupils of the school must be calculated individually for ANB purposes;

(b) a junior high school has been approved and accredited as a junior high school, all of the regularly enrolled, full-time pupils of the junior high school *must* be considered as high school district pupils for ANB purposes;

(c) a middle school has been approved and accredited, *all* pupils below the 7th grade *must* be considered elementary school pupils for ANB purposes and the 7th and 8th grade pupils *must* be considered high school pupils for ANB purposes; or

(d) a school has not been accredited by the board of public education, the regularly enrolled, full-time pupils attending the nonaccredited school *are* not eligible for average number belonging calculation purposes, nor will an average number belonging for the nonaccredited school be used in determining the foundation program for *the* district.

HeinOnline -- 1989 vol. I 756 1989

(4) When 11th or 12th grade students are regularly enrolled on a part-time basis, high schools may calculate the ANB to include an "equivalent ANB" for those students. The method for calculating an equivalent ANB *must* be determined in a manner prescribed by the superintendent of public instruction."

Section 7. Section 20-9-313, MCA, is amended to read:

**"20-9-313. Circumstances under which the regular average number belonging may be increased.** The average number belonging of a school, calculated in accordance with the ANB formula prescribed in 20-9-311, may be increased when:

(1) the opening of a new elementary school or the reopening of an elementary school has been approved in accordance with 20-6-502. The average number belonging for *the* school *must* be established by the county superintendent and approved, disapproved, or adjusted by the superintendent of public instruction.

(2) the opening or reopening of a high school or a branch of the county high school has been approved in accordance with 20-6-503, 20-6-504, or 20-6-505. The average number belonging for *the* high school *must* be established by the county superintendent's estimate, after an investigation of the probable number of pupils that will attend *the* high school.

(3) a district anticipates an increase in the average number belonging due to the closing of any private or public school in the district or a neighboring district. The estimated increase in average number belonging *must* be established by the trustees and the county superintendent and approved, disapproved, or adjusted by the superintendent of public instruction no later than the fourth Monday in June.

(4) a district anticipates an unusual enrollment increase in the ensuing school fiscal year. The increase in average number belonging *must* be based on estimates of increased enrollment approved by the superintendent of public instruction and *must* be computed in the manner prescribed by 20-9-314.

(5) for the initial year of operation of a program established under 20-7-117(1), the ANB to be used for budget purposes is the same as one-half the number of 5-year-old children residing in the district as of September 10 of the preceding school year, either as shown on the official school census or as determined by some other procedure approved by the superintendent of public instruction;

(6) a full-time *special* pupil, as defined in 20-9-311, in a given school *fiscal* year *may* no longer be considered a full-time *special* pupil in the ensuing school *fiscal* year (the superintendent of public instruction may grant one ANB for *the* pupil for the ensuing school *fiscal* year); or

(7) a high school district provides early graduation for any student who completes graduation requirements in less than eight semesters or the equivalent amount of secondary school enrollment or when a high school district provides early graduation for a class of students who have completed the requirements for graduation after 175 pupil-instruction days in

HeinOnline -- 1989 vol. I 757 1989

the 12th grade. The increase *must* be established by the trustees as though the student had attended to the end of the school *fiscal* year and *must* be approved, disapproved, or adjusted by the superintendent of public instruction."

Section 8. Section 20-9-314, MCA, is amended to read:

**"20-9-314. Procedures for determining eligibility and amount of increased average number belonging due to unusual enrollment increase.** A district which anticipates an unusual increase in enrollment in the ensuing school fiscal year, as provided for in 20-9-313(4), may increase its foundation program for the ensuing school fiscal year in accordance with the following provisions:

*(1)* Prior to May 10, the district shall estimate the probable average number belonging to be realized during the ensuing *ANB calculation period*, based on as much factual information as may be available to the district.

*(2)* No later than May 10, the district shall submit its application for an unusual enrollment increase to the superintendent of public instruction. *The* application *must* include:

(a) the average number belonging *for the preceding ANB calculation period*;

(b) the current average number belonging;

(c) the estimated average number belonging for the ensuing *ANB calculation period*, including the factual information on which the estimate is based, as provided in subsection *(1)*; and

(d) any other information or data that may be requested by the superintendent of public instruction.

*(3)* The superintendent of public instruction shall immediately review all the factors of the application and shall approve or disapprove the application or adjust the estimated average number belonging for the ensuing *ANB calculation period*. After approving an estimate, with or without adjustment, the superintendent of public instruction shall:

(a) determine the percentage increase *that* the estimated average number belonging for the ensuing *ANB calculation period* is over the current average number belonging; and

(b) approve an increase of the average number belonging used to establish the ensuing year's foundation program in accordance with subsection *(5)* if the increase in subsection *(3)(a)* is at least 6%.

*(4)* The superintendent of public instruction shall notify the district of his decision by the fourth Monday in June.

*(5)* Whenever an unusual enrollment increase is approved by the superintendent of public instruction, the increase of the average number belonging used to establish the foundation program for the ensuing *ANB calculation period is* the difference between the approved estimated average number belonging for the ensuing *ANB calculation period* and 106% of the

HeinOnline -- 1989 vol. I 758 1989

current average number belonging. The amount determined *is* the maximum allowable increase added to the actual *current* average number belonging for the purpose of establishing the ensuing year's foundation program.

*(6)* Any equalization or entitlement increases resulting from provisions of this section *must* be reviewed at the end of the ensuing school fiscal year. If the actual average number belonging is less than the average number belonging used for foundation program and entitlement calculations, the superintendent of public instruction shall revise the foundation program and entitlement calculations using the actual average number belonging. All payments received by the district in excess of the revised entitlements *are* overpayments subject to the refund provisions of 20-9-344(3)."

Section 9. Section 20-9-322, MCA, is amended to read:

**"20-9-322. Elementary instructional aide funding qualification.** (1) *An* elementary school that anticipates an ANB of at least 14 but less than 18 pupils for the ensuing school fiscal year may determine the maximum general fund budget amount under the provisions of 20-9-316(3) or 20-9-318(3) if eligibility is approved in accordance with the following provisions:

(a) No later than May 10 of each year, the school district shall submit its application for approval for instructional aide funding to the superintendent of public instruction. The application *must* include:

(i) the ANB *for the preceding ANB calculation period*;

(ii) the current ANB and the number of grade levels being taught on May 1 of the current year;

(iii) an estimate of the ANB and the number of grade levels anticipated for the ensuing *ANB calculation period*;

(iv) the factual information on which *the estimate is* based; and

(v) any other information or data that may be required by the superintendent of public instruction.

(b) The superintendent of public instruction shall immediately review all *of* the factors of the application and shall approve the application if the anticipated ANB is at least 14 but less than 18 pupils and a minimum of five grade levels are being taught as of May 1 of the current year or documentation is provided *that* indicates that the anticipated ANB will require a minimum of five grade levels to be taught in the ensuing school year.

(2) Whenever a school district applies for and is approved for instructional aide funding under the provisions of subsection (1), the district *shall* hire an instructional aide.

(3) For the purposes of this section, the term "instructional aide" means:

(a) a person who is under the direct supervision of a teacher; or

(b) a certified teacher."

Section 10. Section 20-9-532, MCA, is amended to read:

**"20-9-532. Calculation and distribution of retirement equalization aid.** (1) The superintendent of public instruction shall administer the distribution of retirement equalization aid by:

(a) determining the estimated revenue available from the net lottery revenue as provided in 23-5-1027;

(b) establishing a list containing each county that levied in the prior school fiscal year in excess of 9 mills to fund its required contribution for retirement fund obligations;

(c) establishing the estimated dollar amount per average number belonging (ANB) by dividing the amount determined in subsection (1)(a) by the total ANB of the counties listed pursuant to subsection (1)(b) for the *preceding ANB calculation period*;

(d) notifying the county superintendent of each county listed in subsection (1)(b) by the fourth Monday in July of the estimated retirement equalization aid available to the county, calculated separately for elementary and high school districts and prorated as specified in 20-9-501 for any joint school district, so that each county superintendent may use the amounts in the manner prescribed in 20-9-501 to calculate the retirement fund levy requirements for elementary and high school districts in the county;

(e) distributing by October 1 the amount of retirement equalization aid for each county listed pursuant to subsection (1)(b); and

(f) keeping a record of the complete data concerning revenue available for retirement equalization aid and the distribution of *the* aid.

(2) If the actual proceeds available for retirement equalization are not sufficient to finance the estimated dollar amount per ANB provided for in subsection (1)(c), each county listed pursuant to subsection (1)(b) must receive a prorated amount."

Section 11. **Extension of authority.** Any existing authority to make rules on the subject of the provisions of [this act] is extended to the provisions of [this act].

(g) the method of reclamation of stream channels and stream banks to control erosion, siltation, and pollution;

(h) maps and other supporting documents as may be reasonably required by the department; and

(i) a time schedule for reclamation that meets the requirements of 82-4-336.

*(13)* (a) "Small miner" means a person, firm, or corporation that engages in the business of mining or reprocessing of tailings or waste materials that does not remove from the earth during any calendar year material in excess of 36,500 tons in the aggregate, that holds no operating permit under 82-4-335, and that conducts:

(i) operations resulting in not more than 5 acres of the earth's surface being disturbed and unreclaimed; or

(ii) two operations which disturb and leave unreclaimed less than 5 acres per operation if the respective mining properties are:

(A) the only operations engaged in by the person, firm, or corporation;

(B) at least 1 mile apart at their closest point; and

(C) not operated simultaneously except during seasonal transitional periods not to exceed 30 days.

(b) For the purpose of this definition only, the department shall, in computing the area covered by the operation, exclude access or haulage roads that are required by a local, state, or federal agency having jurisdiction over that road to be constructed to certain specifications if that public agency notifies the department in writing that it desires to have the road remain in use and will maintain it after mining ceases.

*(14)* "Surface mining" means all or any part of the process involved in mining of minerals by removing the overburden and mining directly from the mineral deposits exposed, including but not limited to open-pit mining of minerals naturally exposed at the surface of the earth, mining by the auger method, and all similar methods by which earth or minerals exposed at the surface are removed in the course of mining. Surface mining does not include the extraction of oil, gas, bentonite, clay, coal, sand, gravel, phosphate rock, or uranium or excavation or grading conducted for on-site farming, on-site road construction, or other on-site building construction.

Section 2. Section 82-4-305, MCA, is amended to read:

(a) that he *will* not pollute or contaminate any stream;

(b) that he shall provide protection for human and animal life through the installation of bulkheads installed over safety collars and the installation of doors on tunnel portals;

(c) he shall provide a map locating his mining operations. *The* map *must* be to a size and scale determined by the department*; and*

*(d) if the small miner's operations are placer or dredge mining, that he shall reclaim all land disturbed by the operations to comparable utility and stability as that of adjacent areas.*

(2) For small-miner exemptions obtained after September 30, 1985, no small miner may obtain or continue an exemption under subsection (1) unless he annually certifies in writing:

(a) if the small miner is a natural person, that:

(i) no business association or partnership of which he is a member or partner has a small-miner exemption; and

(ii) no corporation of which he is an officer, director, or owner of record of 25% or more of any class of voting stock has a small-miner exemption; or

(b) if the small miner is a partnership or business association, that:

(i) none of the associates or partners holds a small-miner exemption; and

(ii) none of the associates or partners is an officer, director, or owner of 25% or more of any class of voting stock of a corporation that has a small-miner exemption; or

(i) holds a small-miner exemption;

HeinOnline -- 1989 vol. I 781 1989

(ii) is a member or partner in a business association or partnership that holds a small-miner exemption;

(iii) is an officer, director, or owner of record of 25% or more of any class of voting stock of another corporation that holds a small-miner exemption.

*(3) A small miner whose operations are placer or dredge mining shall post a performance bond equal to the state's actual cost of reclaiming the disturbed land, although the bond may not exceed $5,000 per operation. However, if the small miner has posted a bond for reclamation with another government agency, he is exempt from the requirement of this subsection.*

*(4) If a small miner who conducts a placer or dredge mining operation fails to reclaim the operation, he is liable to the department for all its reasonable costs of reclamation, including a reasonable charge for services performed by state personnel and state materials and equipment used. If the small miner posts a surety bond, the surety is liable to the state to the extent of the bond amount and the small miner is liable for the remainder of the reasonable costs to the state of reclaiming the operation.*

*(5) If a small miner who conducts a placer or dredge mining operation fails to commence reclamation of the operation within 6 months after cessation of mining or within an extended period allowed by the department for good cause shown or if the small miner fails to diligently complete reclamation, the department shall notify the small miner by certified mail that it intends to reclaim the operation unless the small miner commences reclamation within 30 days and diligently completes the reclamation. The notice must be mailed to the address stated on the small miner exclusion statement or, if the small miner has notified the department of a different address by letter or in the annual certification form, to the most recent address given to the department. If the small miner fails to commence reclamation within 30 days or to diligently complete reclamation, the department may revoke the small miner exclusion statement, forfeit any bond that has been posted with the department, and enter and reclaim the operation. If the small miner has not posted a bond with the department or if the reasonable costs of reclamation exceed the amount of the bond, the department may also collect additional reclamation costs, as set forth in subsection (6), before or after it incurs those costs.*

*(6) To collect additional reclamation costs, the department shall notify the small miner by certified mail to the address determined under subsection (5) of the additional reasonable reclamation costs and request payment within 30 days. If the small miner does not pay the additional reclamation costs within 30 days, the department may bring an action in district court for payment of the estimated future costs and, if the department has performed any reclamation, of its reasonable actual costs. The court shall order payment of costs it determines to be reasonable and shall retain jurisdiction until reclamation of the operation is completed. Upon completion of reclamation, the court shall order payment of any additional costs it deems reasonable or the refund of any portion of any payment for estimated costs that exceeds the actual reasonable costs incurred by the department."*

Section 3. **Extension of authority.** Any existing authority to make rules on the subject of the provisions of [this act] is extended to the provisions of [this act].

Section 4. **Applicability.** [This act] applies to any placer or dredge mining operation for which a small-miner exemption has not been obtained before July 1, 1989.

Section 5. **Effective date.** [This act] is effective July 1, 1989.

# CHAPTER NO. 347

[HB 680]

AN ACT REQUIRING A HARD-ROCK MINER USING A CYANIDE ORE-PROCESSING REAGENT TO OBTAIN AN OPERATING PERMIT FOR THE AREA WHERE THE CYANIDE IS USED OR DISPOSED OF; EXEMPTING EXISTING FACILITIES USING CYANIDE ORE-PROCESSING REAGENTS IF THEY ARE REGISTERED BY JANUARY 1, 1990; AMENDING SECTIONS 82-4-303, 82-4-305, AND 82-4-335, MCA; AND PROVIDING AN EFFECTIVE DATE.

STATEMENT OF INTENT

A statement of intent is provided for this bill to elaborate on the type and extent of review that the department of state lands shall give to a small-miner application for an operating permit for a cyanide ore-processing facility. Moreover, the legislature anticipates that implementation of this bill will require rulemaking by the board of land commissioners.

While an operating permit is required for these operations, the legislature intends that, because of the size and limited scope of the operation, the application requirements in general may be substantially less rigorous than the requirements for larger proposed mine operations not under the small-miner exclusion. The department of state lands shall also attempt to review these applications in a shorter timeframe than currently needed to review operating permit applications for larger mines.

To encourage expedited review, the department of state lands shall provide clear guidance to permit applicants concerning requirements for a complete application. In particular, the guidance must help applicants prepare adequate operating and reclamation plans. While the legislature recognizes plan requirements may vary with the site and characteristics of the proposed operation, the department shall attempt to guide the applicant in a manner that minimizes applicant costs while also meeting metal mine reclamation requirements.

Finally, [section 4 of this act] exempts an existing cyanide ore-processing facility if the operator registers the facility by January 1, 1990. In order to provide ample notice to existing operators, the legislature intends that the

HeinOnline -- 1989 vol. I 783 1989

department shall prepare the form and notify affected small miners of the form's availability and purpose as soon as possible by mail or publication, or both.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. **Purpose.** The purpose of [sections 1 through 4] is to provide a procedure by which physical evidence in criminal cases may be destroyed or appropriated for law enforcement use when prosecutions have been completed and no further legal proceeding is contemplated or when it does not appear that criminal charges will be initiated.

Section 2. **Petition for destruction, disposal, or use of evidence.** (1) The prosecutor may file a petition with the court alleging that there exist certain items held as evidence either by the law enforcement agency or the court and that the items no longer have any evidentiary value. The petition must include:

(a) the name and title of petitioner;

(b) the items of evidence sought to be destroyed, disposed of, or used, including a specific description of each that may be attached to the petition by separate inventory;

(c) when the items were seized;

(d) whether the items constitute contraband, which for the purposes of [sections 1 through 4] means any property that is unlawful to produce or possess;

(e) whether the items relate to a filed case and, if so, the court and cause number of the case and its procedural status;

(f) whether, in those instances in which the items are not contraband, an effort has been made to return the items to the apparent owner and the results of such effort;

(g) an allegation to the effect that any criminal prosecutions involving the items of evidence have been completed and no appeals are pending or that no criminal charges have been filed or are presently contemplated; and

(h) the petitioner's intentions relative to disposition of the items.

(2) If the petition requests the destruction or use of contraband, it must describe how destruction is to be accomplished or how the contraband has training or law enforcement value and its contemplated use by a law enforcement agency.

Section 3. **Order.** (1) The court may enter an order providing for the destruction or disposition of the evidence. A proposed order must be presented by the petitioner to the court and may include:

(a) authorization to destroy all contraband listed in the petition, the method of destruction, and the time within which such destruction must be accomplished;

(b) if certain contraband is requested by the petitioner for training or law enforcement purposes, authorization to use the items and a description of each;

(c) if the petition requests training or law enforcement use of noncontraband items, authorization to retain the items by the law enforcement agency and a description of the items;

(d) if the evidence is money and the owner cannot be ascertained and no civil forfeiture action is pending, authorization to deposit the money to the appropriate city, county, or state drug forfeiture fund;

*Be it enacted by the Legislature of the State of Montana:*

Section 1. Section 61-3-503, MCA, is amended to read:

"**61-3-503. Assessment.** (1) Except as provided in subsection (2), the following apply to the taxation of motor vehicles:

(a) Except as provided in subsections (1)(c) through (1)(e), a person who files an application for registration or reregistration of a motor vehicle shall before filing such application with the county treasurer submit the application to the county assessor. The county assessor shall enter on the application in a space to be provided for that purpose the market value and taxable value of the vehicle as of January 1 of the year for which the application for registration is made.

(b) Except as provided in subsection (1)(c), motor vehicles are assessed for taxes on January 1 in each year irrespective of the time fixed by law for the assessment of other classes of personal property and irrespective of whether the levy and tax may be a lien upon real property within the state. In no event may any motor vehicle be subject to assessment, levy, and taxation more than once in each year.

(c) Vehicles subject to the provisions of 61-3-313 through 61-3-316 shall be assessed as of the first day of the registration period, using the average trade-in or wholesale value as of January 1 of the year of assessment of the vehicle as contained in the most recent volume of the Mountain States Edition of the National Automobile Dealers Association (N.A.D.A.) Official Used Car Guide, the National Edition of N.A.D.A. Appraisal Guides Official Older Used Car Guide, or, for *a vehicle that was never listed in any*

HeinOnline -- 1989 vol. I 791 1989

*edition of the preceding guides, the retail value of the vehicle as determined by the county assessor, and thereafter depreciated 10% per year until a value of $500 is reached,* not including additions or deductions for options and mileage; and a lien for taxes and fees due thereon shall occur on the anniversary date of the registration and shall continue until such fees and taxes have been paid. If the value shown in any of the appraisal guides listed in this section is less than *$500, the department shall value the vehicle at $500.*

(d) Motorcycles and quadricycles shall be assessed, using the greater of the following:

(i) $250; or

(ii) the average trade-in or wholesale value as of January 1 of the year of assessment of the vehicle as contained in the most recent volume of the applicable National Edition of the N.A.D.A. Motorcycle/Moped/ATV Appraisal Guide or N.A.D.A. Recreational Vehicle Appraisal Guide, not including additions or deductions for options and mileage.

(e) If a vehicle assessed under subsection (1)(c) or (1)(d) is not originally listed in the applicable N.A.D.A. guide, the department of revenue or its agent shall depreciate the original f.o.b. factory list price, f.o.b. port-of-entry list price, or the manufacturer's suggested list price, using the following methods:

(i) if the new car sales tax has been previously paid and the vehicle is less than 1 year in age, the depreciation percentage shall be 20%; or

(ii) if the vehicle is 1 year or older in age and it is not listed in any of the appraisal guides listed in this section, the department of revenue shall determine the depreciation percentage to approximate the average wholesale or trade-in values in the current N.A.D.A. guides referred to in this subsection. For purposes of this subsection (1), the age of the vehicle is determined by subtracting the manufacturer's model year of the vehicle from the calendar year of assessment.

(f) When a minimum value of $500 is reached, the value shall remain at that minimum so long as the vehicle is registered.

(g) If a previously registered vehicle is no longer listed in the applicable N.A.D.A. guide, the department or its agent shall depreciate the value of the vehicle at the rate of 10% a year until a minimum amount of $500 is attained, and the value shall remain at that amount so long as the vehicle is registered.

(2) The provisions of subsections (1)(a) through (1)(g) do not apply to motor homes, travel trailers, campers, or mobile homes as defined in 15-1-101(1)."

Section 2. Section 40, Chapter 611, Laws of 1987, is amended to read:

Approved March 28, 1989.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. Section 18-2-103, MCA, is amended to read:

**"18-2-103. Supervision of construction of buildings.** (1) For the construction of a building costing more than $25,000, the department of administration shall:

(a) review and accept all plans, specifications, and cost estimates prepared by architects or consulting engineers;

(b) approve all bond issues or other financial arrangements and supervise and approve the expenditure of all moneys;

(c) solicit, accept, and reject bids and award all contracts to the lowest qualified bidder considering conformity with specifications and terms and reasonableness of bid amount. However, any contract award that is protested or any contract that is awarded to a bidder other than the lowest bidder is subject to approval by the board of examiners.

(d) review and approve all change orders up to *$25,000.* Any change order *over $25,000* must be with the consent of the board of examiners. *The department may refer change orders under $25,000 that affect the project scope or other unusual change orders to the board of examiners for*

*consideration.* The board of examiners shall act within 14 working days after processing completion by the department.

(e) accept the building when completed according to accepted plans and specifications.

(2) The department may delegate on a project-by-project basis any powers and duties under subsection (1) to other state agencies, including units of the Montana university system, upon terms and conditions specified by the department. However, any powers and duties subject to the approval of the board of examiners may not be delegated.

(3) For repair and maintenance projects, the supervision, approval, and consent of the board of examiners are not required.

(4) Before any contract under subsection (1) is awarded, two formal bids must have been received, if reasonably available.

(5) The department need not require the provisions of Montana law relating to advertising, bidding, or supervision where proposed construction costs are $25,000 or less. However, with respect to a project having a proposed cost of $25,000 or less but more than $5,000, the agency awarding the contract must procure at least three informal bids from contractors licensed in Montana, if reasonably available.

(6) For the construction of buildings owned or to be owned by a school district, the department of administration shall, upon request, provide inspection to insure compliance with the plans and specifications for the construction of such buildings. "Construction" shall include construction, repair, alteration, equipping, and furnishing during construction, repair, or alteration. These services shall be provided at a cost to be contracted for between the department of administration and the school district, with the receipts to be deposited in the department of administration's construction regulation account in a state special revenue fund.

(7) It is the intent of the legislature that student housing and other facilities constructed under the authority of the regents of the university system are subject to the provisions of subsections (1) through (4) of this section.

(8) The department of military affairs may act as contracting agency for buildings constructed under the authority of 18-2-102(2)(d); however, the department of administration may agree to act as contracting agency on behalf of the department of military affairs. # CHAPTER NO. 351

[SB 78]

AN ACT ELIMINATING CERTAIN STATE SPECIAL REVENUE FUND ACCOUNTS THAT PERIODICALLY TRANSFER THEIR UNOBLIGATED BALANCES TO THE GENERAL FUND; REQUIRING MONEY IN THOSE ACCOUNTS TO BE DEPOSITED IN THE GENERAL FUND; AMENDING SECTIONS 16-11-124, 17-2-121, 30-9-403, 30-10-115, 30-10-209, 33-2-708, 33-30-204, AND 33-31-212, MCA; REPEALING SECTIONS 17-2-122, 17-2-123, AND 30-10-116 THROUGH 30-10-118, MCA; AND PROVIDING AN EFFECTIVE DATE.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. Section 16-11-124, MCA, is amended to read:

**"16-11-124. Disposition of license fees.** (1) All license fees collected under the provisions of this part shall be deposited with the state treasurer in the *general* fund.

(2) *Each* biennium, there shall be appropriated to the department an *amount* justified and reasonable to operate the department's cigarette enforcement division.

(3) All expenses charged against *the appropriation* shall be justified by itemized claims coupled with standard accounting reports."

Section 2. Section 17-2-121, MCA, is amended to read:

**"17-2-121. Deposits by insurance commissioner.** *All* fees, miscellaneous and examination charges, fines, penalties, *and* those amounts received pursuant to 33-2-311, 33-2-705, or 33-2-706, collected by the insurance commissioner pursuant to Title 33 and the rules adopted thereunder *must be deposited in the general fund.*"

Section 3. Section 30-9-403, MCA, is amended to read:

**"30-9-403. What constitutes filing — duration of filing — fees — effect of lapsed filing — duties of filing officer — computerized farm statement system.** (1) Presentation for filing of a financing statement and tender of the filing fee or acceptance of the statement by the filing officer constitutes filing under this chapter.

(2) Except as provided in subsections (6) and (11), a filed financing statement is effective for a period of 5 years from the date of filing. The effectiveness of a filed financing statement lapses on the expiration of the 5-year period unless a continuation statement is filed prior to the lapse. If a security interest perfected by filing exists at the time insolvency proceedings are commenced by or against the debtor, the security interest remains perfected until termination of the insolvency proceedings and thereafter for a period of 60 days or until expiration of the 5-year period, whichever occurs later. Upon lapse the security interest becomes unperfected, unless

HeinOnline -- 1989 vol. I 795 1989

it is perfected without filing. If the security interest becomes unperfected upon lapse, it is considered to have been unperfected as against a person who became a purchaser or lien creditor before lapse.

(3) A continuation statement may be filed by the secured party within 6 months prior to the expiration of the 5-year period specified in subsection (2). Any such continuation statement must be signed by the secured party, identify the original statement by file number, and state that the original statement is still effective. A continuation statement signed by a person other than the secured party of record must be accompanied by a separate written statement of assignment signed by the secured party of record and complying with 30-9-405(2), including payment of the required fee. Upon timely filing of the continuation statement, the effectiveness of the original statement is continued for 5 years after the last date to which the filing was effective, whereupon it lapses in the same manner as provided in subsection (2) unless another continuation statement is filed prior to such lapse. Succeeding continuation statements may be filed in the same manner to continue the effectiveness of the original statement. Unless a statute on disposition of public records provides otherwise, the filing officer may remove a lapsed statement from the files and destroy it immediately if he has retained a microfilm or other photographic record, or in other cases after 1 year after the lapse. The filing officer shall so arrange matters by physical annexation of financing statements to continuation statements or other related filings, or by other means, that if he physically destroys the financing statements of a period more than 5 years past, those which have been continued by a continuation statement or which are still effective under subsection (6) shall be retained.

(4) Except as provided in subsection (7), a filing officer shall mark each statement with a file number and with the date and hour of filing and shall hold the statement or a microfilm or other photographic copy thereof for public inspection. In addition, the filing officer shall index the statements according to the name of the debtor and shall note in the index the file number and the address of the debtor given in the statement.

(5) The uniform fees for filing, indexing, and stamping a copy furnished by the filing party to show the date and place of filing shall be set pursuant to subsection (13).

(6) If the debtor is a transmitting utility and a filed financing statement so states, it is effective until a termination statement is filed. A real estate mortgage that is effective as a fixture filing under 30-9-402(6) remains effective as a fixture filing until the mortgage is released or satisfied of record or its effectiveness otherwise terminates as to the real estate.

(7) When a financing statement covers timber to be cut or covers minerals or the like (including oil and gas) or accounts subject to 30-9-103(5) or is filed as a fixture filing, the filing officer shall index it under the names of the debtor and any owner of record shown on the financing statement in the same fashion as if they were the mortgagors in a mortgage of the real estate described and, to the extent that the law of this state provides for indexing of mortgages under the name of the mortgagee, under the name of the secured party as if he were the mortgagee thereunder, or if

HeinOnline -- 1989 vol. I 796 1989

indexing is by description, in the same fashion as if the financing statement were a mortgage of the real estate described.

(8) When a financing or continuation statement filed by a financial institution covers farm products or accounts, livestock, general intangibles arising from or relating to the sale of farm products by a farmer, crops growing or to be grown, or equipment used in farming operations, the fee for filing must be established by the secretary of state in an amount commensurate with the costs of establishing and operating the computerized access system described in subsection (9).

(9) Within *1* working day of receipt of a financing or continuation statement, the secretary of state shall record the information contained in the statement on a centralized computer system that he shall establish. The computer system must allow access to financing statement information by any type of communications which conform to standards used by the state central computer. The system must have safeguards to allow only access to UCC data and to prevent alteration, addition, or deletion of the UCC data. The computer must be accessible whenever the state computer system is available. A perfected security interest is not created until the financing statement information is recorded on the system. A printout of information from the system is prima facie evidence of the existence or nonexistence of the filing of a financing statement. The secretary of state shall maintain adequate errors and omissions liability coverage to protect against input errors causing loss to a secured party.

(10) The secretary of state shall, upon request of a clerk and recorder, mail a certified copy of a financing statement, continuation statement, assignment, amendment, or termination covering collateral described in subsection (8) to the clerk and recorder in the county of the principal debtor's residence. The secretary of state shall mail the requested copies at least once each week. This subsection does not require the secretary of state to mail a copy of any document which does not specifically indicate the county of the principal debtor's residence on its face.

(11) When a financing or continuation statement covers property described in subsection (8), its effectiveness lapses on July 1, 1986, unless prior to that date there is filed in the office of the secretary of state a certified copy of the statement on file with the county clerk and all related documents.

(12) Financing statement information in the computer system constitutes public writings within the meaning of 2-6-101, but the information may not be used to compile mailing lists.

(13) The secretary of state, with advice from the county clerk and recorders, shall by administrative rule establish fees as required by this part. The fees must be commensurate with the costs of processing the documents. The secretary of state shall maintain records sufficient to support the amounts of the fees established under this subsection. The secretary of state shall deposit in *the general* fund in the state treasury all fees he collects. The secretary of state shall disseminate the uniform fee schedule to the county clerk and recorders for their use."

Section 4. Section 30-10-115, MCA, is amended to read:

HeinOnline -- 1989 vol. I 797 1989

"**30-10-115. Deposits to the general fund.** *All* fees, examination charges, and miscellaneous charges received by the commissioner pursuant to parts 1 through 3 of this chapter must be deposited *in the general fund.*"

Section 5. Section 30-10-209, MCA, is amended to read:

"**30-10-209. Fees.** The following fees shall be paid in advance under the provisions of parts 1 through 3 of this chapter:

(1) (a) For the registration of securities by notification, coordination, or qualification, there shall be paid to the commissioner for the first year of registration a registration fee of $200 for the first $100,000 of initial issue or portion thereof in this state, based on offering price, plus 1/10 of 1% for any excess over $100,000, with a maximum of $1,000.

(b) Each year thereafter, a registration of securities may be renewed, prior to its termination date, for an additional year upon consent of the commissioner and payment of an additional registration fee to be computed at 1/10 of 1% of the aggregate offering price of such securities which are to be offered in this state during that year, even though the maximum fee was paid the preceding year. In no event shall the additional registration fee be less than $200 or more than $1,000. The registration statement for such securities may be amended to increase the amount of securities to be offered.

(c) If a registrant sells securities in excess of the aggregate amount registered for sale in this state, the registrant may file an amendment to the registration statement to include the excess sales. If the registrant fails to file an amendment before the expiration date of the registration order, he shall pay a filing fee for the excess sales of three times the amount calculated in the manner specified in subsection (1)(b). Registration of the excess securities is effective retroactively to the date of the existing registration.

(2) (a) For registration of a broker-dealer or investment adviser, the fee shall be $200 for original registration and $200 for each annual renewal.

(b) For registration of a salesman or investment adviser representative, the fee shall be $50 for original registration with each employer, $50 for each annual renewal, and $50 for each transfer.

(3) For certified copies of any documents filed with the commissioner, the fee shall be the cost to the department.

(4) For a request for an exemption under 30-10-105(15), the fee shall be established by the commissioner by rule. For a request for any other exemption or an exception to the provisions of parts 1 through 3 of this chapter, the fee shall be $50.

(5) All fees are considered fully earned when received. In the event of overpayment, only those amounts in excess of $10 may be refunded.

(6) All fees, examination charges, miscellaneous charges, fines, *and* penalties collected by the commissioner pursuant to parts 1 through 3 of this chapter and the rules adopted hereunder must be deposited *in* the general fund."

## CHAPTER NO. 355

[SB 298]

THE LONG-TERM CARE INSURANCE ACT; ESTABLISHING A PROGRAM TO BE ADMINISTERED BY THE COMMISSIONER OF INSURANCE; GRANTING RULEMAKING AUTHORITY TO CONDUCT THE PROGRAM; AND PROVIDING AN EFFECTIVE DATE.

STATEMENT OF INTENT

A statement of intent is required for this bill because section 14 authorizes the commissioner of insurance of the state of Montana to promulgate rules relating to the disclosure of policy provisions, coverage, marketability, and prohibited practices in the solicitation of long-term care insurance. The legislature intends that the rules which the commissioner adopts to implement this bill be designed principally to protect the insurance-buying public

HeinOnline -- 1989 vol. I 803 1989

in Montana by requiring insurers who offer long-term care insurance to accurately describe coverages provided by the insurance product and to prohibit certain practices regarding coverage, renewal, and eligibility. The legislature further intends that the commissioner adopt those rules in accordance with 33-1-313, which grants the commissioner general rule-making authority and which permits the commissioner:

(1) to make only reasonable rules that do not extend, modify, or conflict with any laws of this state or with any reasonable implication of those laws; and

(2) to make or amend those rules only after a hearing of which notice has been given as required by 33-1-703.

*Be it enacted by the Legislature of the State of Montana:*

(c) An insurance policy that is offered primarily to provide basic medicare supplement coverage, basic hospital expense coverage, basic medical-surgical expense coverage, hospital confinement indemnity coverage, major medical expense coverage, disability income protection coverage, accident only coverage, specified disease or specified accident coverage, or limited benefit health coverage and that also contains long-term care insurance benefits of a duration of at least 6 months is not required to meet the requirements of [this act] unless the premium allocable to the long-term care insurance benefits contained in the policy is greater than 25% of the total policy premium.

(1) the commissioner; or

(2) the insurance regulatory official of a state that has statutory and regulatory long-term care insurance requirements substantially similar to those adopted in Montana.

Section 5. **Disclosure and performance standards for long-term care insurance.** (1) The commissioner may by rule adopt standards for full and fair disclosure, setting forth the manner, content, and disclosures required to be made in a long-term care insurance policy, including but not limited to:

(a) terms of renewability;

(b) initial and subsequent conditions of eligibility;

(c) nonduplication of coverage provisions;

(d) coverage of dependents;

(e) preexisting conditions;

Section 6. **Prohibited practices and policy provisions.** A long-term care insurance policy may not:

(1) be canceled, nonrenewed, or otherwise terminated on the grounds of the age or the deterioration of the mental or physical health of an insured or a certificate holder;

HeinOnline -- 1989 vol. I 807 1989

(3) The commissioner may extend the limitation periods in subsections (1) and (2) as to specific age group categories in specific policy forms if extending the limitation periods is in the best interests of the public.

(4) An insurer may use an application form designed to elicit the complete health history of an applicant and on the basis of the answers on that application perform underwriting in accordance with the insurer's established underwriting standards. Unless otherwise provided in the long-term care insurance policy or certificate, a preexisting condition, regardless of whether it is disclosed on the application, need not be covered until the waiting period described in subsection (2) expires. A long-term care insurance policy or certificate may not exclude or use a waiver or rider of any kind to exclude, limit, or reduce coverage or benefits for specifically named or described preexisting diseases or physical conditions beyond the waiting period described in subsection (2).

Section 8. **Prior hospitalization or institutionalization.** (1) A long-term care insurance policy may not be delivered or issued for delivery in Montana if the policy conditions eligibility for a benefit:

(a) on a prior hospitalization requirement; or

(b) provided in an institutional care setting on the receipt of a higher level of institutional care.

(2) A long-term care insurance policy containing a limitation or condition for eligibility other than those prohibited in subsection (1) must clearly label, in a separate paragraph of the policy or certificate entitled "Limitations or Conditions on Eligibility for Benefits", the limitations or conditions, including the required number of days of confinement.

(a) A long-term care insurance policy that contains a benefit advertised, marketed, or offered as a home health care benefit may not condition receipt of a benefit on a prior institutionalization requirement.

(b) A long-term care insurance policy that conditions eligibility of noninstitutional benefits on the prior receipt of institutional care may not require a prior institutional stay of more than 30 days for which benefits are paid.

(3) A long-term care insurance policy that provides a benefit only following institutionalization may not condition the benefit upon admission to a facility for the same or a related condition within a period of less than 30 days after discharge from the institution.

Section 9. **Loss ratio standards.** The commissioner may by rule establish loss ratio standards for long-term care insurance policies.

Section 10. **Right to return policy — free look.** (1) A person insured under an individual long-term care insurance policy has the right to return the policy within 10 days of its delivery and to have the premium refunded if, after examining the policy, the insured is not satisfied for any reason. An individual long-term care insurance policy must have a notice prominently printed on the first page of the policy or attached to it stating that the insured has the right to return the policy within 10 days of its

HeinOnline -- 1989 vol. I 808 1989

delivery and to have the premium refunded if, after examining the policy, the insured is not satisfied for any reason.

(2) A person insured under a long-term care insurance policy issued pursuant to a direct response solicitation has the right to return the policy or certificate within 30 days of its delivery and to have the premium refunded if, after examining the policy, the insured is not satisfied for any reason. A long-term care insurance policy or certificate issued pursuant to a direct response solicitation must have a notice prominently printed on the first page or attached to it stating that the insured has the right to return the policy within 30 days of its delivery and to have the premium refunded if, after examining the policy, the insured is not satisfied for any reason.

Section 11. **Outline of coverage.** (1) An insurer shall deliver an outline of coverage to a prospective applicant for long-term care insurance at the time of initial solicitation through means that prominently direct the attention of the recipient to the document and its purpose.

(a) The commissioner shall prescribe a standard format, including style, arrangement, and overall appearance, and the content of the outline of coverage.

(b) In the case of agent solicitations, an agent shall deliver the outline of coverage prior to the presentation of an application or enrollment form.

(c) In the case of direct response solicitations, the insurer shall deliver the outline of coverage upon the earlier of the applicant's request or the delivery of the policy.

(2) The outline of coverage must include:

(a) a description of the principal benefits and coverage provided in the policy;

(b) a statement of the principal exclusions, reductions, and limitations contained in the policy;

(c) a statement of the terms under which the policy or certificate, or both, may be continued in force or discontinued, including any reservation in the policy of a right to change premiums. Continuation or conversion provisions of a group policy must be specifically described.

(d) a statement that the outline of coverage is a summary only of the policy issued or applied for, not a contract of insurance, and that the policy or group master policy contains governing contractual provisions;

(e) a description of the terms under which the policy or certificate may be returned and premium refunded; and

(f) a brief description of the relationship of cost of care and benefits.

Section 12. **Required content for certificate.** A certificate issued pursuant to a group long-term care insurance policy that is delivered or issued for delivery in this state must include:

HeinOnline -- 1989 vol. I 809 1989

(2) a statement of the principal exclusions, reductions, and limitations contained in the policy; and

(3) a statement that the group master policy determines governing contractual provisions.

Section 13. **Compliance required.** A policy may not be advertised, marketed, or offered in this state as long-term care insurance or nursing home insurance unless it complies with [this act].

Section 14. **Rules.** The commissioner may adopt rules necessary to implement [this act].

Section 15. **Extension of authority.** Any existing authority to make rules on the subject of the provisions of [this act] is extended to the provisions of [this act].

Section 16. **Codification instruction.** [This act] is intended to be codified as an integral part of Title 33, chapter 22, and the provisions of Title 33, chapter 22, apply to [this act].

Section 17. **Severability.** If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 18. **Applicability.** [This act] applies to policies delivered or issued for delivery in this state on or after October 1, 1989. [This act] is not intended to supersede the obligations of entities subject to [this act] to comply with the substance of other applicable insurance laws insofar as they do not conflict with [this act], except that laws and regulations designed and intended to apply to medicare supplement insurance policies may not be applied to long-term care insurance. A policy that is not advertised, marketed, or offered as long-term care insurance or nursing home insurance need not meet the requirements of [this act]. A policy that contains long-term care insurance benefits of a duration of at least 6 months must meet the requirements of [this act] if the premium allocable to the long-term care benefits is greater than 25% of the total policy premium.

Section 19. **Effective date.** [Section 8 and this section] are effective one year after passage and approval.

Approved March 28, 1989.

*(2)* In the event of detention, the respondent shall be detained in the least restrictive setting necessary to assure his presence and assure his safety and the safety of others as provided in 53-21-120. *A respondent may be detained in a jail or other correctional facility only if no appropriate mental health facility is immediately available for placement. When the respondent is detained in a jail or other correctional facility, the jail or other facility shall immediately notify the regional central office of the nearest mental health facility, as defined in 53-21-201, that a person detained in the jail or correctional facility is in need of an appropriate placement. *Be it enacted by the Legislature of the State of Montana:*

Section 1. **County jail work program.** (1) A county may operate a county jail work program. The program may be established to allow jail inmates convicted of nonviolent offenses to serve a sentence of imprisonment in the county jail by performing county work without actual physical confinement in the county jail.

(2) A participant in a county jail work program is considered to be in confinement for the purposes of laws relating to confinement in jail, sentencing, and length of imprisonment.

(3) A county jail work program may be established in addition to any county jail labor, rehabilitation, or other program, including the authority of the board of county commissioners to require persons confined to the county jail to perform labor pursuant to 7-32-2223.

Section 2. **Operation of county jail work program.** (1) If a county establishes a county jail work program, it must be authorized by the board of county commissioners and supervised by the county sheriff. The sheriff may permit persons eligible under the provisions of [section 3] to work on county projects or for county departments as designated by the board of county commissioners. A person participating in a county jail work program may not:

(a) have his labor or other work contracted out to a private party;

(b) be required to do labor or other work that furthers the private interests of a government employee or official;

(c) be permitted or required to do labor or other work that relates to anything other than public projects, public services, or other public matters;

HeinOnline -- 1989 vol. I 818 1989

(3) A person participating in a county work program may not be physically confined in the county jail during the course of his participation. The person may not be required to perform county work in excess of 8 hours each calendar day. Each calendar day in which a person has participated in a county jail work program is 1 day of incarceration for the purposes of serving a sentence of imprisonment.

(4) The sheriff, in conjunction with the board of county commissioners, shall establish a written policy on how jail inmates may volunteer for participation in the county work program and what criteria the sheriff shall use to choose volunteers if there are more eligible persons volunteering than are needed in the program.

(5) In order to ensure public safety, the sheriff may in his discretion deny a person permission to participate in the program and may revoke a person's permission to participate at any time.

(6) A person participating in a program is under official detention as that term is used in defining the crime of escape in 45-7-306. Failure to appear for work at a time and place scheduled for participation in a program constitutes the offense of escape.

Section 3. **Inmate eligibility for participation.** A person may be permitted to participate in a county jail work program if he:

(1) has been sentenced to the county jail for an offense and is not confined in the county jail upon process in a civil action or prior to examination or trial;

(2) is not serving a sentence for homicide, robbery, sexual intercourse without consent, arson, burglary, kidnapping, escape, assault, domestic abuse, incest, or any other offense in which violence is an element of the crime or for an offense which during the course of which bodily injury occurred;

**"7-32-2208. Actual confinement of prisoners required.** A prisoner committed to the county jail for trial *or* examination or, *except as provided in [sections 1 through 3], a prisoner convicted of* a public offense must be actually confined in the jail until he is legally discharged. If he is permitted to go at large out of the jail, except by virtue of a legal order or process *or pursuant to a program established by law*, it is an escape."

Section 5. Section 45-7-306, MCA, is amended to read:

**"45-7-306. Escape.** (1) "Official detention" means imprisonment which resulted from a conviction for an offense, confinement for an offense, confinement of a person charged with an offense, detention by a

peace officer pursuant to arrest, detention for extradition or deportation, supervision while under a supervised release program, *participation in a county jail work program under [sections 1 through 3]*, or any lawful detention for the purpose of the protection of the welfare of the person detained or for the protection of society. "Official detention" does not include supervision of probation or parole, constraint incidental to release on bail, or an unlawful arrest unless the person arrested employed physical force, a threat of physical force, or a weapon to escape.

(2) A person subject to official detention commits the offense of escape if he knowingly or purposely removes himself from official detention or fails to return to official detention following temporary leave granted for a specific purpose or limited time. *A person also commits the offense of escape if he is participating in a county jail work program under [sections 1 through 3] and he knowingly or purposely fails to appear for work at a time and place scheduled for participation in the program.*

AN ACT AUTHORIZING THE COUNTY TREASURER OR A DEPUTY COUNTY TREASURER TO ACKNOWLEDGE A SIGNATURE FOR PURPOSES OF CERTIFICATION OF OWNERSHIP, REGISTRATION, AND TAXATION OF MOTOR VEHICLES, BOATS, AND SNOWMOBILES; AMENDING SECTIONS 23-2-510, 23-2-612, 61-3-201, 61-3-205, AND 61-3-322, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. Section 23-2-510, MCA, is amended to read:

**"23-2-510. (Effective July 1, 1988) Transfer of interest.** (1) Except as provided in subsection (3), upon a transfer of a certificate of ownership to a motorboat or sailboat 12 feet in length or longer registered as required under the provisions of this part, the person whose title or interest is to be transferred shall sign the certificate of ownership issued for the motorboat or sailboat in the appropriate space provided on the reverse side of the certificate, and *the* signature must be acknowledged before *the county treasurer, a deputy county treasurer, or* a notary public.

(2) Within 20 calendar days *after endorsement*, the transferee shall make application for transfer of the certificate of ownership with the county treasurer of the county in which the transferee resides and also make application for registration of the motorboat or sailboat. The county treasurer shall forward the application to the department of justice, which shall file the *application* upon receipt. *A* certificate of ownership may *not* be issued by the department until any outstanding certificate is surrendered

to the department or its loss is established to the department's reasonable satisfaction. The county treasurer shall collect a fee of $6 for each application for transfer of ownership, of which $4 must be forwarded to the department of justice for deposit in the motor vehicle recording account of the state special revenue fund.

(3) A purchaser of a new or used motorboat or sailboat 12 feet in length or longer from a licensed dealer has a grace period of 20 calendar days from the date of purchase to register the motorboat or sailboat, make application for a certificate of ownership, and obtain a decal indicating that the fee in lieu of property tax has been paid on the vessel for the current year. It is not a violation of this part or any other law for the purchaser to operate a newly acquired motorboat or sailboat 12 feet in length or longer without a certificate of ownership, certificate of registration, and decal during the 20-day grace period. During this period the sticker provided for in subsection (4) must remain affixed to the motorboat or sailboat.

(4) Prior to the delivery of a motorboat or sailboat 12 feet in length or longer to the purchaser, the dealer shall issue and affix to a motorboat or sailboat constructed after October 31, 1972, a sticker as prescribed by the department of justice. The sticker must contain the name and address of the purchaser, the date of sale, the name and address of the dealer, and a description of the motorboat or sailboat, including its serial number. The dealer shall keep a copy of the sticker for his records and shall send a copy of the sticker to the department of justice.

(5) The provisions of subsection (2) do not apply in the event of the transfer of a motorboat or sailboat 12 feet in length or longer to a duly licensed dealer intending to resell the motorboat or sailboat and who operates it only for demonstration purposes, but every dealer, upon transferring *his* interest, shall deliver the certificate of ownership with an application for a new certificate executed by the new owner in accordance with the provisions of this part. The department of justice, upon receipt of the certificate of ownership and application for a new certificate containing notice of a security interest, if any, shall issue a new certificate of ownership, together with a statement of any conditional sales contract, mortgage, or other lien."

Section 2. Section 23-2-612, MCA, is amended to read:

**"23-2-612. Transfer of interest.** (1) Except as provided in subsection (3), upon a transfer of any certificate of ownership to a snowmobile registered as required under the provisions of 23-2-601 through 23-2-644, the person whose title or interest is to be transferred shall write his signature with pen and ink upon the certificate of ownership issued for the snowmobile in the appropriate space provided upon the reverse side of the certificate, and *the* signature shall be acknowledged before *the county treasurer, a deputy county treasurer, or* a notary public.

(2) Within 20 calendar days *after endorsement*, the transferee shall make application for transfer of the certificate of ownership with the county treasurer of the county in which the transferee resides and also make application for registration of the snowmobile. The county treasurer shall forward the application to the department of justice, which shall file

HeinOnline -- 1989 vol. I 822 1989

the *application* upon receipt. *A* certificate of ownership may *not* be issued by the department of justice until the outstanding certificates are surrendered to that office or their loss established to its reasonable satisfaction. The county treasurer shall collect a fee of $3 for each application for transfer of ownership, of which $2 shall be forwarded to the department of justice for deposit in the motor vehicle recording account of the state special revenue fund.

(3) A purchaser of a new or used snowmobile from a licensed snowmobile dealer has a grace period of 20 calendar days from the date of purchase to register the snowmobile, make application for a certificate of ownership, and obtain a decal indicating that the fee in lieu of property tax has been paid on the snowmobile for the current year. It is not a violation of 23-2-601 through 23-2-644 or any other law for the purchaser to operate a newly acquired snowmobile without a certificate of ownership, certificate of registration, and a decal during the 20-day period. During this period the sticker, provided for in subsection (4), shall remain affixed to the snowmobile.

(4) Prior to the delivery of the snowmobile to the purchaser, the dealer shall issue and affix to the snowmobile a sticker (in a form to be prescribed by the department of justice). The sticker shall contain the name and address of the purchaser, the date of sale, the name and address of the dealer, and a description of the snowmobile, including its serial number. The dealer shall keep a copy of the sticker for his records and shall send a copy of the sticker to the department of justice.

(5) The provisions of subsection (2) of this section do not apply in the event of the transfer of a snowmobile to a duly licensed snowmobile dealer intending to resell the snowmobile and who operates it only for demonstration purposes, but every dealer, upon transferring *his* interest, shall deliver the certificate of ownership with an application for a new certificate executed by the new owner in accordance with the provisions of 23-2-601 through 23-2-644. The department of justice, upon receipt of the certificate of ownership and application for a new certificate, containing notice of a security interest, if any, shall issue a new certificate of ownership together with a statement of any conditional sales contract, mortgage, or other lien."

Section 3. Section 61-3-201, MCA, is amended to read:

**"61-3-201. Transfer of interest.** (1) Upon a transfer of any interest in a motor vehicle registered under the provisions of this chapter, the person whose interest is to be transferred shall write his signature with pen and ink upon the certificate of ownership issued for *the* vehicle in the appropriate space provided upon the reverse side of the certificate, and *the* signature shall be acknowledged before *the county treasurer, a deputy county treasurer, or* a notary public.

(2) Within 20 calendar days *after endorsement*, the transferee shall forward both the endorsed certificate of ownership with the odometer mileage statement required under 61-3-206 and the certificate of registration, together with the information required under 61-3-202, to the county treasurer, who shall forward them to the department. *A* certificate of ownership or certificate of registration may *not* be issued by the department until the

HeinOnline -- 1989 vol. I 823 1989

outstanding certificates are surrendered to that office or their loss is established to its reasonable satisfaction. Failure to make application within the 20-day grace period subjects the transferee to a penalty of $10. The penalty is to be collected by the county treasurer at the time of registration and is in addition to the fees otherwise provided by law. If the transferee has not made application within 25 days, a creditor or secured party may pay the fees for the transfer of title and filing of security interest or lien in order to have title transferred to the transferee and have the security interest or lien filed. The creditor or secured party is not liable for the penalty, registration fees, or taxes. The department shall return the certificate of title to the county treasurer as provided in 61-3-103(1). When the certificate of ownership is returned by the department to the county treasurer, the treasurer shall hold the certificate of ownership until the vehicle is properly registered.

(3) In the event of a transfer by operation of law of any interest in a motor vehicle as upon inheritance, devise, or bequest, order in bankruptcy or insolvency, execution sale, repossession upon default in the performance of the terms of a lease or executory sales contract, or otherwise than by voluntary act of the person whose title or interest is transferred, the executor, administrator, receiver, trustee, sheriff, or other representative or successor in interest of the person whose interest is transferred shall forward to the department an application for a certificate of ownership in the form required for an original application for a certificate of ownership, together with a verified or certified statement of the transfer of interest. The statement shall set forth the reason for the involuntary transfer, the interest transferred, the name of the person to whom the interest is to be transferred, the process of procedure effecting *the* transfer, and other information requested by the department. Evidence and instruments otherwise required by law to effect a transfer of legal or equitable title to or an interest in chattels as may be required in such cases shall be furnished with the statement. If the department is satisfied that the transfer is regular and that all formalities required by law have been complied with, it shall send to the owner, conditional sales vendor, lessor, mortgagee, and other lienor, as shown by its records, notice of the intended transfer and, not less than 5 days *after sending notice*, shall issue a new certificate of ownership and certificate of registration to the *transferee*. The notice required *in this section* is complied with by deposit in the post office in Deer Lodge, Montana, *of the* notice, postage prepaid, addressed to the person at the respective address shown on its records.

(4) When the vehicle certificate of ownership that is involuntarily transferred is not registered in this state, the procedure set forth *in subsection (3)* must be followed in applying for a new certificate of ownership and certificate of registration but the department need not send notice of intended transfer and shall issue a new certificate of ownership and a new certificate of registration to the person entitled *to them.*

(5) (a) In the event of the death of the owner of one or more motor vehicles, trailers, semitrailers, or housetrailers registered *under this chapter* and not exceeding a combined value of $15,000 without leaving other property necessitating the procuring of letters of administration or letters testamentary, the surviving spouse or other heir unless *the* property is by will

HeinOnline -- 1989 vol. I 824 1989

otherwise bequeathed may secure transfer of the decedent's certificate of ownership and the certificate of registration for the vehicle.

(b) The person seeking transfer of the certificate of ownership shall file an affidavit with the department setting forth the fact of survivorship and the name and address of any other heirs and other facts as are necessary to entitle the affiant to a transfer.

(c) The department is authorized to transfer the certificate of ownership and certificate of registration, subject to all security interests shown by its records, upon receipt of an affidavit showing that the affiant is entitled to a transfer under the provisions of subsection (5)(a) of this section.

(6) Nothing in subsection (5) shall prevent any secured party from assigning his interest in a motor vehicle registered under the provisions of this chapter to any other person without the consent of and without affecting the interest of the holder of the certificate of ownership and certificate of registration. Upon any assignment by a secured party of his security interest in any motor vehicle registered under this chapter, a copy of *the* assignment must be filed with the department and *a* record *of the assignment* made upon its records.

(7) The *certificate* of ownership *is* valid until canceled by the department upon a transfer of any interest shown *in the certificate* and need not be renewed annually."

Section 4. Section 61-3-205, MCA, is amended to read:

**"61-3-205. Transfer of ownership of vehicles by insurance company.** (1) When an insurance company or its adjuster has taken possession of a motor vehicle as a result of settling an insurance claim and transfers ownership of the motor vehicle, it shall deliver to the transferee at the time of transfer a certificate of ownership *signed and acknowledged before the county treasurer, a deputy county treasurer, or a notary public.*

(2) If the certificate of ownership names one or more holders of a perfected security interest in the motor vehicle, the insurance company or its adjuster shall also secure and deliver to the transferee a release from the secured party of the security interest."

Section 5. Section 61-3-322, MCA, is amended to read:

**"61-3-322. Certificates of registration — issuance.** (1) Upon completion of the application for registration on forms furnished by the department, the county treasurer shall file one copy in his office and issue to the applicant two copies of the application marked "Owner's Certificate of Registration and Payment Receipt", one of which shall be marked "file copy".

(2) The certificate of registration shall contain upon the face thereof the information described in 61-3-202(2).

(3) Every owner, upon receiving a registration receipt, shall write his signature *on the receipt* with pen and ink in the space provided. *The* registration receipt, *a photostatic copy of the receipt acknowledged by the county treasurer or a deputy county treasurer,* a notarized photostatic copy, or a

duplicate furnished by the department shall at all times be carried in the vehicle to which it refers or shall be carried by the person driving or in control of *the* vehicle, who shall display it upon demand of a police officer or any officer or employee of the department or the highway department.

(4) The county treasurer shall daily forward to the department one copy of all applications for registration received that day.

(5) It *is* not necessary for the county treasurer to segregate the amount of taxes or fees for state, county, school district, and municipal purposes in the receipt."

Section 6. **Effective date.** [This act] is effective on passage and approval.

AN ACT TO REQUIRE THAT THE COURT CONSIDER THE EFFECT ON THE STABILITY AND CONTINUITY OF A CHILD'S EDUCATION IN ADDITION TO FACTORS RELEVANT TO THE BEST INTEREST OF THE CHILD WHEN THE COURT ALLOTS TIME BETWEEN PARENTS WITH JOINT CUSTODY; AND AMENDING SECTION 40-4-224, MCA.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. Section 40-4-224, MCA, is amended to read:

**"40-4-224. Joint custody — modification — consultation with professionals.** (1) Upon application of either parent or both parents for joint custody, the court shall presume joint custody is in the best interest of a minor child unless the court finds, under the factors set forth in 40-4-212, that joint custody is not in the best interest of the minor child. If the court declines to enter an order awarding joint custody, the court shall state in its decision the reasons for denial of an award of joint custody. Objection to joint custody by a parent seeking sole custody is not a sufficient basis for a finding that joint custody is not in the best interest of a child, nor is a finding that the parents are hostile to each other. However, a finding that one parent physically abused the other parent or the child is a sufficient basis for finding that joint custody is not in the best interest of the child.

(2) For the purposes of this section, "joint custody" means an order awarding custody of the minor child to both parents and providing that the physical custody and residency of the child shall be allotted between the parents in such a way as to assure the child frequent and continuing contact with both parents. The allotment of time between *the parents must* be as equal as possible; however:

*(a)* each case shall be determined according to its own practicalities, with the best interest of the child as the primary consideration; *and*

*(b) when allotting time between the parents, the court shall consider the effect of the time allotment on the stability and continuity of the child's education.*

(3) Any order for joint custody may be modified pursuant to 40-4-219 to terminate the joint custody.

(4) The court may, at any time, direct the parties to consult with appropriate professionals for the purpose of assisting the parties to formulate a plan for implementation of the custody order or to resolve any controversy that has arisen in the implementation of a plan for custody."

(1) The agency shall make every reasonable effort to acquire expeditiously real property by negotiation.

(2) Real property shall be appraised before the initiation of negotiations, and the owner or his designated representative shall be given an opportunity to accompany the appraiser during his inspection of the property. *The head of the agency may prescribe a procedure to waive the appraisal in cases involving the acquisition by sale or donation of property with a low fair market value.*

(3) Before the initiation of negotiations for real property, an amount shall be established which it is reasonably believed is just compensation therefor and such amount shall be offered for the property. In no event shall such amount be less than the approved appraisal of the fair market value of such property. (6) If an owner or tenant is permitted to occupy the real property acquired on a rental basis for a short term or for a period subject to termination by the acquiring agency on short notice, the amount of rent required shall not exceed the fair rental value of the property to a short-term occupier.

(7) In no event shall the time of condemnation be advanced or negotiations or condemnation and the deposit of funds in court for the use of the owner be deferred or any other action coercive in nature be taken to compel an agreement on the price to be paid for the property.

(8) If an interest in real property is to be acquired by exercise of the power of eminent domain, formal condemnation proceedings shall be instituted. The acquiring agency shall not intentionally make it necessary for an owner to institute legal proceedings to prove the fact of the taking of his real property.

(9) If the acquisition of only part of the property would leave its owner with an uneconomic remnant, an offer to acquire the *uneconomic remnant* shall be made.

*(10) A person whose real property is being acquired may, after being fully informed of his right to receive just compensation, donate to an agency the property, any interest in the property, or any compensation received for the property.*"

Section 4. **Permit required for importation of nonsalmonid fish or eggs.** Except when intended for use in home or office aquariums, importations of live nonsalmonid fish or eggs must be accompanied by a permit as described for salmonids in 87-3-221(2). The permit may require that the importation be inspected and approved by a department biologist prior to release or placement.

Section 5. Section 87-3-224, MCA, is amended to read:

**"87-3-224. Enforcement.** The cargo and vehicle involved in a violation of 87-3-221 through 87-3-223 *or [sections 2 and 4]* may, at the option of the department, either be denied the right to proceed further within the

HeinOnline -- 1989 vol. I 842 1989

state of Montana or be quarantined until inspected by a designated biologist from the department. The department shall inform the department of highways of the provisions regarding importation of salmonid *and nonsalmonid* fish and eggs so that the department of highways may enforce *the* provisions at ports of entry and checking stations under 60-2-303."

Section 6. **Inspection, quarantine, and disinfection of fish hatcheries and culture facilities.** (1) The department may conduct inspections for the presence of fish pathogens at any fish hatchery or culture facility. Inspections may be conducted at the request of the hatchery or facility or by order of the department. The expense of inspection must be paid by the hatchery or facility requesting the inspection or by the department when the inspection is ordered by the department.

(2) When a fish hatchery or culture facility is found to be contaminated or to contain fish or eggs infected with specified fish pathogens, the department may order appropriate action, including quarantine, destruction of infected fish or eggs, or disinfection of all or part of the hatchery or facility. An order for destruction of infected fish or eggs may not be issued unless the infection is confirmed by two laboratories. The owner of the hatchery or facility is liable for all costs and expenses associated with the cleanup and the disposition of infected fish or eggs. When destruction of eggs is ordered at a private facility and the department has surplus eggs available, the department may replace the destroyed eggs without charge to the private facility.

Section 7. **Duty to report fish pathogens.** A person, including the owner or custodian of a fish hatchery or culture facility, who has reason to suspect the presence of fish pathogens specified by the department as posing a threat to existing fisheries shall immediately give notice to the department.

Section 8. **Civil liability.** A person, firm, or corporation that violates any provision of this part pertaining to fish disease or rules or orders of the department is liable for damages caused by the violation. The damages may be recovered by the person, firm, or corporation damaged or by the department on behalf of the public in a civil action in a court of competent jurisdiction. All money collected by the department under this section must be deposited in the state special revenue fund as provided in 87-1-601(1).

Section 9. Section 87-4-603, MCA, is amended to read:

**"87-4-603. Fish pond license for artificial lake or pond — records.** (1) A person who owns or lawfully controls an artificial lake or pond may apply to the director for a fish pond license. The holder of a private fish pond license may stock his fish pond with fry procured from any lawful source. The department may designate the species of fish which may be released in the pond *and otherwise condition the license* when there is a possibility of fish escaping from the pond into adjacent streams or lakes. The license holder may take fish from the lake or pond in any manner. Before a license holder may sell fish or eggs or fry from the lake or pond, he shall furnish a corporate surety bond to the state for $500, conditioned to the effect that he will not sell fish or spawn from any of the public

HeinOnline -- 1989 vol. I 843 1989

waters of this state *or violate the conditions of his license* and also conditioned to the effect that he will *submit an annual* report *on transactions* to the director.

(2) "Artificial lake or pond" as used in this section does not include a natural pond or body of water created by natural means or any portion of the streambed or lakebed *of a natural pond or body of water.* It includes only bodies of water created by artificial means or diversion of water which do not exceed 500 acres of surface area.

*(3) The department may condition the license to require the construction, implementation, and maintenance of measures or devices to prevent fish in an artificial lake or pond from escaping into adjacent waters.*

*(4) (a) Each licensee who sells fish or eggs shall keep accurate records of:*

*(i) the species and quantities of fish or eggs sold or purchased;*

*(ii) dates of sales or purchases;*

*(iii) names of purchasers or sellers; and*

*(iv) locations to or from which fish or eggs are transferred.*

*(b) On or before January 31 of each year, each licensee who sells fish or eggs shall file a report with the department, on forms made available by the department, summarizing the records required under subsection (4)(a)."*

Section 10. **Term of license — license not transferable.** (1) A licensee who sells fish or eggs under 87-4-603 shall renew the license annually. The license expires on January 31 of the year succeeding the year of issuance. Application for renewal must be made before a license expires. The department shall renew the license if the licensee has not violated any condition upon which the license was granted.

(2) A licensee who does not sell fish or eggs is not required to renew his license. However, a new license is required when a licensee proposes to plant a new species or stock a pond not designated in the original license.

(3) A fish pond license granted under 87-4-603 is not transferable.

Section 11. **Revocation of fish pond license.** (1) A fish pond license may be revoked for failure to operate or use the pond according to the terms or conditions of the license or state statutes, rules, or orders covering importation, transportation, or introduction of fish or eggs.

(2) If the department discovers a violation under this section, it may institute revocation proceedings after providing reasonable notice and opportunity for a hearing to the licensee. After hearing and upon proof of the violation, the department may revoke the fish pond license.

Section 12. Section 87-5-715, MCA, is amended to read:

**"87-5-715. Extermination or control of transplanted or introduced wildlife or feral species posing threat.** *Any* wildlife or feral species transplanted or introduced in the state may be exterminated or

controlled by the department if the commission determines that the species poses harm to native wildlife or plants or to agricultural production."

Section 13. Section 87-5-703, MCA, is amended to read:

**"87-5-703. Applicability to other provisions for importation or introduction of wildlife.** Sections 87-5-701 through 87-5-704, 87-5-711, 87-5-713 through 87-5-716, and 87-5-721 do not apply to the importation of wildlife for the commercial pet trade or to the provisions on importation or introduction of wildlife contained in the following laws:

(1) Title 80;

(2) 87-3-207 and 87-3-208;

(3) 87-3-221 through 87-3-224 *or [sections 2, 4, and 6 through 8]*;

(5) 87-5-112;

(6) 87-5-205;

(7) 87-5-302; or

# CHAPTER NO. 377

[SB 340]

AN ACT TO REVISE AND CONTINUE THE CERTIFICATE OF NEED LAWS; TO EXEMPT HOSPITALS FROM CERTIFICATE OF NEED REQUIREMENTS IN CERTAIN CIRCUMSTANCES; AMENDING SECTION 50-5-301, MCA; SECTION 13, CHAPTER 329, LAWS OF 1983; AND SECTION 9, CHAPTER 477, LAWS OF 1987; AND PROVIDING AN EFFECTIVE DATE.

STATEMENT OF INTENT

It is the legislature's intent to exclude acute care hospitals from certificate of need requirements, except in certain limited circumstances that are

enumerated in subsections 50-5-301(1)(h) and 50-5-301(1)(i). The provision by a hospital of services under either of those subsections is intended to include construction, conversion, or expansion of bed capacity.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. Section 50-5-301, MCA, is amended to read:

**"50-5-301. (Temporary) When certificate of need is required — definitions.** (1) Unless a person has submitted an application for and is the holder of a certificate of need granted by the department, he may not initiate any of the following:

(a) the incurring of an obligation by or on behalf of a health care facility for any capital expenditure, other than to acquire an existing health care facility or to replace major medical equipment with equipment performing substantially the same function and in the same manner, that exceeds the expenditure thresholds established in subsection (4). The costs of any studies, surveys, designs, plans, working drawings, specifications, and other activities (including staff effort, consulting, and other services) essential to the acquisition, improvement, expansion, or replacement of any plant or equipment with respect to which an expenditure is made must be included in determining if the expenditure exceeds the expenditure thresholds.

(b) a change in the bed capacity of a health care facility through an increase in the number of beds or a relocation of beds from one health care facility or site to another, unless:

(i) the number of beds involved is 10 or less or 10% or less of the licensed beds (if fractional, rounded down to the nearest whole number), whichever figure is smaller, in any 2-year period;

(ii) a letter of intent is submitted to the department; and

(iii) the department determines the proposal will not significantly increase the cost of care provided or exceed the bed need projected in the state health plan;

(c) the addition of a health service that is offered by or on behalf of a health care facility which was not offered by or on behalf of the facility within the 12-month period before the month in which the service would be offered and which will result in additional annual operating and amortization expenses of $150,000 or more;

(d) the acquisition by any person of major medical equipment, provided such acquisition would have required a certificate of need pursuant to subsection (1)(a) or (1)(c) if it had been made by or on behalf of a health care facility;

(e) the incurring of an obligation for a capital expenditure by any person or persons to acquire 50% or more of an existing health care facility unless:

(i) the person submits the letter of intent required by 50-5-302(2); and

HeinOnline -- 1989 vol. I 846 1989

(ii) the department finds that the acquisition will not significantly increase the cost of care provided or increase bed capacity;

(f) the construction, development, or other establishment of a health care facility which is being replaced or which did not previously exist, by any person, including another type of health care facility;

(g) the expansion of the geographical service area of a home health agency;

(h) the use of hospital beds to provide services to patients or residents needing only skilled nursing care, intermediate nursing care, or intermediate developmental disability care, as those levels of care are defined in 50-5-101; *or*

*(i) the provision by a hospital of services for ambulatory surgical care, home health care, long-term care, inpatient mental health care, inpatient chemical dependency treatment, inpatient rehabilitation, or personal care.*

(2) For purposes of subsection (1)(b), a change in bed capacity occurs on the date new or relocated beds are licensed pursuant to part 2 of this chapter and the date a final decision is made to grant a certificate of need for new or relocated beds, unless the certificate of need expires pursuant to 50-5-305.

(3) For purposes of this part, the following definitions apply:

(a) "Health care facility" or "facility" means a nonfederal ambulatory surgical facility, home health agency, long-term care facility, medical assistance facility, mental health center with inpatient services, inpatient chemical dependency facility, rehabilitation facility with inpatient services, or personal care facility. *The term does not include a hospital, except to the extent that a hospital is subject to certificate of need requirements pursuant to subsection (1)(i).*

(b) (i) "Long-term care facility" means an entity which provides skilled nursing care, intermediate nursing care, or intermediate developmental disability care, as defined in 50-5-101, to a total of two or more persons.

(ii) The term does not include adult foster care licensed under 53-5-303; community homes for the developmentally disabled, licensed under 53-20-305; community homes for physically disabled persons, licensed under 53-19-111; boarding or foster homes for children, licensed under 41-3-1142; hotels, motels, boardinghouses, roominghouses, or similar accommodations providing for transients, students, or persons not requiring institutional health care; or juvenile and adult correctional facilities operating under the authority of the department of institutions.

(c) "Obligation for capital expenditure" does not include the authorization of bond sales or the offering or sale of bonds pursuant to the state long-range building program under Title 17, chapter 5, part 4, and Title 18, chapter 2, part 1.

(d) "Personal care facility" means an entity which provides services and care which do not require nursing skills to more than four persons who are not related to the owner or administrator by blood or marriage and who

HeinOnline -- 1989 vol. I 847 1989

need some assistance in performing the activities of everyday living. The term does not include those entities excluded from the definition of "long-term care facility" in subsection *(3)*(b).

(4) Expenditure thresholds for certificate of need review are established as follows:

(a) For acquisition of equipment and the construction of any building necessary to house the equipment, the expenditure threshold is $750,000.

(b) For construction of health care facilities, the expenditure threshold is $1,500,000."

Before February 1 of each year, every licensed health care facility shall submit an annual report for the preceding calendar year to the department. The report shall be on forms and contain information specified by the department. Information received by the department or board through reports, inspections, or provisions of parts 1 and 2 may not be disclosed in a way which would identify patients. A department employee who discloses information which would identify a patient shall be dismissed from employment and subject to the provisions of 45-7-401 and 50-16-551, unless the disclosure was authorized in writing by the patient, his guardian, or his agent in accordance with Title 50, chapter 16, part 5. Information and statistical reports from health care facilities which are considered necessary by the department for health planning and resource development activities will be made available to the public and the health planning agencies within the state.""

# CHAPTER NO. 378

[SB 355]

AN ACT GOVERNING THE ISSUANCE AND USE OF COMMERCIAL VEHICLE OPERATOR'S ENDORSEMENTS AND BRINGING MONTANA STATUTES INTO COMPLIANCE WITH FEDERAL REGULATIONS; PROVIDING FOR SUSPENSION OF COMMERCIAL MOTOR VEHICLE OPERATOR'S ENDORSEMENTS; PROVIDING FOR CERTAIN CHEMICAL TESTS; PROVIDING FOR APPEAL; REMOVING A METHOD TO OBTAIN A HAZARDOUS MATERIAL ENDORSEMENT; AND AMENDING SECTIONS 61-1-134, 61-5-103, 61-5-111, 61-5-204, 61-5-208, AND 61-8-405, MCA.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. **Purpose.** (1) The purpose of [this act] is to reduce the number of commercial motor vehicle accidents in Montana, to provide greater safety to the motoring public and others by establishing stringent

HeinOnline -- 1989 vol. I 849 1989

criteria governing the operation of commercial motor vehicles, and to deny the privilege of operating commercial motor vehicles upon the public streets and highways to those commercial motor vehicle operators who are determined to be not qualified.

(2) To fulfill this purpose, the legislature intends that [sections 1 through 8]:

(a) establish criteria and procedures for the operation of commercial motor vehicles that require safety practices commensurate with the danger inherent to their operation;

(b) provide for increased administrative punishment for commercial motor vehicle operators who use alcohol while operating commercial motor vehicles;

(c) provide greater control of commercial motor vehicle operators using the streets and highways; and

(d) conform Montana's laws on commercial motor vehicle operator's endorsements with federal regulations based on Public Law 99-570, "Commercial Motor Vehicle Safety Act of 1986".

Section 2. **Suspension of commercial vehicle operator's endorsement — disqualification.** (1) The department shall suspend the commercial vehicle operator's endorsement of any commercial operator if the department's records or information received from federal authorities shows that the person is disqualified under federal law.

(2) A commercial vehicle operator's endorsement suspended pursuant to this section remains suspended for the duration of the period of disqualification under federal regulations.

(3) A person whose commercial vehicle operator's endorsement is suspended under this section due to disqualification:

(a) may appeal the suspension as provided in 61-5-211; and

(b) may not operate a commercial vehicle until the suspension is lifted and his commercial vehicle operator's endorsement is restored.

Section 3. **Suspension of commercial vehicle operator's endorsement — serious traffic violations.** If a commercial motor vehicle operator's record shows that he has been convicted of a serious traffic violation as defined in federal regulations, the department shall suspend the commercial vehicle operator's endorsement:

(1) for 60 days if the operator was convicted of two hazardous moving violations within 3 years; or

(2) for 120 days if the operator was convicted of three hazardous moving violations within 3 years.

Section 4. **Suspension of commercial vehicle operator's endorsement — felony involving a controlled substance while driving a commercial vehicle.** If the department receives information that a commercial motor vehicle operator has been convicted of using a commercial

HeinOnline -- 1989 vol. I 850 1989

motor vehicle in the commission of a felony involving the manufacture, distribution, or dispensing of a controlled substance, as defined by federal regulations, or a felony involving possession with intent to manufacture, distribute, or dispense a controlled substance, the department shall suspend his commercial vehicle operator's endorsement for life.

Section 5. **Suspension for operating a commercial vehicle with a blood alcohol concentration of 0.04 or more — hearing.** (1) A person whose blood alcohol concentration is 0.04 or more while he drives or is in actual physical control of a commercial motor vehicle is subject to the suspension of his commercial vehicle operator's endorsement. If the department receives a sworn report from a peace officer that the person was operating a commercial motor vehicle while his blood alcohol concentration was 0.04 or more, the department shall suspend the driver's commercial vehicle operator's endorsement:

(a) for 1 year, with no provision for a restricted probationary license or endorsement, upon receipt of the first report, except that if the offense occurred in a commercial motor vehicle transporting hazardous materials, the suspension must be for 3 years; and

(b) for 10 years, with no provision for a restricted probationary license or endorsement, upon receipt of a second or subsequent report at any time as determined from the records of the department.

(2) A peace officer who determines that a commercial motor vehicle operator's blood alcohol concentration is 0.04 or more shall place the commercial motor vehicle operator out of service as mandated by federal regulations for 24 hours.

(3) The fact that any person charged with a violation of the provisions of subsection (1) is entitled to use alcohol under the laws of Montana is not a defense against any charge of violating the provisions of subsection (1).

(4) The department shall immediately notify in writing any person whose commercial vehicle operator's endorsement is suspended under this section. The person suspended has the right to file a petition within 30 days after the notice is given for a hearing in the matter in the district court in the county in which the finding of blood alcohol concentration was made. The court has jurisdiction and shall set the matter for hearing upon 10 days' written notice to the county attorney of the county in which the appeal is filed. The county attorney shall represent the state. The court shall take testimony and examine the facts of the case, except that the issue is limited to whether the person was driving or had actual physical control of a commercial motor vehicle while his blood alcohol concentration was 0.04 or more. The court shall determine whether the petitioner is entitled to a commercial vehicle operator's endorsement or is subject to suspension as provided in this section. The provisions of 61-8-404 apply to any proceedings under this section.

Section 6. **Chemical blood, breath, or urine tests of commercial vehicle operators — procedure — suspension.** (1) A person who operates a commercial motor vehicle upon the ways of this state open to the

public is considered to have given consent, subject to the provisions of 61-8-401 and [section 5], to a chemical test of his blood, breath, or urine for the purpose of determining the alcohol content of his blood if he is requested to submit to the test by a peace officer having reasonable grounds to believe the person to have been driving or in actual physical control of a commercial motor vehicle upon the ways of this state open to the public while his blood alcohol concentration was 0.04 or more. The peace officer may designate a blood, breath, or urine test to be administered.

(2) A person who is unconscious or who is otherwise incapable of refusal is considered not to have withdrawn the consent provided in subsection (1).

(3) If a commercial motor vehicle operator who is a resident of Montana refuses upon the request of a peace officer to submit to a chemical test designated by the officer as provided in subsection (1), the test may not be given. On behalf of the department, the officer shall immediately seize the person's driver's license showing the commercial vehicle operator's endorsement and forward the license to the department, along with a sworn report that he had reasonable grounds to believe the person had been driving or was in actual physical control of a commercial motor vehicle upon ways of this state open to the public while having a blood alcohol concentration of 0.04 or more and that the person had refused to submit to the test upon the request of the officer. Upon receipt of the report, the department shall suspend the license for a period provided in subsection (5).

(4) Upon seizure of a resident's driver's license showing a commercial vehicle operator's endorsement, the peace officer shall issue, on behalf of the department, a temporary driving permit without the commercial vehicle operator's endorsement. The temporary driving permit is valid for 72 hours after issuance.

(5) If a commercial motor vehicle operator refuses to submit to a chemical test as provided in subsection (3), the department shall suspend his commercial vehicle operator's endorsement:

(a) upon first refusal, for 1 year, with no provision for a restricted probationary license or endorsement, except that if the offense occurred in a commercial motor vehicle transporting hazardous materials, the suspension for a first refusal must be for 3 years;

(b) upon a second or subsequent refusal at any time as determined from the records of the department, for 10 years, with no provision for a restricted probationary license or endorsement.

(6) A nonresident commercial motor vehicle operator who refuses to submit to a chemical test as provided in subsection (3) is subject to suspension by the department as provided in subsection (5) and may receive a temporary driving permit as provided in subsection (4).

Section 7. **Right of appeal of court.** The department shall immediately notify in writing any person whose commercial vehicle operator's endorsement has been suspended under the provisions of [section 6], and the person may, within 30 days after receipt of notification, file a petition

HeinOnline -- 1989 vol. I 852 1989

for a hearing on the matter in the district court in the county where the person resides or in the district court in the county where the finding of refusal was made. The court has jurisdiction and shall set the matter for hearing upon 10 days' written notice to the county attorney of the county where the appeal is filed. The county attorney shall represent the state. The court shall take testimony and examine the facts of the case, except that the issue is limited to whether a peace officer had reasonable grounds to believe the person had been driving or was in actual physical control of a commercial motor vehicle upon ways of this state open to the public while the person had a blood alcohol concentration of 0.04 or more, whether the person was ordered to submit to a test, and whether the person refused to submit to the test. The court shall determine whether the petitioner is entitled to a commercial vehicle operator's endorsement or is subject to suspension as provided in [sections 1 through 8].

Section 8. **Administration of tests.** (1) Tests required under [sections 1 through 8] must be administered as provided in 61-8-405.

(2) The department may authorize a private individual, institution, or corporation to administer required driving examinations that would otherwise be administered by the department if they have been officially trained and certified to conduct them by the department and the third party has entered into an agreement with the department that complies with the requirements of 49 C.F.R. part 383.75.

Section 9. Section 61-5-103, MCA, is amended to read:

**"61-5-103. Residency requirement.** *(1)* Any person who has resided in *Montana* for *more than* 90 days is considered to be a resident for the purpose of being licensed to operate a motor vehicle and must thereafter be licensed under the laws of *Montana* before operating a motor vehicle.

*(2) A person who operates a commercial motor vehicle in Montana is considered to be a resident of Montana for the purpose of being licensed to operate a commercial motor vehicle if he has resided in Montana for more than 30 days and must thereafter be licensed under the laws of Montana before operating any commercial motor vehicle."*

Section 10. Section 61-5-111, MCA, is amended to read:

**"61-5-111. Renewals, expirations, and fees for licenses, permits, and endorsements.** (1) The department *has* authority to appoint county treasurers and other qualified officers to act as its agents for the sale of driver's licenses receipts and shall make necessary rules governing sales. In those areas where the department provides driver licensing services 3 days or more a week, the department is responsible for sale of receipts and may not appoint an agent. The department, upon receipt of payment of the fees specified in this section, shall issue *a driver's license* to every *qualifying* applicant. The license shall contain a full-face photograph of the licensee in the size and form prescribed by the department, except as provided in subsection (4); a distinguishing number issued to the licensee; the full name, date of birth, residence address, and a brief description of the licensee; and either a facsimile of the signature of the licensee

HeinOnline -- 1989 vol. I 853 1989

or a space upon which he shall write his signature in pen and ink immediately upon receipt of the license. *A* license *is not* valid until it *is* signed by the licensee.

(2) *(a)* The department shall, when any person applies for renewal of a driver's license, test the applicant's eyesight and may also in the department's discretion have the applicant demonstrate his physical ability to operate and to exercise ordinary and reasonable care in the operation of a motor vehicle.

*(b) In the case of commercial vehicle operator's endorsements, the department may also require that the applicant successfully complete a written examination as required by federal regulations.*

*(c)* A person *is* considered to have applied for renewal of a Montana driver's license if the application is made within 3 months of the expiration of his license.

(3) *A license expires* on the anniversary of the date of birth of the licensee 4 years or less after the date of issue.

(4) A license issued to a person under the age of 21 years must contain a photograph of the licensee's profile.

(5) Whenever the department issues an original license to a person under the age of 18 years, the license shall be designated and clearly marked as a "provisional license". Any license designated and marked *as provisional* may be suspended by the department for a period of not more than 12 months, when its records disclose that the licensee, subsequent to the issuance of such license, has been guilty of careless or negligent driving. Upon renewal the department may, for any reasonable cause as shown by its records, designate the renewal of the license as provisional; otherwise, a license in usual form *must* be issued subject to other provisions of the laws of Montana.

(6) It *is* unlawful for any person to have in his possession or under his control more than one Montana driver's license at any one time. A license is not valid for the operation of a motorcycle or quadricycle until the holder thereof has completed the requirements of 61-5-110 and the license has been clearly marked with the words "motorcycle endorsement". A license is not valid for the operation of a commercial vehicle until the holder thereof has completed the requirements of 61-5-110 and the license has been clearly marked with the words "commercial vehicle operator's endorsement".

(7) Fees for driver's licenses *are*:

(a) driver's license — $3 per year or fraction thereof;

(b) motorcycle endorsement — 50 cents per year or fraction thereof;

HeinOnline -- 1989 vol. I 854 1989

(8) A license designated as a chauffeur's license as of January 1, 1988, is valid as a commercial vehicle operator's endorsement until the expiration of the license.

(9) *The* holder of a chauffeur's license *may* convert his chauffeur's license to a commercial vehicle operator's endorsement by paying the appropriate fee covering the remainder of the life of his license and complying with the requirements established by the department.

(10) *The* holder of a valid chauffeur's license who is renewing and wishes to obtain a commercial vehicle operator's endorsement may do so upon paying the appropriate fees and complying with the requirements established by the department."

Section 11. Section 61-1-134, MCA, is amended to read:

**"61-1-134. Commercial motor vehicle defined — exceptions.** (1) "Commercial motor vehicle" means a motor vehicle used to transport passengers or property if the vehicle:

(a) has gross vehicle weight of 26,001 pounds or more;

(b) is designed to transport more than 15 passengers, including the driver; or

(c) is used to transport hazardous material.

(2) Vehicles operated within the state of Montana *that* are registered as paying the 16% gross weight fee *under 61-10-206* are not commercial motor vehicles under this section.

*(3) Vehicles that are operated within the state of Montana by farmers or persons employed by farmers who are transporting farm products or farm supplies and that are operated within 150 miles of the farm headquarters are not considered commercial motor vehicles under this section.*"

Section 12. Section 61-5-204, MCA, is amended to read:

**"61-5-204. Suspending resident's license upon conviction in another state.** The department is authorized to suspend or revoke the driver's license and commercial vehicle operator's endorsement or just the commercial vehicle operator's endorsement of any resident of this state or the privilege of a nonresident to drive a motor vehicle in this state upon receiving notice of the conviction of *the* person in another *jurisdiction* of an offense *in that jurisdiction* which, if committed in this state, would be grounds for the suspension or revocation of the driver's license or commercial vehicle operator's endorsement."

Section 13. Section 61-5-208, MCA, is amended to read:

**"61-5-208. Period of suspension or revocation.** (1) The department may not suspend or revoke a driver's license, commercial vehicle operator's endorsement, or privilege to drive a motor vehicle on the public highways for a period of more than 1 year, except as permitted under 61-5-207, 61-5-212, 61-6-123, 61-11-211, *and [sections 3 through 5]*.

HeinOnline -- 1989 vol. I 855 1989

(2) *A* person whose license, commercial vehicle operator's endorsement, or privilege to drive a motor vehicle on the public highways has been suspended or revoked is not entitled to have *the* license, endorsement, or privilege renewed or restored unless the revocation was for a cause which has been removed, except that after the expiration of the period of *the* revocation or suspension, the person may make application for a new license or endorsement as provided by law but the department may not issue a new license or endorsement unless and until it is satisfied, after investigation of the driving ability of the person and upon a showing by its records or other sufficient evidence, that the person is eligible to be licensed to drive in *Montana*. When any person is convicted or forfeits bail or collateral not vacated for the offense of operating or being in actual physical control of a motor vehicle while under the influence of alcohol or any drug or a combination thereof or for the offense of operation of a motor vehicle by a person with alcohol concentration of 0.10 or more, the department shall, upon receiving a report of such conviction or forfeiture of bail or collateral not vacated, suspend the license, including any commercial vehicle operator's endorsement, or driving privilege of the person for a period of 6 months. Upon receiving a report of a conviction or forfeiture of bail or collateral for a second, third, or subsequent offense within 5 years of the first offense, the department shall revoke the license, including any commercial vehicle operator's endorsement, or driving privilege of the person for a period of 1 year.

(3) The period for all revocations made mandatory by 61-5-205 *is* 1 year except as provided in subsection (2).

(4) The period of revocation for any person convicted of any offense which makes mandatory the revocation of the driver's license commences from date of conviction or forfeiture of bail."

Section 14. Section 61-8-405, MCA, is amended to read:

**"61-8-405. Administration of tests.** (1) Only a physician or registered nurse or other qualified person under the supervision and direction of a physician or registered nurse acting at the request of a peace officer may withdraw blood for the purpose of determining alcoholic content. This limitation *does* not apply to the taking of breath or urine specimens.

(2) The person tested may, at his own expense, have a physician or registered nurse of his own choosing administer a test, in addition to any administered at the direction of a peace officer, for the purpose of determining the amount of alcohol in his blood at the time alleged as shown by chemical analysis of his blood, breath, or urine. The failure or inability to obtain an additional test by a person *does* not preclude the admissibility in evidence of the test taken at the direction of a peace officer.

(3) Upon the request of the person tested, full information concerning the test taken at the direction of the peace officer *must* be made available to him or his attorney.

(4) No physician or registered nurse or other qualified person under the supervision and direction of a physician or registered nurse shall incur any civil or criminal liability as a result of the proper administering of a blood test when requested in writing by a peace officer to administer such a test.

HeinOnline -- 1989 vol. I 856 1989

(5) If the test given under 61-8-402 *or [section 6]* is a chemical test of urine, the person tested *must* be given such privacy in the taking of the urine specimen as will insure the accuracy of the specimen and, at the same time, maintain the dignity of the individual involved.

(6) The department of justice in cooperation with any appropriate agency shall adopt uniform rules for the giving of blood alcohol tests and may require certification of training to administer *the* tests as *considered* necessary."

Section 15. **Extension of authority.** Any existing authority to make rules on the subject of the provisions of [this act] is extended to the provisions of [this act].

Section 16. **Codification instruction.** [Sections 1 through 8] are intended to be codified as an integral part of Title 61, chapter 8, and the provisions of Title 61, chapter 8, apply to [sections 1 through 8].

# CHAPTER NO. 384

[SB 321]

AN ACT TO GENERALLY REVISE THE MONTANA HAZARDOUS WASTE ACT; TO APPLY CERTAIN PROVISIONS SPECIFICALLY TO UNDERGROUND STORAGE TANKS AND REGULATED SUBSTANCES; TO AUTHORIZE NOTIFICATION AND PERMIT FEES; TO CREATE AN UNDERGROUND STORAGE TANK SPECIAL REVENUE ACCOUNT; AMENDING SECTIONS 75-10-401 THROUGH 75-10-403, 75-10-405, 75-10-410, 75-10-411, 75-10-415, 75-10-416, AND 75-10-420, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

STATEMENT OF INTENT

It is the intent of the legislature that the department of health and environmental sciences adopt rules setting forth corrective action requirements for releases from underground storage tanks and standards for tank closures.

It is the intent of the legislature that the department have the authority to develop and implement a schedule of fees to be collected for underground storage tank notifications and permits. The fees should be set at a level to defray state and local costs of implementing an underground storage tank program.

It is the intent of the legislature that the department be able to delegate authority and funds to local agents for inspections and for other duties related to the underground storage tank program.

It is the intent of the legislature that the underground storage tank program be implemented in a manner consistent with rules adopted by the state fire marshal as they relate to underground storage tanks; that the program not duplicate inspections and existing regulatory efforts conducted under the uniform fire code; and that the department and local health and fire officials work together cooperatively in implementing a program for the prevention of leakage from underground storage tanks.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. Section 75-10-401, MCA, is amended to read:

**"75-10-401. Short title.** This part shall be known and may be cited as the "Montana Hazardous Waste *and Underground Storage Tank* Act"."

Section 2. Section 75-10-402, MCA, is amended to read:

**"75-10-402. Findings and purpose.** (1) The legislature finds that the safe and proper management of hazardous wastes, the permitting of hazardous waste facilities, and the siting of such facilities are environmental issues that should properly be addressed and controlled by the state rather than by the federal government.

(2) It is the purpose of this part and it is the policy of this state to protect the public health and safety, the health of living organisms, and the

HeinOnline -- 1989 vol. I 866 1989

environment from the effects of the improper, inadequate, or unsound management of hazardous wastes; to establish a program of regulation over the generation, storage, transportation, treatment, and disposal of hazardous wastes; to assure the safe and adequate management of hazardous wastes within this state; and to authorize the department to adopt, administer, and enforce a hazardous waste program pursuant to the federal Resource Conservation and Recovery Act of 1976 (42 U.S.C. 6901 - 6987), as amended.

*(3) The legislature also finds that petroleum products and hazardous substances stored in underground tanks are a separate category of substances that are regulated under the federal Resource Conservation and Recovery Act of 1976, as amended, and must be addressed and controlled properly by the state under the Montana Hazardous Waste and Underground Storage Tank Act. It is the purpose of this part to authorize the department to establish, administer, and enforce an underground storage tank leak prevention program for these regulated substances. The department may use the authority provided in 75-10-413 through 75-10-417 and other appropriate authority provided by law to remedy violations of underground storage tank requirements established under this part."*

# CHAPTER NO. 386

[SB 371]

AN ACT TO GENERALLY REVISE THE MONTANA HAZARDOUS WASTE ACT; PROVIDING FOR OFF-SITE CORRECTIVE ACTION; AUGMENTING INVESTIGATIVE AND ENFORCEMENT AUTHORITY; INCREASING CRIMINAL PENALTIES; CONFORMING THE ACT TO CERTAIN OF THE 1984 AMENDMENTS TO THE FEDERAL RESOURCE CONSERVATION AND RECOVERY ACT; AMENDING SECTIONS 75-10-402, 75-10-404, 75-10-406, 75-10-411, 75-10-413, 75-10-415, 75-10-417, AND 75-10-418, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. Section 75-10-402, MCA, is amended to read:

**"75-10-402. Findings and purpose.** (1) The legislature finds that the safe and proper management of hazardous wastes, the permitting of hazardous waste facilities, and the siting of facilities *are matters for statewide regulation and* are environmental issues that should properly be addressed and controlled by the state rather than by the federal government.

(2) It is the purpose of this part and it is the policy of this state to protect the public health and safety, the health of living organisms, and the environment from the effects of the improper, inadequate, or unsound management of hazardous wastes; to establish a program of regulation over the generation, storage, transportation, treatment, and disposal of hazardous wastes; to assure the safe and adequate management of hazardous wastes within this state; and to authorize the department to adopt, administer, and enforce a hazardous waste program pursuant to the federal Resource Conservation and Recovery Act of 1976 (42 U.S.C. 6901 - 6987), as amended."

Section 2. Section 75-10-404, MCA, is amended to read:

HeinOnline -- 1989 vol. I 874 1989

**"75-10-404. Powers of department.** (1) The department may:

(a) administer and enforce the provisions of this part, rules implementing this part, and orders and permits issued pursuant to this part;

(b) conduct and publish studies on hazardous wastes and hazardous waste management;

(c) initiate, conduct, and support research, demonstration projects, and investigation, as its resources may allow, and coordinate state agency research programs pertaining to hazardous waste management;

(d) accept and administer grants from the federal government and from other sources, public and private; *and*

*(e) abate public nuisances that affect the public health and welfare or the environment and that arise from or in connection with the past or present handling or disposal of any hazardous waste or regulated substance.*

(2) The department shall integrate all provisions of this part with other laws administered by the department to avoid unnecessary duplication. Furthermore, the department shall coordinate its activities under this part with the program administered by the department of agriculture under the Montana Pesticides Act, the programs administered by the department of state lands related to mining and mine reclamation, the program administered by the department of public service regulation related to hazardous material transportation, and provisions of the Montana Major Facility Siting Act administered by the department of natural resources and conservation. *The* integration and coordination shall be effected only to the extent that it can be done in a manner consistent with the goals and policies of this part and the other laws referred to in this section."

Section 3. Section 75-10-406, MCA, is amended to read:

**"75-10-406. Permits.** (1) *A* person may *not* construct or operate a hazardous waste management facility without first obtaining a permit from the department for *the* facility, except that the department may, by rule, prescribe the conditions under which specified hazardous wastes or specified quantities of hazardous waste may be disposed of at solid waste disposal sites licensed by the department pursuant to Title 75, chapter 10, part 2.

(2) Any person who wishes to construct or operate a hazardous waste management facility shall apply to the department for a permit on forms provided by the department. An application must contain, at a minimum, the name and business address of the applicant, the location of the proposed facility, a plan of operation and maintenance, and a description of pertinent site characteristics.

(3) A permit may be issued for a period specified by the department and *is* subject to renewal by the department upon a showing that the facility has been operated in accordance with the terms of the permit and the rules applicable to *the* facility and in compliance with the provisions of this part and any applicable order of the board or department.

(4) Any permit issued is subject to revocation by the department for failure of the permittee to comply with the terms and conditions of the

HeinOnline -- 1989 vol. I 875 1989

permit, the department rules, an order of the board or the department, or the provisions of this part. Any person who is denied a permit by the department or who has a permit revoked or modified shall be afforded an opportunity for a hearing before the board upon written application made within 30 days after service of notice of denial, revocation, or modification by mail. Service by mail is complete upon mailing.

(5) Notwithstanding any other provisions of this part, the department may, in the event of an imminent and substantial danger to public health or the environment, issue a temporary emergency permit to any person for treatment, storage, or disposal of hazardous waste or to any facility to handle hazardous waste not covered by the existing facility permit. *Emergency* permits may be oral or written, may not exceed 90 days in duration, and may be terminated by the department at any time prior to 90 days.

(6) The department may, as it considers appropriate, grant permits by rule to classes or categories of hazardous waste management facilities where the facility owner or operator is already licensed or permitted by the department pursuant to other state environmental statutes or where an interim period exists until final administrative disposition of a permit application is made.

(7) In permits issued under this section, the department shall require corrective action for all releases of hazardous waste or constituents at a treatment, storage, or disposal facility, *including corrective action for releases that extend beyond the facility boundaries if necessary to protect public health or the environment.* A permit must contain a schedule of compliance for corrective action and requirements for assurance of financial responsibility for completion of the corrective action.

(8) Each permit issued by the department to a person owning or operating a facility must contain the terms and conditions the department considers necessary to protect human health and the environment."

Section 4. Section 75-10-411, MCA, is amended to read:

**"75-10-411. Hazardous waste site inventory.** (1) The department is authorized to conduct an inventory of sites and locations in the state where hazardous wastes have been stored or disposed of at any time.

(2) If the department determines that the presence of a hazardous waste or the release of the waste or any waste constituent at any site may present a substantial hazard to public health or the environment, it may issue an order requiring the owner or operator of the facility or site to conduct reasonable monitoring, testing, analysis, and reporting with respect to the site in order to ascertain the nature and extent of the hazard.

*(3) In the case of any facility or site not in operation at the time a determination is made under subsection (2) with respect to the facility or site, if the department finds that the owner of such facility or site could not reasonably be expected to have actual knowledge of the presence of hazardous waste at such facility or site and of its potential for release, it may issue an order requiring the most recent previous owner or operator of the facility or site who could reasonably be expected to have such actual knowledge to carry out the actions referred to in subsection (2).*

HeinOnline -- 1989 vol. I 876 1989

*(4)* An order issued under subsection (2) *or (3)* must require that the person to whom the order is issued submit to the department within 30 days a proposal for carrying out the required monitoring, testing, analysis, and reporting.

*(5)* If the department determines that *the* owner or operator *referred to in subsection (2) or (3)* is *not* able to conduct monitoring, testing, and analysis in a satisfactory manner, the department may conduct such activities.

*(6)* For the purposes of carrying out this section, the department may exercise the powers set forth in 75-10-410."

Section 5. Section 75-10-413, MCA, is amended to read:

**"75-10-413. Administrative enforcement.** (1) When the department believes that a violation of this part, a rule adopted under this part, or a permit provision has occurred, it may serve written notice of the violation by certified mail on the alleged violator or his agent. The notice must specify the provision of this part, the rule, or the permit provision alleged to be violated and the facts alleged to constitute a violation and may include an order to take necessary corrective action within a reasonable period of time stated in the order. The order becomes final unless, within 30 days after the notice is served, the person named requests in writing a hearing before the board. On receipt of the request, the board shall schedule a hearing. Service by mail is complete on the date of mailing.

(2) If, after a hearing held under subsection (1), the board finds that a violation has occurred, it shall either affirm or modify the department's order previously issued. An order issued by the department or by the board may prescribe the date by which the violation must cease and may prescribe time limits for particular action. If, after hearing, the board finds no violation has occurred, it shall rescind the department's order.

(3) Instead of issuing an order pursuant to subsection (1), the department may either:

(a) require the alleged violator to appear before the board *or department, by subpoena or subpoena duces tecum,* for a hearing at a time and place specified in the notice *to* answer the charges complained of *or to provide information regarding the alleged violation or its actual or potential impact on public health and welfare or the environment*; or

(b) initiate action under 75-10-414, 75-10-417, or 75-10-418.

*(4) In the case of disobedience of any subpoena issued and served under this section or of the refusal of any witness to testify as to any material matter with regard to which he may be interrogated in a hearing or investigation before the board or the department, the board or department may apply to any district court in the state for an order to compel compliance with the subpoena or the giving of testimony. The court shall hear the matter as expeditiously as possible. If the disobedience or refusal is found to be unjustified, the court shall enter an order requiring compliance. Disobedience of the order is punishable by contempt of court in the same manner and by the same procedures as is provided for like conduct committed in the course of civil actions in district court.*

HeinOnline -- 1989 vol. I 877 1989

*(5)* This section does not prevent the board or department from making efforts to obtain voluntary compliance through warning, conference, or any other appropriate means."

Section 6. Section 75-10-415, MCA, is amended to read:

**"75-10-415. Imminent hazard.** Upon receipt of evidence that the handling, storage, treatment, transportation, or disposal of any hazardous waste may present an imminent and substantial danger to public health or the environment, the department may commence legal proceedings to immediately restrain or enjoin any person *(including any past or present generator, past or present transporter, and past or present owner or operator of a treatment, storage, or disposal facility) who has contributed to or who is* contributing to such handling, storage, treatment, transportation, or disposal from engaging in such activities *or order the person to take other action as may be necessary, or both. The department may also* take *appropriate* action as may be necessary *under this section, including issuing orders necessary or appropriate to protect public health and the environment.*"

Section 7. Section 75-10-417, MCA, is amended to read:

**"75-10-417. Civil penalties.** (1) Any person who violates any provision of this part, a rule adopted under this part, an order of the department or the board, or a permit is subject to a civil penalty not to exceed $10,000 *per violation.* Each day of violation constitutes a separate violation.

(2) The department may institute and maintain in the name of the state any enforcement proceedings under this section. Upon request of the department, the attorney general or the county attorney of the county of violation shall petition the district court to impose, assess, and recover the civil penalty.

(3) Action under this section does not bar:

(a) enforcement of this part, rules adopted under this part, orders of the department or the board, or permits by injunction or other appropriate remedy; or

(b) action under 75-10-418.

(4) Money collected under this section shall be deposited in the state general fund."

Section 8. Section 75-10-418, MCA, is amended to read:

**"75-10-418. Criminal penalties.** (1) *A* person *is guilty of an offense under this section if he* knowingly*:*

*(a)* transports any hazardous waste to an unpermitted facility;

*(b)* treats, stores, or disposes of hazardous waste *subject to regulation under this part or the rules adopted under this part* without a permit *or contrary to a material permit condition*;

*(c) omits material information* or makes any false statement or representation in any application, label, manifest, record, report, permit, or other

HeinOnline -- 1989 vol. I 878 1989

document filed, maintained, *or used for compliance with provisions of this part or rules adopted under this part pertaining to the handling of hazardous waste;*

*(d) generates, stores, treats, transports, disposes of, or otherwise handles any hazardous waste regulated under this part or rules adopted under this part and knowingly destroys, alters, conceals, or fails to file any record, application, manifest, report, or other document required to be maintained or filed in compliance with the provisions of this part, an order issued under this part, or rules adopted under this part; or*

*(e) transports or causes to be transported without a manifest any hazardous waste required to be accompanied by a manifest.*

*(2) A person who is guilty of an offense under subsection (1) is subject to a fine of no more than $25,000 per violation or imprisonment for a period not to exceed 3 years, or both.* Each day of violation constitutes a separate violation.

*(3) A person who knowingly violates any requirement of this part or any rule or material permit condition issued pursuant to this part (except those violations specified in subsection (1)) regarding any hazardous waste that is subject to regulation is guilty of an offense and subject to a fine of up to $5,000 per violation or subject to imprisonment not to exceed 6 months, or both. Each day of violation constitutes a separate violation.*

*(4) Upon a second conviction for a violation of this section, the maximum penalties specified in this section must be doubled.*

*(5)* Action under this section does not bar enforcement of this part, rules made under this part, orders of the department or the board, or permits by injunction or other appropriate remedy.

*(6)* Money collected under this section, except money collected in a justice's court, *must* be deposited in the state general fund."

Section 9. **Unlawful disposal.** It is unlawful to dispose of hazardous waste, as defined in this part or by rule, without a permit or, if no permit is required under this part or rules adopted under this part, by any other means not authorized by law.

Section 10. **Extension of authority.** Any existing authority to make rules on the subject of the provisions of [this act] is extended to the provisions of [this act].

# CHAPTER NO. 387

[SB 407]

AN ACT TO GENERALLY REVISE AND CLARIFY THE LAWS RELATING TO EMERGENCY MEDICAL SERVICES; AMENDING SECTIONS 50-6-301, 50-6-302, 50-6-304, 50-6-306 THROUGH 50-6-308, AND 50-6-313 THROUGH 50-6-316, MCA; REPEALING SECTIONS 50-6-303, 50-6-305, 50-6-309, AND 50-6-312, MCA; AND PROVIDING EFFECTIVE DATES.

STATEMENT OF INTENT

A statement of intent is required for this bill because [section 3] grants authority to the department of health and environmental sciences to adopt rules necessary to carry out the provisions of Title 50, chapter 6, part 3.

In adopting rules, the department should consider the following:

(1) It is the intent of the legislature that the department adopt rules to regulate emergency medical services. These rules may include minimum licensing standards for various types and levels of prehospital and interhospital emergency medical services. The rules may also include other requirements to assure the quality, safety, and proper operation of emergency medical services in Montana.

(2) In addition to rules governing operation of ground ambulance services, which are currently regulated, it is intended that the department adopt rules to regulate other types of emergency medical transportation and treatment services not currently subject to regulation by the department. Examples of such services include air ambulance services, such as fixed-wing aircraft which provide life support services, including medical personnel and medical equipment; initial response rotary-wing aircraft; and nontransporting medical units. The department shall exclude from regulation air transportation services, such as charter or fixed-based operators, regulated by the federal aviation administration that offer no special medical services or provide only transportation to patients or persons at the direction or under the supervision of an independent physician.

(3) It is further intended that the department adopt rules to regulate various levels of emergency services that have evolved in recent years (such as basic life support, defibrillation, and advanced life support) without minimum standards, rules, or licensing to assure the health and safety of the public. Rules to regulate these various levels of service should recognize the differences in personnel, equipment, and operational requirements for each type and level of service.

HeinOnline -- 1989 vol. I 880 1989

(4) The department should assure minimum statewide standards for prehospital emergency medical care; however, the rules should not be so stringent that the provision of emergency medical care in smaller communities will be made unreasonably difficult or expensive. If a licensed emergency medical service is not reasonably available, department rules should not preclude the occasional and infrequent transportation of patients by other means available. Nevertheless, rules should not conflict with any regulations issued by a federal agency, such as the federal aviation administration.

(5) The legislature intends that the department establish an advisory committee to make recommendations to the department or to the board of health and environmental sciences concerning matters described in [section 12]. Creation of this committee and its composition should be established by rule. Any such rule adopted by the department should assure that persons actively providing emergency medical care be included as members of the committee.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. Section 50-6-301, MCA, is amended to read:

**"50-6-301. Findings.** The *legislature finds and declares that:*

*(1) the* public welfare requires the establishment of minimum uniform standards for the operation of *emergency medical* services*;*

*(2)* the control, inspection, and regulation of persons *providing emergency medical services is necessary* to prevent or eliminate improper care that may endanger the health of the public*; and*

*(3) the* regulation of *emergency medical care services* is in the interest of *the* social well-being and the health and safety of the state and all its people."

Section 2. Section 50-6-302, MCA, is amended to read:

**"50-6-302. Definitions.** *As used in this part, unless* the context requires otherwise, the following definitions apply:

*(1) "Aircraft" has the same meaning given in 67-1-101. The term includes any fixed-wing airplane or helicopter.*

*(2)* "Ambulance" means a privately or publicly owned motor vehicle *or aircraft* that is maintained and used for the transportation of patients. *The term* does not include a motor vehicle *or aircraft* owned by or operated under the direct control of the United States. *The term also does not include air transportation services, such as charter or fixed-based operators, regulated by the federal aviation administration that offer no special medical services or provide only transportation to patients or persons at the direction or under the supervision of an independent physician.*

*(3)* "Board" means the board of health and environmental sciences, provided for in 2-15-2104.

*(4)* "Department" means the department of health and environmental sciences, provided for in Title 2, chapter 15, part 21.

*(5) "Emergency medical service" means a prehospital or interhospital emergency medical transportation or treatment service provided by an ambulance or nontransporting medical unit.*

*(6) "Medical control" means the function of a licensed physician in providing direction, advice, or orders to an emergency medical service provider.*

*(7) "Nontransporting medical unit" means an aggregate of persons who are organized to respond to a call for emergency medical service and to treat a patient until the arrival of an ambulance. Nontransporting medical units provide any one of varying types and levels of service defined by department rule but may not transport patients.*

*(8)* "Patient" means an individual who is sick, injured, wounded, or otherwise incapacitated or helpless. The term does not include a person who is nonambulatory and who needs transportation assistance solely because that person is confined to a wheelchair as his usual means of mobility.

*(9)* "Person" means an individual, firm, partnership, association, corporation, company, group of individuals acting together for a common purpose, or organization of any kind, including a governmental agency other than the United States."

Section 3. **Powers and duties of department.** (1) The department has general authority to supervise and regulate emergency medical services in Montana.

(2) The department shall receive and investigate complaints relating to the operation of any emergency medical service, including complaints concerning:

(a) patient care provided by an emergency medical service;

(b) the condition of any vehicle or aircraft used as an ambulance; or

(c) individual performance by an emergency medical service provider.

(3) Upon completion of an investigation as provided in subsection (2), the department shall take appropriate action, including the institution of necessary legal proceedings, as authorized under this part.

(4) In order to carry out the provisions of this part, the department shall prescribe and enforce rules for emergency medical services. Rules of the department may include but are not limited to the following:

(a) the classification and identification of specific types and levels of prehospital and interhospital medical transportation or treatment services;

(b) procedures for issuing, denying, renewing, and canceling licenses;

(c) minimum licensing standards for each type and level of service, including requirements for personnel, medical control, maintenance, equipment, reporting, recordkeeping, sanitation, and minimum insurance coverage as determined appropriate by the department; and

HeinOnline -- 1989 vol. I 882 1989

(d) other requirements necessary and appropriate to assure the quality, safety, and proper operation and administration of emergency medical services.

(5) A rule under this section is not effective until:

(a) a public hearing has been held for review of the rule; and

(b) notice of the public hearing and a copy of the proposed rules have been sent to all persons licensed under 50-6-306 to conduct or operate an emergency medical service. Notice must be sent at least 30 days prior to the date of the public hearing.

Section 4. Section 50-6-304, MCA, is amended to read:

**"50-6-304. Cooperative agreements — gifts, grants, and donations.** *(1)* The department may enter into cooperative agreements with any of the state agencies or political subdivisions for the purpose of carrying out the provisions of this part.

*(2) The department may accept and administer any gift, grant, or donation of funds to carry out the purposes of this part."*

Section 5. Section 50-6-306, MCA, is amended to read:

**"50-6-306. License required.** (1) *A* person *may not conduct or operate an emergency medical* service *without first obtaining* a license *from* the department. A separate license *is* required for each *type and level of service.*

(2) Applications for a license *must* be made in writing to the department on forms specified by the department.

*(3)* Each license *must be issued for a specific term not to exceed 2 years.* Renewal may be obtained by paying the required license fee *and demonstrating compliance with department rules.*

*(4)* The license *is* not transferable."

Section 6. Section 50-6-307, MCA, is amended to read:

**"50-6-307. License fee.** (1) There *must* be paid to the department, with each application for a license or for renewal of a license, *a* license fee of $35.

(2) The department shall deposit fees with the state treasurer to the credit of the state general fund.

(3) Payment of the license fee stipulated in this part *must* be accepted in lieu of any and all existing state fees and charges for like purposes or intent which may be existent prior to the adoption of this part."

Section 7. Section 50-6-308, MCA, is amended to read:

**"50-6-308. Cancellation of license.** The department may cancel a license if it finds that the licensee has:

*(1)* violated *any provision* of this part *or any rule of the department or order of the department or board;* and

*(2)* failed or refused to remedy or correct the violation."

Section 8. **Waiver of licensing requirements** (1) The department may waive any licensing requirements under this part upon submission and approval of a written application for waiver by a person subject to licensing under this part.

(2) The department may waive a licensing requirement if the person provides sufficient justification to allow a finding by the department that:

(a) the waiver is necessary to avoid significant financial or other hardship; and

(b) granting the waiver would not jeopardize patient care or the public health and safety.

(3) A waiver must be issued on a temporary basis, not exceeding 6 months, and may be renewed by the department upon submission and approval of an additional application for waiver of licensing requirements.

(4) A waiver granted by the department may be revoked for good cause after notice and an opportunity for a hearing before the department have been provided to the person affected by the department's action.

(5) The decision of the department to deny or revoke a waiver under this section may be appealed to the board.

Section 9. Section 50-6-313, MCA, is amended to read:

**"50-6-313. Inspections.** (1) The department shall make necessary investigations and inspections for enforcement of this part.

(3) The department has free access at all reasonable hours to *the place of business of any person operating an emergency medical service in order* to make *necessary* inspections. *These inspections may include the inspection of any equipment or records pertaining to the activities of the emergency medical service.*

*(4) A person may not refuse entry or access to an authorized representative of the department who presents appropriate credentials and requests entry for the purpose of conducting an inspection necessitated under this section. A person may not obstruct, hamper, or interfere with an inspection that is properly conducted pursuant to this section.*

*(5) Upon request, the owner or operator of an emergency medical service must receive a report stating all facts that relate to his compliance with the provisions of this part as determined by the department, based upon its inspection.*"

Section 10. **Injunction to require compliance.** (1) The department may seek an injunction from an appropriate district court to require compliance with this part or to require compliance with a rule of the department or an order issued by the department or board. The court to which the department applies for an injunction may issue a temporary restraining

HeinOnline -- 1989 vol. I 884 1989

order if there is reasonable cause to believe that the allegations of the department are true.

(2) An action for injunctive relief initiated by the department pursuant to subsection (1) may be commenced in the district court of the county in which the defendant is located, resides, or is doing business. If the defendant cannot be located in Montana, the action may be commenced in the county where the violation is alleged to occur or have occurred, and the court has jurisdiction to restrain the violation and require compliance.

Section 11. **Administrative enforcement.** (1) If the department believes that there is a violation of this part or a violation of a rule of the department, it may serve notice of the violation upon the alleged violator or his agent. Service of notice must be by certified mail and is complete on the date of mailing.

(2) Notice required under subsection (1) must:

(a) specify the provision of this part or the rule alleged to be violated;

(b) contain a statement of the facts alleged to constitute a violation; and

(c) include an order that the alleged violator take necessary corrective action within a reasonable period of time as stated in the order. The order may include corrective action, such as decertification of a specific vehicle or aircraft from use as an ambulance or restriction on the use of a specific individual or type of or level of service in providing emergency medical service.

(3) An order issued pursuant to subsection (2) becomes final unless the person named in the order requests a hearing before the board. Such request for a hearing must be made in writing to the board at least 30 days after the date of service of notice of an alleged violation. On receipt of the request, the board shall schedule a date for a hearing.

(4) If, after a hearing, the board finds that a violation has occurred, it shall either affirm or modify the order issued by the department. An order issued by the board may prescribe the date by which the violation must cease and may prescribe time limits for corrective action. If, after a hearing, the board finds no violation has occurred, it shall rescind the department's order.

Section 12. **Advisory committee.** (1) The board or department may establish an advisory committee to assist in making determinations regarding:

(a) a request for waiver of licensing requirements as provided in [section 8];

(b) the resolution of a complaint as described in [section 3]; and

(c) issuance of an order authorized under this part.

(2) The advisory committee must be established pursuant to rules adopted by the department.

HeinOnline -- 1989 vol. I 885 1989

Section 13. Section 50-6-314, MCA, is amended to read:

**"50-6-314. Authority of board or department to compel and take testimony.** In any proceeding under this part, the board *or department* may administer oaths, issue subpoenas, summon witnesses, and take testimony of any person within the state."

Section 14. Section 50-6-315, MCA, is amended to read:

**"50-6-315. County attorney to prosecute violations.** When the department furnishes evidence to the county attorney of a county in this state, the county attorney shall prosecute any person violating this part or *any rule of the department or order issued by the department or board.*"

Section 15. Section 50-6-316, MCA, is amended to read:

**"50-6-316. Criminal penalties.** Any person violating any provision of this part or *any rule of the department or order issued by the department or board* shall be guilty of a misdemeanor and upon conviction shall be fined not less than $50 or more than $100 for the first offense, not less than $75 or more than $200 for the second offense, and for third and subsequent offenses, not less than $200 or more than $500 or imprisoned in the county jail not to exceed 90 days."

Section 16. **Civil penalties.** (1) A person who violates any provision of this part or any rule of the department or order issued by the department or board is subject to a civil penalty not to exceed $1,000 for each violation. Each day of violation constitutes a separate violation.

(2) An action commenced under this section does not bar administrative enforcement of this part as provided in [section 11] or an injunction as provided in [section 10].

(3) If the department has reason to believe that a person has violated any provision of this part or any rule of the department or order issued by the department or board, it shall bring an action in the name of the state against such person to impose, assess, and recover the civil penalties as provided in subsection (1).

(4) Any civil penalty collected under this section is in lieu of the criminal penalty provided for in 50-6-316.

(5) All penalties collected under this section must be transmitted to the state treasurer for deposit in the state general fund.

# CHAPTER NO. 389

[SB 447]

AN ACT ESTABLISHING THE PRIORITY OF APPROPRIATION OF A WATER RESERVATION AS THE DATE OF FILING OF A NOTICE OF INTENTION TO APPLY FOR A WATER RESERVATION IN A BASIN WHERE A NOTICE IS NOT PENDING; ENABLING A POTENTIAL WATER RESERVATION APPLICANT IN THE BASIN TO RECEIVE THE SAME PRIORITY OF APPROPRIATION IF A CORRECT AND COMPLETE APPLICATION IS FILED WITHIN 1 YEAR AFTER THE FILING OF THE NOTICE OF INTENTION TO APPLY; ALLOWING THE BOARD OF NATURAL RESOURCES AND CONSERVATION TO SUBORDINATE WATER RESERVATIONS TO WATER USE PERMITS WITH PRIORITY DATES PRECEDING THE DATE OF THE BOARD ORDER ESTABLISHING WATER RESERVATIONS; EXEMPTING EXISTING WATER RESERVATIONS, THE ONGOING MISSOURI RIVER BASIN PROCEEDINGS, AND ANY PENDING WATER RESERVATION APPLICATIONS FROM THE REQUIREMENTS OF THIS ACT; AMENDING SECTION 85-2-316, MCA; AND PROVIDING AN APPLICABILITY DATE.

STATEMENT OF INTENT

A statement of intent is required for this bill to guide the board of natural resources and conservation in the subordination of water reservations to junior water use permits. The legislature intends that the board amend the rules governing water reservations to clarify the procedure by which subordination, if necessary, will be undertaken and to ensure that any subordination occurs in a manner that results in a clear order of priority among all permits and reservations for use in the administration of water rights associated with the specific water source.

In amending the rules, the board should make clear that the matter of subordination may be considered only after a final decision has been made on all applications for water reservations from a specific water source. If the board determines that subordination should be considered, it may request that the department of natural resources and conservation prepare an analysis concerning the potential for subordination to interfere with the purpose of the reservation and the level at which substantial interference with the reservation would occur. Once the department's analysis is completed, all affected reservants, permitholders, and other interests are to be

HeinOnline -- 1989 vol. I 888 1989

provided legal notice and the opportunity to appear before the board to present testimony and other evidence concerning subordination. Any board decision on the matter of subordination should be written as an order that includes findings of fact and conclusions of law.

After determining the level at which substantial interference with the purpose of a reservation would occur, the board may subordinate a reservation only to permits that in cumulative effect and in order of priority would not exceed the established level of interference. The board should consider priority dates in deciding which reservations are to be subordinated to which permits in order to avoid confusion about the priority of right to water among permits, between permits and reservations, and among reservations. For example, a reservation with a July 1, 1985, priority date should not be subordinated to a permit with a July 1, 1988, priority date without the reservation also being subordinated to a permit with a June 30, 1987, priority date. Also, a senior water reservation should not be subordinated to a permit without all junior reservations affected also being subordinated to the permit.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. Section 85-2-316, MCA, is amended to read:

**"85-2-316. Reservation of waters.** (1) The state or any political subdivision or agency thereof or the United States or any agency thereof may apply to the board to reserve waters for existing or future beneficial uses or to maintain a minimum flow, level, or quality of water throughout the year or at periods or for *a* length of time as the board designates.

(2) (a) Water may be reserved for existing or future beneficial uses in the basin where it is reserved, as described by the following basins:

(i) the Clark Fork River and its tributaries to its confluence with Lake Pend Oreille in Idaho;

(ii) the Kootenai River and its tributaries to its confluence with Kootenay Lake in British Columbia;

(iii) the St. Mary River and its tributaries to its confluence with the Oldman River in Alberta;

(iv) the Little Missouri River and its tributaries to its confluence with Lake Sakakawea in North Dakota;

(v) the Missouri River and its tributaries to its confluence with the Yellowstone River in North Dakota; and

(vi) the Yellowstone River and its tributaries to its confluence with the Missouri River in North Dakota.

(b) A water reservation may be made for an existing or future beneficial use outside the basin where the diversion occurs only if stored water is not reasonably available for water leasing under 85-2-141 and the proposed use would occur in a basin designated in subsection (2)(a).

HeinOnline -- 1989 vol. I 889 1989

(3) Upon receiving an application, the department shall proceed in accordance with 85-2-307 through 85-2-309. After the hearing provided in 85-2-309, the board shall decide whether to reserve the water for the applicant. The department's costs of giving notice, holding the hearing, conducting investigations, and making records incurred in acting upon the application to reserve water, except the cost of salaries of the department's personnel, *must* be paid by the applicant. In addition, a reasonable proportion of the department's cost of preparing an environmental impact statement *must* be paid by the applicant unless waived by the department upon a showing of good cause by the applicant.

(4) (a) The board may not adopt an order reserving water unless the applicant establishes to the satisfaction of the board:

(i) the purpose of the reservation;

(ii) the need for the reservation;

(iii) the amount of water necessary for the purpose of the reservation;

(iv) that the reservation is in the public interest.

(b) In determining the public interest under subsection (4)(a)(iv), the board may not adopt an order reserving water for withdrawal and transport for use outside the state unless the applicant proves by clear and convincing evidence that:

(i) the proposed out-of-state use of water is not contrary to water conservation in Montana; and

(ii) the proposed out-of-state use of water is not otherwise detrimental to the public welfare of the citizens of Montana.

(c) In determining whether the applicant has proved by clear and convincing evidence that the requirements of subsections (4)(b)(i) and (4)(b)(ii) are met, the board shall consider the following factors:

(i) whether there are present or projected water shortages within the state of Montana;

(ii) whether the water that is the subject of the application could feasibly be transported to alleviate water shortages within the state of Montana;

(iii) the supply and sources of water available to the applicant in the state where the applicant intends to use the water; and

(iv) the demands placed on the applicant's supply in the state where the applicant intends to use the water.

(d) When applying for a reservation to withdraw and transport water for use outside the state, the applicant shall submit to and comply with the laws of the state of Montana governing the appropriation, lease, use, and reservation of water.

(5) If the purpose of the reservation requires construction of a storage or diversion facility, the applicant shall establish to the satisfaction of the board that there will be progress toward completion of the facility and

HeinOnline -- 1989 vol. I 890 1989

accomplishment of the purpose with reasonable diligence in accordance with an established plan.

(6) The board shall limit any reservations after May 9, 1979, for maintenance of minimum flow, level, or quality of water that it awards at any point on a stream or river to a maximum of 50% of the average annual flow of record on gauged streams. Ungauged streams can be allocated at the discretion of the board.

(7) After the adoption of an order reserving waters, the department may reject an application and refuse a permit for the appropriation of reserved waters or may, with the approval of the board, issue the permit subject to terms and conditions it considers necessary for the protection of the objectives of the reservation.

(8) Any person desiring to use water reserved to a conservation district for agricultural purposes shall make application for *the* use with the district, and the district, upon approval of the application, *shall* inform the department of the approved use. The department shall maintain records of all uses of water reserved to conservation districts and be responsible, when requested by the districts, for rendering technical and administrative assistance within the department's staffing and budgeting limitations in the preparation and processing of such applications for the conservation districts. The department shall, within its staffing and budgeting limitations, complete any feasibility study requested by the districts within 12 months of the time the request was made. The board shall extend the time allowed to develop a plan identifying projects for utilizing a district's reservation so long as the conservation district makes a good faith effort, within its staffing and budget limitations, to develop a plan.

(9) *Except as provided in 85-2-331, the priority of appropriation of a water reservation and the relative priority of the reservation to permits with a later priority of appropriation must be determined according to this subsection (9).*

*(a)* A reservation under this section *has a priority of appropriation dating* from the *filing with the department of a notice of intention to apply for a water reservation in a basin in which no other notice of intention to apply is currently pending. The notice of intention to apply must specify the basin in which the applicant is seeking a reservation.*

*(b) Upon receiving a notice of intention to apply for a water reservation, the department shall identify all potential water reservation applicants in the basin specified in the notice and notify each potential applicant of the opportunity to submit an application and to receive a reservation with the priority of appropriation as described in subsection (9)(a).*

*(c) To receive the priority of appropriation described in subsection (9)(a), the applicant shall submit a correct and complete water reservation application within 1 year after the filing of the notice of intention to apply. Upon a showing of good cause, the board may extend the time for preparing the application.*

*(d) The board may by order subordinate a water reservation to a permit issued pursuant to this part if:*

HeinOnline -- 1989 vol. I 891 1989

*(i) the permit application was accepted by the department before the date of the board order granting the reservation; and*

*(ii) the effect of subordinating the reservation to one or more permits does not interfere substantially with the purpose of the reservation.*

*(e) The board shall by order establish the relative priority of reservations approved under this section that have the same day of priority. A reservation may* not adversely affect any rights in existence at that time.

(10) The board shall, periodically but at least once every 10 years, review existing reservations to ensure that the objectives of the reservation are being met. Where the objectives of the reservation are not being met, the board may extend, revoke, or modify the reservation.

(11) The board may modify an existing or future order originally adopted to reserve water for the purpose of maintaining minimum flow, level, or quality of water, so as to reallocate *the* reservation or portion *of the reservation* to an applicant who is a qualified reservant under this section. Reallocation of reserved water may be made by the board following notice and hearing wherein the board finds that all or part of the reservation is not required for its purpose and that the need for the reallocation has been shown by the applicant to outweigh the need shown by the original reservant. Reallocation of reserved water *may* not adversely affect the priority date of the reservation, and the reservation shall retain its priority date despite reallocation to a different entity for a different use. The board may not reallocate water reserved under this section on any stream or river more frequently than once every 5 years.

(12) Nothing in this section vests the board with the authority to alter a water right that is not a reservation.

(13) The department shall undertake a program to educate the public, other state agencies, and political subdivisions of the state as to the benefits of the reservation process and the procedures to be followed to secure the reservation of water. The department shall provide technical assistance to other state agencies and political subdivisions in applying for reservations under this section.

(14) Water reserved under this section is not subject to the state water leasing program established under 85-2-141."

Section 2. **Extension of authority.** Any existing authority to make rules on the subject of the provisions of [this act] is extended to the provisions of [this act].

Section 3. **Applicability.** [This act] does not apply to existing water reservations or to water reservation applications filed with the department of natural resources and conservation before October 1, 1989.

Approved March 30, 1989.

STATEMENT OF INTENT

A statement of intent is required for this bill because [section 4] requires the department of health and environmental sciences to adopt rules defining an unprotected exposure to an infectious disease, specifying which infectious diseases are subject to [this act], and specifying the information concerning infectious diseases that must be included in a report of unprotected exposure.

*Be it enacted by the Legislature of the State of Montana:*

When the ballot is marked in this manner, it must be counted the same as though the name were printed upon the ballot and marked by the elector, *except as provided in 13-15-202.*

(5) An elector voting a ballot that will be counted by an optical scan ballot tabulating device shall mark his ballot in the manner prescribed on his ballot. However, his ballot must not be invalidated if he marks the voting positions with an "x".

*(i) for the office of precinct committeeman or committeewoman in a primary election;*

*(ii) for an office for which no candidate has filed a declaration or petition for nomination or a declaration of intent; or*

*(iii) on a federal write-in absentee ballot as provided in 13-13-273.*

(2) In counting, the ballots shall be opened singly by one of the election judges and the contents read aloud to the other judges.

(3) A ballot or part of a ballot is void and shall not be counted if the elector's choice cannot be determined. If part of a ballot is sufficiently plain to determine the elector's intention, the election judges shall count that part.

(4) As the ballots are read, two judges must write on a tally sheet the name of every individual and the office voted for and keep tallies of the number of votes for each individual, *except as provided in subsection (1)(b).*

(5) The tally sheets shall be compared and their correctness ascertained, and the judges shall immediately write in the pollbook:

(6) In making the count in precincts where voting machines are used, the votes cast by absentee ballot shall be added to the votes cast on the voting machines.

HeinOnline -- 1989 vol. I 910 1989

(2) The owner of a motorboat or sailboat 12 feet in length or longer shall apply for a certificate of ownership and a certificate of number with the county treasurer of the county in which the owner resides, upon forms furnished by the department of justice. The forms must require the following information:

(c) business or home address of the owner;

(d) name and address of any lienholder;

(e) amount due under any contract or lien;

(f) name of the manufacturer;

(g) model number or name;

(h) identification number;

(i) name and address of the dealer or other person from whom acquired, if known; and

(j) such other information as the department of justice may require.

(3) The application is to be accompanied by documentation of ownership, such as an invoice, bill of sale, foreign title, official certificate of boat number, fee in lieu of tax receipt, or a certificate of ownership of a trailer purchased with the motorboat or sailboat. An applicant who fails to provide such proof of ownership shall provide a certified statement describing how the motorboat or sailboat 12 feet in length or longer was acquired, from whom acquired if known, and other information requested by the department of justice.

(4) If a certificate of ownership has previously been issued under the provisions of this part, the application for a new certificate must be accompanied by the immediately previous certificate. This subsection does not apply to motorboats or sailboats 12 feet in length or longer that are purchased as new and unused vessels or that were operated when the provisions of this part were not in force and effect.

(5) Any motorboat or sailboat 12 feet in length or longer that does not have a manufacturer's or other identifying number thereon must be assigned an identification number by the department of fish, wildlife, and parks. A fee of $1 must be paid to the department for an assignment of number.

(6) Upon completion of the application, the county treasurer shall issue to the applicant two copies of the certificate of number application, one of which must be marked "file copy". The treasurer shall forward one copy and the original application for a certificate of ownership to the department of justice, which shall enter the information contained in the application upon the corresponding records of its office, and shall furnish the

HeinOnline -- 1989 vol. I 911 1989

applicant a certificate of ownership containing that information in the application considered necessary by the department and a permanent boat number. The certificate of ownership need not be renewed annually and is valid as long as the person holding it owns the vessel.

(7) The owner shall at all times retain possession of the certificate of ownership, except when it is being transmitted to and from the department of justice for endorsement or cancellation.

(8) Upon application for a certificate of ownership, a fee of $6 must be paid to the county treasurer, $4 of which must be forwarded by the county treasurer to the department of justice and deposited in the *general* fund.

(9) A person who, on July 1, 1988, is the owner of a motorboat or sailboat 12 feet in length or longer with a valid certificate of number issued by the state is not required to file an application for a certificate of ownership for the motorboat or sailboat unless he transfers a part of his interest in the motorboat or sailboat or he renews the certificate of number for the motorboat or sailboat."

Section 2. Section 23-2-510, MCA, is amended to read:

**"23-2-510. (2) Within 20 calendar days thereafter, the transferee shall make application for transfer of the certificate of ownership so endorsed with the county treasurer of the county in which the transferee resides and also make application for registration of the motorboat or sailboat. The county treasurer shall forward the application to the department of justice, which shall file the certificate upon receipt. No certificate of ownership may be issued by the department until any outstanding certificate is surrendered to the department or its loss is established to the department's reasonable satisfaction. The county treasurer shall collect a fee of $6 for each application for transfer of ownership, of which $4 must be forwarded to the department of justice for deposit in the *general* fund.

(3) A purchaser of a new or used motorboat or sailboat 12 feet in length or longer from a licensed dealer has a grace period of 20 calendar days from the date of purchase to register the motorboat or sailboat, make application for a certificate of ownership, and obtain a decal indicating that the fee in lieu of property tax has been paid on the vessel for the current year. It is not a violation of this part or any other law for the purchaser to operate a newly acquired motorboat or sailboat 12 feet in length or longer without a certificate of ownership, certificate of registration, and decal during the 20-day grace period. During this period the sticker provided for in subsection (4) must remain affixed to the motorboat or sailboat.

(4) Prior to the delivery of a motorboat or sailboat 12 feet in length or longer to the purchaser, the dealer shall issue and affix to a motorboat or

The sticker must contain the name and address of the purchaser, the date of sale, the name and address of the dealer, and a description of the motorboat or sailboat, including its serial number. The dealer shall keep a copy of the sticker for his records and shall send a copy of the sticker to the department of justice.

(5) The provisions of subsection (2) do not apply in the event of the transfer of a motorboat or sailboat 12 feet in length or longer to a duly licensed dealer intending to resell the motorboat or sailboat and who operates it only for demonstration purposes, but every such dealer, upon transferring such interest, shall deliver the certificate of ownership with an application for a new certificate executed by the new owner in accordance with the provisions of this part. The department of justice, upon receipt of the certificate of ownership and application for a new certificate containing notice of a security interest, if any, shall issue a new certificate of ownership, together with a statement of any conditional sales contract, mortgage, or other lien."

The treasurer shall forward one copy and the original application to the department of justice, which shall enter the information contained in the application upon the corresponding records of its office and shall furnish the applicant a certificate of ownership, which shall contain that information in the application considered necessary by the department of justice, and a permanent ownership number. The certificate of ownership is not to be renewed annually and is valid as long as the person holding it owns the snowmobile.

(6) The owner shall at all times retain possession of the certificate of ownership, except when it is being transmitted to and from the department of justice for endorsement or cancellation.

(7) Upon application for a certificate of ownership, a fee of $3 shall be paid to the county treasurer, $2 of which shall be forwarded by the county treasurer to the department of justice and deposited in the *general* fund."

The county treasurer shall collect a fee of $3 for each application for transfer of ownership, of which $2 shall be forwarded to the department of justice for deposit in the *general* fund.

(3) A purchaser of a new or used snowmobile from a licensed snowmobile dealer has a grace period of 20 calendar days from the date of purchase to register the snowmobile, make application for a certificate of ownership, and obtain a decal indicating that the fee in lieu of property tax has been paid on the snowmobile for the current year. It is not a violation of 23-2-601 through 23-2-644 or any other law for the purchaser to operate a newly acquired snowmobile without a certificate of ownership, certificate of registration, and a decal during the 20-day period. During this period the sticker, provided for in subsection (4), shall remain affixed to the snowmobile.

The department of justice, upon receipt of the certificate of ownership and application for a new certificate, containing notice of a security interest, if any, shall issue a new certificate of ownership together with a statement of any conditional sales contract, mortgage, or other lien."

(3) No bond is required of the dealer.

(4) The dealer shall have a principal place of business where he shall maintain all his business records and display and sell merchandise.

(b) All money collected from dealer registration and renewal registration fees shall be deposited in the *general* fund."

Section 7. Section 61-3-103, MCA, is amended to read:

**"61-3-103. Filing of security interests, rights, procedure, fees.** (1) No security interest in a motor vehicle shall be valid as against creditors, subsequent purchasers, or encumbrancers unless a lien notice, on a form approved by the department, that shows a security interest has been created, has been filed with the department as provided in this section. The department shall not file any security interest or other lien unless it is accompanied by or specified in the application for a certificate of ownership of the vehicle encumbered. If the approved notice form is transmitted to the department, the security agreement or other lien instrument that creates the security interest must be retained by the secured party. A copy of the security agreement is sufficient as a lien notice if it contains the name and address of the debtor and the secured party, the complete vehicle description, amount of lien, and is signed by the debtor. The department shall file the security interest or lien by entering the name and address of the secured party upon the face of the certificate of ownership. The department shall mail a statement certifying to the filing of a security interest or lien to the secured party. The department shall mail the certificate of ownership to the owner at the address given on the certificate; however, if the transfer of ownership and filing of the security interest are paid for by a creditor or secured party, the department shall return the certificate of ownership to the county treasurer where the vehicle is to be registered. The owner of a motor vehicle is the person entitled to operate and possess such motor vehicle.

(2) A security interest in a motor vehicle held as inventory by a dealer licensed under the provisions of 61-4-101, must be perfected in accordance with Title 30, chapter 9, and no endorsement on the certificate of title is necessary for perfection.

(3) Whenever a security interest or lien is filed against a motor vehicle that is subject to two security interests previously perfected by filing under this section, the department shall endorse on the face of the certificate of ownership, "NOTICE. This motor vehicle is subject to additional security interests on file with the Department of Justice." No other information regarding such additional security interests need be endorsed on the certificate.

(4) Satisfactions or statements of release filed with the department under this chapter shall be retained by it for a period of 8 years after receipt, after which they may be destroyed.

(5) The filing of a security interest or other lien, as herein provided, perfects a security interest which has attached at the time the certificate of ownership noting such interest is issued. Issuance of a certificate of ownership constitutes constructive notice to subsequent purchasers or encumbrancers, from the time of filing, of the existence of the security interest.

HeinOnline -- 1989 vol. I 917 1989

(6) Upon default under a chattel mortgage or conditional sales contract covering a motor vehicle, the mortgagee or vendor has the same remedies as in the case of other personal property. In case of attachment of motor vehicles all the provisions of 27-18-413, 27-18-414, and 27-18-804 shall be applicable except that deposits must be made with the department.

(7) A conditional sales vendor or chattel mortgagee or assignee who fails to file a satisfaction of a chattel mortgage, assignment, or conditional sales contract within 15 days after receiving final payment shall be required to pay the department the sum of $1 for each day thereafter that he fails to file such satisfaction.

(8) Upon receipt of any liens, or notice of liens dependent on possession, or attachments, etc., against the record of any motor vehicle registered in this state, the department shall within 24 hours mail to the owner, conditional sale vendor, mortgagees, or assignees of any thereof a notice showing the name and address of the lien claimant, amount of the lien, date of execution of lien, and in the case of attachment the full title of the court and the action and the name of the attorneys for the plaintiff and/or attaching creditor.

(9) It shall not be necessary to refile with the department any instruments on file in the offices of the county clerk and recorders at the time this law takes effect.

(10) A fee of $4 must be paid to the department to file any security interest or other lien against a motor vehicle. The $4 fee shall include and cover the cost of filing a satisfaction or release of the security interest and also the cost of entering such satisfaction or release on the records of the department and deleting the endorsement of the security interest from the face of the certificate of ownership. A fee of $4 must be paid the department for issuing a certified copy of a certificate of ownership subject to a security interest or other lien on file in the office of the department, or for filing an assignment of any security interest or other lien on file with the department. All fees provided for in this section must be paid to the county treasurer for deposit in the state *general* fund in accordance with 15-1-504."

Section 8. Section 61-3-108, MCA, is amended to read:

**"61-3-108. Disposition of fees.** All fees payable to the department under this title, unless otherwise provided, shall be deposited in the *general* fund."

# CHAPTER NO. 400

[HB 247]

AN ACT TO ALLOW RATEMAKING FOR CERTAIN LINES OF INSURANCE THAT ARE CONSIDERED VOLATILE OR NONCOMPETITIVE; TO DEFINE VOLATILE AND NONCOMPETITIVE INSURANCE; TO AUTHORIZE THE COMMISSIONER TO ASSESS THE INSURERS INVOLVED FOR THE COST OF ACTUARIAL SERVICES; AMENDING SECTION 33-16-103, MCA; AND PROVIDING AN EFFECTIVE DATE AND A TERMINATION DATE.

STATEMENT OF INTENT

A statement of intent is required for this bill because it authorizes the commissioner of insurance to make and amend reasonable rules relating to ratemaking. The problem that gave rise to this bill is the obstetrics crisis. Both obstetricians and family practitioners with an obstetrics practice have seen liability insurance premiums skyrocket. This has resulted in many rural physicians ceasing to handle this type of practice. It is simply not cost effective to continue to practice obstetrics when the premium almost doubles for obstetrics coverage. Several rural western states have felt that it is not their experience driving up the cost of coverage, but rather that of high-tech, urban medical centers. In response, this bill was drafted to allow the commissioner of insurance to determine, in areas that are noncompetitive or volatile, which states' experience will be used to supplement Montana's experience. The commissioner is authorized to adopt reasonable regulations designating certain lines of insurance as covered lines because they are noncompetitive or volatile for ratemaking purposes, requiring insurers transacting business in the covered lines to file rating data with the commissioner, and allowing the commissioner to develop reasonable trend adjustments and development factors to be used in assessing the reported data.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. Section 33-16-103, MCA, is amended to read:

"**33-16-103. Application.** This chapter applies to all insurers and all kinds of insurance, except that nothing contained in this chapter *applies* to:

(1) life insurance;

(2) disability insurance;

(3) reinsurance, except joint reinsurance as provided in 33-16-307;

(4) insurance against loss of or damage to aircraft, their hulls, accessories, and equipment, or against liability, other than workers' compensation and employers' liability, arising out of the ownership, maintenance, or use of aircraft;

(5) insurance of vessels or craft, their cargoes, marine builders' risks, marine protection and indemnity, or other risks commonly insured under marine, as distinguished from inland marine, insurance policies; *or*

HeinOnline -- 1989 vol. I 923 1989

*(6) surplus lines insurance as defined in 33-2-301.*"

Section 2. **Short title.** [Sections 2 through 12] may be cited as the "Ratemaking Act".

Section 3. **Purpose.** [Sections 2 through 12] are intended to ensure that rates for policies insuring exposures in Montana are based as much as possible on claims resulting from exposures in Montana and that they are not excessive, inadequate, or unfairly discriminatory. It is further intended that [sections 2 through 12] provide authorization and procedures for insurers to combine experience for a particular policy in this state with experience for similar policies elsewhere in Montana or in other states to obtain statistics that are sufficiently stable for loss projection purposes.

Section 4. **Definition.** As used in [sections 2 through 12], a line of insurance is considered "noncompetitive" if only a small number of insurers are willing to transact the line in Montana and is considered "volatile" if the line has a low volume of claims in Montana.

Section 5. **Duties of commissioner pertaining to noncompetitive or volatile lines.** (1) To implement the provisions of [sections 6 and 7], the commissioner shall:

(a) designate by rule which lines of insurance are covered because they are noncompetitive or volatile, as defined in [section 4];

(b) require by rule that each insurer transacting a line of insurance designated as noncompetitive or volatile report historical exposure, loss, and expense data; and

(c) review rate filings for a line of insurance designated as noncompetitive or volatile to determine, after a hearing, whether the filing insurer's statistics in Montana are sufficiently stable for ratemaking purposes.

(2) If a filing insurer's statistics are not sufficiently stable for all or part of the ratemaking process and if the commissioner determines the combined experience from similar policies written in Montana will not produce statistics sufficiently stable for ratemaking purposes, the commissioner shall review the experience under the covered policy in other states and determine which states' experiences are appropriate and necessary to include with experience in this state to obtain statistics that are sufficiently stable for ratemaking purposes.

(3) The commissioner shall determine the states whose experiences are appropriate and necessary based on:

(a) the number of claims filed as measured by insurance frequency statistics;

(b) the average claim size as measured by insurance severity statistics;

(c) the differences in civil justice systems or insurance regulatory systems as measured by insurance pure premium statistics; and

(d) other considerations that impact costs, such as demographic composition and economic conditions.

HeinOnline -- 1989 vol. I 924 1989

Section 6. **Data reporting — rules.** (1) An insurer that has transacted a line of insurance designated as noncompetitive or volatile shall report once a year to the commissioner, on forms prescribed by the commissioner, information including:

(a) reported and estimated ultimate exposure, by year of exposure to loss;

(b) reported and estimated ultimate premiums, by year of exposure to loss;

(c) losses paid, by year incurred;

(d) loss adjustment expense paid, by year incurred;

(e) reported and ultimately incurred losses and loss adjustment expenses, by year incurred; and

(f) any other information required by the commissioner.

(2) An insurer transacting a line of insurance designated as noncompetitive or volatile shall provide to the commissioner information concerning at least 5 years of experience, with information evaluated as of the end of each calendar year. In addition to the latest reported information for each year, the insurer shall document any adjustment, including but not limited to development factors and trend adjustments, made to the reported data in projecting losses.

(3) The commissioner shall adopt by rule reasonable development factors and trend adjustments to be applied to the reported data.

Section 7. **Actuarial review — fees paid by insurer.** (1) For the purpose of determining pricing, the commissioner may employ or contract with actuarial consultants as necessary for any rate review authorized under the provisions of [section 5]. The person conducting the review shall report to the commissioner the results of his review.

(2) The reasonable fees and expenses of an actuarial consultant employed by or contracting with the commissioner for purposes of a rate filing review must be assessed against and paid by the insurer whose rates are under review.

Section 8. **Extension of authority.** Any existing authority to make rules on the subject of the provisions of [this act] is extended to the provisions of [this act].

Section 9. **Saving clause.** [This act] does not affect rights and duties that matured, penalties that were incurred, or proceedings that were begun before [the effective date of this act].

Section 10. **Severability.** If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

HeinOnline -- 1989 vol. I 925 1989

Section 11. **Codification instruction.** [Sections 2 through 7] are intended to be codified as an integral part of Title 33, chapter 16, and the provisions of Title 33, chapter 16, apply to [sections 2 through 7].

Section 12. **Effective date.** [Section 8 and this section] are effective on passage and approval.

Section 13. **Termination.** [This act] terminates October 1, 1991.

Approved April 1, 1989.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. Section 40-4-217, MCA, is amended to read:

(3) The court may modify an order granting or denying visitation rights whenever modification would serve the best interest of the child; but the court *may* not restrict a parent's visitation rights unless it finds that the visitation would endanger seriously the child's physical, mental, moral, or emotional health *or unless the provisions of subsection (6) apply.*

(4) So long as a noncustodial parent who has visitation rights under a decree or a custody agreement remains a resident of this state, a resident custodial parent shall, before changing the child's residence to another state and unless the noncustodial parent has given written consent, give written notice to the noncustodial parent, as provided in subsection (5).

(5) The written notice required by subsection (4) must be served personally or given by certified mail not less than 30 days before the proposed change in residence. (a) the custodian agrees to the modification;

(b) the child has been integrated into the family of the petitioner with consent of the custodian;

(c) the child's present environment endangers seriously his physical, mental, moral, or emotional health and the harm likely to be caused by a change of environment is outweighed by its advantages to him;

(d) the child is 14 years of age or older and desires the modification;

STATEMENT OF INTENT

This bill requires a statement of intent because [sections 2 and 4] grant rulemaking authority to the lottery commission. The overall intent and purpose of this bill is to enable the lottery to be run as a business.

HeinOnline -- 1989 vol. I 936 1989

The legislature finds that the lottery is a complex business driven by market forces and must be given flexibility in order to maximize profits.

The legislature also finds that the people of Montana overwhelmingly approved the creation of a lottery and that the intent of the people was also to maximize profits to the state.

The legislature finds that an operational budget based on a percentage of revenue has hampered the lottery commission in its attempt to operate as a business. The lottery must be able to plan for market expansion, improvement of the product line, cost reduction, and organizational development as would a private business. These plans cannot be made or carried out unless the operational budget is a fixed amount. It is the intent of the legislature that the lottery's operating budget be set by the legislature as are the budgets of all other state agencies.

In [section 2], the legislature grants additional rulemaking authority to the lottery commission to adopt rules providing for staff incentives or bonuses for increased sales only if these rules can be shown to significantly increase sales. It is the further intent that the rules for sales incentives and bonuses be based on incentive and bonus plans that have proven successful in private business or other lotteries.

The legislature intends to give the commission flexibility to change the prize payout in instant ticket games in order to increase profits. If increased prize payout does not result in increased net revenue, the decision of the commission then should be to roll back the prize payout percentage to comply with the legislative intent of maximizing profits.

In [section 4], the legislature allows the lottery commission to adopt rules providing for increased commissions to retailers if retailers increase their sales of lottery products. The legislature intends that the bonus commission plans be based on successful plans in other lotteries, such as Colorado's, whereby total sales are projected for each retailer based on average sales over a period of time, such as 1 year. Whenever future sales for an established period of time exceed forecasted sales, a bonus may be paid. For example, if a retailer maintains average sales, the commission is the regular 5%; if a retailer sells a certain percentage above average, 6%; an even higher percentage of increase in sales may provide 7%, etc. The purpose of bonus commissions is to increase net revenue to the state.

*Be it enacted by the Legislature of the State of Montana:*

If it is reinstated after its expiration, the licensee, as a condition of reinstatement, shall pay a reinstatement fee in an amount equal to the renewal fee in effect on the last preceding regular renewal date before the date on which it is reinstated plus the delinquency fee, if any, accrued at the time of its revocation.

Section 1. Section 2-18-618, MCA, is amended to read:

"**2-18-618. Sick leave.** (1) Each permanent full-time employee shall earn sick leave credits from the first day of employment. For calculating

HeinOnline -- 1989 vol. I 952 1989

sick leave credits, 2,080 hours (52 weeks x 40 hours) shall equal 1 year. Sick leave credits shall be credited at the end of each pay period. Sick leave credits shall be earned at the rate of 12 working days for each year of service without restriction as to the number of working days that may be accumulated. Employees are not entitled to be paid sick leave until they have been continuously employed 90 days.

(2) An employee may not accrue sick leave credits while in a leave-without-pay status.

(3) Permanent part-time employees are entitled to prorated leave benefits if they have worked the qualifying period.

(4) Full-time temporary and seasonal employees are entitled to sick leave benefits provided they work the qualifying period.

(5) An employee who terminates employment with the agency is entitled to a lump-sum payment equal to one-fourth of the pay attributed to the accumulated sick leave. The pay attributed to the accumulated sick leave shall be computed on the basis of the employee's salary or wage at the time he terminates his employment with the state, county, or city. Accrual of sick leave credits for calculating the lump-sum payment provided for in this subsection begins July 1, 1971. The payment therefor shall be the responsibility of the agency wherein the sick leave accrues. However, no employee forfeits any sick leave rights or benefits he had accrued prior to July 1, 1971. However, where an employee transfers between agencies within the same jurisdiction, he *is* not entitled to a lump-sum payment. In a transfer *between agencies,* the receiving agency shall assume the liability for the accrued sick leave credits earned after July 1, 1971, and transferred with the employee.

(6) An employee who receives a lump-sum payment pursuant to this section and who is again employed by any agency *may* not be credited with any sick leave for which the employee has previously been compensated.

(7) Abuse of sick leave is cause for dismissal and forfeiture of the lump-sum payments provided for in this section.

(8) An employee may contribute any portion of his accumulated sick leave to a nonrefundable sick leave fund for state employees and thereby become eligible to draw upon the fund if an extensive illness or accident exhausts his accumulated sick leave. The department of administration shall, in consultation with the sick leave advisory council provided for in 2-15-216, administer the sick leave fund and adopt rules to implement this subsection.

(9) An employee whose hours have been reduced temporarily from 40 hours a week to less than 40 hours a week as a result of a budget deficit shall accrue annual sick leave credits as if he were a full-time employee. A reduction in hours resulting from a budget deficit is temporary if it ends on or before the last day of the current fiscal year.

*(10) A local government may establish and administer through local rule a sick leave fund into which its employees may contribute a portion of their*

# CHAPTER NO. 418

[HB 591]

AN ACT REVISING PROCEDURES FOR RELEASE TO CONSUMER CREDIT REPORTING AGENCIES OF INFORMATION CONCERNING CERTAIN CHILD AND SPOUSAL SUPPORT OBLIGATIONS; AUTHORIZING RULEMAKINC; AMENDING SECTIONS 31-3-141, 31-3-151, 31-3-152, 40-5-206, AND 53-2-504, MCA; AND REPEALING SECTION 31-3-127, MCA.

STATEMENT OF INTENT

This bill requires a statement of intent because [section 7] requires the department of revenue to adopt rules establishing procedures for making information concerning certain child and spousal support debt available to consumer credit reporting agencies. It is the intent of the legislature to encourage the reporting and use of support debt information whenever practical. The department is encouraged to provide information to consumer reporting agencies for commercial use by business and financial institutions. The legislature intends that the department by rule provide for a fee to cover the costs of providing support debt information. Technological developments have lowered the cost of information sharing and make it practical for state government to share delinquent support information with private enterprise to a much greater extent than was previously possible. Expanded information sharing is intended to promote the payment of delinquent support obligations and to protect commercial lenders and

HeinOnline -- 1989 vol. I 959 1989

retailers by ensuring that all of a consumer's financial obligations are considered in determining the ability to pay a commercial obligation. Consumers should be discouraged from incurring obligations that they might find difficult to pay because of support enforcement efforts by the department.

The department is directed to promulgate rules for providing notice to obligors owing delinquent support under orders or judgments issued by courts or administrative agencies. Rules should allow the economical issuance of notice to the greatest number of delinquent obligors practical in the ordinary course of agency operations. One notice should be sufficient to allow any delinquent support to be reported whenever it occurs. Rules should require that the agency make a reasonable effort to provide notice prior to the release of information; however, the actual receipt of notice is not required.

The department is instructed to promulgate rules providing for the transfer of information on the greatest number of support delinquencies to the greatest number of credit reporting agencies practical. Electronic transfer of information is encouraged. Support debt information should be provided to consumer reporting agencies in accordance with specific guidelines to be specified in the rules for determining when reporting is inappropriate in a particular case.

The department is further instructed to promulgate rules creating procedures for contesting and determining the accuracy of support debt information. Rules should encourage the informal resolution of disputes as promptly as practicable. Formal adjudication of the accuracy of reported support debt information should be conducted initially by the department, subject to review by the district courts.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. Section 31-3-141, MCA, is amended to read:

**"31-3-141. Actions available to consumer.** (1) A consumer may bring action in the nature of defamation, invasion of privacy, or negligence with respect to the reporting of information against any person who fails to comply with this part.

(2) A person who fails to delete information or incorporate into a report a consumer's statement of dispute because he judges the dispute to be frivolous or irrelevant is liable to suit.

(3) A person, *other than the department of revenue under [section 6],* who furnishes information to a consumer reporting agency which is false or *any person who* furnishes the information with malice or willful intent to injure the concerned consumer is liable to suit.

*(4) A consumer who disputes the result of a reinvestigation conducted under 31-3-124 of the accuracy of information provided by the department of revenue may petition for an administrative hearing pursuant to [section 6].*"

Section 2. Section 31-3-151, MCA, is amended to read:

HeinOnline -- 1989 vol. I 960 1989

"**31-3-151. Jurisdiction — venue.** A consumer may bring suit in any district court in Montana, *except that disputes concerning information provided under [section 6] are subject to administrative and judicial review as provided in [section 6].*"

Section 3. Section 31-3-152, MCA, is amended to read:

"**31-3-152. Rules.** The department of commerce shall enforce this part and promulgate rules necessary to carry out the intent of this part."

Section 4. Section 40-5-206, MCA, is amended to read:

"**40-5-206. Central unit for information and administration — cooperation enjoined — availability of records.** (1) The department shall establish a central unit to serve as a registry for the receipt of information, for answering interstate inquiries concerning deserting parents, *for receiving and answering requests for information made by consumer reporting agencies under [section 6],* to coordinate and supervise departmental activities in relation to deserting parents, and to assure effective cooperation with law enforcement agencies.

(2) To effectuate the purposes of this section, the director may request from state, county, and local agencies all information and assistance as authorized by this part. All state, county, and city agencies, officers, and employees shall cooperate in the location of parents who have abandoned or deserted or are failing to support children receiving public assistance and shall on request supply the department with all information available relative to the location, income, and property of the parents.

(3) Except as provided in *[section 6] and rules adopted under [section 7],* any records established pursuant to the provisions of this section are available only to the department, county attorneys, and courts having jurisdiction in support and abandonment proceedings or actions or agencies in other states engaged in the enforcement of support of minor children as authorized by the rules of the department and by the provisions of the federal Social Security Act."

Section 5. Section 53-2-504, MCA, is amended to read:

"**53-2-504. Unauthorized disclosure of information obtained in department of revenue investigations a criminal act.** (1) No information obtained by the department of revenue or its agents and attorneys as a result of an investigation *may* be disclosed except in accordance with the laws applicable to the source of information. *However, the* information may be used or disclosed under *[section 6] and rules adopted under [section 7]* or as necessary in any court action.

(2) Each employee violating the disclosure provisions *is* subject to the criminal charge and penalties applicable to the source of information."

Section 6. **Procedures for making information available to consumer reporting agencies.** (1) The department may make information about a support debt available to consumer reporting agencies, as defined in 31-3-102, upon request. The department may charge a fee to recover the cost of responding to requests for support debt information. The department shall provide advance notice to the obligor concerning the proposed

HeinOnline -- 1989 vol. I 961 1989

release of information. However, lack of actual notice does not preclude the release of information to consumer reporting agencies. The notice may be incorporated into any notice served pursuant to Title 17, chapter 4, part 1; Title 40, chapter 5, part 4; this part; or the federal income tax refund intercept program under 42 U.S.C. 664. The notice must inform the obligor of the methods available for contesting the accuracy of the information.

(2) If contacted by an obligor wishing to contest the accuracy of information proposed for release to consumer reporting agencies, the department shall conduct an informal administrative review, separately or in conjunction with a hearing on any other matter concerning the obligor's support obligation, to determine the accuracy of the information. The accuracy of information provided by the department to consumer reporting agencies may be contested in accordance with the procedures provided in 31-3-124. An obligor dissatisfied with the outcome of a reinvestigation conducted by a consumer reporting agency may receive an administrative hearing on the accuracy of the information by filing a written request with the department. The hearing must be conducted in accordance with 40-5-226, and the resulting findings are subject to judicial review as provided in 40-5-253.

(3) The department shall within 30 days notify all consumer reporting agencies that were provided information pursuant to this section if a reported support debt is paid in full or is no longer being enforced by the department.

Section 7. **Rules.** The department shall adopt rules to implement this section, including rules:

(1) providing for advance notice to the obligor of support debt information requested under [section 6];

(2) establishing the procedure for contesting the accuracy of information proposed for release to consumer reporting agencies;

(3) providing for consideration of the obligor's payment record, the availability of other remedies, and other matters relevant to determining whether the release of information would promote the collection of a support debt or would be inappropriate under the circumstances; and

(4) governing the format and frequency of reports to consumer reporting agencies.

Section 8. **Codification instruction.** [Sections 6 and 7] are intended to be codified as an integral part of Title 40, chapter 5, part 2, and the provisions of Title 40, chapter 5, part 2, apply to [sections 6 and 7].

Section 9. **Nonseverability.** It is the intent of the legislature that each part of [this act] is essentially dependent upon every other part, and if one part is held unconstitutional or invalid, all other parts are invalid.

Section 10. **Repealer.** Section 31-3-127, MCA, is repealed.

Approved April 3, 1989.

# CHAPTER NO. 420

[HB 610]

AN ACT TO DELETE THE REQUIREMENT THAT CERTAIN BILLS PASSED BY THE LEGISLATURE MUST CONTAIN AN EXTENSION OF EXISTING RULEMAKING AUTHORITY BEFORE THE SECTIONS OF THE BILL MAY BE IMPLEMENTED BY RULE; AMENDING SECTIONS 2-4-305, 5-4-402, AND 5-4-404, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND A RETROACTIVE APPLICABILITY DATE.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. Section 2-4-305, MCA, is amended to read:

**"2-4-305. Requisites for validity — authority and statement of reasons.** (1) The agency shall consider fully written and oral submissions respecting the proposed rule. Upon adoption of a rule, an agency shall issue a concise statement of the principal reasons for and against its adoption, incorporating therein its reasons for overruling the considerations urged against its adoption. If substantial differences exist between the rule as proposed and as adopted and the differences have not been described or set forth in the adopted rule as that rule is printed in the Montana administrative register, the differences must be described in the statement of reasons for and against agency action. When no written or oral submissions have been received, an agency may omit the statement of reasons.

(2) Rules may not unnecessarily repeat statutory language. Whenever it is necessary to refer to statutory language in order to convey the meaning of a rule interpreting the language, the reference shall clearly indicate that portion of the language which is statutory and the portion which is amplification of the language.

(3) Each proposed and adopted rule shall include a citation to the specific grant of rulemaking authority pursuant to which it or any part thereof is adopted. In addition, each proposed and adopted rule shall include a citation to the specific section or sections in the Montana Code Annotated which the rule purports to implement.

(4) Each rule proposed and adopted by an agency implementing a policy of a governing board or commission must include a citation to and description of the policy implemented. Each agency rule implementing a policy, as used in the definition set forth in 2-4-102(10), and the policy itself must be based on legal authority and otherwise comply with the requisites for validity of rules established by this chapter.

(5) To be effective, each substantive rule adopted must be within the scope of authority conferred and in accordance with standards prescribed by other provisions of law.

HeinOnline -- 1989 vol. I 967 1989

(6) Whenever by the express or implied terms of any statute a state agency has authority to adopt rules to implement, interpret, make specific, or otherwise carry out the provisions of the statute, no rule adopted is valid or effective unless:

(a) consistent and not in conflict with the statute; and

(b) reasonably necessary to effectuate the purpose of the statute. Such reasonable necessity must be demonstrated in the agency's notice of proposed rulemaking and in the written and oral data, views, comments, or testimony submitted by the public or the agency and considered by the agency.

(7) No rule is valid unless adopted in substantial compliance with 2-4-302 or 2-4-303 and this section and unless notice of adoption thereof is published within 6 months of the publishing of notice of the proposed rule. If an amended or supplemental notice of either proposed or final rulemaking, or both, is published concerning the same rule, the 6-month limit must be determined with reference to the latest notice in all cases."

Section 2. Section 5-4-402, MCA, is amended to read:

"**5-4-402. Purpose.** (1) The legislature finds that it must accept the ultimate responsibility for the increase in the discretionary authority of state executive branch agencies, as evidenced by proliferating rules, forms, orders, and licensing proceedings before state agencies.

(2) The purpose of this Legislative History Act is to assure that statutes henceforth enacted to grant additional discretionary authority to state agencies are accompanied by a clear indication of the legislature's intent as to how such discretion is to be exercised and the legislature's purpose for delegating the authority."

Section 3. Section 5-4-404, MCA, is amended to read:

"**5-4-404. Statement of intent.** The legislature by its joint rules shall provide a procedure by which a statement of legislative intent shall be included with each bill containing a delegation of authority and may be included with all bills. A statement of intent shall be placed before each component of the legislature which sequentially considers the subject bill and may be amended in the same manner as the bill."

Section 4. **Effective date — applicability.** (1) [This act] is effective on passage and approval.

(2) [Sections 1 and 2] apply retroactively, within the meaning of 1-2-109, to October 1, 1983, and apply to statutes enacted and rules adopted on or after October 1, 1983.

(a) 10% of the assessed market value of the drugs, as determined by the department; or

(b) (i) $100 per ounce of marijuana, as defined in 50-32-101, or its derivatives, as determined by the aggregate weight of the substance seized;

Section 2. Section 15-25-115, MCA, is amended to read:

**"15-25-115. Warrant for distraint — suspension of lien during incarceration.** If all or part of the tax imposed by this chapter is not paid when due, the department may issue a warrant for distraint as provided in Title 15, chapter 1, part 7. The resulting lien shall have precedence over any other claim, lien, or demand thereafter filed and recorded. *The period during which the lien may be enforced is suspended during any period of incarceration of the person upon whom the tax is imposed.*"

(2) The state treasurer shall deposit *one-third* of the tax to the credit of the department of *family services* to be used for the youth evaluation program and chemical abuse aftercare programs.

(3) The treasurer shall credit the remaining *two-thirds* of the tax proceeds as follows:

*(9) (a) "Forest practices" means the harvesting of trees, road construction or reconstruction associated with harvesting and accessing trees, site preparation for regeneration of a timber stand, reforestation, and the management of logging slash.*

Section 3. Section 76-13-104, MCA, is amended to read:

**"76-13-104. Functions of department.** (1) The department may give technical and practical advice concerning forest, range, water, and soil conservation and the establishment and maintenance of woodlots, windbreaks, shelterbelts, and forest fire protection.

(2) The department shall cooperate with all public and other agencies in the development, protection, and conservation of the forest, range, and water resources in this state.

*(3) The department shall require an owner or operator to provide a notification prior to conducting forest practices as provided in [section 4], shall adapt as necessary any procedure used for notification with respect to an agreement under 76-13-408 to ensure that the operator provides information on the location of the forest practices in relation to watershed features, and shall conduct onsite consultations as provided for in [section 4]."*

Section 4. **Notification prior to forest practices — department response — onsite consultation.** (1) An operator or, pursuant to subsection (3), an owner shall notify the department prior to conducting forest practices. The notification may be provided as part of the notification made with respect to an agreement under 76-13-408.

(2) (a) Except as provided in subsection (3), within 5 working days, but not exceeding 7 calendar days, of receiving notification of forest practices, the department shall mail to the operator and, if an address has been provided, to the owner a receipt of notification, information on best management practices for forestry, information on conservation district permit requirements related to stream crossings, and any other information the department believes would assist the operator or the owner with conducting forest practices.

(b) The receipt of notification must include a statement that:

(i) forest practices may proceed; or

(ii) an onsite consultation is required prior to conducting forest practices.

(3) (a) An owner may submit to the department a notice providing an annual, semiannual, or quarterly operating plan that indicates the estimated starting date of forest practices for each timber sale planned by the owner during the operating period. The plan must be submitted no less than 15 days before the beginning of the operating period covered.

(b) Upon receipt of an operating plan, the department may:

HeinOnline -- 1989 vol. I 974 1989

(i) meet with the owner to review the proposed timber sales, discuss watershed concerns, and schedule onsite consultations at appropriate sites; or

(ii) provide a receipt of notification, as described in subsection (2)(b), for individual timber sales. If the department requires an onsite consultation for any of the timber sales, it shall notify the owner of this requirement as soon as possible but no less than 10 calendar days prior to the estimated starting date of forest practices associated with the timber sale. The onsite consultation must then be scheduled according to the provisions of subsections (5) through (7).

(4) The department shall make its decision on whether or not to require an onsite consultation based on whether:

(a) the proposed timber sale is in a high-priority location for watershed resources;

(b) a consultation could contribute to improved watershed management; and

(c) the department has sufficient resources to conduct the consultation.

(5) The department shall schedule an onsite consultation at a time mutually agreeable to the operator, the owner (if he can be contacted and wishes to participate), and the department. Unless otherwise agreeable to the operator and a participating owner, a consultation must be held no later than:

(a) 10 calendar days after the mailing of the notice by the department, if the site is accessible; or

(b) if the site is temporarily inaccessible due to road conditions, weather conditions, or other factors, 10 calendar days after the operator indicates the site is accessible.

(6) The onsite consultation must include representatives of the department, the operator, and, if the owner desires representation, the owner. Representatives of the department of health and environmental sciences, the department of fish, wildlife, and parks, and the local conservation district may also participate but must meet the consultation schedule established under subsection (3)(b) or (5).

(7) If the department and the operator are not able to schedule an onsite consultation within the time limits provided in subsection (5)(a) or (5)(b) or at another mutually agreeable time, the requirement for a consultation is terminated. The operator may then proceed with forest practices immediately upon the expiration of the time limits provided in subsection (5)(a) or (5)(b).

(8) The onsite consultation provided for in this section is intended only for the purpose of providing information to owners and operators and does not confer upon the department or any other agency of state or local government authority to compel an owner or operator to undertake or refrain from undertaking specific management practices that are not otherwise regulated by law or rule.

HeinOnline -- 1989 vol. I 975 1989

(9) The department does not incur any obligation or liability by virtue of a decision to conduct or not conduct an onsite consultation.

(10) (a) Except as provided in subsection (10)(b), the department may require only one notification for each timber sale, even though multiple forest practices may be conducted.

(b) If an operator modifies his proposed forest practices in a manner that substantially alters the potential watershed disturbance, he shall submit a revised notification to the department.

(11) Nothing in this section precludes an operator from undertaking any forest practice in an emergency to prevent watershed damage or the loss of timber resources.

(12) To the extent practicable, the department shall evaluate the application of forest practices as part of an onsite inspection relating to the control of timber slash and debris, conducted under the provisions of Title 76, chapter 13, part 4.

Section 5. Section 76-13-408, MCA, is amended to read:

**"76-13-408. Fire hazard reduction agreement and bond.** (1) Before cutting any forest product, *constructing or reconstructing any road in contemplation of forest product cutting,* or conducting timber stand improvement, such as but not limited to thinning, weeding, or pruning, upon private lands within the state, the person conducting *the* practice shall provide for the reduction or management of the fire hazard to be created by entering into a fire hazard reduction agreement with the department and by posting a bond to the state in *a* form and for *an* amount as may be prescribed by the department, conditioned upon full and faithful compliance with all requirements under this part and the faithful reduction or management of the fire hazard in the manner prescribed by law and by rules adopted by the board.

(2) The bond shall be released upon completion of the work done in compliance with the terms of the agreement."

Section 6. **Extension of authority.** Any existing authority to make rules on the subject of the provisions of [this act] is extended to the provisions of [this act].

Section 7. **Codification instruction.** [Section 4] is intended to be codified as an integral part of Title 76, chapter 13, part 1, and the provisions of Title 76, chapter 13, part 1, apply to [section 4].

Section 8. **Applicability.** [This act] applies to timber sales that begin after December 31, 1989.

Section 9. **Effective date.** [This act] is effective January 1, 1990.

[HB 685]

AN ACT PROVIDING FOR A TAX ABATEMENT PROGRAM FOR HISTORIC PROPERTIES; AND PROVIDING AN EFFECTIVE DATE AND AN APPLICABILITY DATE.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. **Purpose.** The purpose of [this act] is to provide legislation and guidance for the administration of a property tax abatement program for the restoration, rehabilitation, expansion, and new construction of certified residential and commercial properties located within national register historic districts and properties listed in the National Register of Historic Places. The abatement does not apply to the tax on personal property.

Section 2. **Definitions.** As used in [sections 1 through 7], the following definitions apply:

(1) "Board" means the local review board as provided in [section 5].

(2) "Certification" means approval by the board or state historic preservation office of a property's qualification for the property tax abatement under the terms of [this act].

(3) "Contributing" means a building, site, structure, or object with historic architectural qualities, historic association, or archeological value for which a property is significant because:

(a) it was present during a period of significant local or state history and possesses historic design or architectural integrity reflecting its character at that time or is capable of yielding important information about the period; or

(b) it independently meets the criteria for listing in the National Register of Historic Places.

(4) "Rehabilitation" means the process of returning a property to a state of utility through repair or alteration that makes possible an efficient contemporary use while preserving those features of the property that are significant to its historical, architectural, and cultural values.

(5) "Restoration" means the process of accurately recovering the form, details, and setting of a property as it appeared when it was originally built or constructed by removing later work or replacing missing earlier work.

Section 3. **Historic property tax abatement — levy limitations.** (1) A historic property undergoing rehabilitation, restoration, expansion, or new construction that meets criteria established by the review process described in [section 5 or 6] may receive a tax abatement during the construction period, not to exceed 12 months, and for up to 5 years following completion of the construction in accordance with subsections (2) and (3). The tax abatement is limited to 100% of the increase in taxable value caused by the rehabilitation, restoration, expansion, or new construction.

HeinOnline -- 1989 vol. I 977 1989

(2) In order to confer the tax benefits described in subsection (1), the governing body of the county or incorporated city or town where the improvement occurs shall establish by resolution the process for the use of the tax abatement provisions described in subsection (1).

(3) Property that receives a tax benefit under [this act] is not entitled to any other exemption or special valuation provided by Montana law during the period of the abatement.

(4) (a) The tax abatement applies only to the number of mills levied:

(i) for high school and elementary school district purposes; and

(ii) by the local governing body approving the abatement.

(b) The abatement may not apply to statewide levies.

Section 4. **Eligibility.** A property that meets the design review criteria in [section 5] is eligible for the property tax abatement if it is:

(1) located within the boundaries of a national register historic district and contributes to the district, as determined by the state historic preservation office;

(2) a newly constructed property within the boundaries of a national register historic district that meets design review criteria as being architecturally compatible with the historic district, as determined by the local review board or the state historic preservation office; or

(3) listed individually in the National Register of Historic Places.

Section 5. **Responsibilities of local governing bodies — local review board — design review process.** (1) A local governing body that approves the tax benefit may designate a local review board to establish an application and review process to certify eligible properties. The review process must include design review criteria based on the secretary of the interior's standards for preservation projects or other standards approved by the state historic preservation office.

(2) The board shall include:

(a) at least three members with professional expertise in history, planning, archeology, architectural history, historic archeology, or another historic preservation-related discipline;

(b) at least one architect; and

(c) up to two members of the general public.

(3) The board shall determine whether a property is eligible under [section 4] and is qualified for the tax abatement. The board shall approve or deny an application for the tax abatement and report its recommendation to the local governing body.

Section 6. **Responsibilities of the state historic preservation office.** (1) If the local governing body approving the tax abatement does not appoint a board under the provisions of [section 5], the state historic

HeinOnline -- 1989 vol. I 978 1989

preservation office shall provide design review assistance and certification for qualifying properties.

(2) The state historic preservation office shall evaluate design review standards submitted to it for approval by the board.

Section 7. **Disqualification and penalty.** (1) Following certification and during the period of tax abatement, a property that is altered in a way that adversely affects those elements that qualify it as historically contributing must be disqualified from receiving the tax abatement.

(2) If a historic property that has received a tax abatement under [this act] is disqualified, the owner is liable for back taxes, interest, and a penalty. These assessments must be extended against the property on the next general real property tax roll, to be collected and distributed in the same manner as the currently assessed real property tax. The back taxes, interest, and penalty must equal the sum of the following:

(a) the difference in the total real property taxes due during the years the tax abatement was in effect and the total real property taxes which would have been due had the special assessment not been in effect for those years;

(b) interest on the amount calculated in subsection (2)(a) at the rate for delinquent property taxes provided for in 15-16-102; plus

(c) a penalty of 15% on the sum of subsections (2)(a) and (2)(b).

(3) Back taxes, interest, or penalty may not be imposed on a property transferred to an ownership that makes the property exempt from property taxation or if the property is destroyed by fire or an act of God.

Section 8. **Codification instruction.** [Sections 1 through 7] are intended to be codified as an integral part of Title 15, chapter 24, and the provisions of Title 15, chapter 24, apply to [sections 1 through 7].

Section 9. **Effective date.** [This act] is effective July 1, 1989.

Section 10. **Applicability.** [This act] applies to taxable years beginning after December 31, 1989.

Approved April 3, 1989.

[SB 87]

AN ACT ALLOWING EXCLUSION UNDER CERTAIN CONDITIONS OF A FAMILY MEMBER FROM COVERAGE UNDER A MOTOR VEHICLE LIABILITY INSURANCE POLICY; INCREASING MANDATORY PROPERTY DAMAGE COVERAGE; AMENDING SECTIONS 61-6-103 AND 61-6-301, MCA; AND PROVIDING A DELAYED EFFECTIVE DATE AND AN APPLICABILITY DATE.

STATEMENT OF INTENT

By amending section 61-6-301, MCA, it is the intent of the legislature to expressly permit named driver exclusions in mandatory motor vehicle

HeinOnline -- 1989 vol. I 979 1989

insurance policies for family members of the policyholder. It is the finding of the legislature that the prohibition against named driver exclusions in the context of the family has the result, in effect, of denying coverage to families who have found their insurance premiums to double or triple due to the Montana supreme court's decision in Iowa Mutual Insurance Company v. Davis, 752 P.2d 166 (1988). In that case, the court held that mandatory liability coverage requirements, as a matter of public policy, prohibited exclusion of a named driver or named drivers from coverage under motor vehicle liability policies.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. Section 61-6-103, MCA, is amended to read:

**"61-6-103. Motor vehicle liability policy defined.** (1) A "motor vehicle liability policy", as *the* term is used in this part, *means* an owner's or operator's policy of liability insurance, certified as provided in 61-6-133 or 61-6-134 as proof of financial responsibility and issued, except as otherwise provided in 61-6-134, by an insurance carrier duly authorized to transact business in this state, to or for the benefit of the person named therein as insured.

(2) *The* owner's policy of liability insurance *must*:

(a) designate by explicit description or by appropriate reference all motor vehicles with respect to which coverage is thereby to be granted; and

(b) insure the person named therein and any other person, as insured, using any motor vehicle or motor vehicles with the express or implied permission of *the* named insured, against loss from the liability imposed by law for damages arising out of the ownership, maintenance, or use of *the* motor vehicle or motor vehicles within the United States of America or the Dominion of Canada, subject to limits exclusive of interest and costs, with respect to each motor vehicle, as follows:

(i) $25,000 because of bodily injury to or death of one person in any one accident and subject to said limit for one person;

(ii) $50,000 because of bodily injury to or death of two or more persons in any one accident; and

(iii) *$10,000* because of injury to or destruction of property of others in any one accident.

(3) *An* operator's policy of liability insurance *must* insure the person named as insured therein against loss from the liability imposed upon him by law for damages arising out of the use by him of any motor vehicle not owned by him, within the same territorial limits and subject to the same limits of liability as are set forth above with respect to *the operator's* policy of liability insurance.

(4) *A* motor vehicle liability policy *must* state the name and address of the named insured, the coverage afforded by the policy, the premium charged therefor, the policy period, and the limits of liability and contain an agreement or be endorsed that insurance is provided thereunder in

HeinOnline -- 1989 vol. I 980 1989

accordance with the coverage defined in this part as respects bodily injury and death or property damage, or both, and is subject to all the provisions of this part.

(5) *A* motor vehicle liability policy need not insure any liability under any workers' compensation law or any liability on account of bodily injury to or death of an employee of the insured while engaged in the employment, other than domestic, of the insured or while engaged in the operation, maintenance, or repair of *a* motor vehicle or any liability for damage to property owned by, rented to, in charge of, or transported by the insured.

(6) *A* motor vehicle liability policy *is* subject to the following provisions, which need not be contained therein:

(a) The liability of the insurance carrier with respect to the insurance required by this part *becomes* absolute whenever injury or damage covered by *the* motor vehicle liability policy occurs. *The* policy may not be canceled or annulled as to *the* liability by any agreement between the insurance carrier and the insured after the occurrence of the injury or damage. No statement made by the insured or on his behalf and no violation of *the* policy *may* defeat or void *the* policy.

(b) The satisfaction by the insured of a judgment for *the* injury or damage *may* not be a condition precedent to the right or duty of the insurance carrier to make payment on account of *the* injury or damage.

(c) The insurance carrier *has* the right to settle any claim covered by the policy, and if *the* settlement is made in good faith, the amount *is* deductible from the limits of liability specified in subsection (2)(b).

(d) The policy, the written application therefor, if any, and any rider or endorsement which does not conflict with the provisions of *this* part constitute the entire contract between the parties.

(7) *A* motor vehicle policy *is not* subject to cancellation, termination, *nonrenewal,* or premium increase due to injury or damage incurred by the insured or operator unless the insured or operator *is* found to have violated a traffic law or ordinance of the state or a city, *is* found negligent or contributorily negligent in a court of law or by the arbitration proceedings contained in chapter 5 of Title 27, or pays damages to another party, whether by settlement or otherwise. In no event may a premium be increased during the term of the policy unless there is a change in exposure.

(8) Any policy which grants the coverage required for a motor vehicle liability policy may also grant any lawful coverage in excess of or in addition to the coverage specified for a motor vehicle liability policy, and *the* excess or additional coverage *is* not subject to the provisions of this part. With respect to a policy which grants *the* excess or additional coverage, the term "motor vehicle liability policy" *applies* only to that part of the coverage which is required by this section.

(9) Any motor vehicle liability policy may provide that the insured shall reimburse the insurance carrier for any payment the insurance carrier

HeinOnline -- 1989 vol. I 981 1989

would not have been obligated to make under the terms of the policy except for the provisions of this part.

(10) Any motor vehicle liability policy may provide for the prorating of the insurance thereunder with other valid and collectable insurance.

(11) The requirements for a motor vehicle liability policy may be fulfilled by the policies of one or more insurance carriers, which policies together meet such requirements.

(12) Any binder issued pending the issuance of a motor vehicle liability policy *fulfills* the requirements for such a policy.

(13) A reduced limits endorsement *may* not be issued by any company to be attached to any policy issued in compliance with this section."

Section 2. Section 61-6-301, MCA, is amended to read:

**"61-6-301. Required motor vehicle insurance — family member exclusion.** (1) *(a) Except as provided in subsection (1)(b), an* owner of a motor vehicle which is registered and operated in Montana by the owner or with his permission shall continuously provide insurance against loss resulting from liability imposed by law for bodily injury or death or damage to property suffered by any person caused by maintenance or use of a motor vehicle, as defined in 61-1-102, in an amount not less than that required by 61-6-103, or a certificate of self-insurance issued in accordance with 61-6-143.

*(b) Notwithstanding the mandatory motor vehicle liability insurance protection provided for in subsection (1)(a), nothing in this part may be construed to prohibit the exclusion from insurance coverage of a named family member in a motor vehicle liability insurance policy.*

(2) A motor vehicle owner who prefers to post an indemnity bond with the department in lieu of obtaining a policy of liability insurance may do so. The bond *must* guarantee that any loss resulting from liability imposed by law for bodily injury, death, or damage to property suffered by any person caused by accident and arising out of the operation, maintenance, and use of the motor vehicle sought to be registered *must* be paid within 30 days after final judgment is entered establishing *the* liability. The indemnity bond *must* guarantee payment in the amount provided for insurance under subsection (1).

(3) Any bond given in connection with this section is a continuing instrument and *must* cover the period for which the motor vehicle is to be registered and operated. *The* bond *must* be on a form approved by the commissioner of insurance *and must be* with a surety company authorized to do business in the state."

Section 3. **Saving clause.** [This act] does not affect rights and duties that matured, penalties that were incurred, or proceedings that were begun before [the effective date of this act].

Section 4. **Extension of authority.** Any existing authority to make rules on the subject of the provisions of [this act] is extended to the provisions of [this act].

HeinOnline -- 1989 vol. I 982 1989

Section 5. **Effective date — applicability.** [This act] is effective July 1, 1990, and applies to motor vehicle liability insurance policies issued, renewed, extended, or reinstated after June 30, 1990.

Approved April 4, 1989.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. Section 85-2-234, MCA, is amended to read:

**"85-2-234. Final decree.** (1) The water judge shall, on the basis of the preliminary decree and on the basis of any hearing that may have been held, enter a final decree affirming or modifying the preliminary decree. If no request for a hearing is filed within the time allowed, the preliminary decree automatically becomes final, and the water judge shall enter it as the final decree.

(2) The terms of a compact negotiated and ratified under 85-2-702 must be included in the final decree without alteration unless an objection is sustained pursuant to 85-2-233; provided that the court may not alter or amend any of the terms of a compact except with the prior written consent of the parties in accordance with applicable law.

*(4) The final decree shall establish in a form determined to be appropriate by the water judge one or more tabulations or lists of all water rights and their relative priorities.*

*(5)* The final decree shall state the findings of fact, along with any conclusions of law, upon which the existing rights and priorities of each person, federal agency, and Indian tribe named in the decree are based.

*(6)* For each person who is found to have an existing right arising under the laws of the state of Montana, the final decree shall state:

(a) the name and post-office address of the owner of the right;

(b) the amount of water included in the right, as follows:

(i) by flow rate for direct flow rights, such as irrigation rights;

(ii) by volume for rights, such as stockpond and reservoir storage rights, and for rights that are not susceptible to measurement by flow rate; or

(c) the date of priority of the right;

(d) the purpose for which the water included in the right is used;

(e) the place of use and a description of the land, if any, to which the right is appurtenant;

(h) the inclusive dates during which the water is used each year;

(i) any other information necessary to fully define the nature and extent of the right.

*(7)* For each person, tribe, or federal agency possessing water rights arising under the laws of the United States, the final decree shall state:

(a) the name and mailing address of the holder of the right;

(b) the source or sources of water included in the right;

(c) the quantity of water included in the right;

(d) the date of priority of the right;

(e) the purpose for which the water included in the right is currently used, if at all;

(f) the place of use and a description of the land, if any, to which the right is appurtenant;

(g) the place and means of diversion, if any; and

(h) any other information necessary to fully define the nature and extent of the right, including the terms of any compacts negotiated and ratified under 85-2-702.

*(8) Clerical mistakes in a final decree may be corrected at any time on the initiative of the water judge or on the petition of any person who possesses a water right. The water judge shall order the notice of a correction proceeding as he determines to be appropriate to advise all persons who may be affected by the correction. An order of the water judge making or denying a clerical correction is subject to appellate review."*

Section 2. **Severability.** If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this

act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 3. **Retroactive and prospective applicability.** [This act] applies retroactively, within the meaning of 1-2-109, to all final decrees that have been issued by the Montana water courts and prospectively to all final decrees issued on or after [the effective date of this act].

# CHAPTER NO. 427

[SB 372]

AN ACT CLARIFYING THE PURPOSE OF AND THE PROCEDURE IN THE MEDIATION PROVISIONS OF THE WORKERS' COMPENSATION ACT; AND AMENDING SECTIONS 39-71-2401, 39-71-2406, 39-71-2409 THROUGH 39-71-2411, MCA.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. Section 39-71-2401, MCA, is amended to read:

**"39-71-2401. Disputes — jurisdiction — evidence — settlement requirements — mediation.** (1) A dispute concerning benefits arising under this chapter or chapter 72, other than the disputes described in subsection (2), must be brought before a department mediator as provided in this part. If a dispute still exists after the parties satisfy the mediation requirements in this part, either party may petition the workers' compensation court for a resolution.

(2) A dispute arising under this chapter that does not concern benefits or a dispute for which a specific provision of this chapter gives the division jurisdiction must be brought before the division.

(3) An appeal from a division order may be made to the workers' compensation court.

(4) The common law and statutory rules of evidence do not apply in a case brought to hearing before the division.

(5) Except as otherwise provided in this chapter, before a party may bring a dispute concerning benefits before a mediator, the parties shall attempt to settle as follows:

(a) The party making a demand shall present the other party with a specific written demand that contains sufficient explanation and documentary evidence to enable the other party to thoroughly evaluate the demand.

(b) The party receiving the demand shall respond in writing within 15 working days of receipt. If the demand is denied in whole or in part, the response shall state the basis of the denial.

(c) Upon motion of a party *or upon the mediator's own motion*, the mediator has the authority to dismiss a petition if he finds that either

HeinOnline -- 1989 vol. I 985 1989

party did not comply with this subsection. *A decision dismissing a petition under this subsection must be in writing and must state in detail the grounds for dismissal. The* mediator's decision may be reviewed by the workers' compensation court upon motion of a party.

(d) Nothing in this subsection relieves a party of an obligation otherwise contained in this chapter."

Section 2. Section 39-71-2406, MCA, is amended to read:

**"39-71-2406. Purpose.** The purpose of this part is to prevent when possible the filing in the workers' compensation court of actions by claimants or insurers relating to claims under chapter 71 or 72 of this title if an equitable and reasonable resolution of the dispute may be effected at an earlier stage. To achieve this purpose, this part provides for a procedure for mandatory, nonbinding mediation. *It is the intent of this part that the mediation process be used to resolve cases on an informal basis at minimal cost to the parties, and to this end, the parties are required to fully present their cases at the mediation level. However, if a cause proceeds to the workers' compensation court, the parties are not precluded from presenting additional evidence before the court. If a new issue is raised at the workers' compensation court that was not raised at mediation, the court shall remand the issue to the mediator for consideration."*

Section 3. Section 39-71-2409, MCA, is amended to read:

**"39-71-2409. Duties of mediator.** A mediator shall assist the parties in negotiating a resolution to their dispute by:

(1) facilitating an exchange of information between the parties;

(2) assuring that all relevant *information* is brought forth during the mediation process;

(3) suggesting possible solutions to issues of dispute between the parties;

(4) recommending a solution; and

(5) assisting the parties to voluntarily resolve their dispute."

Section 4. Section 39-71-2410, MCA, is amended to read:

**"39-71-2410. Limitations on mediation proceedings.** (1) *Except as may be necessary for the workers' compensation court to rule on issues arising under 39-71-2401(5)(c) or 39-71-2411(7)(c), mediation* proceedings are:

(a) held in private;

(b) informal and held without a verbatim record; and

(c) confidential.

(2) All communications, verbal or written, from the parties to the mediator and any information and evidence presented to the mediator during the proceeding are confidential.

(3) A mediator's files and records are closed to all but the parties.

HeinOnline -- 1989 vol. I 986 1989

(4) (a) A mediator may not be called to testify in any proceeding concerning the issues discussed in the mediation process.

(b) Neither the mediator's report nor any of the information or recommendations contained in it are admissible as evidence in any action subsequently brought in any court of law.

(5) Notwithstanding subsections (1) through (4), a mediator may issue a report and the parties and the mediator may be required to attend a conference *before the workers' compensation court* as set forth in 39-71-2411."

Section 5. Section 39-71-2411, MCA, is amended to read:

**"39-71-2411. Mediation procedure.** (1) Except as otherwise provided, a claimant or an insurer having a dispute relating to benefits under chapter 71 or 72 of this title may petition the department for mediation of the dispute.

(2) A party may take part in mediation proceedings with or without representation.

(3) The mediator shall review the division file for the case and may receive any additional documentation or *argument* either party submits.

(4) The mediator shall request that each party offer argument summarizing the party's position. A party's argument must *fully present the party's case. The argument* is not limited by the rules of evidence.

(5) After the parties have presented all their information and *argument* to the mediator, he shall recommend a solution to the parties within a reasonable time to be established by rule.

(6) A party shall notify the mediator within 45 days of the mailing of his report whether the party accepts the mediator's recommendation. If either party does not accept the mediator's recommendation, the party may petition the workers' compensation court for resolution of the dispute.

(7) (a) If a mediator determines that either party failed to cooperate in the mediation process, the mediator shall prepare a written report setting forth the determination and the grounds for the determination. The report must be mailed to the parties and to the workers' compensation court. Unless a party disputes the determination as set forth in subsection (7)(c), the parties shall repeat the mediation process, but only one time.

(b) A mediator may determine that a party has failed to cooperate in the mediation process only if the party failed to:

(i) supply information or offer a summary of the party's position as reasonably requested by the mediator;

(ii) attend scheduled mediation conferences unless excused by the mediator; or

(iii) listen to and review the information and position offered by the opposing party.

(c) If a party disputes a mediator's determination that the party failed to cooperate in the mediation process, the party may file a petition with

HeinOnline -- 1989 vol. I 987 1989

the workers' compensation court. Upon receipt of a petition, the court shall summon the parties and the mediator to determine by oral discussion whether the mediator's determination of noncooperation is supportable. If the court finds that the mediator's determination is supportable, the court may order the parties to attempt a second time to mediate their dispute."

Section 6. **Extension of authority.** Any existing authority to make rules on the subject of the provisions of [this act] is extended to the provisions of [this act].

Approved April 4, 1989.

# CHAPTER NO. 428

[SB 444]

AN ACT TO ENSURE THAT THE WORKERS' COMPENSATION EMPLOYER'S PAYROLL TAX IS MAINTAINED IN A SEPARATE ACCOUNT AND IS USED ONLY TO REDUCE THE UNFUNDED LIABILITY IN THE STATE FUND; AMENDING SECTION 39-71-2502, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. Section 39-71-2502, MCA, is amended to read:

**"39-71-2502. (Temporary) Findings and purpose.** (1) Based on current liabilities and actuarial analysis, an unfunded liability presently exists in the state fund and is projected to increase. *The legislature recognizes that the fund actuary has determined that on June 30, 1988, a full funding deficiency of $157.3 million existed for the state fund.* While legislative action is required to correct the causes of the unfunded liability, those actions will not provide sufficient funds to permit the state fund to pay its existing liabilities and obligations in a timely manner from premium and investment income available to the state fund. Therefore, it is necessary to provide a source of funding for the unfunded liability in addition to premium and investment income.

(2) The police power of the state extends to all great public needs. The state, in the exercise of its police power, has determined that it is greatly and immediately necessary to the public welfare to make workers' compensation insurance available to all employers through the state fund as the insurer of last resort. In making this insurance available, the state fund has incurred the unfunded liability described in subsection (1). The burden of this unfunded liability should not be borne solely by those employers who have insured with the state fund because the availability of insurance to all employers through the state fund has benefited all employers who have workers' compensation coverage. Therefore, all employers who have employments covered by the workers' compensation laws should share in the cost of the unfunded liability.

HeinOnline -- 1989 vol. I 988 1989

(3) The purpose of this part is to provide a supplemental source of financing for the unfunded liability.

*(4) To ensure that the circumstances that contributed to the unfunded liability are not perpetuated, premium rates must be set on an actuarially sound basis as required by state law. The revenue derived from the payroll tax imposed by 39-71-2503 may not be considered revenue for the purpose of establishing premium rates for present or future coverage periods.* **(Terminates June 30, 1991—sec. 10, Ch. 664, L. 1987.)"**

Section 2. **Extension of authority.** Any existing authority to make rules on the subject of the provisions of [this act] is extended to the provisions of [this act].

Section 3. **Coordination instruction.** If Senate Bill No. 405 is passed and approved and if it provides for a tax on employees' wages, then [section 1(4)] of this act is amended so that language referring to "The revenue derived from the payroll tax imposed by 39-71-2503" will read "The revenue derived from the payroll and wage tax imposed by 39-71-2503".

Section 4. **Effective date.** [This act] is effective on passage and approval.

Approved April 4, 1989.

**"23-2-731. Purpose.** *The legislature finds that skiing is a major recreational sport and a major industry in the state and recognizes that among the attractions of the sport are risks, inherent and otherwise. The state has a legitimate interest in maintaining the economic viability of the ski industry by discouraging claims based on damages resulting from risks inherent in the sport, defining inherent risks, and establishing the duties of skiers and ski area operators."*

Section 2. Section 23-2-732, MCA, is amended to read:

*(7) post a copy of 23-2-736 in a conspicuous location.*"

Section 4. Section 23-2-736, MCA, is amended to read:

**"23-2-736. Skier's conduct — inherent risks.** (1) A skier *has the duty to conduct himself at all times so that he avoids injury to himself and others and to be aware of the inherent risks of the sport.*

(2) A skier:

*(a) must know the range of his ability and safely conduct himself within the limits of that ability and his equipment so as to negotiate any section of terrain or ski trail safely and without injury or damage. A skier must know that his ability may vary because of trail changes caused by weather, grooming changes, or skier use.*

*(b) shall maintain control of speed and course so as to prevent injury to himself or others;*

HeinOnline -- 1989 vol. I 990 1989

*(c) must abide by the requirements of the skier responsibility code that is published by the national ski areas association and that is current on [the effective date of this act]; and*

*(d) shall obey all posted or other warnings and instructions of the ski area operator.*

(3) A person may not:

*(a)* place an object in the ski area or on the uphill track of a passenger tramway that may cause a passenger or skier to fall;

*(b)* cross the track of a passenger tramway except at a designated and approved *point;* or

*(c)* if involved in a skiing accident, depart from the scene of the accident without:

*(i)* leaving personal identification; *or*

*(ii)* notifying the proper authorities *and* obtaining assistance when *he* knows that a person involved in the accident is in need of medical or other assistance.

*(4) A skier must accept all legal responsibility for injury or damage of any kind to the extent that the injury or damage results from risks inherent in the sport of skiing. Risks inherent in the sport of skiing are:*

*(a) variations in skiing terrain, including surface and subsurface snow or ice conditions naturally occurring or resulting from weather changes, skier use, or grooming or snowmaking operations;*

AN ACT REQUIRING THE BOARD OF NURSING TO ESTABLISH A PROGRAM TO ASSIST LICENSED NURSES WHO ARE FOUND TO BE PHYSICALLY OR MENTALLY IMPAIRED BY HABITUAL INTEMPERANCE OR THE EXCESSIVE USE OF NARCOTIC DRUGS, ALCOHOL, OR OTHER SUBSTANCES; AMENDING SECTION 37-8-202, MCA; AND PROVIDING AN EFFECTIVE DATE.

**"37-8-202. Organization — meetings — powers and duties.** (1) The board shall meet annually and shall elect from among the nine members a president and a secretary. The board shall hold other meetings when necessary to transact its business. A majority of the board constitutes a quorum at any meeting. The department shall keep complete minutes and records of the meetings and rules and orders promulgated by the board.

(2) The board may make rules necessary to administer this chapter. The board shall prescribe standards for schools preparing persons for registration and licensure under this chapter. The department shall, subject to 37-1-101, examine and issue to and renew licenses of qualified applicants. The board shall conduct hearings on charges which may call for discipline of a licensee, revocation of a license, or removal of schools of nursing from the approved list. It shall cause the prosecution of persons violating this chapter and may incur necessary expenses for this.

(3) The board may adopt and the department shall publish forms for use by applicants and others, including license, certificate, and identity forms and other appropriate forms and publications convenient for the proper administration of this chapter, and the board may fix reasonable fees for incidental services, all within the subject matter delegated by this chapter.

(4) The board may participate in and pay fees to a national organization of state boards of nursing to assure interstate endorsement of licenses.

(5) The board of nursing may define the educational requirements and other qualifications applicable to specialty areas of nursing. Specialty areas of nursing are those that require additional professional education beyond the basic nursing degree required of a registered nurse, which additional education is obtained in courses offered in a university setting or its equivalent. The applicant must be certified by a specialty area certifying body. Specialty areas of nursing include nurse practitioners, nurse-midwives, and nurse-anesthetists.

AN ACT TO GENERALLY REVISE THE HUNTING LICENSING STATUTES; LOWERING THE AGE LIMIT OF PERSONS WHO MUST OBTAIN A WATERFOWL STAMP TO HUNT WATERFOWL; PROHIBITING A PERSON FROM APPLYING FOR, OBTAINING, OR POSSESSING MORE THAN ONE LICENSE OF A CLASS UNLESS AUTHORIZED BY THE FISH AND GAME COMMISSION; AMENDING SECTIONS 87-2-104, 87-2-411, AND 87-2-702, MCA; AND PROVIDING AN EFFECTIVE DATE.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. Section 87-2-411, MCA, is amended to read:

"**87-2-411. Stamp required to hunt waterfowl.** (1) It is unlawful for any person *15* years of age or older to pursue, hunt, shoot, or kill waterfowl without first having obtained a valid waterfowl stamp from the department. The fee for such stamp is $5.

(2) For the purpose of this section, the term "waterfowl" means wild ducks, wild geese, brant, and swans."

Section 2. Section 87-2-104, MCA, is amended to read:

"**87-2-104. Number of licenses allowed — fees.** (1) *It is unlawful for any person to apply for, purchase, or possess more than* one license of any one class *or more than one special license for any one species listed in 87-2-701. This provision does not apply to Class B-4 licenses or to licenses issued under subsection (3) for game management purposes. However, when more than one license is authorized by the commission, it is unlawful to apply for, purchase, or possess more licenses than are authorized.*

*(2)* The department may prescribe rules and regulations for the issuance or sale of a replacement license in the event the original license is lost, stolen, or destroyed upon payment of *a fee not to exceed* $5.

*(3)* When authorized by the commission for game management purposes, the department may issue more than one Class A-3, Class A-4, Class B-7, Class B-8, or special antelope license to an applicant. # CHAPTER NO. 432

[HB 399]

AN ACT GENERALLY REVISING THE WATER USE LAWS; REQUIRING A POSSESSORY INTEREST IN THE PROPERTY ON WHICH WATER WILL BE APPLIED IN ORDER TO OBTAIN A PERMIT OR TO APPROPRIATE GROUNDWATER; MODIFYING THE CRITERIA FOR ISSUING A PERMIT AND FOR APPROVING A CHANGE APPLICATION; CLARIFYING THE JURISDICTION OF A WATER COMMISSIONER TO MAINTAIN HEADGATES; AMENDING SECTIONS 85-2-306, 85-2-311, 85-2-402, AND 85-5-302, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. Section 85-2-306, MCA, is amended to read:

"**85-2-306. Exceptions to permit requirements.** (1) Groundwater may be appropriated only by a person who has *a possessory interest in the*

HeinOnline -- 1989 vol. I 994 1989

*property where the water is to be put to beneficial use and* exclusive property rights in the groundwater development works or, *if another person has rights in the groundwater development works,* the written consent of the person with those property rights. Outside the boundaries of a controlled groundwater area, a permit is not required before appropriating groundwater by means of a well or developed spring with a maximum appropriation of less than 100 gallons per minute, except that a combined appropriation from the same source from two or more wells or developed springs exceeding this limitation requires a permit. Within 60 days of completion of the well or developed spring and appropriation of the groundwater for beneficial use, the appropriator shall file a notice of completion with the department on a form provided by the department at its offices and at the offices of the county clerk and recorders. Upon receipt of the notice, the department shall review the notice and may, before issuing a certificate of water right, return a defective notice for correction or completion, together with the reasons for returning it. A notice does not lose priority of filing because of defects if the notice is corrected, completed, and refiled with the department within 30 days or within a further time as the department may allow, not to exceed 6 months. If a notice is not corrected and completed within the time allowed, the priority date of appropriation shall be the date of refiling a correct and complete notice with the department. A certificate of water right may not be issued until a correct and complete notice has been filed with the department. The original of the certificate shall be sent to the appropriator. The department shall keep a copy of the certificate in its office in Helena. The date of filing of the notice of completion is the date of priority of the right.

(2) An appropriator of groundwater by means of a well or developed spring first put to beneficial use between January 1, 1962, and July 1, 1973, who did not file a notice of completion, as required by laws in force prior to April 14, 1981, with the county clerk and recorder shall file a notice of completion, as provided in subsection (1) of this section, with the department to perfect the water right. The filing of a claim of existing water right pursuant to 85-2-221 is sufficient notice of completion under this subsection. The priority date of the appropriation shall be the date of the filing of a notice as provided in subsection (1) of this section or the date of the filing of the claim of existing water right. An appropriation under this subsection is an existing right, and a permit is not required; however, the department shall acknowledge the receipt of a correct and complete filing of a notice of completion, except that for an appropriation of less than 100 gallons per minute, the department shall issue a certificate of water right. If a certificate is issued under this section, a certificate need not be issued under the adjudication proceedings provided for in 85-2-236.

(3) A permit is not required before constructing an impoundment or pit and appropriating water for use by livestock if the maximum capacity of the impoundment or pit is less than 15 acre-feet and the appropriation is less than 30 acre-feet per year and is from a source other than a perennial flowing stream and the impoundment or pit is to be constructed on and will be accessible to a parcel of land that is owned or under the control of the applicant and that is 40 acres or larger. As used in this subsection, a

HeinOnline -- 1989 vol. I 995 1989

perennial flowing stream means a stream which historically has flowed continuously at all seasons of the year, during dry as well as wet years. However, within 60 days after constructing the impoundment or pit, the appropriator shall apply for a permit as prescribed by this part. Upon receipt of a correct and complete application for a stockwater provisional permit, the department shall then automatically issue a provisional permit. If the department determines after a hearing that the rights of other appropriators have been or will be adversely affected, it may revoke the permit or require the permittee to modify the impoundment or pit and may then make the permit subject to such terms, conditions, restrictions, or limitations it considers necessary to protect the rights of other appropriators.

(4) A person may also appropriate water without applying for or prior to receiving a permit under rules adopted by the board under 85-2-113."

Section 2. Section 85-2-311, MCA, is amended to read:

**"85-2-311. Criteria for issuance of permit.** (1) Except as provided in subsections (2) through (4), the department shall issue a permit if the applicant proves by substantial credible evidence that the following criteria are met:

(a) there are unappropriated waters in the source of supply *at the proposed point of diversion*:

(i) at times when the water can be put to the use proposed by the applicant;

(ii) in the amount the applicant seeks to appropriate; and

(iii) *during* the period *in* which the applicant seeks to appropriate, the amount requested is *reasonably* available;

(b) the water rights of a prior appropriator will not be adversely affected;

(c) the proposed means of diversion, construction, and operation of the appropriation works are adequate;

(d) the proposed use of water is a beneficial use;

(e) the proposed use will not interfere unreasonably with other planned uses or developments for which a permit has been issued or for which water has been reserved; *and*

*(f) the applicant has a possessory interest, or the written consent of the person with the possessory interest, in the property where the water is to be put to beneficial use.*

(2) The department may not issue a permit for an appropriation of 4,000 or more acre-feet of water a year and 5.5 or more cubic feet per second of water unless the applicant proves by clear and convincing evidence that:

(a) the criteria in subsection (1) are met;

(b) the rights of a prior appropriator will not be adversely affected;

HeinOnline -- 1989 vol. I 996 1989

(c) the proposed appropriation is a reasonable use. Such a finding shall be based on a consideration of the following:

(i) the existing demands on the state water supply, as well as projected demands such as reservations of water for future beneficial purposes, including municipal water supplies, irrigation systems, and minimum streamflows for the protection of existing water rights and aquatic life;

(ii) the benefits to the applicant and the state;

(iii) the effects on the quantity and quality of water for existing beneficial uses in the source of supply;

(iv) the availability and feasibility of using low-quality water for the purpose for which application has been made;

(v) the effects on private property rights by any creation of or contribution to saline seep; and

(vi) the probable significant adverse environmental impacts of the proposed use of water as determined by the department pursuant to Title 75, chapter 1, or Title 75, chapter 20.

(3) (a) The state of Montana has long recognized the importance of conserving its public waters and the necessity to maintain adequate water supplies for the state's water requirements, including requirements for reserved water rights held by the United States for federal reserved lands and in trust for the various Indian tribes within the state's boundaries. Although the state of Montana also recognizes that, under appropriate conditions, the out-of-state transportation and use of its public waters are not in conflict with the public welfare of its citizens or the conservation of its waters, the criteria in this subsection (3) must be met before out-of-state use may occur.

(b) The department may not issue a permit for the appropriation of water for withdrawal and transportation for use outside the state unless the applicant proves by clear and convincing evidence that:

(i) depending on the volume of water diverted or consumed, the applicable criteria and procedures of subsection (1) or (2) are met;

(ii) the proposed out-of-state use of water is not contrary to water conservation in Montana; and

(iii) the proposed out-of-state use of water is not otherwise detrimental to the public welfare of the citizens of Montana.

(c) In determining whether the applicant has proved by clear and convincing evidence that the requirements of subsections (3)(b)(ii) and (3)(b)(iii) are met, the department shall consider the following factors:

(i) whether there are present or projected water shortages within the state of Montana;

(ii) whether the water that is the subject of the application could feasibly be transported to alleviate water shortages within the state of Montana;

HeinOnline -- 1989 vol. I 997 1989

(iii) the supply and sources of water available to the applicant in the state where the applicant intends to use the water; and

(iv) the demands placed on the applicant's supply in the state where the applicant intends to use the water.

(d) When applying for a permit or a lease to withdraw and transport water for use outside the state, the applicant shall submit to and comply with the laws of the state of Montana governing the appropriation, lease, and use of water.

(4) An appropriation, diversion, impoundment, use, restraint, or attempted appropriation, diversion, impoundment, use, or restraint contrary to the provisions of this section is invalid. No officer, agent, agency, or employee of the state may knowingly permit, aid, or assist in any manner such unauthorized appropriation, diversion, impoundment, use, or other restraint. No person or corporation may, directly or indirectly, personally or through an agent, officer, or employee, attempt to appropriate, divert, impound, use, or otherwise restrain or control waters within the boundaries of this state except in accordance with this section."

Section 3. Section 85-2-402, MCA, is amended to read:

**"85-2-402. Changes in appropriation rights.** (1) An appropriator may not make a change in an appropriation right except as permitted under this section and with the approval of the department or, if applicable, of the legislature.

(2) Except as provided in subsections (3) through (5), the department shall approve a change in appropriation right if the appropriator proves by substantial credible evidence that the following criteria are met:

(a) The proposed use will not adversely affect the water rights of other persons or other planned uses or developments for which a permit has been issued or for which water has been reserved.

(b) The proposed means of diversion, construction, and operation of the appropriation works are adequate.

(c) The proposed use of water is a beneficial use.

*(d) The applicant has a possessory interest, or the written consent of the person with the possessory interest, in the property where the water is to be put to beneficial use.*

(3) The department may not approve a change in purpose of use or place of use of an appropriation of 4,000 or more acre-feet of water a year and 5.5 or more cubic feet per second of water unless the appropriator proves by substantial credible evidence that:

(a) the criteria in subsection (2) are met;

(b) the proposed change is a reasonable use. A finding of reasonable use must be based on a consideration of:

(i) the existing demands on the state water supply, as well as projected demands *for* water for future beneficial purposes, including municipal water

HeinOnline -- 1989 vol. I 998 1989

supplies, irrigation systems, and minimum streamflows for the protection of existing water rights and aquatic life;

(ii) the benefits to the applicant and the state;

(iii) the effects on the quantity and quality of water for existing uses in the source of supply;

(iv) the availability and feasibility of using low-quality water for the purpose for which application has been made;

(v) the effects on private property rights by any creation of or contribution to saline seep; and

(vi) the probable significant adverse environmental impacts of the proposed use of water as determined by the department pursuant to Title 75, chapter 1, or Title 75, chapter 20.

(4) The department may not approve a change in purpose of use or place of use for a diversion that results in 4,000 or more acre-feet of water a year and 5.5 or more cubic feet per second of water being consumed unless:

(a) the applicant proves by clear and convincing evidence and the department finds that the criteria in subsections (2) and (3) are met; and

(b) the department then petitions the legislature and the legislature affirms the decision of the department after one or more public hearings.

(5) (a) The state of Montana has long recognized the importance of conserving its public waters and the necessity to maintain adequate water supplies for the state's water requirements, including requirements for reserved water rights held by the United States for federal reserved lands and in trust for the various Indian tribes within the state's boundaries. Although the state of Montana also recognizes that, under appropriate conditions, the out-of-state transportation and use of its public waters are not in conflict with the public welfare of its citizens or the conservation of its waters, the following criteria must be met before out-of-state use may occur:

(b) The department and, if applicable, the legislature may not approve a change in appropriation right for the withdrawal and transportation of appropriated water for use outside the state unless the appropriator proves by clear and convincing evidence and, if applicable, the legislature approves after one or more public hearings that:

(i) depending on the volume of water diverted or consumed, the applicable criteria and procedures of subsection (2) or (3) are met;

(ii) the proposed out-of-state use of water is not contrary to water conservation in Montana; and

(iii) the proposed out-of-state use of water is not otherwise detrimental to the public welfare of the citizens of Montana.

(c) In determining whether the appropriator has proved by clear and convincing evidence that the requirements of subsections (5)(b)(ii) and

HeinOnline -- 1989 vol. I 999 1989

(5)(b)(iii) will be met, the department and, if applicable, the legislature shall consider the following factors:

(i) whether there are present or projected water shortages within the state of Montana;

(ii) whether the water that is the subject of the proposed change in appropriation might feasibly be transported to alleviate water shortages within the state of Montana;

(iii) the supply and sources of water available to the applicant in the state where the applicant intends to use the water; and

(iv) the demands placed on the applicant's supply in the state where the applicant intends to use the water.

(d) When applying for a change in appropriation right to withdraw and transport water for use outside the state, the applicant shall submit to and comply with the laws of the state of Montana governing the appropriation and use of water.

(6) For any application for a change in appropriation right involving 4,000 or more acre-feet of water a year and 5.5 or more cubic feet per second of water, the department shall give notice of the proposed change in accordance with 85-2-307 and shall hold one or more hearings in accordance with 85-2-309 prior to its approval or denial of the proposed change. The department shall provide notice and may hold one or more hearings upon any other proposed change if it determines that such a change might adversely affect the rights of other persons.

(7) The department or the legislature, if applicable, may approve a change subject to such terms, conditions, restrictions, and limitations as it considers necessary to satisfy the criteria of this section, including limitations on the time for completion of the change. The department may extend time limits specified in the change approval under the applicable criteria and procedures of 85-2-312*(5)*.

(8) If a change is not completed as approved by the department or legislature or if the terms, conditions, restrictions, and limitations of the change approval are not complied with, the department may, after notice and opportunity for hearing, require the appropriator to show cause why the change approval should not be modified or revoked. If the appropriator fails to show sufficient cause, the department may modify or revoke the change approval.

(9) The original of a change approval issued by the department must be sent to the applicant, and a duplicate must be kept in the office of the department in Helena.

(10) A person holding an issued permit or change approval that has not been perfected may change the place of diversion, place of use, purpose of use, or place of storage by filing an application for change pursuant to this section.

(11) A change in appropriation right contrary to the provisions of this section is invalid. No officer, agent, agency, or employee of the state may

HeinOnline -- 1989 vol. I 1000 1989

knowingly permit, aid, or assist in any manner such unauthorized change in appropriation right. No person or corporation may, directly or indirectly, personally or through an agent, officer, or employee, attempt to change an appropriation right except in accordance with this section."

Section 4. Section 85-5-302, MCA, is amended to read:

**"85-5-302. Maintenance of headgates and measuring devices.** All persons using water from any stream or ditch whereon a water commissioner is appointed *are* required to have suitable headgates at the point *where* a ditch taps a stream and shall also, at some suitable place on the ditch and as near the head as practicable, place and maintain a proper measuring box, weir, or other appliance for the measurement of the waters flowing in *the* ditch. In case any person or persons shall fail to place or maintain a proper measuring appliance, it *is* the duty of *the* water commissioner not to apportion or distribute any water through *the* ditch. The commissioner *shall* notify all parties interested by certified mail or in person 1 week before making the annual repair or cleaning of any stream or ditch or performing necessary labor or expenses to divert water to any ditch. The sending of a certified letter to the last known post-office address of any interested party *is* prima facie evidence of the fact that he was duly notified. Any work in the way of repairing a ditch made necessary by any emergency may be done without such notice when injury would result from delay."

Section 5. **Extension of authority.** Any existing authority to make rules on the subject of the provisions of [this act] is extended to the provisions of [this act].

Section 6. **Effective date.** [This act] is effective on passage and approval.

Approved April 4, 1989.

STATEMENT OF INTENT

A statement of intent is required for this bill because [sections 12 and 13] require the department of family services to adopt rules governing procedures for distributing funds to counties for juvenile detention facilities and services. The rules must require a county applying for funds to provide necessary information to enable the department to determine the financial and administrative feasibility of establishing or acquiring the desired detention facility or services. In addition, the rules must require a county to submit information regarding the safety and habitability of the facility and its compliance with state and federal requirements, such as availability of medical and educational services and physical recreation.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. Section 7-32-2221, MCA, is amended to read:

**"7-32-2221. Segregation of prisoners — confinement of juveniles.** (1) Each county jail must contain a sufficient number of rooms to allow the sheriff, jail administrator, or private party jailer to separately confine classes of prisoners as may be necessary to the security and safety of those prisoners and the jail.

(2) Persons who are violent, disturbed, or inebriated must not be kept or put into the same room with other prisoners, nor shall male and female prisoners (except husband and wife) be kept or put into the same room.

HeinOnline -- 1989 vol. I 1003 1989

care, delinquent youth, and youth in need of supervision of this state and of the desirability of meeting these needs on a community level to the fullest extent possible, establishes by this part a system of substitute care to provide facilities and services for youth placed out of their homes and establishes a program to provide such facilities and services through local nonprofit corporations, *counties*, and the department of family services."

Section 3. Section 41-3-1103, MCA, is amended to read:

**"41-3-1103. Powers and duties of department.** (1) The department shall:

(a) administer all state and federal funds allocated to the department for youth foster homes, youth group homes, child-care agencies, *and detention facilities and services* for youth in need of care, youth in need of supervision, and delinquent youth, *as defined in 41-5-103*;

(b) exercise licensing authority over all *detention facilities as defined in 41-5-103*, youth foster homes, youth group homes, and child-care agencies;

(c) collect and disseminate information relating to youth in need of care, youth in need of supervision, and delinquent youth;

(d) provide for training of program personnel delivering services;

(e) in cooperation with youth care facility providers, develop and implement standards for youth care facilities;

(f) maintain adequate data on placements it funds in order to keep the legislature properly informed of the following:

(i) the breakdown of youth in need of care, youth in need of supervision, and delinquent youth by category in out-of-home care facilities;

(ii) the cost per facility for services rendered;

(iii) the type and level of care of services provided by each facility;

(iv) a profile of out-of-home care placements by level of care; and

(v) a profile of public institutional placements; and

(g) administer all funds allocated to the department for residential alcohol and drug abuse treatment for indigent youths in need of care, indigent youths in need of supervision, and indigent delinquent youths who require such treatment.

(2) The department may:

(a) enter into contracts with nonprofit corporations or associations or private organizations to provide facilities and services for youth in need of care, youth in need of supervision, and delinquent youth;

(b) accept gifts, grants, and donations of money and property from public and private sources to initiate and maintain community-based services to youth;

(c) adopt rules to carry out the administration and purposes of this part.

HeinOnline -- 1989 vol. I 1004 1989

(3) The department shall pay for room, board, clothing, personal needs, transportation, and treatment in youth foster care homes and youth group homes for youths committed to the department who need to be placed in such facilities."

Section 4. Section 41-5-206, MCA, is amended to read:

"**41-5-206. Transfer to criminal court.** (1) After a petition has been filed alleging delinquency, the court may, upon motion of the county attorney, before hearing the petition on its merits, transfer the matter of prosecution to the district court if:

(a) (i) the youth charged was 12 years of age or more at the time of the conduct alleged to be unlawful and the unlawful act would constitute sexual intercourse without consent as defined in 45-5-503, deliberate homicide as defined in 45-5-102, or mitigated deliberate homicide as defined in 45-5-103, or the attempt, as defined in 45-4-103, of either deliberate or mitigated deliberate homicide if the act had been committed by an adult; or

(ii) the youth charged was 16 years of age or more at the time of the conduct alleged to be unlawful and the unlawful act is one or more of the following:

(A) negligent homicide as defined in 45-5-104;

(B) arson as defined in 45-6-103;

(C) aggravated or felony assault as defined in 45-5-202;

(D) robbery as defined in 45-5-401;

(E) burglary or aggravated burglary as defined in 45-6-204;

(F) aggravated kidnapping as defined in 45-5-303;

(G) possession of explosives as defined in 45-8-335;

(H) criminal sale of dangerous drugs as included in 45-9-101;

(I) attempt as defined in 45-4-103 of any of the acts enumerated in subsections (1)(a)(ii)(A) through (1)(a)(ii)(H);

(b) a hearing on whether the transfer should be made is held in conformity with the rules on a hearing on a petition alleging delinquency, except that the hearing will be to the youth court without a jury;

(c) notice in writing of the time, place, and purpose of the hearing is given to the youth, his counsel, and his parents, guardian, or custodian at least 10 days before the hearing; and

(d) the court finds upon the hearing of all relevant evidence that there is probable cause to believe that:

(i) the youth committed the delinquent act alleged;

(ii) the seriousness of the offense and the protection of the community require treatment of the youth beyond that afforded by juvenile facilities; and

HeinOnline -- 1989 vol. I 1005 1989

(iii) the alleged offense was committed in an aggressive, violent, or premeditated manner.

(2) In transferring the matter of prosecution to the district court, the court may also consider the following factors:

(a) the sophistication and maturity of the youth, determined by consideration of his home, environmental situation, and emotional attitude and pattern of living;

(b) the record and previous history of the youth, including previous contacts with the youth court, law enforcement agencies, youth courts in other jurisdictions, prior periods of probation, and prior commitments to juvenile institutions. However, lack of a prior juvenile history with youth courts will not of itself be grounds for denying the transfer.

(3) The court shall grant the motion to transfer if the youth was 16 years old or older at the time of the conduct alleged to be unlawful and the unlawful act would constitute deliberate homicide as defined in 45-5-102, mitigated deliberate homicide as defined in 45-5-103, or the attempt, as defined in 45-4-103, of either deliberate or mitigated deliberate homicide if the act had been committed by an adult.

(4) Upon transfer to district court, the judge shall make written findings of the reasons why the jurisdiction of the youth court was waived and the case transferred to district court.

(5) The transfer terminates the jurisdiction of the youth court over the youth with respect to the acts alleged in the petition. No youth may be prosecuted in the district court for a criminal offense originally subject to the jurisdiction of the youth court unless the case has been transferred as provided in this section.

(6) Upon order of the youth court transferring the case to the district court, the county attorney shall file the information against the youth without unreasonable delay.

(7) Any offense not enumerated in subsection (1) that arises during the commission of a crime enumerated in subsection (1) may be:

(a) tried in youth court;

(b) transferred to district court with an offense enumerated in subsection (1), upon motion of the county attorney and order of the youth court judge.

(8) If a youth is found guilty in district court of any of the offenses transferred by the youth court and is sentenced to the state prison, his commitment shall be to the department of institutions which shall confine the youth in whatever institution it considers proper, including a state youth correctional facility under the procedures of 53-30-212; however, no youth under 16 years of age may be confined in the state prison.

*(9) A youth whose case is transferred to district court may not be detained in an adult detention facility before final disposition of the case unless the youth court judge determines that:*

HeinOnline -- 1989 vol. I 1006 1989

*(a) the youth facilities do not provide adequate security; and*

*(b) detention in the adult facility is in an area physically, aurally, and visually separate from that of adults.*"

Section 5. Section 41-5-306, MCA, is amended to read:

Section 6. Section 41-5-308, MCA, is amended to read:

"**41-5-308. Placement of youth before probable cause hearing.** (1) Before the probable cause hearing, a youth alleged to be a *delinquent* youth may be held in a jail or other facility for adults only if:

HeinOnline -- 1989 vol. I 1007 1989

(b) the placement is in an area physically, *aurally,* and visually separate from those of adults; and

(c) it appears that public safety and protection reasonably require the youth to be held.

(2) The official in charge of a jail or other facility for the detention of adult offenders or persons charged with a crime shall inform the court immediately if a person who is or appears to be under the age of 18 years is received at the facility."

Section 7. Section 41-5-523, MCA, is amended to read:

**"41-5-523. Disposition of delinquent youth and youth in need of supervision.** (1) If a youth is found to be delinquent or in need of supervision, the youth court may enter its judgment making any of the following dispositions:

(a) place the youth on probation;

(b) commit the youth to the department. The department shall thereafter determine the appropriate placement, supervision, and rehabilitation program for the youth after considering the recommendation of the youth placement committee as provided in 41-5-527; provided, however, that:

(i) in the case of a youth in need of supervision, such commitment does not authorize the department to place the youth in a state youth correctional facility. The court shall determine whether continuation in the home would be contrary to the welfare of the child and whether reasonable efforts have been made to prevent or eliminate the need for removal of the child from his home. The court shall include such determination in the order committing the youth to the department.

(ii) in the case of a delinquent youth who is a serious juvenile offender, the judge may specify that the youth be placed in physical confinement in an appropriate facility only if the judge finds that such confinement is necessary for the protection of the public;

(iii) a youth may not be held in physical confinement for a period of time in excess of the maximum period of imprisonment that could be imposed on an adult convicted of the offense or offenses that brought the youth under the jurisdiction of the youth court. Nothing in this section limits the power of the department to enter into an aftercare agreement with the youth pursuant to 53-30-226.

(iv) a youth is under the supervision of a youth probation officer, except that a youth placed in a youth correctional facility is supervised by the department;

(c) order such further care and treatment or evaluation that does not obligate funding from the department without the department's approval;

(d) order restitution by the youth or his parents;

(e) impose a fine as authorized by law if the violation alleged would constitute a criminal offense if committed by an adult;

HeinOnline -- 1989 vol. I 1008 1989

(f) require the performance of community service;

(g) require the youth, his parents, his guardians, or the persons having legal custody of the youth to receive counseling services;

(h) require the medical and psychological evaluation of the youth, his parents, his guardians, or the persons having legal custody of the youth;

(i) require the parents, guardians, or other persons having legal custody of the youth to furnish such services as the court may designate; or

(j) such further care, treatment, evaluation, or relief that the court considers beneficial to the youth and the community.

(2) At any time after the youth has been taken into custody *and before final disposition*, the court may, with the consent of the youth in the manner provided in 41-5-303 for consent by a youth to a waiver of his constitutional rights or after the youth has been adjudicated delinquent or in need of supervision, order the youth to be evaluated for a period not to exceed 45 days. The *county commissioners are responsible for* the *cost* of *the* evaluation *and may contract with the department or other public or private agencies to obtain evaluation services.*

(3) No evaluation of a youth may be performed at the Montana state hospital unless such youth is transferred to the district court under 41-5-206.

(4) No youth may be committed or transferred to a penal institution or other facility used for the execution of sentence of adult persons convicted of crimes.

(5) Any order of the court may be modified at any time. In the case of a youth committed to the department, an order pertaining to the youth may be modified only upon notice to the department and subsequent hearing.

(6) Whenever the court vests legal custody in an agency, institution, or department, it must transmit with the dispositional judgment copies of a medical report and such other clinical, predisposition, or other reports and information pertinent to the care and treatment of the youth.

(7) The order of commitment to the department shall read as follows:

*(2)* (a) *The* county commissioners may *maintain*, by purchase, lease, or otherwise, a detention facility, which *may* not be used for the confinement of adult persons charged with criminal offenses, where delinquent youths may be detained until final disposition.

(b) The county commissioners may appoint *necessary* personnel who have charge of *the* facility and of the youths detained therein.

(c) *The* facility *must* be separate and apart from any facility housing adults charged with criminal offenses.

(d) State appropriations and federal funds may be received by the counties, cities, or nonprofit corporations for establishment, maintenance, or operation of *the* facility.

HeinOnline -- 1989 vol. I 1010 1989

(e) *The* facility *must* be furnished in a comfortable manner and be as nearly as possible like a family home.

(f) *The* facility may be operated in conjunction with a detention facility."

Section 9. Section 41-5-808, MCA, is amended to read:

**"41-5-808. Detention facility for more than one county or city.** (1) *To satisfy the requirements of 41-5-802(1), a* detention facility may be established and maintained through cooperation or by cooperative agreement of more than one county or city.

(2) Each detention facility must be licensed by the department.

(3) The county determined by the court as the residence of the youth is responsible for the cost of the detention of the youth, including medical expenses incurred during detention.

(4) Counties receiving detention services must be billed monthly for services provided during the preceding month and may be refused services if bills are not paid within 60 days of receipt of a statement."

Section 10. Section 41-5-809, MCA, is amended to read:

**"53-30-229. Hearing on alleged violation of aftercare agreement — right to appeal outcome.** (1) When it is alleged by an aftercare counselor that a youth has violated the terms of his aftercare agreement, the youth shall be granted a hearing at the site of the alleged violation or in the county where the youth is residing or is found within 10 days after notice has been served on the youth or the youth is detained, whichever is earlier. The purpose of the hearing is to determine whether the youth committed the violation and, if so, whether the violation is of such a nature that he should be returned to the youth correctional facility from which he was released or a different plan for treatment should be pursued by the department of family services.

(2) The youth, upon advice of an attorney, may waive his right to a hearing.

(3) With regard to this hearing, the youth shall be given:

(a) written notice of the alleged violation of his aftercare agreement, including notice of the purpose of the hearing;

(b) disclosure of the evidence against him and the facts constituting the alleged violation;

(c) opportunity to be heard in person and to present witnesses and documentary evidence to controvert the evidence against him and to show that there are compelling reasons *that* justify or mitigate the violation;

HeinOnline -- 1989 vol. I 1011 1989

(d) opportunity to have the referee subpoena witnesses;

(e) the right to confront and cross-examine adverse witnesses;

(f) the right to be represented by an attorney;

(g) a record of the hearing; and

(h) notice that a written statement as to the evidence relied upon in reaching the final decision and the reasons for the final decision will be provided by the referee.

(4) The department shall appoint a referee, who *may* not be an employee of the department, to conduct the hearing. In the conduct of the hearing, the department may request the county attorney's assistance as necessary. The department shall adopt rules necessary to effect a prompt and full review.

(5) If the referee finds, by a preponderance of the evidence, that the youth did in fact commit the violation, he shall make a recommendation to the department for the placement of the youth. In making this recommendation, the referee may consider mitigating circumstances. Final approval rests with the department and must be made within 10 days of the referee's recommendation.

(6) The youth may appeal from the decision at the hearing to the district court of the county in which the hearing was held by serving and filing a notice of appeal with the court within 10 days of the department's decision. The youth may obtain a written transcript of the hearing from the department by giving written notice of appeal. The district court, upon receipt of a notice of appeal, shall order the department to promptly certify to the court a record of all proceedings before the department and shall proceed to a prompt hearing on the appeal based upon the record on appeal. The decision of the department *may* not be altered except for abuse of discretion or manifest injustice.

(7) Pending the hearing on a violation and pending the department's decision, a youth may not be detained except when his detention or care is required to protect the person or property of the youth or of others or he may abscond or be removed from the community. *The department shall determine the place and manner of detention and is responsible for the cost of the detention.* Procedures for taking into custody and detention of a youth charged with violation of his aftercare agreement *are* as provided in 41-3-1111, 41-5-303(2) through (6), 41-5-306, and 41-5-308.

Section 12. **State funding for detention facilities or services.** (1) To the extent that funds are appropriated under [section 13], a county may apply to the department for funds to assist in the purchase, construction, maintenance, or operation of detention facilities or services.

(2) A county requesting funds shall submit to the department a written plan describing the facilities or services to be funded.

HeinOnline -- 1989 vol. I 1012 1989

(3) The department shall evaluate the plan to determine if funding is appropriate. In evaluating the plan, the department shall consider:

(a) whether each facility is licensed or otherwise approved by the department;

(b) the estimated number of youths expected to use each facility or service;

(c) the cost of operating each facility or providing the service;

(d) the review of a written plan by the county's local youth services advisory council provided for in 52-1-203; and

(e) any other standards adopted by rule by the department.

Section 13. **Detention facility and service fund.** (1) The legislature may appropriate funds to the department to implement [section 12].

(2) The department shall maintain a detention facility and service fund containing funds appropriated under subsection (1).

*Be it enacted by the Legislature of the State of Montana:*

Section 1. Section 61-8-312, MCA, is amended to read:

(2) No person shall operate *a vehicle subject to a term permit under 61-10-124(3)(d) or a* truck-trailer-trailer or truck tractor-semitrailer-trailer-trailer combination of vehicles subject to special permits under 61-10-124(4) at a speed greater than 55 miles per hour.

(3) No person shall operate any motor-driven cycle at any time mentioned in 61-9-201 at a speed greater than 35 miles per hour unless such motor-driven cycle is equipped with a headlamp or lamps which are adequate to reveal a person or vehicle at a distance of 300 feet ahead.

(4) No person shall operate a vehicle which is towing a housetrailer at a speed greater than a maximum of 50 miles per hour. **(Subsection (2) terminates July 1, 1989—sec. 8, Ch. 474, L. 1987.)"**

Section 2. Section 61-10-124, MCA, is amended to read:

**"61-10-124. (Temporary) Special permits — fee — cranes.** (1) As used in this section, "crane" means a self-propelled single-unit vehicle consisting of not more than four axles and used for raising, shifting, and lowering heavy weights by means of a projecting swinging arm.

(2) Except as provided in subsections (3)(b), *(3)(d),* and (6), in addition to the regular registration and gross vehicle weight fees, a fee of $10 for each trip permit and a fee of $75 for each term permit issued for size and weight in excess of that specified in 61-10-101 through 61-10-110 *must* be paid for all movements under special permits on the public highways under the jurisdiction of the department of highways.

(3) (a) Except as provided in subsections (3)(b), *(3)(d),* and (6), term or blanket permits may not be issued for an overwidth vehicle, combination

HeinOnline -- 1989 vol. I 1016 1989

of vehicles, load, or other thing in excess of 15 feet; an overlength vehicle, combination of vehicles, load, object, or other thing in excess of 95 feet; and an overheight vehicle, combination of vehicles, load, or other thing in excess of 14 feet, or of a limit determined by the department. A vehicle, combination of vehicles, load, or other thing in excess of these dimensions is limited to trip permits. Special permits for vehicle combinations of more than two trailers or more than two units designed for or used to carry a load are not permitted except as provided in subsection (6). Special permits for vehicle combinations may specify and special permits under subsection (6) must specify highway routing and otherwise limit or prescribe conditions of operation of the vehicle or combination, including but not limited to required equipment, speed, stability, operational procedures, and insurance.

(b) A term permit may be issued to a dealer in implements of husbandry and self-propelled machinery for an overwidth or overlength vehicle referred to in subsection (3)(a). When a terminal is beyond a 2-mile radius, the department may authorize travel between the terminal and the interchange. The fee for this permit is $125.*

(4) Except as provided in subsection (3)(b), a permit may not be issued for a period of time greater than the period for which the GVW license is valid as provided in this title, including grace periods allowed by this title. A vehicle, combination of vehicles, load, or other thing in excess of these dimensions is limited to trip permits. Special permits for vehicle combinations of more than two trailers are not permitted under this section. Special permits for vehicle combinations may specify highway routing and otherwise limit or prescribe conditions of operation of the vehicle or combination, including but not limited to required equipment, speed, stability, operational procedures, and insurance.

(b) A term permit may be issued to a dealer in implements of husbandry and self-propelled machinery for an overwidth or overlength vehicle referred to in subsection (3)(a). The fee for this permit is $75. This permit

HeinOnline -- 1989 vol. I 1018 1989

covers a period of 1 year and expires on December 31 of each year with no grace period.

When a terminal is beyond a 2-mile radius, the department may authorize travel between the terminal and the interchange. The fee for this permit is $125.*

(4) Except as provided in subsection (3)(b), a permit may not be issued for a period of time greater than the period for which the GVW license is valid as provided in this title, including grace periods allowed by this title. Owners of vehicles licensed in other jurisdictions may, at the discretion of the department of highways, purchase permits to expire with their registration. A license required by the state governs the issuance of a special permit.

(5) The owner or operator of a crane with a gross vehicle weight of less than 80,000 pounds may purchase a 30-day special permit for overweight if the crane has a current special mobile equipment identification plate and if the department of highways has approved the configuration of the crane through a weight analysis completed within the same calendar year. The permit is not transferable, and the fee for the permit is $200."

Section 3. **Extension of authority.** Any existing authority to make rules on the subject of the provisions of [this act] is extended to the provisions of [this act].

Section 4. **Effective date.** [This act] is effective on passage and approval.

AN ACT AUTHORIZING THE BOARD OF COMMISSIONERS OF AN IRRIGATION DISTRICT TO CREATE A SUBDISTRICT WITHIN THE DISTRICT; PROVIDING FOR THE CONSTRUCTION OF IRRIGATION IMPROVEMENTS WITHIN A SUBDISTRICT AND FOR THE ISSUANCE OF BONDS TO FINANCE THE IMPROVEMENTS; ALLOWING THE PRIVATE SALE OF BONDS OF IRRIGATION DISTRICTS TO CERTAIN GOVERNMENTAL ENTITIES; CLARIFYING THAT BONDS OF IRRIGATION DISTRICTS ISSUED TO THE STATE OF MONTANA AND ITS AGENCIES AND DEPARTMENTS DO NOT CONSTITUTE INDEBTEDNESS; ALLOWING SPECIAL ASSESSMENTS OR LEVIES ON PROPERTY OWNERS WITHIN A SUBDISTRICT; AND REVISING OTHER PROVISIONS RELATING TO IRRIGATION DISTRICTS TO ALLOW FOR SUBDISTRICTS; AMENDING SECTIONS 85-7-1904, 85-7-1907, 85-7-1908, 85-7-1910, 85-7-1911, 85-7-1921, 85-7-2001, 85-7-2012 THROUGH 85-7-2014, 85-7-2019, 85-7-2021, 85-7-2023, 85-7-2101 THROUGH 85-7-2104, 85-7-2107 THROUGH 85-7-2110, 85-7-2112, AND 85-7-2114 THROUGH 85-7-2116, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. **Authority to create subdistricts — petition — requirements.** (1) The board of commissioners of an irrigation district created and organized under Title 85, chapter 7, parts 1 and 15, may establish one or more subdistricts within the irrigation district to provide for and finance the cost of irrigation works, including gravity irrigation systems, gravity measure systems, or sprinkling systems, that would irrigate lands in the subdistrict but not other lands in the district. A subdistrict may be established only upon a petition signed by at least 60%, in number and acreage, of the holders of title or evidence of title to lands to be included within the subdistrict. The petition must be addressed to and filed with the board of commissioners and be accompanied by a map or plat of the proposed subdistrict.

(2) The petition must state:

(a) the name suggested for the proposed subdistrict;

(b) a general description of the land to be included in the proposed subdistrict;

(c) the name of each holder of title or evidence of title to the lands in the proposed subdistrict, as determined according to 85-7-101 and 85-7-102 and, if a holder is a nonresident of the county or counties in which the proposed district lies, the post-office address of the nonresident owner, if known;

(d) the general water source from which the land in the proposed subdistrict will be irrigated and the general character of the works, water

HeinOnline -- 1989 vol. I 1023 1989

rights, canals, and other property proposed to be acquired or constructed for irrigation purposes in or for the benefit of the proposed subdistrict; and

(e) a request that the land within the proposed subdistrict be made a subdistrict according to the provisions of [sections 1 through 4].

Section 2. **Notice of hearing on petition to create subdistrict.** (1) Upon the filing of a petition to create a subdistrict, the board of commissioners of the irrigation district shall by order fix the time and place for a hearing on the petition and shall direct that notice of the hearing be given.

(2) The notice of the hearing must state:

(a) the name of the proposed subdistrict and its purpose;

(b) the time and place of the hearing;

(c) a general description of the land proposed to be included in the subdistrict;

(d) a general description of the water source; and

(e) the general character of the works, water rights, canals, and other property proposed to be acquired or constructed in or for the benefit of the subdistrict.

(3) The board shall publish notice of the hearing at least once a week for 2 successive weeks in a newspaper published in each county in which the proposed subdistrict is located. The first publication must occur not less than 15 days before the date of the hearing.

(4) Notice of the hearing must also be mailed not less than 15 days before the date of the hearing to each holder of title or evidence of title to land within the proposed subdistrict. However, a defect in the notice or failure to give mailed notice does not affect the validity of the proceeding for the creation of a subdistrict under [sections 1 through 4].

Section 3. **Hearing on petition to create subdistrict.** (1) The board of commissioners shall hear the petition at the time specified in the notice provided under [section 2]. The board may adjourn the hearing for lack of sufficient notice or other good cause. The hearing must be completed within 3 weeks of the initial hearing.

(2) Upon application of the petitioners or any interested person or persons, the board shall allow the petition to be amended and may order that additional notice be given.

(3) At the hearing, any person whose land or property rights may be damaged or benefited by the creation of the subdistrict or by the irrigation works or improvements to be acquired or constructed in or for the benefit of the subdistrict may appear and submit oral or written testimony.

Section 4. **Review of petition — creation of irrigation subdistrict.** (1) After the hearing on the creation of the proposed subdistrict, the board of commissioners shall by resolution create the subdistrict if it finds that:

HeinOnline -- 1989 vol. I 1024 1989

(a) the petition substantially complies with the provisions of [section 1]; and

(b) it is in the best interests of the holders of title or evidence of title in the subdistrict and the district to establish the subdistrict.

(2) The board shall describe in the resolution the land to be included in the subdistrict. The land does not need to be contiguous but must be located within the district.

(3) In creating the subdistrict proposed by the petition, the board may alter the geographic area of the subdistrict or the scope or type of irrigation improvements to be undertaken in or for the benefit of the subdistrict, subject to the following conditions:

(a) The board may not include within the subdistrict land not identified by the petition as part of the proposed subdistrict unless notice and hearing on the addition are provided according to [sections 2 and 3].

(b) The board may not exclude land from the proposed subdistrict if:

(i) the land can be irrigated from the same general source and by the same general system of works proposed for other land in the subdistrict; and

(ii) the owner or owners of the land file a written statement with the board requesting that the land be included in the subdistrict.

(c) The board shall exclude land from the proposed subdistrict if it determines that:

(i) the land will not benefit from irrigation obtained from the works of the proposed subdistrict; or

(ii) the land has appurtenant water rights or can be irrigated from sources more feasible than the proposed subdistrict and the owner or owners of the land have not filed a written statement with the board consenting to inclusion of the land in the subdistrict.

(4) For purposes of including or excluding land from a proposed subdistrict, the board of commissioners may subdivide any tract into 40-acre or smaller parcels.

(5) The creation of a subdistrict by the board of commissioners is conclusive on all owners of land within the subdistrict unless, within 30 days after adoption by the board of the resolution establishing the subdistrict, a holder of title or evidence of title to land within the subdistrict petitions the district court of the county in which the greater portion of the proposed subdistrict is located, for review of the creation of the subdistrict. Upon the timely filing of a petition for review of the creation of the subdistrict, the district court shall conduct a hearing and shall issue a decision in substantially the same manner required for review of a petition for an irrigation district under 85-7-105 through 85-7-108. The district court shall base its decision on whether the requirements of [sections 1 through 3] and subsections (1) through (4) of this section have been met.

(6) A proceeding initiated in the district court for review of the validity of the bond issue or issues to finance the irrigation improvements to be

undertaken in the subdistrict may be consolidated with a proceeding initiated under this section. Any indebtedness or liability incurred by the board of commissioners of the district with respect to or on behalf of a subdistrict, including bonds issued by the district, may not constitute a charge or lien on any land in the district except the land within the subdistrict.

Section 5. **Alteration and determination of subdistrict acreage.** (1) Land may be deleted from or added to the subdistrict in the same manner provided for irrigation districts in 85-7-1801 through 85-7-1810.

(2) Land in a subdistrict that is deleted from an irrigation district remains in the subdistrict unless it is specifically deleted from the subdistrict according to subsection (1).

(3) The taxable area of the land in the subdistrict may be determined in the manner provided in 85-7-1841 through 85-7-1845.

Section 6. **Dissolution of subdistrict.** A subdistrict created under [section 4] may be dissolved by order of the district court of the county in which the greatest portion of lands of the subdistrict are located, in the manner provided for dissolution of irrigation districts in Title 85, chapter 7, part 10.

Section 7. **Private sale of bonds to certain governmental entities.** The district may sell bonds issued under Title 85, chapter 7, part 20, to the United States, the state of Montana, or any agency, department, or instrumentality of these governments by negotiation and without public advertisement or solicitation of bids.

Section 8. Section 85-7-1904, MCA, is amended to read:

**"85-7-1904. Acquisition of water and waterworks by board.** (1) The board shall have power and authority to:

(a) appropriate water in the name of the district;

(b) acquire, by purchase, lease, or contract, water and water rights; additional waters and supplies of water; canals, reservoirs, dams, and other works already constructed or in the course of construction; and

(c) acquire by purchase, lease, contract, condemnation, or other legal means:

(i) lands and rights in lands for rights-of-way, for reservoirs, for the storage of needful waters, and for dam sites and necessary appurtenances; and

(ii) other lands and property as may be necessary for the construction, use, maintenance, repair, improvement, enlargement, and operation of any district *or subdistrict* system of irrigation works.

(2) The board *may* contract with the owner or owners of canals, reservoirs, dams, and other works purchased and in the course of construction for the completion thereof.

(3) *A* purchase, lease, or contract for purchase of any water, water rights, canals, reservoirs, reservoir sites, dam sites, irrigation works, or

HeinOnline -- 1989 vol. I 1026 1989

other property of any nature or kind or for the making or purchasing of surveys, maps, plans, estimates, and specifications or for the purchase of machinery for pumping plants or for the erection of buildings, aqueducts, and other structures necessarily used in connection with such pumping plants, for a price or rental in excess of $150,000 or 25% of the district's annual operation and maintenance budget, whichever is greater, *may not be entered into by the district* without the written consent or petition of at least a majority in number and acreage of the holders of title or evidence of title to the lands within the district *or, if the purchase, lease, or contract substantially benefits a subdistrict in the district, by a majority in number and acreage of the holders of title or evidence of title to lands within the subdistrict.* Any splitting or division of *a* purchase, lease, or contract with the purpose or intention of avoiding or circumventing the provisions of this section *renders the* divided or split contract or contracts void."

Section 9. Section 85-7-1907, MCA, is amended to read:

**"85-7-1907. Board power to provide sufficient water.** *The* board may also construct and maintain the necessary dams, reservoirs, and works for the collection and distribution of water for the district *or any subdistrict in the district,* from one or more sources and from different and additional sources; operate such works; secure, in any of the manners provided in this chapter, additional water supplies from the same or different sources; and do any and every lawful act necessary to be done in order that sufficient water may be furnished for irrigation purposes to all the lands in the district *or subdistrict* included at the time of its organization or at any time thereafter."

Section 10. Section 85-7-1908, MCA, is amended to read:

**"85-7-1908. Board powers over district property.** (1) The board *may* take conveyances or other assurances for all property acquired by it under the provisions of this chapter, in the name of the district, to and for the uses and purposes *in this chapter.*

(2) The legal title to all property acquired by or for any irrigation district *or any subdistrict in the district* under the provisions of this chapter shall immediately and by operation of law vest in *that* district, as set forth in this chapter. The board of commissioners *may* hold, use, maintain, acquire, manage, occupy, and possess *that* property, as provided *in this chapter.* Any property acquired by the district may be conveyed to the United States for the construction, operation, and maintenance of works by the United States for the benefit of the district *or a subdistrict in the district* under any contract that may be entered into with the United States pursuant to this chapter."

Section 11. Section 85-7-1910, MCA, is amended to read:

**"85-7-1910. Board power to dispose of district property.** (1) The board of commissioners *may,* with the written consent of a majority in number and acreage of the owners of the lands in the district *or, if the leased property substantially benefits a subdistrict in the district, of a majority in number and acreage of the owners of lands within the subdistrict,* to lease in whole or in part the system of canals and works or water

belonging to the district, whenever *the* leasing *is considered* for the benefit of the district *or subdistrict, if the leased property substantially benefits the subdistrict.* When *the* board contemplates the leasing of the canals or works or water of *a* district *or subdistrict,* it shall declare *the availability of the lease* by resolution or order and give notice thereof by *publication* in some newspaper published in the county in which the office of *that* irrigation district is situated at least 2 calendar weeks prior to the making of any lease. *A* lease *may not* be made unless a majority in number and acreage of the holders of title or evidence of title to the lands in the district *or, if the lease substantially benefits a subdistrict, a majority in number and acreage of the holders of title or evidence of title to lands within the subdistrict,* file with the board a written consent to make *the* lease. *The* lease *may not* interfere with any rights that have been established by law at the time *the* lease is made, nor *may the* lease operate to deprive any owner or owners of land in *the* district of the use of water from such works upon *the* lands. The board of commissioners shall require a good and sufficient bond to secure the faithful performance of the lease by the lessee.

(2) In addition to all other powers granted any irrigation district existing under the laws of Montana, for the purpose of securing financial aid in any form from the department of natural resources and conservation, an irrigation district may convey, assign, transfer, and set over to the department all or any part of its property, including all water rights, rights-of-way, and easements for reservoirs, reservoir sites, canals, ditches, laterals, and headgates, as may be required by the department as a condition to furnishing financial aid or assistance.

(3) If *an* irrigation district has ceased operation, *the* district prior to its dissolution *may* convey, assign, transfer, and set over to any person or association of persons all or any part of its property *described* in subsection (2), for the purpose of irrigating and reclaiming any or all other land which can be served and irrigated."

Section 12. Section 85-7-1911, MCA, is amended to read:

**"85-7-1911. Apportionment of water by board.** (1) The board of commissioners shall apportion the water for irrigation among the lands in the district *or a subdistrict in the district* in a just and equitable manner, and the maximum amount apportioned to any land shall be the amount that can be beneficially used on *the* land. *The* amount of water *is* appurtenant to the land and inseparable from *it* but subject to reduction as provided *in this chapter.*

(2) In the event of a shortage of water, the amount of water delivered to each particular tract or piece of land shall be reduced proportionately.

(3) All surplus water belonging to the district may be sold or disposed of by the board for the benefit of the district *or for the benefit of a subdistrict if the surplus water is derived from water that attaches to the substantial benefit of the subdistrict.*

(4) All water, the right to the use of which is acquired by the district under any contract with the United States, shall be distributed and apportioned by the district in accordance with the acts of congress, the rules and

HeinOnline -- 1989 vol. I 1028 1989

regulations of the secretary of the interior, and the provisions of *the* contract."

Section 13. Section 85-7-1921, MCA, is amended to read:

**"85-7-1921. Distribution system defined.** The words "distribution system", as used in 85-7-1922 through 85-7-1925, *denotes* the entire works and property of all irrigation districts, including main ditches and canals, laterals, bilaterals, headgates, flumes, spillways, boxes, and all other appliances and means by which the waters of any irrigation district, *including a subdistrict in the district,* are or shall be apportioned or distributed for use."

Section 14. Section 85-7-2001, MCA, is amended to read:

**"85-7-2001. Limitations on debt-incurring power.** (1) The board of commissioners or other officers of the district may not incur any debt or liability, either by issuing bonds or otherwise, except as provided in this chapter.

*(2) An* irrigation district may *not* become indebted, in any manner or for any purpose in any one year, in an amount exceeding 18.75% of the assessed valuation of the district, except as provided in subsection *(4).*

*(3) An irrigation district may not incur indebtedness, in any manner or for any purpose in any one year, on behalf of any subdistrict in the district in an amount exceeding 18.75% of the assessed valuation of the subdistrict, except as provided in subsection (4).*

*(4)* (a) For the purpose of organization; for any of the immediate purposes of this chapter; to make or purchase surveys, plans, and specifications; for stream gauging and gathering data; or to make any repairs occasioned by any calamity or other unforeseen contingency, the board of commissioners may, in any one year, incur the indebtedness of as many dollars as there are acres in the district and may *issue* warrants of the district.

(b) For the purpose of organization, for any of the immediate purposes of this chapter, or to meet the expenses occasioned by any calamity or other unforeseen contingency, the board of commissioners may, in any one year, incur (in addition to the 18.75% *limitations* of *subsections (2) and (3)*) an additional indebtedness not exceeding 12.5% of the assessed valuation of the district and may *issue* warrants of the district therefor.

(c) The *limitations* of *subsections (1) through (3) do* not apply to warrants issued for unpaid interest on the valid bonds of any irrigation district.

(d) The *limitations* of *subsections (1) through (3) do* not apply to bonds *or obligations issued to the state of Montana, the United States, or any department, agency, or instrumentality of these governments if the bonds or obligations are issued:*

*(i) pursuant to a loan program specifically authorized by the legislature; or*

*(ii) to finance in whole or in part a project authorized by the legislature.*

HeinOnline -- 1989 vol. I 1029 1989

*(e) The limitations of subsections (1) through (5) do not apply to any bonds* issued under this chapter pursuant to a provision *that* expressly supersedes the limitation.

*(5)* Any debt or liability incurred in excess of the limitations provided by the irrigation district laws is void."

Section 15. Section 85-7-2012, MCA, is amended to read:

**"85-7-2012. Purposes for which bonds may be issued.** The board of commissioners of a district established under the provisions of *Title 85, chapter 7,* part 1, may authorize and issue negotiable *fully registered bonds or negotiable* coupon bonds *of* the district for the purpose of providing the necessary funds for:

Section 16. Section 85-7-2013, MCA, is amended to read:

**"85-7-2013. Petition requirements.** *(1) Bonds* provided for in 85-7-2012 through 85-7-2015 may *not* be authorized or issued by or on behalf of any irrigation district organized *under this chapter or by an irrigation district on behalf of a subdistrict located in the district* and a contract may *not* be made with the United States as provided in 85-7-1906 except upon a petition signed by:

HeinOnline -- 1989 vol. I 1030 1989

*(a)* at least 60%, in number and acreage, of the holders of title or evidence of title to lands included within the district *or, if the bonds are issued on behalf of or if the contract relates to a subdistrict, at least 60% in number and acreage of the holders of title or evidence of title to lands within the subdistrict;* or

Procedure after petition filed.** Upon the filing of the petition, the board of commissioners shall, by appropriate order or resolution, authorize and direct the issuance of the bonds of the district to the amount and for the purpose or purposes specified in the petition; fix the numbers, denominations, and maturity or maturities of the bonds; specify the rate of interest *on the bonds* and whether payable annually or semiannually; designate the place *and method* of payment of the bonds and the interest *on the bonds*, within or *outside* the state of Montana; prescribe the form of the bonds; and provide for the levy of a special tax or assessment as provided in this chapter on all the lands in the district *or for a levy on a subdistrict if the bonds are issued on behalf of the subdistrict,* for the irrigation and benefit of which the district *or subdistrict* was organized and the bonds are issued or the contract is to be made, sufficient in amount to pay the interest on and principal of the bonds when due and all amounts to be paid to the United States under any contract between the district and the United States *for* which bonds of the district have not been deposited with the United States as provided in 85-7-1906."

Section 18. Section 85-7-2019, MCA, is amended to read:

**"85-7-2019. Refunding bonds.** (1) Any irrigation district may issue refunding bonds.

(2) An irrigation district may issue refunding bonds for the purpose of redeeming or paying the indebtedness or any portion *of the indebtedness* of the district, whether represented by existing and outstanding bonds, interest coupons, or warrants, including accrued and unpaid interest on the bonds, coupons, and warrants, and whether *the* indebtedness is due or not due or has or may become payable at the option of the district, by consent

HeinOnline -- 1989 vol. I 1031 1989

of the bondholders or warrant holders, or by any *other* legal means and whether *the* indebtedness is now existing or may be created, and funds in the treasury of the district are not available for the payment of the *indebtedness*. The refunding bonds may be issued in one or more series. The petition for the refunding bonds *must be* signed as required by law by at least 60% in number and acreage of the holders of title or evidence of title to the lands included within the district, *or by at least 60% in number and acreage of the holders of title or evidence of title to the lands within a subdistrict if the bonds to be refunded were issued by the district on behalf of the subdistrict,* and addressed to the board of directors or commissioners of the district. *The petition* may contain the following specifications, in addition to the matters *otherwise* required by law:

(a) how many series of bonds shall be issued; and

(b) the terms, conditions, and liens of the bonds and the terms and conditions upon which each of the series of bonds shall be exchanged for outstanding bonds of the district if the *bonds* are to be exchanged and not sold.

(3) The specifications provided for in subsection (2), when set forth in the petition, are controlling upon the board of directors or commissioners. The petitioners shall in the specifications set forth the contract of exchange to be made, with particularity. The contract may include any term, requirement, grant, transfer of property or rights, covenant, or condition considered by the petitioners to be in the best interest of the district *or of the subdistrict if the bonds that are the subject of the contract were issued by the district on behalf of the subdistrict.* The petition shall state that the board of directors or commissioners of the district may authorize and direct the issuance of bonds according to the specifications of the petition, make any such contract, and bind the irrigation district under the contract."

Section 19. Section 85-7-2021, MCA, is amended to read:

**"85-7-2021. Liens of bonds.** (1) All bonds issued *under this chapter* and all amounts to be paid to the United States under any contract between the district and the United States, accompanying which bonds of the district have not been deposited with the United States as provided in 85-7-1906, shall be a lien upon all the lands originally or at any time included in the district, *or upon lands in a subdistrict if the bonds are issued on behalf of the subdistrict,* for the irrigation and benefit of which *the* irrigation district *or subdistrict* was organized and *the* bonds were issued and for the benefit of which such contract between the district and the United States was made, except upon *any* lands as may at any time be included in *the* district *or subdistrict* on account of the exchange or substitution of water under the provisions of 85-7-1912; and all such lands *are* subject to a special tax or assessment for the payment of the interest on and principal of *the* bonds. All amounts to be paid to the United States under any contract between the district and the United States and *the* special tax or assessment *constitute* a first and prior lien on the land against which levied to the same extent and with like force and effect as taxes levied for state and county purposes.

HeinOnline -- 1989 vol. I 1032 1989

(2) All liens created *under this section* remain upon the lands *until the obligations of the district for the bonds are discharged, as provided by law or by the resolution of the board of commissioners authorizing their issuance.*"

Section 20. Section 85-7-2023, MCA, is amended to read:

"**85-7-2023. Notice of sale of bonds.** *Except as provided in [section 7], before* making any sale the board shall, by resolution at a meeting, declare its intention to sell a specified amount of the bonds and the day and hour and place of sale. The board shall cause *the* resolution to be entered in the minutes and notice of the sale to be given by publication at least once a week for 3 successive calendar weeks in *a* newspaper in the county where the office of the board of commissioners is located, and *the notice may be published* in any other newspaper at *the board's* discretion. The notice shall state that sealed proposals will be received by the board at its office, for the purchase of bonds, until the day and hour named in the resolution. At the time appointed the board shall open the proposals and award the purchase of the bonds or any portion or portions thereof to the highest responsible bidder or bidders. *The* board may reject any or all bids. In case no award is made, the board may either readvertise *the* bonds or any part *of the bonds* for sale or sell the *bonds* or any part *of the bonds* at private sale. Coupons evidencing unearned interest *must* be detached and canceled."

Section 21. Section 85-7-2101, MCA, is amended to read:

"**85-7-2101. Tax or assessment to pay bonds and interest.** (1) All bonds and the interest thereon issued *under this chapter* and all payments due or to become due to the United States under any contract between the district and the United States *for* which *the* bonds of the district have not been deposited with the United States as provided in 85-7-1906 *must* be paid by revenue derived from a special tax or assessment levied upon all the lands included in the district, *or upon all lands in a subdistrict of the district if the bonds are issued by the district on behalf of the subdistrict,* except upon those lands that have been included in the district *or subdistrict* on account of the exchange or substitution of water under the provisions of 85-7-1912. All lands in the district, *or in a subdistrict if the bonds are issued on behalf of the subdistrict,* at the time the bonds are issued and all lands subsequently included which are chargeable under the provisions of this chapter remain liable to be taxed and assessed for the payment of the bonds and interest and all payments due or to become due to the United States under any contract between the district and the United States *for* which bonds of the district have not been deposited with the United States as provided in 85-7-1906.

(2) The board of commissioners of the district, in the order or resolution authorizing and directing the issuance of bonds of the district mentioned in 85-7-2014, shall provide for the annual levy and collection of a special tax or assessment upon all the lands included in the district, *or in a subdistrict if the bonds are to be issued on behalf of the subdistrict,* and subject to taxation and assessment, sufficient in amount to meet the interest on the bonds promptly when and as the *interest* accrues and to discharge the principal *of the bonds* at their maturity or respective maturities

HeinOnline -- 1989 vol. I 1033 1989

and to meet all payments due or to become due to the United States under any contract between the district and the United States *for* which bonds of the district have not been deposited with the United States as provided in 85-7-1906, at the times *the* payments by *the* contract become due and payable."

Section 22. Section 85-7-2102, MCA, is amended to read:

**"85-7-2102. Added lands to pay proportional share of bonded indebtedness.** (1) Where a district *or subdistrict* is extended after the construction of works of irrigation, including drainage works, to include other irrigable lands, *the* included lands *are* chargeable with *the* proportion of the bonded indebtedness incurred or authorized to be incurred by any district *or subdistrict* and *the* proportion of the indebtedness incurred under any contract between the district and the United States *for* which bonds of the district have not been deposited with the United States as provided in 85-7-1906, as the district court shall order, as provided in 85-7-1808 through 85-7-1811 and 85-7-1841 through 85-7-1845. The board of commissioners of the district shall provide for the levy of a special tax or assessment against *the* included lands on account of *the* bonds and the interest *on the bonds* and on account of any payments under any contracts between the district and the United States *for* which bonds of the district have not been deposited with the United States as provided in 85-7-1906.

(2) *The* special tax or assessment shall be levied and collected as and in the manner as the special tax assessment against the lands of the original district *or subdistrict* on account of the payments under any contract between the district and the United States *for* which bonds of the district have not been deposited with the United States as provided in 85-7-1906, and on account of which *the* bonds and the interest *on the bonds* is provided for, levied, and collected. Upon the extending of any district *or subdistrict*, the total of *the* bond indebtedness or indebtedness due to the United States shall be reapportioned, spread, and equalized upon and over the entire area, as provided in 85-7-2021."

Section 23. Section 85-7-2103, MCA, is amended to read:

**"85-7-2103. All irrigable lands chargeable alike.** (1) All irrigable lands in each irrigation district *and all lands in each subdistrict of the district*, except *those* lands that are included within the district because of the exchange or substitution of water under the provisions of 85-7-1912, shall pay at the same rate for all purposes for which the lands are charged, except as otherwise provided by law. There may be an administrative charge of $5 to $25 against each separately owned tract of land regardless of its size, as provided in 85-7-2104.

(2) Whenever water used for the irrigation of any lands within an irrigation district *or subdistrict* is obtained by pumping to different elevations, the cost of maintenance, operation, and pumping to each separate elevation shall be apportioned and levied upon the lands lying under the ditch or ditches running from that particular elevation, in *a* manner as may be determined fair and equitable by the board of commissioners after considering the facts in each case. This apportionment *must* be made by the board of commissioners and included each year in the assessment provided

HeinOnline -- 1989 vol. I 1034 1989

for by 85-7-2104. The amount of the assessment for maintenance, operation, and pumping of water to each separate elevation, whenever there are different elevations, *must* be determined by the board in *a* manner and upon notice to the persons interested in the district *or subdistrict* as the board in its rules may provide.

(3) Whenever a contract has been made with the United States, the lands within the district *or of a subdistrict if the contract substantially benefits the subdistrict*, whether originally included or later annexed to the district *or subdistrict*, shall pay in accordance with the federal reclamation laws and the public notices, orders, and regulations issued *under the reclamation laws* and in compliance with any contracts made by the United States with the owners of the lands and in compliance with the contract between the districts and the United States.

(4) Whenever a contract has been made with the state of Montana, the lands within the district *or of a subdistrict if the contract substantially benefits the subdistrict*, whether originally included or later annexed to the district *or subdistrict*, shall pay in accordance with state laws and public notices and rules issued *under the laws* and in compliance with any contract made by the state with the owners of the lands and in compliance with the contract between the district and the state.

(5) Whenever the works necessary for the completed project are constructed progressively over a period of years and whenever a portion of the lands within the district are or can be irrigated 1 year or more before the completion of the entire project, those lands irrigated or that can be irrigated through the built portion of the project shall pay for the cost of operating that portion of the project serving them with irrigation water and also shall pay *the* portion of the interest charges as its irrigable area bears to the irrigable area of the entire project.

(6) Whenever lands have appurtenant thereto a partial water right or partial rights in a system of irrigation other than that of the district *or subdistrict*, the amounts payable *must* be equitably apportioned.

(7) Whenever the owners of a portion of the lands within an irrigation district choose to install a gravity system to irrigate those lands, the cost of constructing the gravity system *must* be apportioned among and levied upon the lands irrigated by the gravity system in a manner determined to be equitable by the board. The levy *must* be included each year in the assessment charged under 85-7-2104."

Section 24. Section 85-7-2104, MCA, is amended to read:

**"85-7-2104. Annual tax levy — apportionment when tracts divided.** (1) *(a)* On or before the second Monday in July each year, the board of commissioners of each irrigation district organized under parts 1 and 15 shall ascertain:

*(i)* the total amount required to be raised in that year for the general administrative expenses of the district, including the cost of maintenance and repairs; and

*(ii)* the total amount to be raised that year for interest on and principal of the outstanding bonded or other indebtedness of the district *for* which

bonds of the district have not been deposited with the United States as provided in 85-7-1906.

*(b)* The board shall levy against each 40-acre tract or fractional lot, as designated by United States *government* survey, or platted lot if land is subdivided in lots and blocks (or where land is owned in less than 40-acre tracts or in less than the platted lot, against each tract) of land in the district, that portion of the respective total amounts to be raised which the total irrigable area of any tract *or lot* bears to the total irrigable area of the lands in the district, so that each acre of irrigable land in the district *must* be assessed and required to pay the same amount as every other acre of irrigable land therein, unless otherwise specifically provided *by the board.* The board may charge $5 to $25 against each separately owned tract of land, regardless of its size.

*(c) Indebtedness under subsection (1) includes debt incurred under any contract between the district and the United States but excludes any indebtedness incurred by the district on behalf of a subdistrict.*

(2) *(a) On or before the second Monday in July each year, the board of commissioners of each irrigation district organized under parts 1 and 15 for which a subdistrict has been created pursuant to [section 4] shall determine the total amount to be raised that year for interest and principal payments on the outstanding bonded or other indebtedness of the district incurred on behalf of the subdistrict.*

*(b) The board shall levy against each 40-acre tract or fractional lot, as designated by United States government survey, or platted lot if land is subdivided in lots and blocks (or where land is owned in less than 40-acre tracts or in less than the platted lot, against each tract) in the subdistrict, the portion of the total amount to be raised apportioned according to the ratio of the total irrigable area of the tract or lot to the total irrigable area of the lands in the subdistrict, so that each acre of irrigable land in the subdistrict is assessed and required to pay the same amount as every other acre of irrigable land in the subdistrict, unless otherwise specifically provided by the board. The board may charge $5 to $25 against each separately owned tract or lot of land, regardless of its size.*

*(3)* In the event that the ownership of any 40-acre tract or other subdivision of land in the district *or subdistrict is* divided after a special tax or assessment against the *land* has been levied, each of the owners of *a* tract or *subdivision is* entitled to have *the* special tax or assessment equitably apportioned to and against *the* divisions of *the* tract or *subdivision*, so that each owner *is* enabled to pay *a* special tax or assessment against his portion of *the* tract or subdivision and have the *land* discharged from the lien. In no event shall the charge against any separately owned tract of land be less than $5."

Section 25. Section 85-7-2107, MCA, is amended to read:

**"85-7-2107. Procedure for the determination of irrigable area.** (1) For the purpose of determining the number of acres of irrigable lands in each 40-acre tract or fractional lot as designated by United States *government* survey or platted lot, if land is subdivided in lots and blocks (or

HeinOnline -- 1989 vol. I 1036 1989

whenever land is owned in less than 40-acre tracts or in less than the platted lot, in each tract) of land in the district *or subdistrict*, the board of commissioners of any irrigation district established under part 1, whenever considered advisable and at any time except as otherwise provided, may cause a careful topographical survey and map of the lands to be made, as well as a specific examination of the character of the soil of each tract. Upon completion of the survey and maps and examination, the board shall give notice that at a meeting of the board, to be held at the office of the board on a day to be fixed in the notice, the board will determine the irrigable area of each tract of land in the district *or subdistrict* and that it will hear and consider any objection on the part of any landowner in the district, *or in a subdistrict if only the irrigable area of the subdistrict is being determined,* to the determination and to adjustment of the irrigable area of the district *or subdistrict* or of any lands within any tract or subdivision *of the district or subdistrict.* It is not necessary to describe the tracts in the notice. The notice *must* be given by publication once a week for 2 successive calendar weeks in a newspaper of general circulation in the county where the office of the board is located, and whenever lands of any irrigation district *or subdistrict* lie in more than one county, the notice *must* also be published in a newspaper or newspapers of general circulation in each county. The last publication of the notice *must* be at least 5 days prior to the date fixed for the meeting.

(2) At the meeting, the board shall determine and fix the number of acres in each tract or subdivision irrigable from the works or proposed works of the district *or subdistrict* and shall hear all persons interested who may appear and shall continue in session from day to day (exclusive of Sundays and legal holidays) as long as may be necessary and until the determination of irrigable area is completed. The board shall hear and receive all evidence offered, including maps and surveys caused to be prepared by it as well as maps and surveys prepared by any owner of lands. Upon determination, the irrigable area fixed *is* the acreage upon which any special tax or assessment *must* be levied, and each irrigable acre shall pay at the same rate as every other acre of irrigable land in the district *or subdistrict*, except as otherwise provided by law."

Section 26. Section 85-7-2108, MCA, is amended to read:

**"85-7-2108. Taxes to be lien upon land.** Any special tax or assessment levied for any purpose is a lien upon the entire 40-acre tract or fractional lot as designated by United States *government* survey or platted lot, if land is subdivided in lots and blocks (or whenever land is owned in less than 40-acre tracts or in less than the platted lot, against each such tract) of land in the district *or subdistrict* of which the irrigable area forms a part, and the lien shall attach to the entire tract as of January 1 in the year in which the special tax or assessment is levied."

Section 27. Section 85-7-2109, MCA, is amended to read:

**"85-7-2109. List of all lands in district or subdistrict to be prepared.** Upon completing the determination, the board shall fix, by appropriate resolution or order, the total acreage and the irrigable acreage of each tract or subdivision and shall *prepare* a list of all lands in the district *or subdistrict. The* list *must* contain an accurate description of each 40-acre

tract or fractional lot as designated by United States *government* survey or platted lot, if land is subdivided in lots and blocks (or whenever land is owned in less than 40-acre tracts or in less than the platted lot, then of each such tract) of land in the district *or subdistrict*, the total acreage and the number of irrigable acres as fixed and determined, and the name of the owner or holder of title or evidence of title, ascertained as provided in 85-7-101 and 85-7-102. This list, when completed and adopted, *must* be filed in the office of the board and shall remain there for public inspection. A certified copy of the resolution and list *must* be filed with the county clerk and recorder of each county in which any portion of the lands in the district is situated. The lands not situated in the county in which *the* copy is filed *must* be omitted from the copy."

Section 28. Section 85-7-2110, MCA, is amended to read:

**"85-7-2110. Nonirrigable lands not to be taxed.** *A* special tax or assessment may *not* be levied against any 40-acre tract or fractional lot as designated by United States public survey or platted lot, if land is subdivided in lots and blocks (or whenever lands are owned in less than 40-acre tracts or in less than the platted lot, against each such tract) found by the board of commissioners to contain no irrigable land. *A* lien created after the order of determination *may not* attach to any *nonirrigable* tract, nor may the owner or owners of any *nonirrigable* tract or tracts have any vote or votes in any proceeding or election under the provisions of Chapter 146 of the Laws of 1909 or any amendment thereof or act supplementary thereto, after the making of *the* order, unless their land or a portion *of their land* is found by the board to contain an area irrigable from the works or proposed works of the district *or subdistrict*."

Section 29. Section 85-7-2112, MCA, is amended to read:

**"85-7-2112. Confirmation of board actions by district court.** (1) Within 60 days after the resolution adopting the list, the board of commissioners may petition the district court for confirmation of *its* acts in determining the irrigable area and in refunding or canceling any taxes or assessments. The majority in number and acreage of the holders of title or evidence of title to lands in the district *or the majority in number and acreage of the holders of title or evidence of title in the subdistrict if only the irrigable area of the subdistrict is to be reviewed, determined* as provided in 85-7-101 and 85-7-102, may likewise within *the* 60-day period petition the district court for review of the actions of the board. However, one of these proceedings, if prosecuted to determination, is exclusive of the other. *The* court may order any assessment of taxes upon any land or lands to be reduced or raised according to the irrigable area as found by the court or taxes previously levied upon any area shown to be excessive to be refunded or canceled.

(2) The provisions of 85-7-1808 through 85-7-1810 regarding the procedure as well as the right and time to appeal apply to any proceeding instituted pursuant to this section, provided nothing in this section affects or impairs the lien of any bonds issued by the district. If confirmation proceedings are held and a certified copy of the order of confirmation is filed with the county clerk and recorder of the county in which any portion of the lands is situated, it is not necessary to file in the office the certified

HeinOnline -- 1989 vol. I 1038 1989

copy of the resolution and order of the board or of the list provided for in this section."

Section 30. Section 85-7-2114, MCA, is amended to read:

**"85-7-2114. Apportionment of costs when bonds issued.** (1) Whenever a petition for the issuance of bonds of any irrigation district established under the provisions of part 1 has been filed as provided in 85-7-2012 through 85-7-2015, the board of commissioners of the district shall examine or cause to be examined each 40-acre tract or fractional lot as designated by United States public survey or platted lot, if land is subdivided in lots and blocks (or whenever land is owned in less than 40-acre tracts or in less than the platted lot, each such tract) of land in the district *or of land in a subdistrict if the bonds are to be issued on behalf of the subdistrict,* and cause a careful topographical survey and map to be made in the manner provided for in 85-7-2107. Upon *the* examination, the board shall determine the number of irrigable acres in each tract and shall apportion and distribute the cost of the works or improvements for which the bonds are to be issued over the tracts within the district *or subdistrict* according to the irrigable area in each of the tracts or subdivisions, so that each irrigable acre is required to bear the same burden of such costs as each other irrigable acre in the district *or subdistrict,* except as otherwise provided by law. The special tax or assessment levied to meet the principal of and interest on the bonds is a lien upon the entire tract of which *the* irrigable area forms a part or portion as of January 1 of the year in which the special tax or assessment is levied, and the number of irrigable acres in each tract so determined may not be diminished but may be increased during the term for which *the* bonds are issued or until the bonds are liquidated in full.

(2) Whenever a proceeding for the determination, in whole or in part, of the irrigable area of the lands in the district *or subdistrict* has already been had or a topographical survey or maps thereof prepared or a court confirmation of prior proceedings had, in part or in full, the board may, in its discretion, adopt all or portions of the prior proceedings and need not cause an additional survey or maps or examination of any of *the* tracts to be made or redetermine the irrigable area of any tract.

(3) The board shall make *the* determination after the hearing and shall fix the total acreage and the irrigable acreage and shall *prepare* a list of *the* irrigable area *for filing,* and the proceedings of the board in connection with *the* determination, including the hearing and notice of the hearing and order or resolution fixing the irrigable area and the preparation and filing of the list, shall conform to the requirements set forth in 85-7-2107 through 85-7-2113. At the hearing, the board shall also determine the amount and rate per acre necessary to be levied against each irrigable acre in the district to meet the interest on and principal of the authorized bond issue. *The* tax levied is a lien upon the entire tract of which the irrigable area forms a part. If any landowner in the district *or subdistrict* appears before the board at that time and pays in cash the amount fixed against his land as its proportion of the amount found necessary for the purposes for which the bonds were authorized and are to be issued, his land *must* be excluded from the lien of the bond issue and the amount of bonds intended to be

HeinOnline -- 1989 vol. I 1039 1989

issued shall be reduced by the amount of *the* payment. Any person interested who fails to appear before the board at the meeting may not thereafter contest the proceedings of the board or any part thereof, except upon special application to the court in the proceedings for the confirmation of the bonds and a showing of reasonable excuse for failure to appear before the board."

Section 31. Section 85-7-2115, MCA, is amended to read:

"**85-7-2115. Objection by landowner.** In case any landowner makes objection to the proceedings of the board in determining the irrigable area in his own or any other tract of land or the amount or rate per acre of the special tax and assessment to be levied against each irrigable acre in the district *or subdistrict* for the purposes of the proposed bond issue and the objection is overruled by the board, the objection without further proceedings *must* be regarded as appealed to the district court and shall, with the other proceedings of the board at the meeting, be heard at the proceedings to confirm the bonds, as provided in 85-7-2016 through 85-7-2018, and when confirmed, the order overruling *the* objection and confirming the order of the board determining the irrigable area of each tract of land and apportioning the cost of the improvement *to each tract* shall become final, binding, and conclusive upon the landowner and upon the district, unless appealed from as provided in 85-7-2018."

Section 32. Section 85-7-2116, MCA, is amended to read:

"**85-7-2116. Restrictions on reduction of taxable acreage.** Whenever the irrigable area of the lands in any irrigation district *or subdistrict* has been determined and confirmed, no owner or holder of title or evidence of title to lands in the district *or subdistrict*, during the period when any bonds are issued and outstanding, may have the taxable acreage of his lands fixed or adjudicated in the manner provided by 85-7-1841 through 85-7-1845 in *a* manner or to *an* extent as to reduce the acreage subject to the payment of the bonds or interest or in *a* manner as to affect the security of the bonds or interest *on the bonds*."

Section 33. **Codification instruction.** [Sections 1 through 7] are intended to be codified as an integral part of Title 85, chapter 7, and the provisions of Title 85, chapter 7, apply to [sections 1 through 7].

Section 34. **Saving clause.** [This act] does not affect rights and duties that matured, penalties that were incurred, or proceedings that were begun before [the effective date of this act].

Section 35. **Severability.** If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid application.

Section 36. **Effective date.** [This act] is effective on passage and approval.

Approved April 4, 1989.

(2) Whenever the department determines that an advance in medical science has made any type of self-medication safe as to any of the diseases named above, the department shall by regulation authorize the advertisement of drugs having curative or therapeutic effect for such disease, subject to such conditions and restrictions as the department may deem necessary in the interests of public health.

HeinOnline -- 1989 vol. I 1045 1989

If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

# CHAPTER NO. 442

[HB 711]

AN ACT CLARIFYING THE AUTHORITY OF THE DEPARTMENT OF COMMERCE RELATED TO PRODUCT TESTING, INSPECTING NONCOMMERCIAL WEIGHTS AND MEASURES, AND INSPECTING COMMERCIAL TIME MEASURING DEVICES; DELETING THE REQUIREMENT THAT THE STATE STANDARD WEIGHTS BE SUBMITTED TO THE NATIONAL BUREAU OF STANDARDS EVERY 10 YEARS FOR TESTING; CHANGING REFERENCES FROM THE NATIONAL BUREAU OF STANDARDS TO THE NATIONAL INSTITUTE OF STANDARDS AND TECHNOLOGY; AND AMENDING SECTIONS 30-12-101 THROUGH 30-12-103, 30-12-201, 30-12-202, AND 30-12-207, MCA.

STATEMENT OF INTENT

A statement of intent is required for this bill because it grants rulemaking authority to the department of commerce to implement and carry out provisions of the Montana Code Annotated relating to inspection of packages. The legislature intends that the department adopt rules or amend existing rules in a manner that will provide that packages or amounts of commodities are tested to see that they contain the amounts represented to ensure that the public may rely on representations of the amounts of commodities being sold. It is contemplated that the rules adopted provide, among other things, that the department establish procedures and schedules for random inspection of packages and amounts of commodities throughout the state and that the rules provide for the random selection of test sites throughout the state.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. Section 30-12-101, MCA, is amended to read:

**"30-12-101. Definitions.** Unless the context requires otherwise, in parts 1 through 5 of this chapter the following definitions apply:

(1) "Barrel", when used in connection with fermented liquor, means a unit of 31 gallons.

*(2) "Commerce", "trade", or "commercial" means a monetary or value exchange between parties for merchandise or services.*

*(3)* "Commodity in package form" means a commodity put up or packaged in any manner in advance of sale in units suitable for either wholesale or retail sale, exclusive, however, of any auxiliary shipping container enclosing packages that individually conform to the requirements of parts 1 through 5. An individual item or lot of any commodity not in package form as defined in this section, but on which there is marked a selling price based on an established price per unit of weight or of measure, is a commodity in package form.

*(4)* "Consumer package" or "package of consumer commodity" means a commodity in package form that is customarily produced or distributed for sale through retail sales agencies or instrumentalities for consumption by individuals or use by individuals for the purposes of personal care or in the performance of services ordinarily rendered in or about the household or in connection with personal possessions.

*(5)* "Cord", when used in connection with wood intended for fuel purposes, means the amount of wood that is contained in a space of 128 cubic feet when the wood is ranked and well stowed.

*(6)* "Department" means the department of commerce provided for in Title 2, chapter 15, part 18.

*(7)* "Intrastate commerce" means any commerce or trade that is begun, carried on, and completed wholly in this state, and the phrase "introduced into intrastate commerce" defines the time and place at which the first sale and delivery of a commodity is made in this state, the delivery being made either directly to the purchaser or to a common carrier for shipment to the purchaser.

*(8)* "Nonconsumer package" or "package of nonconsumer commodity" means a commodity in package form other than a consumer package and particularly a package designed solely for industrial or institutional use or for wholesale distribution only.

*(9)* "Person" includes individuals, partnerships, corporations, companies, societies, and associations.

*(10)* "Sell" and "sale" include but are not limited to barter and exchange.

*(11)* "Ton" means a unit of 2,000 pounds avoirdupois weight.

*(12)* "Weight", when used in connection with any commodity, means net weight.

*(13)* "Weight", "measure", and "weights and measures" mean all weights and measures of every kind, instruments and devices for weighing and measuring, and any appliances and accessories associated with those instruments and devices. The terms do not include meters for the measurement of electricity, gas (natural or manufactured), or water when they are operated in a public utility system. None of the provisions of parts 1 through 5 apply to electricity, gas, or water meters operated in a public utility system or to any appliances or accessories associated with them. *The terms do not include time measuring devices by which products or services are sold.*"

Section 2. Section 30-12-102, MCA, is amended to read:

HeinOnline -- 1989 vol. I 1048 1989

**"30-12-102. Systems of weights and measures.** The system of weights and measures in customary use in the United States and the metric system of weights and measures are jointly recognized, and either one or both of these systems *may* be used for all commercial purposes in the state of Montana. The definitions of basic units of weight and measure, the tables of weight and measure, and weights and measures equivalents as published by the national *institute* of standards *and technology* are recognized and shall govern weighing and measuring equipment and transactions in the state."

Section 3. Section 30-12-103, MCA, is amended to read:

**"30-12-103. State standards of weight and measure.** Those weights and measures in conformity with the standards of the United States as have been supplied to the state by the federal government or otherwise obtained by this state for use as state standards *are*, when they have been certified as being satisfactory for use as such by the national *institute* of standards *and technology*, the state standards of weight and measure. The state standards *must* be kept in a safe and suitable place in the office or laboratory of the department. They *may* not be removed from there except for repairs or for certification."

Section 4. Section 30-12-201, MCA, is amended to read:

**"30-12-201. General powers and duties of department.** The department *has* the custody of the state standards of weight and measure and of the other standards and equipment provided for by parts 1 through 5 and shall keep accurate records of them. The department shall enforce the provisions of parts 1 through 5. It shall supervise the weights and measures *used in commerce or trade that are* offered for sale, sold, or in use in this state."

Section 5. Section 30-12-202, MCA, is amended to read:

**"30-12-202. Specific powers and duties of department — rules.** (1) The department shall adopt from time to time reasonable rules for the enforcement of parts 1 through 5, which rules have the effect of law. These rules may include:

(a) schedules of fees for testing and certification;

(b) standards of net weight, measure, or count and reasonable standards of fill for any commodity in package form;

(c) rules governing the technical and reporting procedures to be followed and the report and record forms and marks of approval and rejection to be used by the department in the discharge of its official duties;

(d) exemptions from the sealing or marking requirements of 30-12-209 with respect to weights and measures of a character or size that sealing or marking would be inappropriate, impracticable, or damaging to the apparatus involved; and

(e) rules governing the voluntary registration of servicemen and service agencies.

HeinOnline -- 1989 vol. I 1049 1989

(2) These rules shall include specifications, tolerances, and other technical requirements for weights and measures subject to inspection and testing under 30-12-205, designed to eliminate from use, without prejudice to apparatus that conforms as closely as practicable to the official standards, those:

(a) that are not accurate;

(b) that are not reasonably permanent in their adjustment or will not repeat their indications correctly; or

(c) that facilitate the perpetration of fraud.

(3) The specifications, tolerances, and other technical requirements for commercial weighing and measuring devices, together with amendments thereto, as recommended by the national *institute* of standards *and technology* and published in national *institute* of standards *and technology* Handbook 44 and supplements thereto, or in any publication revising or superseding Handbook 44, are the specifications, tolerances, and other technical requirements for commercial weighing and measuring devices of this state, except insofar as specifically modified, amended, or rejected by a rule issued by the department.

(4) An apparatus *is* considered to be "correct" when it conforms to all applicable requirements adopted as specified in this section. Other apparatus *are* considered to be "incorrect"."

Section 6. Section 30-12-207, MCA, is amended to read:

**"30-12-207. Inspection of packages.** (1) The department shall *adopt by rule and implement a schedule to* weigh or measure and inspect packages or amounts of commodities kept, offered, exposed for sale, sold, or in the process of delivery to determine whether they contain the amounts represented and whether they *are* kept, offered, exposed for sale, or sold in accordance with law. *The schedule adopted must provide for random inspection of packages and commodities at randomly selected inspection sites.* When those packages or amounts of commodities are found not to contain the amounts represented or are found to be kept, offered, or exposed for sale in violation of law, the department may order them off sale and may so mark or tag them as to show them to be illegal. In carrying out the provisions of this section, the department may employ recognized sampling procedures under which the compliance of a given lot of packages will be determined on the basis of the result obtained on a sample selected from and representative of that lot.

(2) A person may not:

(a) sell or keep, offer, or expose for sale, in intrastate commerce, any package or amount of commodity that has been ordered off sale or marked or tagged as provided in this section unless the package or amount of commodity has been brought into full compliance with all legal requirements; or

(b) dispose of any package or amount of commodity that has been ordered off sale or marked or tagged as provided in this section and that has not been brought into compliance with legal requirements, in any manner, except with the specific approval of the department."

HeinOnline -- 1989 vol. I 1050 1989

Section 7. **Noncommercial inspections — fees.** Subject to the availability of resources and upon payment of a fee commensurate with the costs of inspection, the department may inspect noncommercial weighing and measuring devices. Fees collected under this section must be deposited in the state general fund.

Section 8. **Extension of authority.** Any existing authority to make rules on the subject of the provisions of [this act] is extended to the provisions of [this act].

Section 9. **Codification instruction.** [Section 7] is intended to be codified as an integral part of Title 30, chapter 12, part 2, and the provisions of Title 30, chapter 12, part 2, apply to [section 7].

STATEMENT OF INTENT

A statement of intent is required for this bill in order to provide guidance to the department of state lands concerning the rulemaking authority that is provided in the bill. The department is authorized to adopt rules concerning the types and methods of investigations it may conduct to appropriately respond to complaints about the use of explosives associated with hard-rock mining and exploration activities. The rules may also specify the manner in which persons using explosives shall participate and cooperate in the department's investigation of a complaint and in carrying out any changes ordered by the department as a result of the investigation.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. **Action in response to complaints related to use of explosives.** (1) An owner of an interest in real property or an individual who resides within an area subject to property damage or safety hazards related to the use of explosives by any person subject to the provisions of this part may file a complaint with the department, describing the alleged property damage or safety hazards. The complainant shall provide credible evidence to the department to substantiate allegations of property damage or safety hazards.

(2) Upon receipt of a complaint, the department:

(c) shall issue a written finding specifying the cause of any property damage or safety hazards that are validated by the investigation; and

(d) shall, if it determines that the preponderance of evidence indicates that property damage or safety hazards are or were caused by exploration or mining activities, order the responsible person to make changes in the use of explosives or other appropriate mitigation to alleviate property damage or safety hazards.

Section 2. **Extension of authority.** Any existing authority to make rules on the subject of the provisions of [this act] is extended to the provisions of [this act].

Section 3. **Codification instruction.** [Section 1] is intended to be codified as an integral part of Title 82, chapter 4, part 3, and the provisions of Title 82, chapter 4, part 3, apply to [section 1].

# CHAPTER NO. 446

[HB 572]

AN ACT REQUIRING EMPLOYEES OF THE DEPARTMENT OF HIGHWAYS AUTHORIZED TO INSPECT AND WEIGH MOTOR VEHICLES TO COLLECT BILLS OF LADING FROM CARRIERS OF AGRICULTURAL SEED; REQUIRING THE OFFICERS TO FORWARD THE BILLS OF LADING TO THE DEPARTMENT OF AGRICULTURE; REQUIRING A SEED DEALER TO PROVIDE CERTAIN INFORMATION ON A BILL OF LADING; AMENDING SECTIONS 61-10-141 AND 80-5-202, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND A TERMINATION DATE.

WHEREAS, the growth and spread of noxious weeds in the State of Montana has become one of the single greatest natural threats to the state's agricultural industry and economy; and

WHEREAS, this threat frequently materializes when seeds shipped into this state contain unlawful noxious weed seeds which become planted with agricultural seed crops before the Department of Agriculture has the knowledge and opportunity to embargo the shipment; and

WHEREAS, the Legislature of the State of Montana finds it appropriate to use existing Department of Highways personnel and the facilities in the Gross Vehicle Weight Division to obtain bills of lading on all seed shipments into the state and forward the bills of lading to the Montana Department of Agriculture in order to enhance its enforcement capabilities.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. Section 61-10-141, MCA, is amended to read:

**"61-10-141. Officers authorized to weigh vehicles and require removal of excessive loads — enforcement of motor carrier safety standards — duty to obtain bills of lading for agricultural seeds.** (1) A peace officer, officer of the highway patrol, or employee of the department of highways may weigh any vehicle regulated by 61-10-101 through 61-10-110, either by means of portable or stationary scales, and may require that the vehicle be driven to the nearest scales if those scales are within 2 miles. That person may then require the driver to unload immediately that portion of the load necessary to decrease the weight of the vehicle to conform to the maximum allowable weights specified in 61-10-101 through 61-10-110.

(2) Commodities and material unloaded as required by this section shall be cared for and removed from the highway right-of-way by the owner or operator of the vehicle at the risk of that owner or operator. The removal shall be within a reasonable time designated by the person who has compelled the unloading.

(3) The department of highways may establish, maintain, and operate weigh stations, either intermittently or on a continuous schedule, and may

HeinOnline -- 1989 vol. I 1056 1989

require vehicles, except passenger cars and pickup trucks under 8,000 pounds G.V.W., to enter for the purpose of weighing and inspection for compliance with all laws pertaining to their operation and safety requirements.

(4) The department of highways shall work with the highway patrol in the enforcement of safety standards adopted pursuant to 44-1-1005. For the purposes of *the* joint enforcement, the highway patrol is designated as the lead agency. The highway patrol and the department of highways shall cooperate to assure minimum duplication and maximum coordination of enforcement effort.

(5) In order to enforce compliance with safety standards adopted pursuant to 44-1-1005, the department of highways shall designate employees as peace officers. The designated employees must be employed in the administration of the gross vehicle weight functions of the department of highways. Each employee designated as a peace officer may:

(a) issue citations and make arrests in connection with violations of safety standards adopted under 44-1-1005;

(b) issue summons;

(c) accept bail;

(d) serve warrants for arrest;

(e) make reasonable inspections of cargo carried by commercial motor vehicles;

(f) make reasonable safety inspections of commercial motor vehicles utilized by motor carriers; and

(g) require production of documents relating to the cargo, driver, routing, or ownership of such vehicles.

(6) In addition to other enforcement duties assigned under this section, an employee of the department of highways has:

*(a)* the same authority to enforce provisions of the motor carriers law as that granted the public service commission under 69-12-203*; and*

*(b) the duty to secure or make copies, or both, of all bills of lading or other evidence of delivery for shipment of agricultural seeds as defined in 80-5-120 that have been sold or are intended for sale in Montana and to forward the copies to the department of agriculture within 24 hours of the date the bill of lading was obtained.*"

Section 2. Section 80-5-202, MCA, is amended to read:

"**80-5-202. Licensing — application — fee.** (1) All seed conditioning plants shall obtain a license from the department for each plant before doing business in this state; however, a seed grower, when conditioning seed from his own production, is not required to be licensed under this part.

(2) Each conditioning plant must post in a conspicuous location in the facility:

HeinOnline -- 1989 vol. I 1057 1989

(a) its fees for conditioning services; and

(b) the license designation for the facility.

(3) All seed labelers and growers who label or affix written claims to their seed shall obtain a license from the department before doing business in Montana. The following persons, however, are excluded from the licensing requirements under this subsection:

(a) a Montana certified seed grower when labeling certified seed from his own production; and

(b) any person who updates germination test data by affixing to the package of seed a supplemental label bearing new germination data, the lot number, and his name and address.

(4) *A* person may *not* sell or distribute seed in Montana without obtaining a seed dealer's license from the department for each place where seed is located, except for:

(a) a person who distributes seed only in sealed packages of 10 pounds or less that are properly labeled;

(b) a Montana certified seed grower when selling certified seed from his own production; and

(c) a grain producer when making bin-run seed sales.

(5) Each person selling seed from a location other than the licensed place must be listed on the application for license.

(6) The department shall set by rule the period for which a license is issued under this section.

(7) The department may establish by rule minimum standards for equipment and handling procedures for facilities to be licensed.

(8) Each license shall cost no more than $50 a year. The fee must include the cost of application for a license and must be nonrefundable. The department may by rule establish license fees which bear a reasonable relationship to the cost of administering this part.

(9) An application for a license under this section must be made in a manner and on forms provided by the department. *The* application must contain among other things:

(a) the location of each seed conditioning plant if the application is for a seed conditioning plant license;

(b) a sample label if the application is for a seed labeler license; and

(c) a list of persons selling seed if the application is for a seed dealer's license.

*(10) Seed dealers shall provide with all shipments of seed a bill of lading or other evidence of delivery that includes:*

*(a) the names of:*

*(i) the seller;*

*(ii) the shipper, if other than the seller;*

*(iii) the buyer; and*

*(iv) the receiver, if other than the buyer; and*

Section 5. **Termination.** [This act] terminates July 1, 1991.

# CHAPTER NO. 447

[HB 592]

AN ACT RELATING TO CIVIL RECOVERY FOLLOWING A FIRE CAUSED BY ARSON; REGULATING THE FINANCIAL EFFECTS AND COSTS OF ARSON; PROVIDING FOR THE PAYMENT OF COSTS TO SUPPRESS AND INVESTIGATE A FIRE; PROVIDING FOR A TAX LIEN AGAINST FIRE INSURANCE PROCEEDS; AND PROVIDING AN APPLICABILITY DATE.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. **Recovery of suppression and investigation expenses for fires caused by arson.** (1) A person convicted of arson, negligent arson, or solicitation of or conspiracy to commit arson or negligent arson may be ordered, as part of the sentence, to reimburse law enforcement and firefighting agencies for the cost of suppressing and investigating a fire that occurred during the commission of the crime.

(2) The court may order a person doing a presentence investigation and report to include documentation of the costs of suppressing and investigating the fire and of the defendant's ability to pay and may receive evidence concerning the matters at the time of sentencing.

(3) The court shall specify the amount, method, and time of payment, which may include but is not limited to installment payments. The court may order a probation officer or other appropriate officer attached to or working closely with the court in the administration of justice to supervise payment and report any default to the court.

(4) Upon petition by the offender and after a hearing, the payment may be modified. Agencies receiving payment at that time must be notified of and allowed to participate in the hearing.

HeinOnline -- 1989 vol. I 1059 1989

(5) This section does not limit the right of a law enforcement or fire-fighting agency to recover from the offender in a civil action, but the findings in the sentencing hearing and the fact that payment of costs was part of the sentence are inadmissible in and have no legal effect on the merits of a civil action. Costs paid by the offender must be deducted from a recovery awarded in a civil action.

Section 2. **Tax lien on insured property destroyed by fire.** If taxes are due and unpaid on property covered by fire insurance and damaged or destroyed by fire, the government entity owed the taxes has a lien on fire insurance proceeds paid in relation to that property in the amount of the unpaid taxes.

Section 3. **Extension of authority.** Any existing authority to make rules on the subject of the provisions of [this act] is extended to the provisions of [this act].

Section 4. **Codification instruction.** (1) [Section 1] is intended to be codified as an integral part of Title 46, chapter 18, and the provisions of Title 46 apply to [section 1].

(2) [Section 2] is intended to be codified as an integral part of Title 33, and the provisions of Title 33 apply to [section 2].

Section 5. **Applicability.** [Section 2] applies to insurance contracts entered into on or after October 1, 1989.

Approved April 5, 1989.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. Section 7-12-2171, MCA, is amended to read:

The interest shall be payable annually or semiannually, at the discretion of the

board of county commissioners, on *the* dates the board prescribes. *The* warrants or bonds shall bear the signatures of the chairman of the board and the county clerk and shall bear the corporate seal of the county. (2) *The* bonds shall be in denominations of $100 or fractions or multiples thereof, may be issued in installments, and may extend over a period of not to exceed 30 years; except that if federal loans are available for improvements, repayment may extend over a period not to exceed 40 years.

(3) All special improvement district bonds must be amortization bonds unless, in the judgment of the board, serial bonds will be more advantageous to the district and can be sold at a comparatively reasonable rate or rates of interest.

(4) As used in this part, unless the context clearly indicates otherwise, the following definitions apply:

(a) "Amortization bonds" means the form of bonds on which:

(i) a part of the principal must be paid each time interest becomes payable;

(ii) the part payment of principal increases at each installment in the same amount that the interest decreases;

(iii) the combined interest and principal due on each due date remains the same until the bonds are paid;

(iv) the final payment may vary from prior payments in the amount resulting from disregarding fractional costs in prior payments; and

(v) the initial payment may be larger than subsequent payments if *the* increase represents interest accrued over an additional period not greater than 6 months.

(b) "Serial bonds" means the form of bonds that are payable in annual installments and on which the amount maturing each year may not be more than *five* times the principal amount of bonds maturing in any previous year."

Section 2. Section 7-12-2172, MCA, is amended to read:

The board may fix the minimum price for the bonds or warrants in an amount less than the face

HeinOnline -- 1989 vol. I 1065 1989

value *of the bonds or warrants* if it determines that *the* sale is in the best interests of the district and the county.

(2) The bonds or warrants may be sold at a private negotiated sale to the United States or the state of Montana, or an agency, instrumentality, corporation, or department thereof.

(3) In all other cases, the provisions of 7-7-4251 through 7-7-4254 which relate to the notice of sale, publication of notice, and manner and method of selling bonds by cities and towns, insofar as *they* are applicable and not in conflict with the provisions of this section and 7-12-2173, shall apply to, govern, and control the form of notice of sale, publication of notice, and manner and method of selling bonds or warrants."

Section 3. Section 7-12-2191, MCA, is amended to read:

**"7-12-2191. Chang[illegible] in outstanding principal of district — relevy of assessments.** [illegible] ceeds of the bonds or warrants of the special improvement district, including investment income, are applied to the redemption and prepayment of *the* bonds or warrants, as provided in 7-12-2173 and 7-12-2174, or if refunding bonds are issued pursuant to 7-12-2193 and the principal amount of the outstanding bonds of the district is decreased or increased, the assessments levied in the district and then outstanding must be reduced or increased, respectively, pro rata by the principal amount of *the* prepayment or the increment above or below the outstanding principal amount of bonds represented by the refunding bonds. *If refunding bonds are issued, the assessments may be relevied over a term ending not later than either the final maturity date of the refunding bonds or the date 30 years after the date the bonds to be refunded were issued.* The board shall reassess and relevy *the* assessments, with the same effect as an original levy, in reduced or increased amounts, in accordance with the provisions of 7-12-2158 through 7-12-2160."

Section 4. Section 7-12-2193, MCA, is amended to read:

**"7-12-2193. Refunding bonds.** (1) A county may issue special improvement district bonds for the purpose of providing the money needed to pay principal of and interest on outstanding special improvement district bonds. To issue bonds for *that* purpose, the board of county commissioners, at a regular meeting or a duly called special meeting, shall adopt a resolution setting forth:

(a) the facts regarding the outstanding bonds that are to be refunded;

(b) the reasons for issuing refunding bonds; and

(c) the term and details of the refunding bonds.

(2) If the refunding bonds are proposed to be issued in an amount greater than the amount of outstanding bonds to be refunded, the board may not authorize the issuance of *the* bonds until it has conducted a public hearing on the desirability of issuing the bonds, after published and mailed notice as provided in 7-12-2105(2), and found by resolution that *the* issuance of refunding bonds is in the best interest of the special improvement district.

HeinOnline -- 1989 vol. I 1066 1989

(3) After the adoption of the required resolution or resolutions, the board may:

(a) sell the refunding bonds at a private negotiated sale; or

(b) at its option, give notice of the sale and sell the refunding bonds in the same manner that other special improvement district bonds are sold.

(4) *Bonds* may not be refunded by the issuance of refunding bonds unless:

*(a)* the rate of interest offered on the refunding bonds is at least ½ of 1% a year less than the rate of interest on the bonds to be refunded;

*(b) there is, or will be on the next payment date, default in the payment of bond principal or interest; or*

*(c) 50% or more of the installments of special assessments levied in the special improvement district and payable in a single fiscal year have been delinquent for at least 1 year.*

(5) (a) Refunding bonds issued pursuant to this section may be issued to refund outstanding bonds in advance of the date on which *the* bonds mature or are subject to redemption, but the proceeds of the refunding bonds, less any accrued interest or premium received *from their* sale, must be deposited with other funds appropriated for the payment of the outstanding bonds in escrow with a suitable banking institution or trust company, which may be located either in or out of the state.

*(c) 50% or more of the installments of special assessments levied in the special improvement district and payable in a single fiscal year have been delinquent for at least 1 year.*"

The property outside the city must be treated in a similar manner as to improvements, notices, and assessments as the property inside the city limits. A joint resolution of the city and county must be passed agreeing to the terms of the special improvement district prior to passing the resolution of intention or the resolution creating the special improvement district. All of the provisions of 7-6-4423 apply to the collection of *the* special taxes and assessments in the same manner as *the* provisions apply to the collection of other city or town taxes.

(2) *(a)* When the payment of an installment of a special assessment becomes delinquent, all payments of subsequent installments may, at the option of the city or town council and upon adoption of the appropriate resolutions, become delinquent. *The city or town may, pursuant to 7-12-4184, order that all assessments that are delinquent for specific parcels of land as a result of acceleration be withdrawn.*

*(b)* Upon delinquency in one or all installments, the whole property shall be sold the same as other property is sold for taxes. The enforcement of the lien of any installment of a special assessment by any method authorized by law does not prevent the enforcement of the lien of any subsequent installment when it becomes delinquent."

Section 7. Section 7-12-4183, MCA, is amended to read:

**"7-12-4183. Collection of district assessments by city treasurer in cities where county collects taxes.** (1) In any city or town where taxes for general, municipal, and administrative purposes are certified to and collected by the county treasurer in accordance with the provisions of 7-6-4407 and 7-6-4423, the city or town may, nevertheless, provide by ordinance for the collection by its city treasurer or town clerk of all special assessments and taxes levied and assessed in accordance with any of the provisions of this part and part 42 in the same manner and at the same time as taxes for general, municipal, and administrative purposes are collected by the county treasurer. All of the provisions of 7-6-4423 apply to the collection of *the* special taxes and assessments in the same manner as *the* provisions apply to the collection of other city or town taxes.

HeinOnline -- 1989 vol. I 1070 1989

(2) *(a)* When the payment of any one installment of any special assessment becomes delinquent, all payments of subsequent installments shall, at the option of the city or town council and by appropriate resolution duly adopted, become delinquent. *The city or town council may order that all assessments that are delinquent as a result of acceleration be withdrawn.*

*(b) Delinquent* special assessments shall be certified to the county clerk of the county in which *the* city or town is situated. *The* county treasurer must collect *the* delinquent special assessments and taxes in the same manner and at the same time as taxes for general, municipal, and administrative purposes are collected by him. In case *they* are not paid, the whole property shall be sold *in* the same *manner* as other property is sold for taxes. The enforcement of the lien of any installment of a special assessment by any method authorized by law does not prevent the enforcement of the lien of any subsequent installment when it becomes delinquent."

Section 8. Section 7-12-4192, MCA, is amended to read:

**"7-12-4192. Change in outstanding principal of district — relevy of assessments.** If proceeds of the bonds or warrants of the special improvement district, including investment income, are applied to the redemption and prepayment of *the* bonds or warrants, as provided in 7-12-4205 and 7-12-4206, or if refunding bonds are issued pursuant to 7-12-4194 and the principal amount of the outstanding bonds of the district is decreased or increased, the assessments levied in the district and then outstanding must be reduced or increased, respectively, pro rata by the principal amount of *the* prepayment or the increment above or below the outstanding principal amount of bonds represented by the refunding bonds. *If refunding bonds are issued, the assessments may be relevied over a term ending not later than either the final maturity date of the refunding bonds or the date 30 years after the date the bonds to be refunded were issued.* The city council shall reassess and relevy *the* assessments, with the same effect as an original levy, in reduced or increased amounts in accordance with the provisions of 7-12-4176 through 7-12-4178."

Section 9. Section 7-12-4194, MCA, is amended to read:

**"7-12-4194. Refunding bonds.** (1) A city may issue special improvement district bonds for the purpose of providing the money needed to pay principal of and interest on outstanding special improvement district bonds. To issue bonds for *that* purpose, the city council, at a regular meeting or a duly called special meeting, shall adopt a resolution setting forth:

(a) the facts regarding the outstanding bonds that are to be refunded;

(b) the reasons for issuing refunding bonds; and

(c) the term and details of the refunding bonds.

(2) If the refunding bonds are proposed to be issued in an amount greater than the amount of outstanding bonds to be refunded, the city council may not authorize the issuance of *the* bonds until it has conducted a public hearing on the desirability of issuing the bonds, after published and mailed notice as provided in 7-12-4106(2), and found by resolution that *the* issuance of refunding bonds is in the best interest of the special improvement district.

HeinOnline -- 1989 vol. I 1071 1989

(3) After the adoption of the required resolution or resolutions, the council may:

(a) sell the refunding bonds at a private negotiated sale; or

(b) at its option, give notice of the sale and sell the refunding bonds in the same manner that other special improvement district bonds are sold.

*(a)* the rate of interest offered on the refunding bonds is at least ½ of 1% a year less than the rate of interest on the bonds to be refunded;

*(b) there is, or will be on the next payment date, default in the payment of bond principal or interest; or*

*(c) 50% or more of the installments of special assessments levied in the special improvement district and payable in a single fiscal year have been delinquent for at least 1 year.*

(5) (a) Refunding bonds issued pursuant to this section may be issued to refund outstanding bonds in advance of the date on which *the* bonds mature or are subject to redemption, but the proceeds of the refunding bonds, less any accrued interest or premium received *from their* sale, must be deposited with other funds appropriated for the payment of the outstanding bonds in escrow with a suitable banking institution or trust company, which may be located either in or out of the state.

(b) *Deposited funds* must be invested in securities that are general obligations of the United States or securities the principal of and interest on which are guaranteed by the United States. *The* securities must mature or be callable at the option of the holder on *the* dates and bear interest at *the* rates and be payable on *the* dates as may be required to provide funds sufficient, with any cash deposited in the escrow account, to pay when due:

(i) the interest to accrue on each refunded bond to its maturity or redemption date, if called for redemption;

(ii) the principal on each refunded bond at maturity or upon *the* redemption date; and

(iii) any redemption premium.

(c) The escrow account must be irrevocably appropriated to the payment of the principal of an interest and redemption premium, if any, on the refunded bonds.

(d) Funds to the credit of the debt service fund for the payment of the refunded bonds and not required for the payment of principal or interest due prior to issuance of the refunding bonds may be appropriated by the council to the escrow account.

(e) The city may pay the reasonable costs and expenses of printing the refunding bonds and of establishing and maintaining the escrow account.

(6) Refunding bonds may be issued under this section to pay principal of or interest on special improvement district bonds outstanding on April 30, 1985, only if:

HeinOnline -- 1989 vol. I 1072 1989

(a) the proceeds of *the* refunding bonds do not redeem *the* outstanding bonds until one-third or more of the term for which *the* bonds were issued has expired;

(b) there is a deficiency in the bond account or interest account of the special improvement district fund from which *the* bonds are payable *that will not be satisfied by a loan from the revolving fund; or*

*(c) 50% or more of the installments of special assessments levied in the special improvement district and payable in a single fiscal year have been delinquent for at least 1 year.*"

Section 10. Section 7-12-4203, MCA, is amended to read:

"**7-12-4203. Details relating to special improvement district bonds and warrants — definitions of bond forms.** (1) The bonds and warrants shall be drawn against the special improvement district fund created for the district and shall bear interest from the date of registration until called for redemption or paid in full. The interest shall be payable annually or semiannually, at the discretion of the governing body of the municipality, on *the* dates the governing body prescribes. *The* warrants or bonds shall bear the signatures of the mayor and clerk and shall bear the corporate seal of the city. They shall be registered in the office of the clerk and treasurer, and if interest coupons *are* attached *to the warrants or bonds*, they shall also be registered and shall bear the signatures of the mayor and clerk.

(2) *The* bonds shall be in denominations of $100 or fractions or multiples thereof, may be issued in installments, and may extend over a period not to exceed 20 years *or, if refunding bonds are issued pursuant to 7-12-4194, over a period ending not later than 30 years after the date the bonds to be refunded were issued.*

(3) All special improvement district bonds must be amortization bonds unless, in the judgment of the city council, serial bonds will be more advantageous to the district and can be sold at a comparatively reasonable rate or rates of interest.

(4) As used in part 41 and this part, unless the context clearly indicates otherwise, the following definitions apply:

(a) "Amortization bonds" means the form of bonds on which:

(i) a part of the principal must be paid each time interest becomes payable;

(ii) the part payment of principal increases at each installment in the same amount that the interest decreases;

(iii) the combined interest and principal due on each due date remains the same until the bonds are paid;

(iv) the final payment may vary from prior payments in the amount resulting from disregarding fractional costs in prior payments; and

(v) the initial payment may be larger than subsequent payments if *the* increase represents interest accrued over an additional period not greater than 6 months.

HeinOnline -- 1989 vol. I 1073 1989

(b) "Serial bonds" means the form of bonds that are payable in annual installments and on which the amount maturing each year may not be more than *five* times the principal amount of bonds maturing in any previous year."

Section 11. Section 7-12-4244, MCA, is amended to read:

**"7-12-4244. Issuance of bonds based upon supplemental revolving fund — election.** (1) At any time after the award of the contract for any of the improvements described in 7-12-4241 and prior to the issuance of bonds or warrants under the provisions of 7-12-4201 *and* 7-12-4203, the council may by resolution determine that *the* improvement is of a character that bonds may be issued under 7-12-4241 through 7-12-4258 in lieu of bonds under 7-12-4201 *and* 7-12-4203, and may submit to the qualified electors of the city or town the question whether *the* bonds shall be issued.

(2) The proposal to issue bonds may be submitted at the same election as the proposal to create the supplemental revolving fund and must be approved by a majority of the qualified electors voting on the question."

Section 12. Section 7-12-4247, MCA, is amended to read:

**"7-12-4247. Details relating to bonds.** (1) The bonds may mature at one time, not exceeding the maximum maturity of the assessments to be levied for *the* improvement, or may mature in installments at various times during the term of *the* assessments, but *the* bonds *may not* mature *later than* 10 years from *the* date *of issuance.*

(2) *The* bonds, as the council shall determine, *are* subject to redemption prior to maturity and may be payable at any suitable bank or trust company either within or without the state of Montana.

(3) The bonds issued under 7-12-4241 through 7-12-4258 shall be in substantially the form provided in 7-12-4201 *and* 7-12-4203, as modified by the provisions of 7-12-4241 through 7-12-4258."

Section 13. Section 7-13-114, MCA, is amended to read:

(3) All taxes due and not paid on or before 5 p.m. on May 31 of each year shall be delinquent and shall draw interest at the rate of 5/6 of 1% per month from and after *the* delinquency until paid and 2% shall be added to the delinquent taxes as a penalty.

(4) If the date on which taxes are due falls on a holiday or Saturday, taxes may be paid without penalty or interest on or before 5 p.m. of the next business day in accordance with 1-1-307.

(5) If the taxes become delinquent, the county treasurer may accept a partial payment equal to the delinquent taxes, including penalty and interest, for one or more full taxable years, provided both halves of the current tax year have been paid. Payment of delinquent taxes must be applied to the taxes that have been delinquent the longest.

*(6) The penalty and interest on delinquent assessment payments for specific parcels of land may be waived by resolution of the city council. A copy of the resolution must be certified to the county treasurer.*"

# CHAPTER NO. 450

[HB 667]

AN ACT TO ALLOW A BUSINESS IMPROVEMENT DISTRICT TO ASSESS COSTS BASED UPON THE OCCUPIED OR INCOME-PRODUCING AREA ABOVE THE FIRST FLOOR OF A BUILDING; AND AMENDING SECTION 7-12-1133, MCA.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. Section 7-12-1133, MCA, is amended to read:

**"7-12-1133. Assessment of costs — area, lot, taxable valuation, and square footage options.** (1) At the same time the board submits the annual budget and work plan to the governing body as provided in 7-12-1132, the board shall also recommend to the governing body a method of levying an assessment on the property within the district which will best ensure that the assessment on each lot or parcel is equitable in proportion to the benefits to be received.

(2) The governing body shall annually assess the entire cost of the district against the entire district using a method which best ensures that the assessment on each lot or parcel is equitable in proportion to the benefits to be received. In determining the method of assessment to be used, the governing body shall consider the recommendations of the board. The governing board shall levy the assessment using one of the following methods:

(a) each lot or parcel of land within such district may be assessed for that part of the whole cost which its area bears to the area of the entire district, exclusive of streets, avenues, alleys, and public places;

(b) if the governing body determines that the benefits derived by each lot or parcel are substantially equivalent, the cost may be assessed equally to each lot or parcel located within the district without regard to the area of the lot or parcel;

HeinOnline -- 1989 vol. I 1076 1989

(c) each lot or parcel of land, including the improvements thereon, may be assessed for that part of the whole cost of the district which its taxable valuation bears to the total taxable valuation of the property of the district;

*(d) each building may be assessed for that part of the whole cost of the district that the occupied or income-producing area of the building above the first floor bears to the area of the entire district; or*

*(e)* by using any combination of the assessment options provided in subsections *(2)(a)* through *(2)(d)*."

Approved April 5, 1989.

## CHAPTER NO. 451

[HB 723]

AN ACT TO GENERALLY REVISE AND CLARIFY THE LAWS RELATING TO THE PROVISION OF GENERAL RELIEF ASSISTANCE; AMENDING SECTIONS 53-2-822, 53-3-108, 53-3-109, 53-3-113, 53-3-205, 53-3-206, 53-3-209, 53-3-304, 53-3-309, AND 53-3-311, MCA; AND PROVIDING AN EFFECTIVE DATE.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. Section 53-2-822, MCA, is amended to read:

"**53-2-822. Workfare program required.** The department of social and rehabilitation services shall establish a *workfare* program as provided in 53-3-304. The department of social and rehabilitation services may contract with the county, a municipality, or state agency *to operate workfare projects* for recipients of general relief."

Section 2. Section 53-3-108, MCA, is amended to read:

"**53-3-108. Purpose.** (1) The legislature, in order to implement the provisions of Article XII, section 3, of the Montana constitution, finds that certain persons are in need of assistance because of misfortune and must be provided with certain assistance through programs for general relief. These programs are to be efficiently administered by local county welfare boards or, whenever responsibility for local welfare programs has been assumed by the state of Montana, by the department of social and rehabilitation services. General relief, along with other assistance programs, is made available to provide basic necessities that provide minimum subsistence compatible with decency and health and to provide financial assistance for medical services necessary for serious medical conditions. General relief medical assistance is not intended to provide catastrophic medical insurance to nonindigent persons.

(2) The legislature finds that assistance under the general relief program should not be available to those persons who have either adequate income or resources of their own. When benefits and services are available

HeinOnline -- 1989 vol. I 1077 1989

through other federal or state assistance programs, general relief should not be provided in duplication of such other assistance.

*(3)* The legislature further finds that the purposes of the general relief program must be implemented only to the extent necessary and allowable by the mandates of Article VIII, sections 12 and 14, of the Montana constitution, regarding financial accountability and expenditure by appropriation."

(a) an action taken on an application;

(b) an eligibility determination; or

(c) the amount or condition of payment.

(2) A hearing need not be granted if either state or federal law requires automatic grant adjustments for classes of persons unless the reason for an individual appeal is incorrect grant computation.

(3) The applicant or recipient must be informed of the right to request a hearing at the time any adverse action affects his eligibility.

(4) A hearing must be requested within 90 calendar days from the date of notice of adverse action. An applicant is considered to have been given notice on the date the notice is mailed or personally served.

(5) The hearing must be held in:

Section 5. Section 53-3-205, MCA, is amended to read:

**"53-3-205. Eligibility for general relief.** (1) A person or persons constituting a household may receive general relief assistance for basic necessities if the household is determined to be eligible under the provisions of this section and is in need of such assistance as a result of their infirmity, misfortune, or indigency.

(2) A household is eligible for general relief *assistance* if the household income, *including presumptive income but* exclusive of the first $50 earned each month by each household member, does not exceed that set forth in the following table:

| Number of Persons in Household | Monthly Income Standard |
|---|---|
| 1 | $212 |
| 2 | 282 |
| 3 | 354 |
| 4 | 426 |
| 5 | 501 |
| 6 | 570 |
| 7 | 642 |
| 8 | 713 |
| 9 | 785 |
| 10 or more | 857 |

*(3)* (a) When the household's income exceeds the monthly income standard for a household of that size because of receipt of lump-sum income, the household will be ineligible for general relief *assistance* for the full number of months, beginning with the month of receipt, derived by dividing the total of the lump-sum income and other income by the monthly income standard for a household of that size. Any income remaining from this calculation will be considered as income in the first month following the period of ineligibility.

(b) The period of ineligibility may be recalculated if the household size changes or if a portion of the lump sum was used to pay medical bills for a serious medical condition.

(c) Ineligibility due to the receipt of a lump sum does not preclude eligibility for general relief medical assistance.

*(4)* All applicants for and recipients of general relief assistance who reside in the same residence are considered as one household.

*(5) Eligibility for general relief assistance must be determined prospectively based on household income and other relevant circumstances reasonably certain to exist in the month in which assistance is to be provided. Once eligibility is determined, an individual must be paid benefits in accordance with the method provided for in 53-3-311.*

HeinOnline -- 1989 vol. I 1080 1989

*(6) (a) Except as provided in subsection (6)(b), the equity value of all household resources must be considered available to meet the needs of the individual applying for general relief.*

*(b)* The following resources of a household must be excluded from consideration of resources for eligibility purposes:

*(i)* the domicile of the household, including necessary appurtenant land not exceeding 10 acres;

*(ii)* a motor vehicle that has no more than $1,500 in equity value;

*(iii)* personal items, clothing, household furniture, appliances, and other essential household items, the total equity value of which does not exceed resource eligibility limits established by rule; and

*(iv)* tools of a trade that are essential to the current or future employment of a household member.

*(7)* A person who is committed or sentenced by legal process to a state institution or a secure facility or who is incarcerated in a secure facility pending resolution of legal process is not eligible for general relief.

*(8)* A person who resides for a period of 1 day or more in any state or federally operated institution or residence is not eligible for general relief for the period of that residency.

*(9)* For the purposes of an eligibility determination, an applicant for or recipient of general relief may be requested to produce all financial and other information concerning the household.

*(10)* Whenever practical, an eligibility determination must be made within 30 days of the date of application and the applicant must be notified in writing of the eligibility determination and the reasons for the determination.

*(11)* An alien determined to be illegally within the United States is not eligible for general relief."

Section 6. Section 53-3-206, MCA, is amended to read:

**"53-3-206. Eligibility for general relief medical assistance.** (1) In order to be considered for eligibility for general relief medical assistance, a person must be found to have a serious medical condition.

(2) Eligibility for general relief medical assistance must be determined as provided in this section and 53-3-205. A person with a serious medical condition must apply for general relief medical assistance prior to the provision of medical services or within 90 days of the date the medical service is first provided. Eligibility is determined as of the date medical service is first provided.

(3) All persons who reside in the same residence and are *either married to each other or are the parents or children of other persons living in the same residence* are considered to be one household for purposes of determining general relief medical assistance.

HeinOnline -- 1989 vol. I 1081 1989

(4) All individual or household resources must be used to offset medical obligations except those *resources* excluded in 53-3-205*(6) or used to offset nonmedical general relief payments during the same period.*

*(5) A household is ineligible to receive general relief medical assistance if the household is ineligible for medicaid as a result of overpayment, fraud, or failure or refusal to comply with requirements for continued participation in the medicaid program.*

*(6)* To determine eligibility for county general relief medical assistance, a county welfare board may promulgate rules to establish the circumstances under which persons are unable to pay for their medical aid and hospitalization. However, no household with an income exceeding 300% of the amount set forth in 53-3-205(2) is eligible for such medical assistance.

*(7)* In a county with state-assumed welfare services, a person is not eligible for medical services if the household in which he resides has an average monthly income reasonably certain to be received in a 12-month period beginning with the month the medical service was provided in excess of that set forth in the following table:

| Family Size | Monthly Income Level |
|---|---|
| 1 | $ 287 |
| 2 | 433 |
| 3 | 526 |
| 4 | 618 |
| 5 | 714 |

| 7 | 896 |
| 8 | 988 |
| 9 | 1,081 |
| 10 | 1,173 |
| 11 | 1,194 |
| 12 | 1,215 |
| 13 | 1,236 |
| 14 | 1,256 |
| 15 | 1,277 |
| 16 or more | 1,298" |

Section 7. Section 53-3-209, MCA, is amended to read:

**"53-3-209. Period of eligibility.** (1) The period of eligibility for receipt of general relief for basic necessities is 1 month. *Except* as provided in *subsection* (3), *a* person may seek to establish eligibility for the succeeding month prior to the end of the current month of eligibility.

*(2)* Eligibility for general relief medical assistance *is granted for a period of 1 month and* terminates when the serious medical condition of the person has been treated. *Except as provided in subsection (3), continued eligibility for general relief medical assistance may be established in any subsequent month.*

HeinOnline -- 1989 vol. I 1082 1989

*(3)* The period of eligibility for any type of general *relief* assistance terminates at any time the county welfare board or the department determines that the household:

(a) no longer meets the applicable eligibility requirements; or

(b) received general relief *assistance* by means of fraud or mistake."

Section 8. Section 53-3-304, MCA, is amended to read:

**"53-3-304. Power to require recipient to participate in job search, training, and workfare programs.** (1) The department shall cooperate with the department of labor and industry and other designated agencies to initiate, promote, and develop job search, training, and *workfare* programs that will contribute to the employability of persons receiving general relief *assistance* under the provisions of this chapter. These programs must be designed to preserve and improve the work habits and job-finding skills of recipients for whom jobs are not otherwise immediately available.

(2) For each county with state-assumed welfare services, the department shall contract with the department of labor and industry or other designated agencies to institute a job search, training, and *workfare programs* that *provide* able-bodied general relief *assistance* recipients with the necessary job-finding skills to seek unsubsidized employment independently.

(3) In a county with state-assumed welfare services, an able-bodied recipient of general relief *assistance* shall enroll in a structured job search and training program at an employment office or other site designated by the department. The program must include but is not limited to the following elements:

HeinOnline -- 1989 vol. I 1083 1989

services may require a recipient to *participate in a workfare program. The purpose of the workfare program is to provide work experience and training for general relief recipients in specifically created work projects operated by a public agency or a private, nonprofit agency. A workfare program established under this section must provide that:*

*(a)* A currently employed worker may *not* be displaced by any recipient (including partial displacement such as a reduction in the hours of nonovertime work, wages, or employment benefits).

*(b)* A recipient may *not* be *given a work experience or training assignment if:*

*(i) the assignment would fill an established unfilled vacancy that exists because an employee has been laid off;* or

*(ii)* the employer has terminated the employment of any regular employee or otherwise reduced its workforce with the intention of filling the vacancy *with* a *general relief* recipient.

*(c) A recipient may not be required to participate in a workfare program if participation is determined to interfere with:*

(5) The county department of public welfare or the department of social and rehabilitation services, as the case may be, shall provide coverage under the Workers' Compensation Act for those recipients of general relief *participating in the workfare program* and may enter into such agreements with the division of workers' compensation of the department of labor and industry as may be necessary to carry out the provisions of this section.

*(6)* A recipient who has completed the job search *and training* program provided for in subsection (3) shall:

(a) spend at least 8 hours a week in a supervised effort to find employment; and

HeinOnline -- 1989 vol. I 1084 1989

it is proposed to assign the recipient to *a workfare assignment*, an opportunity must be provided for that organization to submit comments with respect to such proposal.

*(8) A workfare* program may *not* impair existing contracts for services or collective bargaining agreements, and *a workfare* program that would be inconsistent with the terms of a collective bargaining agreement may *not* be undertaken without the written concurrence of the labor organization and employer concerned."

Section 9. Section 53-3-309, MCA, is amended to read:

"**53-3-309. Form of relief.** The choice as to the form or forms of relief provided is at the discretion of the county welfare department in counties without state-assumed welfare services or the department if the state has assumed responsibility for the welfare services in a county. *The form of relief may include but is not limited to cash, checks, vouchers, lines of credit, in-kind goods and services, and food commodities.*"

*(a) Countable income during the first 2 months of continuous eligibility is the income the household is likely to receive during the benefit month less the amounts excluded in 53-3-205(2).*

*(b) Countable income in the third and all consecutive continuous months of eligibility is the income the household received in the second calendar month immediately preceding the benefit month less the amounts excluded in 53-3-205(2).*"

tax are statutorily appropriated, as provided in 17-7-502, to the auditor, who shall pay claims as provided in subsection (2) of this section and 19-13-1006. *If sufficient cash remains in the fund each year after the payment of claims as provided in subsection (2) of this section and 19-13-1006, the state auditor shall deposit any excess amount in the account provided for in [section 3].*

(2) Effective January 1, 1976, each association shall pay to the firefighters retired before July 1, 1973, or their surviving spouses and children a monthly pension of not less than one-half the regular monthly salary paid to a confirmed active firefighter of that city, as provided each year in the budget of that city. In the case of volunteer firefighters, the pension may not exceed $75 per month. Distribution of the funds provided for this purpose under subsection (1) shall be made as follows:

If after a member retires, the city that last employed him no longer employs a full-paid firefighter, the member's supplemental allowance must be calculated on the basis of the average monthly compensation paid to all newly confirmed full-paid firefighters, as provided each year in the budgets of those cities that participate in the plan and employ a full-paid firefighter.

WHEREAS, the state of Montana has both a social and an economic interest in ensuring that minor children residing in or having significant connections with this state receive ample financial support from their nonresident parents; and

WHEREAS, the procedure established by the Uniform Reciprocal Enforcement of Support Act of 1968 (URESA), while valuable in many instances, sometimes causes delay in obtaining support orders; and

*Be it enacted by the Legislature of the State of Montana:*

Section 1. **Child support jurisdiction — nonresident parent.** A court of this state that is competent to decide child support matters may exercise personal jurisdiction over a nonresident parent in a child support determination in the initial or modification decree if:

[HB 211]

AN ACT ALLOWING AN APPLICANT FOR LICENSURE AS A NURSING HOME ADMINISTRATOR TO SATISFY THE EDUCATION AND EXPERIENCE REQUIREMENTS BY PRESENTING EVIDENCE OF SUFFICIENT EDUCATION, TRAINING, OR EXPERIENCE, OR A COMBINATION OF EDUCATION, TRAINING, AND EXPERIENCE; AND AMENDING SECTION 37-9-301, MCA.

STATEMENT OF INTENT

A statement of intent is required for this bill to clarify the extension of existing authority to make rules on the subject of the provisions of this act.

It is the intent of this legislature that the board of nursing home administrators adopt rules governing the qualifications for licensure as a nursing home administrator, which qualifications are reasonably related to the performance of the functions normally carried out by those serving as nursing home administrators.

Any course of instruction, training, or education prescribed by the board should be related to the performance of the functions normally carried out by those employed as nursing home administrators and the protection of patients cared for in nursing homes.

It is also the intent of the legislature that the board not require a baccalaureate degree unless the federal government mandates such a degree for purposes of the state receiving federal financial participation for medicare.

The intent of the legislature is not to exclude qualified individuals because they do not meet an arbitrary standard that does not bear a strong relationship to expected job performance, but to exclude only those who are truly unqualified in the judgment of the board. The legislature intends that the written examination provided for in subsection (1)(c) of [the act] provides additional protection to the public in screening out unqualified candidates.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. Section 37-9-301, MCA, is amended to read:

**"37-9-301. Qualifications for licensure — examination.** (1) The department shall register and issue licenses to qualified persons as nursing home administrators, and the board shall establish qualification criteria for

nursing home administrators. No registration or license shall be issued to a person as a nursing home administrator unless he:

(a) is of good character, of sound physical and mental health, has received a high school diploma or its equivalent; *and*

(b) *(i)* has satisfactorily completed a course of instruction and training prescribed by the board, which shall be designed and administered to present sufficient knowledge of the needs properly served by long-term care facilities, laws governing the operation of long-term care facilities and the protection of the interests of patients, and the elements of good nursing home administration; or

*(ii)* has presented evidence satisfactory to the board of sufficient education, training, or experience, *or a combination of education, training, and experience* in the fields *referred to in subsection (1)(b)(i)* to administer, supervise, and manage a long-term care facility; and

(c) has passed an examination designed to test for competence in the subject matters referred to in subsection (1)(b)*(i)*.

(2) The minimum standards for qualification shall comply with the requirements, if any, set forth in Title XIX of the Social Security Act (P.L. 90-248, 1967), as amended."

Section 2. **Grandfather clause.** A person licensed as a nursing home administrator on [the effective date of this act] does not have to present evidence satisfactory to the board of sufficient education as required by 37-9-301(1)(b)(ii) in order to renew his license as a nursing home administrator.

Section 3. **Extension of authority.** Any existing authority to make rules on the subject of the provisions of [this act] is extended to the provisions of [this act].

Approved April 6, 1989.

**"85-5-101. Appointment of water commissioners.** (1) Whenever the rights of persons to use the waters of any stream, ditch or extension of ditch, watercourse, spring, lake, reservoir, or other source of supply have been determined by a decree of a court of competent jurisdiction, it *is* the duty of the judge of the district court having jurisdiction of the subject matter, upon the application of the owners of at least 15% of the water rights affected by the decree, in the exercise of his discretion, to appoint one or more commissioners. The commissioners have authority to admeasure and distribute to the parties owning water rights in the source affected by the decree the waters to which they are entitled, according to their rights as fixed by the decree and by any certificates and permits issued under chapter 2 of this title. When petitioners make proper showing that they are not able to obtain the application of the owners of at least 15% of the water rights affected and they are unable to obtain the water to which they are entitled, the judge of the district court having jurisdiction may, in his discretion, appoint a water commissioner.

(2) When the existing rights of all appropriators from a source or in an area have been determined in a final decree issued under chapter 2 of this title, the judge of the district court *may* upon application by *both* the department of natural resources and conservation *and one or more holders of valid water rights in the source* appoint a water commissioner. (4) At the time of the appointment of *a* water commissioner or commissioners, the district court shall fix their compensation, and the owners and users of the distributed waters, including permittees and certificate holders, shall pay their proportionate share of fees and compensation. *The judge may include the department in the apportionment of costs if it applied for the appointment of a water commissioner under subsection (2).*

(5) Upon the application of the board or boards of one or more irrigation districts entitled to the use of water stored in a reservoir which is turned into the natural channel of any stream and withdrawn or diverted at a point downstream for beneficial use, the district court of the judicial district wherein the most irrigable acres of the irrigation district or districts are situated may appoint a water commissioner to equitably admeasure and distribute stored water to *the* irrigation district or districts from the channel of the stream into which it has been turned. A commissioner appointed under this subsection has the powers of any commissioner appointed under this chapter, limited only by the purposes of this subsection. His compensation is set by the appointing judge and paid by each district and other users of stored water affected by the admeasurement and distribution of *the* stored water. # CHAPTER NO. 473

[HB 750]

AN ACT TO CREATE A STATE BUILDING ENERGY CONSERVATION PROGRAM; ESTABLISHING A STATE BUILDING ENERGY CONSERVATION PROGRAM ACCOUNT; ASSIGNING RESPONSIBILITY TO THE DEPARTMENT OF NATURAL RESOURCES AND CONSERVATION; PROVIDING FOR THE ISSUANCE OF GENERAL OBLIGATION BONDS TO FUND THE PROGRAM; APPROVING ENERGY CONSERVATION PROJECTS FOR THE 1990-91 BIENNIUM IN THE AMOUNT OF $3 MILLION; STATUTORILY APPROPRIATING TO THE DEPARTMENT OF NATURAL RESOURCES AND CONSERVATION ALL MONEY RECEIVED UNDER THE PROGRAM; PLEDGING THE CREDIT OF THE STATE OF MONTANA TO SECURE THE BONDS TO BE ISSUED; AMENDING SECTION 17-7-502, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

STATEMENT OF INTENT

This bill requires a statement by the department of natural resources and conservation that the estimated annual energy savings to be derived from the installation of the energy saving improvements are expected to equal or exceed the annual debt service to be paid on the bonds issued to fund the improvements. In developing this savings statement, the department shall determine which energy improvements yield sufficient return on investment to be included in the financing package. In making this determination, the department should consider the projected savings of the improvement, the

HeinOnline -- 1989 vol. I 1122 1989

impact on project cash flow, the expected useful life of the improvement and the facility, the state's long-range plans for the facility, the potential impacts on the utility system, and any additional monetary and nonmonetary benefits to be derived from the improvement.

The department shall consult with the utility or utilities that serve the facilities on which the improvements are to be made. If a fuel switching measure is proposed, the department must demonstrate that the benefits to the state exceed the costs to the utility and its customers.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. **Short title.** [Sections 1 through 8] may be cited as the "State Building Energy Conservation Act".

Section 2. **Definitions.** (1) "Board" means the board of examiners provided for in 2-15-1007.

(2) "Cost" includes the expenses related to planning, design, construction, and installation of energy conservation improvements and any administrative expenses of the department incurred in the performance of its duties under the energy conservation program.

(3) "Department" means the department of natural resources and conservation provided for in 2-15-3301.

(4) "Energy conservation program" means a program for the financing, acquisition, construction, and installation of energy saving equipment, systems, and improvements in state-owned buildings, structures, and facilities.

(5) "Energy conservation program bonds" includes all series of bonds issued to finance any portion of the energy conservation program.

(6) "State agency" means:

(a) each executive, legislative, or judicial branch department, office, or agency; and

(b) the university system.

Section 3. **Preparation of energy conservation program.** (1) Before June 30 of each odd-numbered year, state agencies shall submit to the department, on forms provided by the department, a list of any facilities operated by that agency that have a potential for energy savings, based on age, energy use, function, and condition of the building. Agencies may request assistance from the department to identify these facilities.

(2) Based on the criteria in subsection (1), the department shall select certain facilities for in-depth energy analyses to identify the technical and financial feasibility of making energy conservation improvements to the facilities.

(3) During the energy analyses, the department shall consult with the utilities that serve the selected facilities to discuss potential impacts on the utilities and their customers of making energy conservation improvements to these facilities.

HeinOnline -- 1989 vol. I 1123 1989

(4) Upon completion of the energy analyses, the department shall submit to the governor its findings and a prioritized list of projects recommended for funding under the energy conservation program. The department shall rank projects in terms of cost-effectiveness to the state.

(5) The department shall compile a report that must include the following:

(a) a listing of all requests submitted by state agencies;

(b) a summary of the department's review of agency requests;

(c) a summary of the energy analyses conducted by the department, including the estimated cost of each proposed project and the estimated energy cost savings of each proposed project;

(d) a description of measures taken by the department to address the issues that were raised in the consultation with the affected utilities; and

(e) if a fuel switching measure is proposed, an analysis of the costs to the affected utility and its customers and of the benefits to the state of the fuel switching measure.

(6) If a fuel switching measure is proposed, the department shall demonstrate through the analysis required by subsection (5)(e) that the benefits to the state exceed the costs to the utility and its customers.

(7) The department shall submit the report required by subsection (5) to the governor before September 1 of each even-numbered year.

Section 4. **Submission to the legislature.** During the first week of the regular legislative session, the governor shall submit to the legislature for its approval the proposed projects to be funded by the energy conservation program for the next biennium. In his recommendation, the governor shall include:

(1) the report prepared by the department;

(2) a description of the improvements to be financed;

(3) the estimated cost of each project and the total cost of the program; and

(4) the proposed method of financing the improvement. If energy conservation program bonds are proposed to be issued to finance the program improvements, the governor shall include within his report a written statement by the department that the estimated annual energy savings to be derived from the installation of the energy saving equipment or improvements, upon completion, are expected to equal or exceed the annual debt service to be paid on the energy conservation program bonds proposed to be issued to fund the costs of such equipment or improvements.

Section 5. **Duties of department.** In addition to the duties set forth in [section 3], the department is authorized to:

(1) analyze state utility data to identify high potential energy conservation projects;

HeinOnline -- 1989 vol. I 1124 1989

(2) perform comprehensive energy analyses on state-owned buildings, structures, and facilities, contracting with private engineers when necessary;

(3) to administratively transfer funds to the department of administration to procure design and construction of cost-effective energy improvements;

(4) train facility maintenance staff in energy saving techniques and maintenance of energy improvements, monitor energy conservation projects to ensure that cost savings are realized and are adequate to cover the debt service if bonds have been issued to fund the improvements.

Section 6. **Authority to issue energy conservation program bonds.** (1) When authorized by the vote of two-thirds of the members of each house of the legislature, at the request of the department, and pursuant to [sections 1 through 8], the board may issue and sell bonds or bond anticipation notes of the state in a manner it considers necessary and proper to finance the energy conservation program and to pay costs associated with the sale and issuance of the bonds. Bonds may be issued to provide funds for the payment or redemption of energy conservation building program bonds issued under this section.

(2) The full faith and credit and taxing powers of the state are pledged for the prompt and full payment of all bonds so issued and interest and redemption premiums payable on the bonds according to their terms.

Section 7. **Form — principal and interest — fiscal agent — deposit of proceeds.** (1) Each series of energy conservation program bonds may be issued by the board at the request of the department, in denominations and forms, whether payable to bearer or registered as to principal or as to both principal and interest, with provisions for conversion or exchange and for the issuance of notes in anticipation of the execution and delivery of definitive bonds, bearing interest at a rate or rates, maturing at times not exceeding 15 years from date of issue, subject to redemption at earlier times and prices and upon notice, and payable at the office of such fiscal agent of the state, as the board shall determine subject to the provisions of this section and [section 6].

(2) In all other respects, the board is authorized to prescribe the form and terms of the bonds and shall do whatever is lawful and necessary for their issuance and payment. The bonds and any interest coupons must be signed by the members of the board, and the bonds must be issued under the great seal of the state of Montana. The bonds and coupons may be executed with facsimile signatures and seal in the manner and subject to the limitations prescribed by law. The state treasurer shall keep a record of all such bonds issued and sold.

(3) The board may employ a fiscal agent to assist in the performance of its duties under [sections 1 through 8].

(4) There is created an energy conservation program account within the state special revenue fund established in 17-2-102.

(5) All proceeds of bonds and notes issued under [section 6] must be deposited in the energy conservation program account, except that any premiums and accrued interest received must be deposited in the debt service fund established in 17-2-102.

HeinOnline -- 1989 vol. I 1125 1989

Section 8. **Use of energy conservation program account.** The energy conservation program account must be segregated by the treasurer from all other money in that or any other fund in the state treasury and used only to pay costs of the energy conservation program. The department may transfer all money authorized by the legislature for its administrative expenditures from the energy conservation program account to a special revenue fund. This money is statutorily appropriated as provided in 17-7-502.

Section 9. **Approval of projects.** Notwithstanding the provisions of [sections 3 and 4], the legislature approves the energy conservation projects listed below and the described amounts as the energy conservation program for the 1990-91 biennium:

| Facility | Cost |
|---|---|
| Montana State Hospital at Warm Springs | $801,146 |
| Montana State Hospital at Galen | 853,788 |
| Center for the Aged | 125,000 |
| School for the Deaf and Blind | 125,000 |
| Total | $1,904,934 |

Section 10. **Authorization of bonds — appropriation of proceeds.** (1) At the request of the department, the board may issue and sell bonds of the state in an aggregate principal amount not exceeding $3 million to provide money for the 1990-91 biennium energy conservation program. The bonds are general obligations for which the full faith and credit and taxing powers of the state are pledged for payment of the principal and interest. The bonds must be issued as provided by Title 17, chapter 5, part 8.

(2) The proceeds of the bonds, other than any premiums and accrued interest received, must be deposited in the energy conservation program account. Any premium and accrued interest must be deposited to the debt service fund established in 17-2-102. Proceeds of bonds deposited in the energy conservation program account may be used to pay the costs of issuing the bonds and to pay costs of the energy conservation program, including the funding of the 1990-91 biennium energy conservation projects approved by the legislature. For purposes of 17-5-803 and 17-5-804, the energy conservation program account constitutes a capital projects account. Such proceeds must be available to the department and may be used for the purposes authorized in [sections 1 through 8] without further budgetary authorization.

Section 11. Section 17-7-502, MCA, is amended to read:

**"17-7-502. Statutory appropriations — definition — requisites for validity.** (1) A statutory appropriation is an appropriation made by permanent law that authorizes spending by a state agency without the need for a biennial legislative appropriation or budget amendment.

(2) Except as provided in subsection (4), to be effective, a statutory appropriation must comply with both of the following provisions:

(a) The law containing the statutory authority must be listed in subsection (3).

HeinOnline -- 1989 vol. I 1126 1989

(b) The law or portion of the law making a statutory appropriation must specifically state that a statutory appropriation is made as provided in this section.

If [section 10] is not approved by the required vote, [this act] is void.

Section 16. **Effective date.** [This act] is effective on passage and approval.

# CHAPTER NO. 474

[HB 87]

AN ACT TO AMEND CERTAIN DEFINITIONS WITHIN THE CHILD ABUSE, NEGLECT, AND DEPENDENCY LAW; AMENDING SECTION 41-3-102, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND AN APPLICABILITY DATE.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. Section 41-3-102, MCA, is amended to read:

**"41-3-102. Definitions.** As used in this chapter, the following definitions apply:

(1) "Child" or "youth" means any person under 18 years of age.

(2) "*Abused* or neglected child" means a child whose normal physical or mental health or welfare is harmed or threatened with harm by the acts or omissions of his parent or other person responsible for his welfare.

(3) "Harm to a child's health or welfare" means the harm that occurs whenever the parent or other person responsible for the child's welfare:

(a) inflicts or allows to be inflicted upon the child physical or mental injury;

(b) commits or allows to be committed *sexual abuse or exploitation of the child*;

(c) causes failure to thrive or otherwise fails to supply the child with adequate food or fails to supply clothing, shelter, education, or health care, though financially able to do so or offered financial or other reasonable means to do so;

(d) abandons the child by leaving him under circumstances that make reasonable the belief that the parent or other person does not intend to resume care of the child in the future or by willfully surrendering physical custody for a period of 6 months and during that period does not manifest to the child and the person having physical custody of the child a firm intention to resume physical custody or to make permanent legal arrangements for the care of the child; or

(e) is unknown and has been unknown for a period of 90 days and reasonable efforts to identify and locate the parents have failed.

(4) "Adequate health care" means any medical or nonmedical remedial health care, including the prevention of the withholding of medically indicated treatment or medically indicated psychological care permitted or authorized under state law.

(5) "Withholding of medically indicated treatment" means the failure to respond to an infant's life-threatening conditions by providing treatment (including appropriate nutrition, hydration, and medication) that, in the treating physician's or physicians' reasonable medical judgment, will be

HeinOnline -- 1989 vol. I 1128 1989

most likely to be effective in ameliorating or correcting all such conditions. However, the term does not include the failure to provide treatment (other than appropriate nutrition, hydration, or medication) to an infant when, in the treating physician's or physicians' reasonable medical judgment:

(a) the infant is chronically and irreversibly comatose;

(b) the provision of such treatment would:

(i) merely prolong dying;

(ii) not be effective in ameliorating or correcting all of the infant's life-threatening conditions; or

(iii) otherwise be futile in terms of the survival of the infant; or

(c) the provision of such treatment would be virtually futile in terms of the survival of the infant and the treatment itself under such circumstances would be inhumane. For purposes of this subsection, "infant" means an infant less than 1 year of age or an infant 1 year of age or older who has been continuously hospitalized since birth, who was born extremely prematurely, or who has a long-term disability. The reference to less than 1 year of age may not be construed to imply that treatment should be changed or discontinued when an infant reaches 1 year of age or to affect or limit any existing protections available under state laws regarding medical neglect of children over 1 year of age.

(6) "Threatened harm *to a child's health or welfare*" means *substantial* risk of harm *to the child's health or welfare.*

(7) "A person responsible for a child's welfare" means the child's parent, guardian, or foster parent; *a staff person providing care in a day-care facility;* an employee of a public or private residential institution, facility, home, or agency; or any other person legally responsible for the child's welfare in a residential setting.

(8) "Physical injury" means death, permanent or temporary disfigurement, or impairment of any bodily organ or function *and includes death, permanent or temporary disfigurement, and impairment of a bodily organ or function sustained as a result of excessive corporal punishment.*

(9) "Mental injury" means an identifiable and substantial impairment of the child's intellectual or psychological functioning.

(10) "Dependent youth" means a youth:

(a) who is abandoned;

(b) who is without parents or guardian or not under the care and supervision of a suitable adult;

(c) who has no proper guidance to provide for his necessary physical, moral, and emotional well-being;

(d) who is destitute;

(e) who is dependent upon the public for support; or

(f) whose parent or parents have voluntarily relinquished custody of the child and whose legal custody has been transferred to a licensed agency.

(11) "Youth in need of care" means a youth who is dependent, abused, or neglected as defined in this section.

(12) "Department" means the department of family services provided for in 2-15-2401.

(13) "Limited emancipation" means a status conferred on a dependent youth by a court after a dispositional hearing in accordance with 41-3-406 under which the youth is entitled to exercise some but not all of the rights and responsibilities of a person who is 18 years of age or older.

(14) "Social worker" means an employee of the department of family services whose duties generally involve the provision of either child or adult protective services, or both.

*(15) "Sexual abuse" means the commission of sexual assault, sexual intercourse without consent, indecent exposure, deviate sexual conduct, or incest, as described in Title 45, chapter 5, part 5.*

## CHAPTER NO. 475

[HB 422]

AN ACT TO AMEND THE LIVING WILL ACT TO ALLOW A DECLARANT TO DIRECT EMERGENCY MEDICAL SERVICES PERSONNEL TO WITHHOLD LIFE-SUSTAINING PROCEDURES; TO LIMIT THE EFFECT OF A REVOCATION OF A DECLARATION COMMUNICATED TO SOMEONE OTHER THAN A PHYSICIAN OR OTHER HEALTH CARE PROVIDER; GRANTING IMMUNITY TO EMERGENCY MEDICAL SERVICES PERSONNEL; AMENDING SECTIONS 50-9-102, 50-9-104, AND 50-9-204, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

STATEMENT OF INTENT

A statement of intent is needed for this bill because [section 4] grants the department of health and environmental sciences authority to adopt

HeinOnline -- 1989 vol. I 1130 1989

rules to implement the Montana Living Will Act. It is intended that the rules address, among other things, living will protocols, reliable documentation of declarations, and training for emergency medical services personnel to inform them of the provisions of the act and implementing rules. In developing the rules, the department should seek the advice and aid of medical associations and organizations, including those relating to hospices, home health organizations, and emergency medical services.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. Section 50-9-102, MCA, is amended to read:

**"50-9-102. Definitions.** As used in this chapter, the following definitions apply:

(1) "Attending physician" means the physician selected by or assigned to the patient, who has primary responsibility for the treatment and care of the patient.

*(2) "Board" means the Montana state board of medical examiners.*

*(3)* "Declaration" means a document executed in accordance with the requirements of 50-9-103.

*(4) "Department" means the department of health and environmental sciences.*

*(5) "Emergency medical services personnel" means paid or volunteer firefighters, law enforcement officers, first responders, emergency medical technicians, or other emergency services personnel acting within the ordinary course of their profession.*

*(6)* "Health care provider" means a person who is licensed or otherwise authorized by the law of this state to administer health care in the ordinary course of business or practice of a profession.

*(7)* "Life-sustaining procedure" means any medical procedure or intervention that, when administered to a qualified patient, will serve only to prolong the dying process.

*(8) "Living will protocol" means a locally developed, community-wide method or a standardized, state-wide method developed by the department and approved by the board, of providing palliative care to and withholding life-sustaining procedures from a qualified patient under 50-9-202 by emergency medical service personnel.*

*(9)* "Physician" means a person licensed under Title 37, chapter 3, to practice medicine in this state.

*(11) "Reliable documentation" means a standardized, state-wide identification card or form or a necklace or bracelet of uniform design, adopted by a written, formal understanding of the local community emergency medical*

*services agencies and licensed hospice and home health agencies, that signifies and certifies that a valid and current declaration is on file and that the individual is a qualified patient.*

*(12)* "Terminal condition" means an incurable or irreversible condition that, without the administration of life-sustaining procedures, will, in the opinion of the attending physician, result in death within a relatively short time."

Section 2. Section 50-9-104, MCA, is amended to read:

**"50-9-104. Revocation of declaration.** (1) A declaration may be revoked at any time and in any manner by which the declarant is able to communicate his intent to revoke, without regard to mental or physical condition. A revocation is effective only as to the attending physician or any health care provider acting under the guidance of that physician upon communication to the physician or health care provider by the declarant or by another to whom the revocation was communicated. *A health care provider or emergency medical services personnel witnessing a revocation shall act upon the revocation and shall communicate the revocation to the attending physician at the earliest opportunity. A revocation communicated to a person other than the attending physician, emergency medical services personnel, or a health care provider is not effective unless the attending physician is informed of it before the qualified patient is in need of life-sustaining procedures.*

(2) The attending physician or health care provider shall make the revocation a part of the declarant's medical record."

Section 3. Section 50-9-204, MCA, is amended to read:

**"50-9-204. Immunities.** (1) In the absence of actual notice of the revocation of a declaration, the following, while acting in accordance with the requirements of this chapter, are not subject to civil or criminal liability or guilty of unprofessional conduct:

(a) a physician who causes the withholding or withdrawal of life-sustaining procedures from a qualified patient;

(b) a person who participates in the withholding or withdrawal of life-sustaining procedures under the direction or with the authorization of a physician;

*(e)* a health care facility in which withholding or withdrawal occurs.

(2) A physician is not subject to civil or criminal liability for actions under this chapter that are in accord with reasonable medical standards."

# CHAPTER NO. 476

[HB 425]

AN ACT TO MODIFY THE DRIVING UNDER THE INFLUENCE STATUTES; TO KEEP A DRIVER'S LICENSE SUSPENSION FOR A SECOND OR SUBSEQUENT OFFENSE IN EFFECT UNTIL AN ALCOHOL INFORMATION COURSE AND TREATMENT, IF TREATMENT IS ALSO ORDERED, IS COMPLETED; TO PROVIDE THAT, FOR THE PURPOSE OF CALCULATING THE NUMBER OF CONVICTIONS FOR PURPOSES OF THE DUI PENALTY SECTION, A CONVICTION OF A PER SE OFFENSE CONSTITUTES A CONVICTION UNDER THE DUI OFFENSE SECTION; TO CLARIFY WHEN A DUI OFFENDER IS CONSIDERED TO HAVE A PREVIOUS CONVICTION; PROVIDING THAT DUI PRIOR CONVICTION RECORDS MAY NOT BE EXPUNGED; RESTRICTING ACCESS TO THE RECORDS; AND AMENDING SECTIONS 61-5-208 AND 61-8-714, MCA.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. Section 61-5-208, MCA, is amended to read:

"**61-5-208. Period of suspension or revocation.** (1) The department may not suspend or revoke a driver's license, commercial vehicle operator's endorsement, or privilege to drive a motor vehicle on the public highways for a period of more than 1 year, except as permitted under *subsection (2) of this section*, 61-5-207, 61-5-212, 61-6-123, and 61-11-211.

(2) Any person whose license, commercial vehicle operator's endorsement, or privilege to drive a motor vehicle on the public highways has been suspended or revoked is not entitled to have *the* license, endorsement, or privilege renewed or restored unless the revocation was for a cause which has been removed, except that after the expiration of the period of *the* revocation or suspension, the person may make application for a new license or endorsement as provided by law but the department may not then issue a new license or endorsement unless and until it is satisfied, after investigation of the driving ability of the person and upon a showing by its records or other sufficient evidence, that the person is eligible to be licensed to drive in this state. When any person is convicted or forfeits bail

HeinOnline -- 1989 vol. I 1133 1989

or collateral not vacated for the offense of operating or being in actual physical control of a motor vehicle while under the influence of alcohol or any drug or a combination thereof or for the offense of operation of a motor vehicle by a person with alcohol concentration of 0.10 or more, the department shall, upon receiving a report of conviction or forfeiture of bail or collateral not vacated, suspend the license, including any commercial vehicle operator's endorsement, or driving privilege of the person for a period of 6 months. Upon receiving a report of a conviction or forfeiture of bail or collateral for a second, third, or subsequent offense within 5 years of the first offense, the department shall revoke the license, commercial vehicle operator's endorsement, or driving privilege of the person for a period of 1 year, *except that if the 1-year period passes and the person has not completed an alcohol information course, treatment, or both, as ordered by the sentencing court, the license revocation remains in effect until the course, treatment, or both are completed.*

(3) The period for all revocations made mandatory by 61-5-205 shall be 1 year except as provided in subsection (2) of this section.

(4) The period of revocation for any person convicted of any offense which makes mandatory the revocation of the driver's license commences from date of conviction or forfeiture of bail."

Section 2. Section 61-8-714, MCA, is amended to read:

**"61-8-714. Penalty for driving under the influence of alcohol or drugs.** (1) A person convicted of a violation of 61-8-401 shall be punished by imprisonment in the county jail for not less than 24 consecutive hours or more than 60 days and shall be punished by a fine of not less than $100 or more than $500. The jail sentence may not be suspended unless the judge finds that the imposition of the jail sentence will pose a risk to the defendant's physical or mental well-being.

(2) On a second conviction, he shall be punished by a fine of not less than $300 or more than $500 and by imprisonment for not less than 7 days, at least 48 hours of which must be served consecutively, or more than 6 months. Three days of the jail sentence may not be suspended unless the judge finds that the imposition of the jail sentence will pose a risk to the defendant's physical or mental well-being.

(3) On the third or subsequent conviction, he shall be punished by imprisonment for a term of not less than 30 days, at least 48 hours of which must be served consecutively, or more than 1 year, *and by* a fine of not less than $500 or more than $1,000. Notwithstanding any provision to the contrary providing for suspension of execution of a sentence imposed under this subsection, the imposition or execution of the first 10 days of the jail sentence imposed for a third or subsequent offense that occurred within 5 years of the first offense may not be deferred or suspended.

(4) In addition to the punishment provided in this section, regardless of disposition, the defendant shall complete an alcohol information course at an alcohol treatment program approved by the department of institutions, which may, *in the sentencing court's discretion and upon recommendation of a certified chemical dependency counselor,* include alcohol or drug treatment, or both. *On conviction of a second or subsequent offense under this section, in addition to the punishment provided in this section, regardless of disposition, the defendant shall complete an alcohol information course*

HeinOnline -- 1989 vol. I 1134 1989

*at an alcohol treatment program approved by the department of institutions, which must include alcohol or drug treatment or both.* Each counselor providing education or treatment shall, at the commencement of the education or treatment, notify the court that the defendant has been enrolled in a course or treatment program. If the defendant fails to attend the course or the treatment program, the counselor shall notify the court of the failure. *As long as the alcohol information course and treatment program are approved as provided in this subsection, the defendant may attend the information course and treatment program of his choice. The treatment provided to the defendant at a treatment program must be at a level appropriate to his alcohol problem, as determined by the judge based upon the recommendation from the certified chemical dependency counselor.*

(5) For the purpose of determining the number of convictions under this section, "conviction" means a final conviction, as defined in 45-2-101, in this state, *conviction for a violation of* a similar statute in another state, or a forfeiture of bail or collateral deposited to secure the defendant's appearance in court in this state or another state, which forfeiture has not been vacated. An offender is considered to have been previously convicted for the purposes of this section if less than 5 years have elapsed between the commission of the present offense and a previous conviction. If there has been no additional conviction for an offense under this section for a period of 5 years after a prior conviction hereunder, then *all records and data relating to the prior conviction are confidential criminal justice information as defined in 44-5-103 and public access to the information may only be obtained by district court order upon good cause shown.*

*(6) For the purpose of calculating subsequent convictions under this section, a conviction for a violation of 61-8-406 also constitutes a conviction for a violation of 61-8-401.*"

Section 3. **Extension of authority.** Any existing authority to make rules on the subject of the provisions of [this act] is extended to the provisions of [this act].

Approved April 8, 1989.

# CHAPTER NO. 482

[HB 204]

AN ACT ALLOWING THE DEPARTMENT OF SOCIAL AND REHABILITATION SERVICES OR A COUNTY A LIEN ON, RATHER THAN A SUBROGATION INTEREST IN, A THIRD-PARTY RECOVERY BY A RECIPIENT WHOSE MEDICAL EXPENSES WERE PAID BY THE DEPARTMENT OR COUNTY; REVISING PROVISIONS RELATING TO NOTICE TO THE DEPARTMENT OR COUNTY; PROVIDING FOR LIABILITY FOR FAILURE TO SATISFY THE LIEN; AMENDING SECTIONS 53-2-611, 53-2-612, AND 53-6-143, MCA; REPEALING SECTION 53-3-315, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND APPLICABILITY DATES.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. Section 53-2-612, MCA, is amended to read:

**"53-2-612. Lien of department or county upon third-party recoveries.** (1) *Upon notice by the department, a county, or the recipient to a third party or his insurer as provided in subsection (5)(b), the department or county has a lien upon all money paid by a third party or his insurer in satisfaction of a judgment or settlement arising from a recipient's claim for damages or compensation for personal injury, disease, illness, or disability to the extent that the department or county has paid medical assistance on behalf of the recipient for the same personal injury, disease, illness, or disability.*

(2) The department *or county* may, in the name of the recipient on whose behalf medical *assistance has* been paid *by the department or county*, commence and prosecute to final conclusion any action which may be necessary to recover from a third party *or his insurer* compensation or damages for medical *assistance paid by the department or county on behalf*

*of the recipient.* This section does not affect the right of the recipient to initiate and prosecute to final conclusion an action for damages or compensation in his own name in accordance with the provisions of this section.

(3) *(a) The lien:*

*(i) applies to all money paid by a third party or his insurer regardless of whether the recovery is allocated by the parties or a court to any particular type or element of damages; and*

*(ii) is subordinate to the lien of an attorney under 37-61-420.*

*(b) Unless specifically provided by law, the recipient's right to recover damages or compensation from a third party or his insurer may not be reduced or denied on the ground that the recipient's costs of medical treatment and medical-related services have been paid by the department or county under any public assistance program.*

*(c)* From the amount collected *by the department, county, or recipient* from legal proceedings or as a result of settlement, reasonable attorney fees and costs must be *first* deducted *and paid.* Unless the department *or county* and the recipient agree to a different settlement, the amount previously paid as medical *assistance* by the department *or county,* less a pro rata share of attorney fees and costs, must be deducted next and paid to the department *or county.* The remainder, *if any,* must be paid to the recipient.

*(d) In all cases of payment to the department or county out of an amount collected from a third party or insurer on a recipient's claim, the amount of the lien must be reduced by a pro rata share of attorney fees and costs as provided in subsection (3)(c), but the department or county may not be required to participate in payment of attorney fees and costs unless the recipient's claim results in recovery out of which the department or county receives full or partial payment of its lien.*

(4) *(a)* A recipient of medical *assistance* or his legal representative shall notify the department *or county* by certified letter *within 30 days* if the recipient or his legal representative asserts a claim against a third party or his insurer for damages or compensation for *a personal* injury, *disease, illness, or disability* for which the department *or county* paid medical *assistance* in whole or in part *or for which the recipient has applied for medical assistance.* The notice must be mailed to the director of the department *or the director of the county department that paid medical assistance. At the same time, a copy must be sent by certified mail to the third party or his insurer.*

*(b) The notice* must contain the following information:

*(i)* the name and address of the recipient *and his legal representative, if any;*

*(ii)* the name *and address* of the third party alleged to be liable to the recipient;

*(iii)* the name and address of any known insurer of the third party; and

*(iv)* the judicial district and docket number of any action filed.

HeinOnline -- 1989 vol. I 1142 1989

*(c) A recipient or his legal representative, who has received actual notice that the department or county has paid medical assistance, is liable to the department or county for the amount it is entitled to receive under this section if:*

*(i) the recipient or his legal representative fails to timely notify the department or county or fails to mail a copy of the notice to the third party or his insurer; and*

*(ii) a third party or his insurer that did not receive notice from the department or county as provided for in subsection (5)(b) pays the recipient or his legal representative without satisfying any lien of the department or county.*

*(5) (a) If a third party or his insurer that has received notice of the department's or county's lien as provided for in subsection (5)(b) makes payment in whole or in part of the recipient's claim without first satisfying the lien of the department or county, the third party or his insurer is liable to the department or county for the amount the department or county is entitled to receive under this section.*

*(b) For the purposes of subsection (5)(a), a third party or his insurer has been given notice if:*

*(i) the department or county mails, by certified mail, to the third party or his insurer:*

*(A) a statement of the medical assistance paid or which may be paid by the department or county on behalf of the recipient; and*

*(B) a claim for reimbursement;*

*(ii) the recipient or his legal representative mails, by certified mail, to the third party or his insurer:*

*(A) a copy of the notice required by subsection (4)(a); or*

*(B) a statement stating that the recipient has applied for or has received medical assistance from the department or county in connection with the same claim; or*

# CHAPTER NO. 491

[HB 367]

AN ACT TO PERMIT FUNDS FROM THE WATER DEVELOPMENT STATE SPECIAL REVENUE ACCOUNT AND THE WATER DEVELOPMENT ACCOUNT TO BE USED, UNDER CERTAIN CONDITIONS, TO PROTECT THE STATE'S INTEREST IN PROPERTY FOR WHICH A WATER DEVELOPMENT LOAN HAS BEEN SECURED; TO CREATE THE WATER DEVELOPMENT LOAN LOSS RESERVE FUND; AMENDING SECTIONS 85-1-102, 85-1-603, 85-1-604, 85-1-613, 85-1-615, 85-1-617, 85-1-618, AND 85-1-623, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

STATEMENT OF INTENT

This bill would allow the department of natural resources and conservation to use funds in the water development special revenue account and water development general obligation bond proceeds to protect loans made under the water development private loan program.

The program has made approximately 55 loans totalling $4 million to private individuals, primarily for irrigation projects. In the event that any lien holder or the department would have to foreclose on any of these loans, the department would need to be in a position to protect its security interests. These loans are primarily secured with real estate mortgages. In

HeinOnline -- 1989 vol. I 1159 1989

those instances where the department is not in first lien position and a foreclosure is necessary, the department would need funds to buy out the first lien holder to gain control of the property. The property would then be resold to recoup the funds used to buy out the first lien as well as the department's initial loan funds.

This bill would also allow the department to use these funds to operate a project if a loan should go into default. If the loan recipient should walk away from a project, the department may need to temporarily operate the project to secure its interests until foreclosure proceedings are complete. An example would be a hydropower project that requires continual attention to guard against breakdown or damage.

This bill is intended to give the department access to funds that would be used to protect its security interests when other loan collection efforts have not worked. It is the intent of the legislature that every effort be made to avoid forced loan collections. It is further the intent of the legislature that any property acquired in the manner provided for in HB 367 be resold as expeditiously as possible to recover funds used under 85-1-65 and funds loaned to the borrower.

*Be it enacted by the Legislature of the State of Montana:*

[HB 542]

AN ACT REQUIRING AN APPLICANT FOR A WATER USE PERMIT TO SUBMIT INDEPENDENT EVIDENCE TO MEET THE SUBSTANTIAL CREDIBLE EVIDENCE STANDARD; AMENDING SECTION 85-2-311, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. Section 85-2-311, MCA, is amended to read:

**"85-2-311. Criteria for issuance of permit.** (1) Except as provided in subsections (2) *and (3)*, the department shall issue a permit if the applicant proves by substantial credible evidence that the following criteria are met:

(a) there are unappropriated waters in the source of supply:

(i) at times when the water can be put to the use proposed by the applicant;

(ii) in the amount the applicant seeks to appropriate; and

(iii) throughout the period during which the applicant seeks to appropriate, the amount requested is available;

(b) the water rights of a prior appropriator will not be adversely affected;

(c) the proposed means of diversion, construction, and operation of the appropriation works are adequate;

(d) the proposed use of water is a beneficial use;

(e) the proposed use will not interfere unreasonably with other planned uses or developments for which a permit has been issued or for which water has been reserved.

HeinOnline -- 1989 vol. I 1173 1989

(2) The department may not issue a permit for an appropriation of 4,000 or more acre-feet of water a year and 5.5 or more cubic feet per second of water unless the applicant proves by clear and convincing evidence that:

(a) the criteria in subsection (1) are met;

(b) the rights of a prior appropriator will not be adversely affected;

(c) the proposed appropriation is a reasonable use. Such a finding shall be based on a consideration of the following:

(i) the existing demands on the state water supply, as well as projected demands such as reservations of water for future beneficial purposes, including municipal water supplies, irrigation systems, and minimum streamflows for the protection of existing water rights and aquatic life;

(ii) the benefits to the applicant and the state;

(iii) the effects on the quantity and quality of water for existing beneficial uses in the source of supply;

(iv) the availability and feasibility of using low-quality water for the purpose for which application has been made;

(v) the effects on private property rights by any creation of or contribution to saline seep; and

(vi) the probable significant adverse environmental impacts of the proposed use of water as determined by the department pursuant to Title 75, chapter 1, or Title 75, chapter 20.

(3) (a) The state of Montana has long recognized the importance of conserving its public waters and the necessity to maintain adequate water supplies for the state's water requirements, including requirements for reserved water rights held by the United States for federal reserved lands and in trust for the various Indian tribes within the state's boundaries. Although the state of Montana also recognizes that, under appropriate conditions, the out-of-state transportation and use of its public waters are not in conflict with the public welfare of its citizens or the conservation of its waters, the criteria in this subsection (3) must be met before out-of-state use may occur.

(b) The department may not issue a permit for the appropriation of water for withdrawal and transportation for use outside the state unless the applicant proves by clear and convincing evidence that:

(i) depending on the volume of water diverted or consumed, the applicable criteria and procedures of subsection (1) or (2) are met;

(ii) the proposed out-of-state use of water is not contrary to water conservation in Montana; and

(iii) the proposed out-of-state use of water is not otherwise detrimental to the public welfare of the citizens of Montana.

(c) In determining whether the applicant has proved by clear and convincing evidence that the requirements of subsections (3)(b)(ii) and (3)(b)(iii) are met, the department shall consider the following factors:

HeinOnline -- 1989 vol. I 1174 1989

(i) whether there are present or projected water shortages within the state of Montana;

(ii) whether the water that is the subject of the application could feasibly be transported to alleviate water shortages within the state of Montana;

(iii) the supply and sources of water available to the applicant in the state where the applicant intends to use the water; and

(iv) the demands placed on the applicant's supply in the state where the applicant intends to use the water.

(d) When applying for a permit or a lease to withdraw and transport water for use outside the state, the applicant shall submit to and comply with the laws of the state of Montana governing the appropriation, lease, and use of water.

(4) *To meet the substantial credible evidence standard in this section, the applicant shall submit independent hydrologic or other evidence, including water supply data, field reports, and other information developed by the department, the U.S. geological survey, or the U.S. soil conservation service and other specific field studies, demonstrating that the criteria are met.*

*(5)* An appropriation, diversion, impoundment, use, restraint, or attempted appropriation, diversion, impoundment, use, or restraint contrary to the provisions of this section is invalid. *An* officer, agent, agency, or employee of the state may *not* knowingly permit, aid, or assist in any manner *an* unauthorized appropriation, diversion, impoundment, use, or other restraint. *A* person or corporation may *not*, directly or indirectly, personally or through an agent, officer, or employee, attempt to appropriate, divert, impound, use, or otherwise restrain or control waters within the boundaries of this state except in accordance with this section."

Section 2. **Extension of authority.** Any existing authority to make rules on the subject of the provisions of [this act] is extended to the provisions of [this act].

Section 3. **Effective date.** [This act] is effective on passage and approval.

Approved April 11, 1989.

The nursing process is the assessment, nursing analysis, planning, nursing intervention, and evaluation in the promotion and maintenance of health; the prevention, casefinding, and management of illness, injury, or infirmity; and the restoration of optimum function. The term also includes administration, teaching, counseling, supervision, delegation, and evaluation of nursing practice and the administration of medications and treatments prescribed by physicians, dentists, osteopaths, or podiatrists authorized by state law to prescribe medications and treatments. *Be it enacted by the Legislature of the State of Montana:*

Section 1. Section 7-4-2503, MCA, is amended to read:

"**7-4-2503. (a) $14,000 for the counties of the first through fifth class to the population increment of $10 for each 100 persons or major fraction thereof

HeinOnline -- 1989 vol. I 1192 1989

included in the county's population as determined by the 1980 federal decennial census; or

(b) $12,000 for counties of the sixth and seventh class to the population increment of $20 per 100 persons or major fraction thereof in the county's population as determined by the 1980 federal decennial census.

(2) (a) An elected county superintendent of schools shall receive, in addition to the salary based upon subsection (1), the sum of $400 per year, except that an elected county superintendent of schools who holds a master of arts degree or a master's degree in education, with an endorsement in school administration, from a unit of the Montana university system or an equivalent institution may, at the discretion of the county commissioners, receive, in addition to the salary based upon subsection (1), up to $2,000 per year.

(b) The county sheriff shall receive, in addition to the salary based upon subsection (1), the sum of $2,000 per year.

*(c) The county sheriff shall receive a longevity payment amounting to 1% of the base salary set forth in subsection (1) for each year of service with the sheriff's department, but years of service during any year in which the salary was set at the level of the salary of the prior fiscal year may not be included in any calculation of longevity increases. The additional salary amount provided for in this subsection may not be included in the base salary for purposes of computing the compensation for undersheriffs and deputy sheriffs as provided in 7-4-2508.*

(3) (a) In each county with a population in excess of 30,000, the county attorney shall be a full-time official under 7-4-2704, and his salary for the fiscal year beginning July 1, 1981, shall be $36,500. In counties with a population less than 30,000, the county attorney who is a part-time official for a county of the first, second, or third class is entitled to receive an annual salary equal to 60% of the annual salary of a full-time county attorney. A county attorney who is a part-time official for a county of the fourth, fifth, sixth, or seventh class is entitled to receive an annual salary equal to 50% of the annual salary of a full-time county attorney.

(b) In those counties where the office of the county attorney has been established as a full-time position pursuant to 7-4-2706, the salary of the county attorney for the fiscal year beginning July 1, 1981, shall be $36,500.

(c) Beginning on July 1, 1982, and on July 1 of each succeeding year, each county attorney shall be entitled to an increase in salary calculated by adding to his annual salary on July 1, 1981, an increment of 70% of the last previous calendar year's consumer price index for all urban consumers, U.S. department of labor, bureau of labor statistics, or other index that the bureau of business and economic research of the university of Montana may in the future recognize as the successor to that index. However, the county commissioners may, for all or the remainder of each fiscal year, in conjunction with setting salaries for other officers as provided in 7-4-2504(1), set the salary at the prior fiscal year level if that level is lower than the level required by this subsection (3)(c). The cost-of-living increment for the fiscal year beginning July 1, 1983, and for each subsequent

HeinOnline -- 1989 vol. I 1193 1989

fiscal year shall be added to all cost-of-living increments granted for previous years unless salaries were set for the fiscal year at the level of salaries received in the prior fiscal year. In *this* case the cost-of-living increment that would have been received for such fiscal year, computed on the prior fiscal year, may not be added to previous increments.

(d) (i) After completing 4 years of service as deputy county attorney, each deputy county attorney is entitled to an increase in salary of $1,000 on the anniversary date of his employment as deputy county attorney. After completing 5 years of service as deputy county attorney, each deputy county attorney is entitled to an additional increase in salary of $1,500 on the anniversary date of his employment. After completing 6 years of service as deputy county attorney and for each year of service thereafter up to completion of the 11th year of service, each deputy county attorney is entitled to an additional annual increase in salary of $500.

(ii) The years of service as a deputy county attorney accumulated prior to July 1, 1985, must be included in the calculation of the longevity increase, but years of service during any year in which the salary was set at the level of the salary of the prior fiscal year may not be included in any calculation of longevity increases.

(4) For each 10th year after the fiscal year beginning July 1, 1981, the latest federal decennial census statistics shall be the basis for computation of population increments under this section. During the intervening 9 years, the computation of population increments applicable on July 1 of each year shall be based on the last calendar year's annual estimates of counties' populations compiled by the federal-state cooperative program for estimates of the university of Montana bureau of business and economic research and the U.S. bureau of the census or other estimate that the bureau of business and economic research may certify."

Section 2. Section 7-4-2504, MCA, is amended to read:

**"7-4-2504. If cost-of-living increments are restored, the longevity increases provided for sheriffs in [section 1] must also be restored for the years for which the cost-of-living increment was restored.*

*(3)* If the application of 7-4-2503 does not qualify a county official for a salary increase of at least 7% on July 1, 1981, his salary on that date shall be increased by an amount sufficient to provide him total salary equal to 7% more than during the previous year.

*(4)* The county governing body shall by resolution, prior to July 1 of each year, establish the salary of the coroner and may, for all or the remainder of each fiscal year, in conjunction with setting salaries for other officers as provided in subsection (1), set the salary at the prior fiscal year level. # CHAPTER NO. 509

[HB 536]

AN ACT REQUIRING AN APPLICANT FOR AN INSURANCE AGENT, SOLICITOR, OR ENROLLMENT REPRESENTATIVE LICENSE TO COMPLETE A COURSE OF PRELICENSING EDUCATION PRIOR TO THE LICENSING EXAMINATION; AUTHORIZING THE COMMISSIONER OF INSURANCE TO REVIEW AND APPROVE COURSES AND COLLECT FEES FOR PRELICENSING EDUCATION; CREATING AN ADVISORY COUNCIL; AMENDING SECTIONS 2-15-122, 33-2-708, 33-17-202, 33-17-211, AND 33-30-312, MCA; AND PROVIDING AN EFFECTIVE DATE AND AN APPLICABILITY DATE.

STATEMENT OF INTENT

A statement of intent is necessary because this bill delegates rulemaking authority to the insurance commissioner for approval of prelicensing education, including course content, instructors, and instructional format standards and application forms documenting the completion of the courses.

Standards for instructional format should accommodate Montana's geography and allow instruction by teleconferencing, computer-assisted training, and other available technologies. Correspondence courses and video cassettes for self-instruction at home should not be permitted until the potential for abuse can be minimized.

HeinOnline -- 1989 vol. I 1202 1989

Course content standards should address a reasonable distribution of hours between such fields as regulatory provisions, relevant income tax aspects, actuarial or claims adjusting practices, or other fields that pertain to the type of license sought. The standards should also indicate levels of knowledge that the student should attain through these courses.

The commissioner may authorize a certificate of completion form for the instructor to sign when a license applicant completes the 40th hour of instruction. Rules and forms should allow an applicant to receive instruction from two or more course providers and allow the applicant in this situation to obtain partial completion certificates from each course provider.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. **Purpose.** The purposes of [sections 2 and 3] are to further protect insurance consumers by producing better trained and more dedicated insurance agents, solicitors, and enrollment representatives; to educate and qualify prospective agents, solicitors, and representatives to pass the state insurance agent's license examination; and to provide standards for the qualification of instructors, courses, and materials used to train prospective agents, solicitors, and representatives.

Section 2. **Prelicensing education — basic requirement.** (1) (a) A person applying for a license to act as an agent or solicitor for property, casualty, and surety insurance shall complete 40 hours of approved prelicensing education courses in those areas of insurance within 12 months prior to the examination, unless he is exempted from the requirement under subsection (3).

(b) A person applying for a license to act as an agent or solicitor for life and disability insurance or as an enrollment representative for a health service corporation shall complete 40 hours of approved prelicensing education courses in those areas of insurance within 12 months prior to the examination, unless he is exempted from the requirement under subsection (3).

(2) A person applying for licenses to act as an agent or solicitor for both the property, casualty, and surety areas and the life and disability areas must meet the education requirements in all the areas of insurance.

(3) The minimum prelicensing education requirement does not apply to a person who:

(a) has been licensed within the 12 preceding months as an agent or solicitor in another state that requires prelicensing education and has completed the education in the other state;

(b) seeks a nonresident license, having been licensed as an agent in his state of residence for at least 1 year;

(c) seeks a nonresident license and is from a state having a prelicensing education requirement;

(d) seeks to reinstate a license lapsed for less than 2 years;

HeinOnline -- 1989 vol. I 1203 1989

(e) seeks a temporary license under 33-17-216; or

(f) is exempt from examination requirements under 33-17-212(5).

Section 3. **Review and approval of prelicensing education courses by commissioner — advisory council.** (1) The commissioner shall approve prelicensing education instruction offered to persons intending to apply for a license under 33-17-202 or 33-30-312. Course content, instructors, and instructional format must be approved and reviewed periodically at the discretion of the insurance commissioner.

(2) In formulating rules and standards for the approval of prelicensing education courses, the commissioner shall consult with an advisory council consisting of two persons who are life and disability agents or health service corporation enrollment representatives, two property and casualty agents, one person employed by an insurer, and one health enrollment representative. The commissioner shall appoint the members of this advisory council pursuant to 2-15-122 and shall consult with them prior to approving courses. The provisions of 2-15-122(5), (9), and (10) do not apply to this advisory council.

(3) In conducting periodic reviews of course content, instructors, or instructional format, the commissioner may exercise any investigative power of his office created under 33-1-311 or 33-1-315.

(4) If, pursuant to review or investigation, the commissioner determines that a prelicensing education program is not being operated in compliance with standards established under this section, he may revoke the program's approval, place the program under probationary approval, or issue a cease and desist order under 33-1-318.

Section 4. Section 2-15-122, MCA, is amended to read:

**"2-15-122. Creation of advisory councils.** (1) (a) A department head or the governor may create advisory councils.

(b) An agency or an official of the executive branch of state government other than a department head or the governor, including the superintendents of the state's institutions and the presidents of the units of the state's university system, may also create advisory councils but only if federal law or regulation requires that such official or agency create the advisory council as a condition to the receipt of federal funds.

(c) The board of public education, the board of regents of higher education, the state board of education, the attorney general, *the state auditor,* and the superintendent of public instruction may create advisory councils, which shall serve at their pleasure, without the approval of the governor. (2) Each advisory council created under this section shall be known as the ".... advisory council".

(3) The creating authority shall prescribe the composition and advisory functions of each advisory council created; appoint its members, who shall

HeinOnline -- 1989 vol. I 1204 1989

serve at the pleasure of the governor; and specify a date when the existence of each advisory council ends.

(4) Advisory councils may be created only for the purpose of acting in an advisory capacity as defined in 2-15-102(7).

(5) Unless he is a full-time salaried officer or employee of this state or of any political subdivision of this state, each member is entitled to be paid in an amount to be determined by the department head, not to exceed $25 for each day in which he is actually and necessarily engaged in the performance of council duties, and he is also entitled to be reimbursed for travel expenses, as provided for in 2-18-501 through 2-18-503, incurred while in the performance of council duties. Members who are full-time salaried officers or employees of this state or of any political subdivision of this state are not entitled to be compensated for their service as members but are entitled to be reimbursed for travel expenses as provided for in 2-18-501 through 2-18-503.

(6) Unless otherwise specified by the creating authority, at its first meeting in each year each advisory council shall elect a chairman and such other officers as it considers necessary.

(7) Unless otherwise specified by the creating authority, each advisory council shall meet at least annually and shall also meet on the call of the creating authority or the governor and may meet at other times on the call of the chairman or a majority of its members. An advisory council may not meet outside the city of Helena without the express prior authorization of the creating authority.

(8) A majority of the membership of an advisory council constitutes a quorum to do business.

(9) Except as provided in subsection (1)(c) of this section, an advisory council may not be created or appointed by a department head or any other official without the approval of the governor. In order for the creation or approval of the creation of an advisory council to be effective, the governor must file in his office and in the office of the secretary of state a record of the council created showing the council's:

(a) name, in accordance with subsection (2) of this section;

(b) composition;

(c) names and addresses of the appointed members;

(d) purpose;

(e) term of existence, in accordance with subsection (10) of this section.

(10) An advisory council may not be created to remain in existence longer than 2 years after the date of its creation or beyond the period required to receive federal or private funds, whichever occurs later, unless extended by the governor or by the board of public education, the board of regents of higher education, the state board of education, the attorney general, *the state auditor,* or the superintendent of public instruction for those advisory councils created in the manner set forth in subsection (1)(c)

HeinOnline -- 1989 vol. I 1205 1989

of this section. If the existence of an advisory council is extended, they shall specify a new date, not more than 2 years later, when the existence of the advisory council ends and file a record of the order in the office of the governor and the office of the secretary of state. The existence of any advisory council may be extended as many times as necessary."

The commissioner shall issue to that appointee a license which states that the person named is a constituted enrollment representative of the corporation in this state if, upon receipt of this written notice, when accompanied by the proper fee, it appears that:

(a) the appointee is a competent and suitable person who intends to hold himself out in good faith as the corporation's enrollment representative; and

(b) he qualifies under the provisions of this section.

(2) For appointees who have not acted as an enrollment representative for a health service corporation for a period of 2 years prior to July 1, 1975, if he considers it desirable, the commissioner may require an appointee to submit to an examination to determine the qualifications of the appointee to act as an enrollment representative in this state. This examination must be the same as given to applicants for a disability insurance agent license as provided for in 33-17-212 through 33-17-214. *A person required to take this examination must fulfill the prelicensing education requirement set by [section 2].*

(3) Upon receipt by the commissioner of notification from a health service corporation that the corporation desires a particular individual to be appointed as its enrollment representative, that person has a temporary enrollment representative's license until the commissioner notifies the corporation of action taken upon the application. # CHAPTER NO. 512

[HB 655]

AN ACT PROVIDING FOR THE ADMINISTRATION AND REGULATION OF FLOATING, CAMPING, AND RECREATIONAL USE OF A PORTION OF THE SMITH RIVER WATERWAY; PROVIDING FOR ADOPTION OF RULES REGULATING RECREATIONAL USE; PROVIDING FOR PROTECTION OF LANDOWNER PROPERTY RIGHTS AND WATER RIGHTS; ALLOWING FOR USER FEES BY RULE AND ALLOCATING THE FEES; PROVIDING A PENALTY FOR VIOLATION; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

STATEMENT OF INTENT

A statement of intent is required for this bill because rulemaking authority is granted to the fish and game commission in [section 6] for the administration of the Smith River waterway. The grant of rulemaking authority is described in detail in [section 6]. The authority of the commission to regulate recreational and commercial use and minimize conflicts for the protection of the water and canyon resources of the Smith River is through the rulemaking process.

The legislature intends that the fish and game commission adopt rules regulating use as the need for restrictions is created by increased recreational use. The commission will have time to carefully develop rules balancing all interests after providing opportunity for public input and discussion.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. **Short title.** [This act] may be cited as the "Smith River Management Act".

Section 2. **Purpose — intent.** (1) The purpose of [this act] is to:

(a) provide continued recreational and commercial use and enjoyment of the Smith River waterway, consistent with the river's capacity;

(b) seek ways to minimize conflicts between river users and private landowners; and

(c) protect the integrity of the river's water and canyon resources for future generations.

HeinOnline -- 1989 vol. I 1216 1989

(2) The intent of [this act] is to interpret and implement [this act] in a manner consistent with the statement of purpose for the state park system in 23-1-101.

(3) Nothing in [this act] may be construed in any way to restrict a landowner's access to or use of his land, improvements, water rights, or adjacent waterways.

Section 3. **Definitions.** As used in [this act], the following definitions apply:

(1) "Commission" means the fish and game commission provided for in 2-15-3402.

(2) "Department" means the department of fish, wildlife, and parks provided for in 2-15-3401.

Section 4. **Applicability.** [This act] applies to that portion of the Smith River waterway located in Meagher and Cascade Counties lying between the Camp Baker state fisning access site in Meagher County and the confluence of the Smith River with the Missouri River. This description does not prevent the department from naming or renaming areas pursuant to 23-1-102.

Section 5. **Management responsibility and plan.** The department has the primary recreational management responsibility for the Smith River waterway described in [section 4], consistent with the purpose stated in 23-1-101 and [section 2]. The Smith River waterway must be administered to:

(1) allow the continuation of compatible existing recreational and public land uses;

(2) maintain the opportunity to enjoy the natural scenic beauty and solitude; and

(3) conserve fish and wildlife and scientific and recreational values.

Section 6. **Rulemaking authority.** The commission has authority to provide for the administration of the Smith River waterway. The commission may adopt rules to:

(1) regulate and allocate recreational and commercial floating and camping to preserve the biological and social benefits of recreational and commercial use of the Smith River waterway in its natural state. Recreational use may be restricted to preserve the experience of floating, fishing, and camping in a natural environment and to protect the river's fish, wildlife, water, and canyon resources. The restrictions must:

(a) consider the tolerance of adjacent landowners to recreational use;

(b) consider the capability of the river and adjoining lands to accommodate floating and camping use; and

(c) ensure an acceptable level of user satisfaction, including minimizing user conflicts and providing for a level of solitude.

(2) restrict recreational use, if necessary, through the implementation of a permit system. An allocation of a portion of the permits may be made

HeinOnline -- 1989 vol. I 1217 1989

to licensed outfitters to preserve the availability of outfitting services to the public.

(3) regulate the activities of recreational and commercial users of the water and land in the Smith River waterway that are legally accessible to the public and regulate the land in the river corridor that is under the control of the department and commission:

(a) for the purposes of safety, health, and protection of property;

(b) to preserve the experience of floating, fishing, and camping in a natural environment;

(c) to protect the river's fish, wildlife, water, and canyon resources; and

(d) to minimize conflicts between recreationists and private landowners; and

(4) establish recreational and commercial user fees for floating and camping on the Smith River waterway.

Section 7. **Allocation of user fees.** All money collected as recreational and commercial user fees for floating and camping on the Smith River waterway pursuant to [section 6] must be deposited in the state treasury in a state revenue fund to the credit of the department.

Section 8. **Penalty.** A person who violates a rule of the commission adopted pursuant to [this act] is guilty of a misdemeanor punishable by a fine of not less than $50 or more than $500, by imprisonment in a county jail for not more than 6 months, or by both fine and imprisonment.

Section 9. **Extension of authority.** Any existing authority to make rules on the subject of the provisions of [this act] is extended to the provisions of [this act].

Section 10. **Severability.** If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 11. **Effective date.** [This act] is effective on passage and approval.

Approved April 12, 1989.

Section 4. Section 76-13-405, MCA, is amended to read:

**"76-13-405. Contracts with forest fire protection agencies.** The department is authorized to enter into contracts with forest *fire protection* agencies, including agencies of the United States, for *fire hazard* reduction or management when in its opinion the work can best be accomplished in that manner."

At least 10 days before commencement of the clearing, the person conducting the clearing shall notify the department of commencement of the clearing in the form and manner the department provides.

(2) Hazard reduction, *excluding* burning where this method is used, shall be done as rapidly as cutting or clearing progresses.

(3) This section applies to all clearing of rights-of-way across private land and on behalf of the state, county, highway districts, and road districts, whether the work is done by day labor or by contract, and unless unavoidable emergency prevents, provision shall be made by the proper officials conducting, directing, or letting the work for withholding until it is complete a sufficient portion of the payment to assure compliance with this part."

*in contemplation of cutting any forest product,* or conducting timber stand improvement such as but not limited to thinning, weeding, or pruning upon private lands within the state, the person conducting *the work* shall provide for the reduction or management of the fire hazard to be created by entering into a fire hazard reduction agreement *or a master fire hazard reduction agreement* with the department, *providing for the* full and faithful compliance with all requirements under this part and the faithful reduction or management of the fire hazard in the manner prescribed by law and by rules adopted by the board.

*(2) Either the person conducting the work or the purchaser as provided in 76-13-409(2) shall post a bond to the state in a form and for an amount as may be prescribed by the department, but the amount may not exceed $6 for each 1,000 board feet (log scale) or the equivalent if forest products other than logs are cut.*

*(3) The agreement must provide that:*

*(a) all fire hazard reduction or management work comprising nonburning methods and preparations for burning must be completed within 18 months of commencement of cutting in the area covered by the agreement; and*

*(b) all burning work must be completed as specified in the agreement and in compliance with rules adopted by the board.*

*(4)* The bond *must* be released upon *the issuance of the certificate of clearance.*"

**"76-13-409. Duty of purchaser to ensure compliance — statement — bond.** (1) The initial purchaser of forest products which have been cut or are about to be cut from any private lands within the state shall, before making the purchase or contract to purchase, determine that the person engaged or about to engage in the cutting of these forest products has provided for the reduction or management of the fire hazard *by entering into a fire hazard reduction agreement as provided in 76-13-408.*

(2) *The* purchaser shall withhold *sufficient money to meet the requirements of the bond provided for in 76-13-408 plus the fees for administration, inspection, and enforcement by the department as provided in the hazard reduction agreement. The* purchaser shall transmit all *money and fees that* are withheld *and a report of volumes of products purchased* to the department on or before the 15th day of *the following* month, clearly identifying by number the *fire* hazard reduction agreement to which the withheld *money, fees, and product volumes* pertain. The purchaser shall keep accurate records of the purchase and the amounts withheld, which may be inspected by the department at any reasonable time.

*(3) If forest products are not received or purchased in a given month, a report showing a zero balance and stating that products were not purchased must be submitted to the department.*

Failure to comply.** (1) If a person fails, refuses, or neglects to properly *reduce or manage the fire hazard* in accordance with the requirements of 76-13-407 and 76-13-408, he may be enjoined from further *cutting, clearing, and construction* operations until 76-13-407 and 76-13-408 have been complied with. The department may initiate the proceedings and may obtain a temporary restraining order, injunction, or writ of mandate. The proceedings shall be conducted in the district court of the county where the land is located.

(2) If a person fails to comply with 76-13-407 or 76-13-408 and fails to comply within 30 days after being notified to do so by the department, the department may complete, direct, or authorize the *fire hazard reduction or management* at the expense *of the contractor or* of the owner of the timber or other forest products cut or produced from the land upon which the *unabated* fire hazard remains.

(3) The cost and expense of the *fire hazard reduction or management work*, plus 20% of the cost and expense of *the work* as a penalty, constitutes a lien upon the forest products cut or produced from the land *and upon the real and personal property of the contractor.* If payment of the sum demanded is not made to the department within 10 days of its written demand, the department shall bring legal action on behalf of the state to recover the debt."

Section 10. Section 76-13-411, MCA, is amended to read:

**"76-13-411. Certification of clearance.** *When the department makes a determination of faithful compliance by the contractor with this part, the rules adopted under 76-13-403, and the hazard reduction agreement, the contractor must be issued a certification of clearance by the department and be relieved of any further liability or responsibility for fire hazard reduction or management under the fire hazard reduction agreement.*"

If he fails to submit all money due within the required time, the department *may initiate a lien upon the real property of the purchaser and* may initiate proceedings to enjoin further processing of all wood products until all money due is paid in full *and all required reports are submitted.*

(2) If payment *and reports are not received by the department* within the 15-day period after notification as provided in subsection (1), a penalty of 5% of the *payment* amount due must be assessed. The department may abate the penalty if the purchaser establishes that the failure to submit the amount due *or the reports* as required was due to reasonable cause and was not due to neglect on his part. The department, in addition to the penalty,

HeinOnline -- 1989 vol. I 1222 1989

may impose interest at the rate of 10% a year on any balance remaining unpaid.

*(3) All money withheld by a purchaser for the contractor's bond and for department fees are considered to be excise taxes withheld for the benefit of the state within the meaning of 11 U.S.C. 507."*

Section 12. **Fees.** (1) In addition to any bond, the department shall charge the contractor fees for administration, inspections, and enforcement work conducted in the exercise of its duties under this part. The fees must be deposited in the state special revenue fund to the credit of the department.

(2) (a) The fee for a fire hazard reduction agreement is $25 and must be collected by the department upon issuance of the agreement.

(b) In addition, a fee of 60 cents for each 1,000 board feet (log scale) must be charged or an equivalent fee must be charged if products other than logs are cut. This fee must be withheld by the purchaser as provided in 76-13-409(2), except that any fee money withheld for product volumes exceeding 500,000 board feet per agreement in a calendar year must be returned to the contractor by the department.

(3) Fees for master fire reduction agreements must be equal to 100% of the department's actual costs incurred in the administration, inspection, and enforcement of each agreement, and the department shall bill the contractor annually to collect such fees.

(1) "Apprentice water well driller" means an individual who is learning the trade of water well drilling and performs labor and services for a licensed water well contractor and whose duties are directly related to well drilling or drilling rig operation.

(2) "Board" means the board of water well contractors provided for in 2-15-3307.

(3) "Department" means the department of natural resources and conservation provided for in Title 2, chapter 15, part 33.

Section 2. **Initial licensing as a monitoring well constructor.** (1) An applicant who submits an application for a monitoring well constructor's license before December 31, 1989, shall receive a license if the applicant:

(a) provides verification of 1 or more years' experience in installing monitoring wells within the 4 years preceding the application;

(b) pays a fee prescribed by the board of water well contractors in 37-43-303; and

(c) provides a bond in compliance with 37-43-306.

(2) A licensed water well contractor is not required to obtain a separate license to install monitoring wells, but shall meet the requirements of subsections (1)(b) and (1)(c) before being authorized to proceed with monitoring well installation.

Section 3. Section 37-43-202, MCA, is amended to read:

**"37-43-202. Powers and duties.** (1) The board may exercise the authority granted to it by this chapter.

(2) The board shall adopt rules and orders to effectuate this chapter.

The standards must address the protection of the drilling site; specifications for casing materials; materials and specifications for well screens; casing perforations; well development procedures; proper sealing and grouting; temporary capping; cleaning and disinfecting; bonds; guaranties; contractors' and drillers' qualifications; tests for yield and drawdown; reporting procedures and requirements for water quality, well logs, location of wells, and information relating to local conditions; well filters; access ports; gravel packing; sampling methods; plumbness and alignment of the hole and casing; well abandonment procedures; and other necessary and appropriate standards.

(4) The board shall adopt *minimum standards* regarding the construction, use, and abandonment of monitoring wells. *The standards must be*

HeinOnline -- 1989 vol. I 1228 1989

*designed to protect the state's ground water resource from degradation by contamination and loss of hydrostatic pressure. A violation of the standards does not occur if it can be shown that noncompliance results in equal or greater protection of the ground water resource.*

(5) The board may request the department to inspect water wells *or monitoring wells* drilled or being drilled, and the department has access to these *wells* at reasonable times.

(6) The board may establish a program for training apprentices and licensed or prospective water well contractors, water well drillers, and monitoring well constructors to more effectively carry out this chapter.

(7) The board shall set and enforce standards and rules governing the licensing, registration, and conduct of water well drillers, water well contractors, and monitoring well constructors.

(8) The board shall set fees commensurate with costs. The board may establish fees, including but not limited to fees for application, examination, renewal, reciprocity, late renewal, and continuing education. Board costs not related to specific programs may be equitably distributed as determined by the board. The board shall maintain records sufficient to support the fees charged for each program area.

(9) The rules of the board *must* be compiled in printed form for distribution to interested persons, for which the department may charge a fee. Sums realized from these sales *must* be deposited in the state special revenue fund for the use of the board.

(10) The board shall:

(a) authorize the department to issue licenses to qualified water well contractors, water well drillers, and monitoring well constructors in this state;

(b) cause examinations to be made of applicants for licenses;

(c) deny, revoke, or suspend licenses for good cause, after notice and opportunity to be heard;

(d) reinstate licenses previously revoked when justification is shown to the satisfaction of the board; and

HeinOnline -- 1989 vol. I 1229 1989

for in this chapter. An individual who is licensed as a water well contractor is not required to have a separate water well driller's license to perform the actual construction work on the well *or a separate license to install monitoring wells.*

(2) A license is not required for:

(a) a person who drills, alters, or rehabilitates a water or monitoring well on land that is owned or leased by him, provided:

(i) the land is used by him for farming, ranching, or agricultural purposes or as his residence;

(ii) the person obtains a permit from the board; and

(iii) the construction of the well conforms to the minimum construction standards for water or monitoring wells set by board rule; or

(b) an apprentice water well driller who performs labor or services for a licensed water well contractor or driller in connection with the drilling of a water well at the direction and under the personal supervision of a licensed water well contractor or driller.

(3) (a) To obtain a permit under subsection (2)(a), a person shall file with the department an application containing the applicant's name, mailing address, the location of the proposed well, the nature of the applicant's ownership interest in the property on which the well is to be located, the construction or installation method to be used, and the use for the proposed well.

(b) The board shall promptly issue a permit if it finds that:

(i) the well is located on land that the applicant owns or leases and that he uses for farming, ranching, or agricultural purposes or as his residence; and

(ii) the construction or installation method to be used meets the minimum standards for water wells *or monitoring wells* set by board rule."

Section 5. Section 37-43-305, MCA, is amended to read:

**"37-43-305. (4) The qualifications for a license to construct monitoring wells are:

(a) familiar knowledge of groundwater laws of this state and sanitary standards for drilling and construction of monitoring wells;

(b) knowledge of types of monitoring well construction;

(c) knowledge of types of drilling tools used for monitoring wells and their uses;

(d) knowledge of geology;

(e) financial responsibility of the applicant;

(f) 1 or more years of experience in drilling monitoring wells under the direct supervision of a licensed monitoring well constructor *or equivalent education, experience, or both, as determined by the board*; and

STATEMENT OF INTENT

A statement of intent is not technically required for this bill because the rulemaking authority currently authorized in 61-3-506 is merely expanded. However, in adopting this bill, the legislature intends that any rules

HeinOnline -- 1989 vol. I 1243 1989

adopted by the department of revenue be limited to developing forms or procedures for prorating the taxes imposed on property, including vehicles, that is used exclusively in the filming of motion pictures or television commercials. The provisions of the bill are intended to exempt from property taxation all property that is used exclusively in the production of motion pictures or television commercials unless the property is sited in the state for a period exceeding 180 consecutive days in a calendar year. If the property is sited in the state for a period exceeding 180 consecutive days in a calendar year, the property is subject to property taxation in the same manner as other property.

WHEREAS, Montana has abundant scenery, resources, and accommodations that are uniquely suited to the filming of motion pictures and television commercials; and

WHEREAS, the motion picture industry and the television commercial filming industry are increasingly recognizing Montana's intrinsic beauty and character that enhance the products produced by both industries; and

WHEREAS, the State of Montana and her citizens welcome the filming industry to this beautiful state.

THEREFORE, the Legislature of the State of Montana finds it appropriate to extend the state's inherent hospitality to these industries by exempting from taxation certain property used in the production of motion pictures and television commercials.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. **Exemption for motion picture and television commercial property.** Except as provided in [sections 2 and 3], all property, including vehicles, brought into the state or otherwise used for the exclusive purpose of filming motion pictures or television commercials is exempt from property taxation, provided that the property does not remain in the state for a period in excess of 180 consecutive days in a calendar year.

Section 2. **Taxation of motion picture and television commercial property.** Except as provided in [section 3], property used exclusively for filming motion pictures or television commercials and that remains in the state for a period exceeding 180 consecutive days in a calendar year is subject to assessment and taxation as all other property subject to property taxation.

Section 3. **Taxation of vehicles used exclusively in filming motion pictures or television commercials.** (1) A vehicle used exclusively in the filming of motion pictures or television commercials that has been in the state for a period exceeding 180 consecutive days in a calendar year must be assessed as if the vehicle were not used exclusively for filming motion pictures or television commercials, but the assessment must be prorated as provided in subsection (2).

(2) The taxes assessed under subsection (1) must be prorated by dividing the number of days in excess of 180 consecutive days in the calendar year by 365.

HeinOnline -- 1989 vol. I 1244 1989

(3) Taxes on a vehicle imposed pursuant to this section must be collected as provided in Title 15, chapter 16, part 1, for the collection of personal property taxes generally.

Section 4. Section 61-3-301, MCA, is amended to read:

**"61-3-301. A junk vehicle, as defined in Title 75, *chapter 10, part 5,* being driven or towed to an auto wrecking graveyard for disposal is exempt from the provisions of this section.

(2) *A* person *may not* purchase or display on a vehicle any license plate bearing the number assigned to any county as provided in 61-3-332 other than the county of his permanent residence at the time of application for registration. # CHAPTER NO. 528

[HB 603]

AN ACT PROVIDING FOR REIMBURSEMENT TO OWNERS AND OPERATORS OF PETROLEUM STORAGE TANKS FOR EXPENSES RELATED TO RELEASES FROM THOSE TANKS; ESTABLISHING A PETROLEUM STORAGE TANK CLEANUP FEE TO BE PAID BY GASOLINE DISTRIBUTORS AND COLLECTED BY THE DEPARTMENT OF REVENUE; CREATING A PETROLEUM TANK RELEASE CLEANUP FUND AND STATUTORILY APPROPRIATING MONEY IN THE FUND; CREATING A PETROLEUM TANK RELEASE COMPENSATION BOARD; PROVIDING CRIMINAL PENALTIES FOR CERTAIN MISREPRESENTATIONS; AMENDING SECTION 17-7-502, MCA; AND PROVIDING EFFECTIVE DATES.

STATEMENT OF INTENT

(1) It is the intent of the legislature that the petroleum tank release compensation board enact rules that:

(a) govern submission of claims by owners or operators to the department and board;

(b) provide procedures for determining owners or operators who are eligible for reimbursement and determining the validity of claims;

(c) provide procedures for the review and approval of corrective action plans;

(d) provide procedures for conducting board meetings, hearings, and other business that are necessary for the implementation of [sections 1 through 7 and 9 through 12]; and

(e) are necessary for the administration of [sections 1 through 7 and 9 through 12], provided that the rules do not alter or conflict with the eligibility requirements and procedures provided in [sections 1 through 7 and 9 through 12] or with the laws, rules, or procedures of the federal government or the department of health and environmental sciences that govern releases from petroleum storage tanks.

(2) The department of health and environmental sciences may adopt rules necessary to administer its responsibilities under [sections 1 through

HeinOnline -- 1989 vol. I 1249 1989

7 and 9 through 12], including requirements for approval of corrective action plans.

(3) The department of revenue shall adopt rules governing the collection of the petroleum storage tank cleanup fee provided for in [section 7]. The rules may include reporting and recordkeeping requirements, method and timing of payment, examination of records, and other provisions necessary to ensure that fees are properly and efficiently collected. The rules must be generally consistent with procedures governing the collection of the gasoline license tax provided for in Title 15, chapter 70, so that gasoline distributors experience minimum additional requirements or responsibilities.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. **Findings and purposes.** (1) The legislature finds that the use of petroleum products stored in tanks contributes significantly to the economic well-being and quality of life of Montana citizens.

(2) The legislature finds that leaks, spills, and other releases of petroleum products from storage tanks endanger public health and safety, ground water quality, and other state resources.

(3) The legislature finds that current administrative and financial resources of the public and private sectors are inadequate to address problems caused by releases from petroleum storage tanks and need to be supplemented by a major program of release detection and corrective action.

(4) The legislature finds that proper funding for the program is through a petroleum storage tank cleanup fee paid by persons who use and receive the benefits of petroleum products. The legislature further finds that this general use fee, provided for in [section 7], is intended solely to support a program to pay for corrective action and damages caused by releases from petroleum storage tanks. The general use fee is collected from distributors for administrative convenience and is not intended as a method for collecting highway revenue pursuant to the provisions of Article VIII, section 6, of the Montana constitution. The fee is intended to implement the legislature's duty to provide for the administration and enforcement of maintaining and improving a clean and healthful environment for present and future generations, as required by Article IX, section 1, of the Montana constitution.

(5) The purposes of [sections 1 through 7 and 9 through 12] are to:

(a) protect public health and safety and the environment by providing prompt detection and cleanup of petroleum tank releases;

(b) provide adequate financial resources and effective procedures through which tank owners and operators may undertake and be reimbursed for corrective action and payment to third parties for damages caused by releases from petroleum storage tanks; and

(c) assist tank owners and operators in meeting financial assurance requirements under state and federal law governing releases from petroleum storage tanks.

The rules may include, at a minimum, reporting and recordkeeping requirements, method and timing of payment, and examination of records. The rules must be generally consistent with procedures governing the collection of the gasoline license tax provided for in Title 15, chapter 70.

Section 11. **Other authorities unaffected.** Payment of reimbursement, approval of a corrective action plan, or other action of the department or the board under [sections 1 through 7 and 9 through 12] does not affect the authority of the department or any other state agency to pursue an action authorized by Title 75, chapter 10, parts 4 or 7, or any other law or rule that applies to releases from petroleum storage tanks.

Section 12. **Criminal penalties.** A person who knowingly misrepresents the date of discovery of a release, submits or causes to be submitted a fraudulent claim or document, or makes a false statement or representation in seeking or assisting a person to seek reimbursement under [sections 1 through 7 and 9 through 12] is subject to a fine not to exceed $10,000

# CHAPTER NO. 530

[HB 143]

AN ACT ALLOCATING A PORTION OF THE INTEREST INCOME FROM THE RESOURCE INDEMNITY TRUST TAX FOR THE PLUGGING OF CERTAIN OIL AND GAS WELLS; ESTABLISHING AN OIL AND GAS PRODUCTION DAMAGE MITIGATION ACCOUNT; PROVIDING A STATUTORY APPROPRIATION; PROVIDING A LIEN AGAINST THE PERSON RESPONSIBLE FOR PLUGGING THE WELL; AMENDING SECTIONS 15-38-202, 17-7-502, 82-10-402, 82-11-101, 82-11-111, AND 82-11-123, MCA; AND PROVIDING AN EFFECTIVE DATE.

STATEMENT OF INTENT

It is the intent of the legislature to create an oil and gas production damage mitigation account to be administered by the board of oil and gas conservation for the purpose of properly plugging and abandoning oil and gas wells when a responsible person cannot be found or when the responsible person does not have sufficient financial resources. The board shall adopt rules to help it define "sufficient financial resources", shall require a responsible person to pay the costs of plugging and abandoning to the extent of his available resources, and shall pursue full cost recovery for funds spent from the account through the procedures provided in [section 9] or other lawful means. The board may adopt rules to administer instituting a lien on the person's personal and real property to cover the cost of plugging and abandoning.

The legislature intends that the board use the account for reclamation related to land, water, or wildlife resources disturbed by abandoned oil and gas wells, injection wells, sumps, and seismographic shot holes.

It is also the intent to remove producing wells completed after June 30, 1989, from drilling bonds and to limit the liability of the bond or its equivalent to the period between issuance of the bond and either proper plugging and abandoning of a dry hole or completion of a producing well. The board shall adopt forms for the producer to indicate that a well has

HeinOnline -- 1989 vol. I 1263 1989

been completed and shall, upon receipt of the information and payment required under [section 7], release and absolve the owner of the well from the bond required under 82-11-123.

It is further the intent of the legislature that the board of oil and gas conservation respond promptly to emergency situations that may arise.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. Section 15-38-202, MCA, is amended to read:

**"15-38-202. Investment of resource indemnity trust fund — expenditure — minimum balance.** (1) All moneys paid into the resource indemnity trust fund shall be invested at the discretion of the board of investments. All the net earnings accruing to the resource indemnity trust fund shall annually be added thereto until it has reached the sum of $10 million. Thereafter, only the net earnings may be appropriated and expended until the fund reaches $100 million. Thereafter, all net earnings and all receipts shall be appropriated by the legislature and expended, provided that the balance in the fund may never be less than $100 million.

(2) *(a)* At the beginning of each biennium, *there* is allocated from the interest income of the resource indemnity trust fund:

*(i) an amount not to exceed $175,000* to the environmental contingency account pursuant to the conditions of 75-1-1101; *and*

*(ii) beginning in fiscal year 1992, an amount not to exceed $50,000 to the oil and gas production damage mitigation account pursuant to the conditions of [section 6].*

*(b)* The remainder of the interest income is allocated as follows:

*(i)* Beginning in fiscal year 1982, provided the amount in the resource indemnity trust fund is greater than $10 million, 30% of the interest income of the resource indemnity trust fund must be allocated to the water development state special revenue account created by 85-1-604.

*(ii)* Beginning in fiscal year 1988, 12% of the interest income of the resource indemnity trust fund must be allocated to the hazardous waste/CERCLA special revenue account provided for in 75-10-621.

*(iii)* Beginning in fiscal year 1990, 8% of the interest income from the resource indemnity trust fund must be allocated to the renewable resource development account provided for in Title 90, chapter 2.

*(iv)* Beginning in fiscal year 1990, 46% of the interest income from the resource indemnity trust fund must be allocated to the reclamation and development grants account provided for in 90-2-1104.

*(v)* Beginning in fiscal year 1990, 4% of the interest income of the resource indemnity trust fund must be allocated to the environmental quality protection fund provided for in 75-10-704.

(3) Any formal budget document prepared by the legislature or the executive branch that proposes to appropriate funds from the resource

HeinOnline -- 1989 vol. I 1264 1989

indemnity trust interest account other than as provided for by the allocations in subsection (2) must specify the amount of money from each allocation that is proposed to be diverted and the proposed use of the diverted funds. A formal budget document includes a printed and publicly distributed budget proposal or recommendation, an introduced bill, or a bill developed during the legislative appropriation process or otherwise during a legislative session."

Section 2. Section 17-7-502, MCA, is amended to read:

**"17-7-502. Statutory appropriations — definition — requisites for validity.** (1) A statutory appropriation is an appropriation made by permanent law that authorizes spending by a state agency without the need for a biennial legislative appropriation or budget amendment.

(2) Except as provided in subsection (4), to be effective, a statutory appropriation must comply with both of the following provisions:

(a) The law containing the statutory authority must be listed in subsection (3).

(b) The law or portion of the law making a statutory appropriation must specifically state that a statutory appropriation is made as provided in this section.

(3) The following laws are the only laws containing statutory appropriations: 2-9-202; 2-17-105; 2-18-812; 10-3-203; 10-3-312; 10-3-314; 10-4-301; 13-37-304; 15-25-123; 15-31-702; 15-36-112; 15-65-121; 15-70-101; 16-1-404; 16-1-410; 16-1-411; 17-3-212; 17-5-404; 17-5-424; 17-5-804; 19-8-504; 19-9-702; 19-9-1007; 19-10-205; 19-10-305; 19-10-506; 19-11-512; 19-11-513; 19-11-606; 19-12-301; 19-13-604; 20-4-109; 20-6-406; 20-8-111; 23-5-610; 23-5-1027; 33-31-212; 33-31-401; 37-51-501; 39-71-2504; 53-6-150; 53-24-206; 67-3-205; 75-1-1101; 75-7-305; 76-12-123; 80-2-103; 80-2-228; 82-11-136; *[section 6];* 90-3-301; 90-3-302; 90-3-412; 90-4-215; 90-9-306; 90-15-103; section 13, House Bill No. 861, Laws of 1985; and section 1, Chapter 454, Laws of 1987.

(4) There is a statutory appropriation to pay the principal, interest, premiums, and costs of issuing, paying, and securing all bonds, notes, or other obligations, as due, that have been authorized and issued pursuant to the laws of Montana. Agencies that have entered into agreements authorized by the laws of Montana to pay the state treasurer, for deposit in accordance with 17-2-101 through 17-2-107, as determined by the state treasurer, an amount sufficient to pay the principal and interest as due on the bonds or notes have statutory appropriation authority for such payments. **(In subsection (3): pursuant to sec. 15, Ch. 607, L. 1987, the inclusion of 15-65-121 terminates June 30, 1989; pursuant to sec. 10, Ch. 664, L. 1987, the inclusion of 39-71-2504 terminates June 30, 1991; and pursuant to sec. 6, Ch. 454, L. 1987, the inclusion of sec. 1, Ch. 454, L. 1987, terminates July 1, 1988.)"**

Section 3. Section 82-10-402, MCA, is amended to read:

**"82-10-402. Inventory of abandoned wells and seismic operations — reclamation procedures.** (1) The *board of oil and gas* conservation shall maintain a *record* of the abandoned oil or gas wells, injection

wells, sumps, and seismographic shot holes in the state *that* disturb land, water, or wildlife resources to a degree not in compliance with plugging, pollution prevention, and reclamation rules of the board. This *record must* be compiled from petitions or written statements from the owners of surface rights or lessees.

(2) The board shall check the *record compiled* under subsection *(1)* against its drilling records and shall determine *and list* the name of the person who abandoned the well, sump, or hole, whenever this information is available. When a person so listed applies to the board for a new drilling permit, the board may issue the permit only after approving a plan by which the applicant will reclaim the land disturbed by his abandoned wells, sumps, or holes within 3 years.

(3) When the person who abandoned a well, sump, or hole cannot be identified or located *or when the person does not have sufficient financial resources to pay for complete reclamation,* the board may then reclaim the disturbed land with funds available from the *oil and gas production damage mitigation account in a manner consistent with the requirements for the use of the account provided in [section 6] and [section 9].*

*(4) As used in subsection (3), "well" includes a class II injection well, as defined in 82-11-101, for which a drilling permit or a permit authorizing use of a well for that purpose was granted by the board after June 30, 1989, and water source wells used in connection with enhanced recovery projects."*

Section 4. Section 82-11-111, MCA, is amended to read:

**"82-11-111. Powers and duties of board.** (1) The board shall make such investigations as it considers proper to determine whether waste exists or is imminent or whether other facts exist which justify any action by the board under the authority granted by this chapter with respect thereto.

(2) Subject to the administrative control of the department under 2-15-121, the board shall:

(a) require measures to be taken to prevent contamination of or damage to surrounding land or underground strata caused by drilling operations and production, including but not limited to regulating the disposal or injection of water and disposal of oil field wastes;

(b) classify wells as oil or gas wells or class II injection wells for purposes material to the interpretation or enforcement of this chapter;

(c) adopt and enforce rules and orders to effectuate the purposes and the intent of this chapter.

(3) The board shall determine and prescribe what producing wells shall be defined as "stripper wells" and what wells shall be defined as "wildcat wells" and make such orders as in its judgment are required to protect those wells and provide that stripper wells may be produced to capacity if it is considered necessary in the interest of conservation to do so.

(4) With respect to any pool from which gas was being produced by a gas well on or prior to April 1, 1953, this chapter does not authorize the board to limit or restrain the rate (daily or otherwise) of production of gas

HeinOnline -- 1989 vol. I 1266 1989

from that pool by any well then or thereafter drilled and producing from that pool to less than the rate at which the well can be produced without adversely affecting the quantity of gas ultimately recoverable by the well.

(5) The board has exclusive jurisdiction over all class II injection wells and all pits and ponds in relation to those injection wells. The board may:

(a) issue, suspend, revoke, modify, or deny permits to operate class II injection wells, consistent with rules made by it;

(b) examine plans and other information needed to determine whether a permit should be issued or require changes in plans as a condition to the issuance of a permit;

(c) clearly specify in a permit any limitations imposed as to the volume and characteristics of the fluids to be injected and the operation of the well;

(d) authorize its staff to enter upon any public or private property at reasonable times to:

(i) investigate conditions relating to violations of permit conditions;

(ii) have access to and copy records required under this chapter;

(iii) inspect monitoring equipment or methods; and

(iv) sample fluids which the operator is required to sample; and

(e) adopt standards for the design, construction, testing, and operation of class II injection wells.

*(6) The board shall determine, for the purposes of using the oil and gas production damage mitigation account established in [section 6]:*

*(a) when the person responsible for an abandoned well, sump, or hole cannot be identified or located, or if the person is identified or located, when the person does not have sufficient financial resources to properly plug the well, sump, or hole; or*

*(b) when a previously abandoned well, sump, or hole is the cause of potential environmental problems and no responsible party can be identified or located or, if a responsible party can be identified and located, the person does not have sufficient financial resources to correct the problems.*"

Section 5. Section 82-11-123, MCA, is amended to read:

"**82-11-123. Requirements for oil and gas operations.** Subject to the administrative control of the department under 2-15-121, the board shall require:

(1) identification of ownership of oil or gas wells, producing properties, and tanks;

(2) the making and filing of acceptable well logs, including bottom-hole temperatures, to facilitate the discovery of potential geothermal energy sources, reports on well locations, and the filing of directional surveys, if made; however, logs of exploratory or wildcat wells need not be filed for a period of 6 months following completion of those wells;

(3) the drilling, casing, producing, and plugging of wells and class II injection wells in such manner as to prevent the escape of oil or gas out of one stratum into another, the intrusion of water into oil or gas stratum, blowouts, cavings, seepages, and fires and the pollution of fresh water supplies by oil, gas, salt, or brackish water;

(4) the restoration of surface lands to their previous grade and productive capability after a well is plugged or a seismographic shot hole has been utilized and necessary measures to prevent adverse hydrological effects from such well or hole, unless the surface owner agrees in writing, with the approval of the board or its representatives, to a different plan of restoration;

(5) the furnishing of a reasonable bond with good and sufficient surety, conditioned for performance of the duty to properly plug each dry or abandoned well, *which bond may not be canceled or absolved:*

*(a) if the well fails to produce oil or gas in commercial quantities, until:*

*(i) the board determines the well is properly plugged and abandoned as provided in the board's rules; or*

*(ii) the requirements of [section 8] are met; or*

*(b) if the well is completed after June 30, 1989, until the owner notifies the board that the well is producing oil and gas in commercial quantities and meets the requirements of [section 7]*;

(6) proper gauging or other measuring of oil and gas produced and saved to determine the quantity and quality thereof;

(7) that every person who produces, transports, or stores oil or gas or injects or disposes of water in this state shall make available within this state for a period of 5 years complete and accurate records of the quantities thereof, which records shall be available for examination by the board or its employees at all reasonable times, and that that person file with the board such reports as it may prescribe with respect to quantities, transportations, and storages of the oil or gas or water; and

(8) the installation, use, and maintenance of monitoring equipment or methods in the operation of class II injection wells."

Section 6. **Oil and gas production damage mitigation account — statutory appropriation.** (1) There is an oil and gas production damage mitigation account within the state special revenue fund established in 17-2-102. The oil and gas production damage mitigation account is controlled by the board.

(2) On July 1, 1991, and at the beginning of each succeeding biennium, there must be allocated to the oil and gas production damage mitigation account $50,000 from the interest income of the resource indemnity trust fund, except if at the beginning of a biennium the unobligated cash balance in the oil and gas production damage mitigation account:

(a) equals or exceeds $200,000, no allocation will be made; or

(b) is less than $200,000, then an amount less than or equal to the difference between the unobligated cash balance and $200,000, but not more

HeinOnline -- 1989 vol. I 1268 1989

than $50,000, must be allocated to the oil and gas production damage mitigation account from the interest income of the resource indemnity trust fund.

(3) In addition to the allocation provided in subsection (2), there must be deposited in the oil and gas production damage mitigation account:

(a) all funds received by the board pursuant to 82-11-136; and

(b) all fees received by the board from owners of producing wells pursuant to [section 7].

(4) If a sufficient balance exists in the account, funds are statutorily appropriated, as provided in 17-7-502, from the oil and gas production damage mitigation account, upon the authorization of the board, to pay the reasonable costs of properly plugging a well if the board determines that the well, sump, or hole has been abandoned and the responsible person cannot be identified or located or the responsible person does not have sufficient funds to pay the costs. The responsible person shall, however, pay costs to the extent of his available resources and is subsequently liable to fully reimburse the account or is subject to a lien on property as provided in [section 9] for costs expended from the account to properly plug the well and to mitigate any damage caused by the well.

(5) Interest from funds in the oil and gas production damage mitigation account accrues to that account.

(6) The board shall submit to the legislature at the beginning of each regular session a complete financial report on the oil and gas production damage mitigation account, including a description of all expenditures made since the preceding report.

Section 7. **Release of producing oil or gas well from drilling bond — fee.** Upon receipt of notification by the owner on a form prescribed by the board, payment by the owner of $125, and proof from the owner that a well completed after June 30, 1989, is producing oil or gas in commercial quantities and is subject to the tax under 15-38-104, the board shall release and absolve the owner of the well from the bond required under 82-11-123.

Section 8. **Landowner's bond on noncommercial well.** If the owner of the surface land upon which has been drilled a well that fails to produce oil or gas in commercial quantities acquires the well for domestic purposes, the board may cancel and absolve the bond required in 82-11-123 upon its acceptance of surety in the form of a certificate of deposit, in the amount of $5,000 for a single well or in the amount of $10,000 for more than one well, or in the form of a property bond of two times the value of the required certificate of deposit. The release of the certificate of deposit or property bond must be conditioned on proof provided by the landowner that the well has been properly plugged.

Section 9. **Lien created.** (1) The oil and gas production damage mitigation account has a lien in the amount of the expenditure from the account under [section 6(4)], plus interest accrued at the rate of 10% a year, against all real and personal property in this state owned by:

HeinOnline -- 1989 vol. I 1269 1989

(a) the responsible person, if that person is subsequently identified or located; or

(b) the responsible person, if that person is known but cannot or will not fully reimburse the oil and gas production damage mitigation account.

(2) The lien created under subsection (1) must be filed in the office of the secretary of state and must attach to all real or personal property of the responsible person.

(3) A lien created by this section is valid until paid in full or otherwise discharged. The lien must be foreclosed in accordance with applicable laws governing foreclosure of mortgages and liens.

Section 10. Section 82-11-101, MCA, is amended to read:

**"82-11-101. Definitions.** As used in this chapter, unless the context requires otherwise, the following definitions apply:

(1) "Administrator" means the administrator of the division of oil and gas conservation.

(2) "Board" means the board of oil and gas conservation provided for in 2-15-3303.

(3) "Class II injection well" means a well, as defined by the federal environmental protection agency or any successor agency, that injects fluids:

(a) that have been brought to the surface in connection with oil or natural gas production;

(b) for purposes of enhancing the ultimate recovery of oil or natural gas; or

(c) for purposes of storing liquid hydrocarbons.

(6) "Enhanced recovery" means the increased recovery from a pool achieved by artificial means or by the application of energy extrinsic to the pool; such artificial means or application includes pressuring, cycling, pressure maintenance, or injection into the pool of any substance or form of energy as is contemplated in secondary recovery and tertiary programs but does not include the injection in a well of a substance or form of energy for the sole purpose of aiding in the lifting of fluids in the well or stimulating of the reservoir at or near the well by mechanical, chemical, thermal, or explosive means.

(7) "Field" means the general area underlaid by one or more pools.

(8) "Fluid" means any material or substance that flows or moves, whether in a semisolid, liquid, sludge, gas, or any other form or state.

HeinOnline -- 1989 vol. I 1270 1989

(9) "Gas" means all natural gases and all other fluid hydrocarbons as produced at the wellhead and not defined as oil in subsection (10) of this section.

A disposal, discharge, seepage, drainage, infiltration, flow, or injection of fluid that is authorized under a rule, permit, or order of the board is not pollution under this chapter.

(14) "Pool" means an underground reservoir containing a common accumulation of oil or gas or both; each zone of a structure which is completely separated from any other zone in the same structure is a pool, as that term is used in this chapter.

(15) "Producer" means the owner of a well or wells capable of producing oil or gas or both.

*(16) "Responsible person" means a person who is determined by the board under 82-10-402 to have abandoned an oil or gas well, injection well, sump, or seismographic shot hole and who is:*

*(17)* "State waters" means any body of water, either surface or underground.

*(18)* "Waste" means:

(a) physical waste, as that term is generally understood in the oil and gas industry;

(d) the inefficient storing of oil or gas. (The production of oil or gas from any pool or by any well to the full extent that the well or pool can be produced in accordance with methods designed to result in maximum ultimate recovery, as determined by the board, is not waste within the meaning of this definition.)"

Section 11. **Extension of authority.** Any existing authority to make rules on the subject of the provisions of [this act] is extended to the provisions of [this act].

Section 12. **Saving clause.** [This act] does not affect rights and duties that matured, penalties that were incurred, or proceedings that were begun before [the effective date of this act].

# CHAPTER NO. 531

[HB 525]

AN ACT TO ESTABLISH THE VALUE OF TALC FOR NET PROCEEDS PROPERTY TAX PURPOSES AND FOR RESOURCE INDEMNITY TRUST TAX PURPOSES; TO ESTABLISH A SPECIFIC RESOURCE INDEMNITY TRUST TAX RATE FOR TALC; AMENDING SECTIONS 15-6-131, 15-8-111, 15-23-103, 15-23-106, 15-23-115, 15-23-502, 15-23-503, 15-23-521, 15-38-103, AND 15-38-104, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND A RETROACTIVE APPLICABILITY DATE.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. **Net proceeds for talc — statement — value.** (1) A statement of gross yield and value, required in 15-23-502, that is filed by a producer of talc must contain the following:

(a) the name and address of the owner or lessee or operator of the mine, together with the name and address of any person owning or claiming a royalty interest in the mineral product of the mine or the proceeds

HeinOnline -- 1989 vol. I 1272 1989

derived from the sale of the mineral product, and the amount or amounts paid or yielded as royalty to each person during the period covered by the statement;

(b) the description and location of the mine;

(c) the number of tons of talc extracted, produced, and treated or sold from the mine during the period covered by the statement;

(d) the amount and character of the talc and the yield of the talc from the mine, measured in tons, yielded to the person engaged in mining and to each royalty holder, if any, during the period covered by the statement; and

(e) the gross yield or value in dollars and cents.

(2) (a) For the purposes of this section, the gross yield or value of talc is determined by multiplying the number of tons of talc reported under subsection (1)(c) by:

(i) for the taxable year beginning January 1, 1989, $4.25; and

(ii) for the taxable years beginning January 1, 1990, and thereafter, the product obtained by multiplying $4.25 by the quotient of the PCE for the first quarter of the taxable year for which the net proceed value is being calculated, divided by the PCE for the first quarter of the 1989 taxable year.

(b) "PCE" means the implicit price deflator for personal consumption expenditures as published quarterly in the Survey of Current Business by the bureau of economic analysis of the U.S. department of commerce.

Section 2. **Gross value of product for talc.** As used in this part, when referring to talc, "gross value of product" is the gross yield or value of talc as determined in [section 1(2)].

Section 3. Section 15-6-131, MCA, is amended to read:

**"15-6-131. Class one property — description — taxable percentage.** (1) Class one property includes the annual net proceeds of all mines and mining claims except coal and metal mines.

(2) Class one property is taxed at 100% of its annual net proceeds after deducting the expenses specified and allowed by 15-23-503 *or, for talc, as provided in [section 1]*."

Section 4. Section 15-8-111, MCA, is amended to read:

**"15-8-111. Assessment — market value standard — exceptions.** (1) All taxable property must be assessed at 100% of its market value except as otherwise provided.

(2) (a) Market value is the value at which property would change hands between a willing buyer and a willing seller, neither being under any compulsion to buy or to sell and both having reasonable knowledge of relevant facts.

(b) If the department uses construction cost as one approximation of market value, the department shall fully consider reduction in value caused

HeinOnline -- 1989 vol. I 1273 1989

by depreciation, whether through physical depreciation, functional obsolescence, or economic obsolescence.

(c) Except as provided in subsection (3), the market value of all motor trucks; agricultural tools, implements, and machinery; and vehicles of all kinds, including but not limited to boats and all watercraft, is the average wholesale value shown in national appraisal guides and manuals or the value of the vehicle before reconditioning and profit margin. The department of revenue shall prepare valuation schedules showing the average wholesale value when no national appraisal guide exists.

(3) The department of revenue or its agents may not adopt a lower or different standard of value from market value in making the official assessment and appraisal of the value of property, except:

(a) the wholesale value for agricultural implements and machinery is the loan value as shown in the Official Guide, Tractor and Farm Equipment, published by the national farm and power equipment dealers association, St. Louis, Missouri;

(b) for agricultural implements and machinery not listed in the official guide, the department shall prepare a supplemental manual where the values reflect the same depreciation as those found in the official guide; and

(c) as otherwise authorized in Title 15 and Title 61.

(4) For purposes of taxation, assessed value is the same as appraised value.

(5) The taxable value for all property is the percentage of market or assessed value established for each class of property.

(6) The assessed value of properties in 15-6-131 through 15-6-133 is as follows:

(a) Properties in 15-6-131, under class one, are assessed at 100% of the annual net proceeds after deducting the expenses specified and allowed by 15-23-503 *or, if applicable, as provided in [section 1].*

(b) Properties in 15-6-132, under class two, are assessed at 100% of the annual gross proceeds.

(c) Properties in 15-6-133, under class three, are assessed at 100% of the productive capacity of the lands when valued for agricultural purposes. All lands that meet the qualifications of 15-7-202 are valued as agricultural lands for tax purposes.

(d) Properties in 15-6-143, under class thirteen, are assessed at 100% of the combined appraised value of the standing timber and grazing productivity of the land when valued as timberland.

(7) Land and the improvements thereon are separately assessed when any of the following conditions occur:

(a) ownership of the improvements is different from ownership of the land;

HeinOnline -- 1989 vol. I 1274 1989

(b) the taxpayer makes a written request; or

(c) the land is outside an incorporated city or town. **(Subsection (6)(d) terminates January 1, 1991—sec. 10, Ch. 681, L. 1985.)"**

Section 5. Section 15-23-103, MCA, is amended to read:

**"15-23-103. Due date of reports and returns — extensions.** (1) Except as provided in subsection (2) and 15-23-602, each report or return described in 15-23-301, 15-23-402, 15-23-502, or 15-23-701 shall be delivered to the department on or before March 31 each year.

(2) Each report or return for a natural gas or oil pipeline described in 15-23-301 must be delivered to the department on or before April 15 each year.

(3) Each report described in 15-23-201 *or [section 1] must* be delivered to the department before April 15 each year.

(4) The department may for good cause extend the time for filing a return or report for not more than 30 days."

Section 6. Section 15-23-106, MCA, is amended to read:

**"15-23-106. Transmission to the counties.** (1) On or before July 1, the department shall transmit to its agent in each county a statement listing:

(a) the assessed value of railroad property, as determined under 15-23-202, apportioned to the county, including the length or other description of such property;

(b) the assessed value of utility property, as determined under 15-23-303, apportioned to the county, including the length or other description of such property;

(c) the assessed value of property of airline companies, as determined under 15-23-403, apportioned to the county; 90% of the value of the property of airline companies apportioned to any county by reason of a state airport being located in the county shall be stated separately from the remaining assessed value of the property of airline companies apportioned to the county;

(d) the assessed value of the net proceeds and royalties from mines and oil and gas wells in the county, as determined under 15-23-503, 15-23-505, *[section 1]*, 15-23-603, and 15-23-605; and

(e) the assessed value of the gross proceeds from coal mines, as described in 15-23-701.

(2) The agent of the department shall enter the assessed values so transmitted in the assessment book in a manner prescribed by the department."

Section 7. Section 15-23-115, MCA, is amended to read:

**"15-23-115. Interest.** If the department determines that a taxpayer has incorrectly reported a value under 15-23-502, *[section 1]*, 15-23-602,

HeinOnline -- 1989 vol. I 1275 1989

15-23-701, or 15-23-802, the department shall inform its agents at the county level of such determination, and if any additional tax is due, there must be added thereto until paid in full interest at the rate of 1% a month or fraction thereof from the date the original tax was due and payable. In no instance will a taxpayer subject to imposition of interest pursuant to this section be also subject to the penalty and interest provisions contained in 15-16-102."

Section 8. Section 15-23-502, MCA, is amended to read:

**"15-23-502. Net proceeds tax — statement of yield.** Every person engaged in mining, extracting, or producing from any quartz vein or lode, placer claim, dump or tailings, or other place or source whatever precious stones or gems, vermiculite, bentonite, or other valuable mineral, except coal and metals, must on or before March 31 each year make out a statement of the gross yield and value of the above-named metals or minerals from each mine owned or worked by such person during the year preceding January 1 of the year in which such statement is made. Section 10. Section 15-23-521, MCA, is amended to read:

"**15-23-521. Examination of records by department.** The department of revenue *may* at any time examine the records of any person specified in this part as the *records* may pertain to the yield of ore or mineral products or deposit in order to verify the statements made by *the* person. *If* from *the* examination or from other information, *the* department finds any statement or any material part *of a statement* willfully false or fraudulent, *the* department must assess in the same manner as provided for in 15-23-503 *or [section 1]*."

AN ACT EXEMPTING "AGENT ORANGE" PAYMENTS FROM INDIVIDUAL INCOME TAXATION; AMENDING SECTION 15-30-111, MCA; AND PROVIDING A RETROACTIVE APPLICABILITY DATE.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. Section 15-30-111, MCA, is amended to read:

**"15-30-111. Adjusted gross income.** (1) Adjusted gross income shall be the taxpayer's federal income tax adjusted gross income as defined in section 62 of the Internal Revenue Code of 1954 or as that section may be labeled or amended and in addition shall include the following:

(a) interest received on obligations of another state or territory or county, municipality, district, or other political subdivision thereof;

HeinOnline -- 1989 vol. I 1279 1989

(b) refunds received of federal income tax, to the extent the deduction of such tax resulted in a reduction of Montana income tax liability; and

(c) that portion of a shareholder's income under subchapter S. of Chapter 1 of the Internal Revenue Code of 1954, that has been reduced by any federal taxes paid by the subchapter S. corporation on the income.

(2) Notwithstanding the provisions of the federal Internal Revenue Code of 1954, as labeled or amended, adjusted gross income does not include the following which are exempt from taxation under this chapter:

(a) all interest income from obligations of the United States government, the state of Montana, county, municipality, district, or other political subdivision thereof;

(b) interest income earned by a taxpayer age 65 or older in a taxable year up to and including $800 for a taxpayer filing a separate return and $1,600 for each joint return;

(c) all benefits, not in excess of $3,600, received:

(i) under the Federal Employees' Retirement Act;

(ii) under the public employee retirement laws of a state other than Montana; or

(iii) as an annuity, pension, or endowment under any private or corporate retirement plan or system;

(d) all benefits paid under the teachers' retirement law which are specified as exempt from taxation by 19-4-706;

(e) all benefits paid under The Public Employees' Retirement System Act which are specified as exempt from taxation by 19-3-105;

(g) all Montana income tax refunds or credits thereof;

(h) all benefits paid under 19-11-602, 19-11-604, and 19-11-605 to retired and disabled firefighters, their surviving spouses and orphans or specified as exempt from taxation by 19-13-1003;

(i) all benefits paid under the municipal police officers' retirement system that are specified as exempt from taxation by 19-9-1005;

(j) gain required to be recognized by a liquidating corporation under 15-31-113(1)(a)(ii);

(k) all tips covered by section 3402(k) of the Internal Revenue Code of 1954, as amended and applicable on January 1, 1983, received by persons for services rendered by them to patrons of premises licensed to provide food, beverage, or lodging;

(n) all benefits paid under an optional retirement program that are specified as exempt from taxation by 19-21-212; *and*

*(o) all money received because of a settlement agreement or judgment in a lawsuit brought against a manufacturer or distributor of "agent orange" for damages resulting from exposure to "agent orange".*

(3) In the case of a shareholder of a corporation with respect to which the election provided for under subchapter S. of the Internal Revenue Code of 1954, as amended, is in effect but with respect to which the election provided for under 15-31-202, as amended, is not in effect, adjusted gross income does not include any part of the corporation's undistributed taxable income, net operating loss, capital gains or other gains, profits, or losses required to be included in the shareholder's federal income tax adjusted gross income by reason of the election under subchapter S. However, the shareholder's adjusted gross income shall include actual distributions from the corporation to the extent they would be treated as taxable dividends if the subchapter S. election were not in effect.

(4) A shareholder of a DISC that is exempt from the corporation license tax under 15-31-102(1)(l) shall include in his adjusted gross income the earnings and profits of the DISC in the same manner as provided by federal law (section 995, Internal Revenue Code) for all periods for which the DISC election is effective.

(5) A taxpayer who, in determining federal adjusted gross income, has reduced his business deductions by an amount for wages and salaries for which a federal tax credit was elected under section 44B of the Internal Revenue Code of 1954 or as that section may be labeled or amended is allowed to deduct the amount of *the* wages and salaries paid regardless of the credit taken. The deduction must be made in the year the wages and salaries were used to compute the credit. In the case of a partnership or small business corporation, the deduction must be made to determine the amount of income or loss of the partnership or small business corporation.

(6) Married taxpayers filing a joint federal return who must include part of their social security benefits or part of their tier 1 railroad retirement benefits in federal adjusted gross income may split the federal base used in calculation of federal taxable social security benefits or federal taxable tier 1 railroad retirement benefits when they file separate Montana income tax returns. The federal base must be split equally on the Montana return.

(7) A taxpayer receiving retirement disability benefits who has not attained age 65 by the end of the taxable year and who has retired as permanently and totally disabled may exclude from adjusted gross income up to $100 per week received as wages or payments in lieu of wages for a period during which the employee is absent from work due to the disability. If the adjusted gross income before this exclusion and before application of the two-earner married couple deduction exceeds $15,000, the excess reduces the exclusion by an equal amount. This limitation affects the amount of exclusion, but not the taxpayer's eligibility for the exclusion. If eligible, married individuals shall apply the exclusion separately, but the

HeinOnline -- 1989 vol. I 1281 1989

limitation for income exceeding $15,000 is determined with respect to the spouses on their combined adjusted gross income. For the purpose of this subsection, permanently and totally disabled means unable to engage in any substantial gainful activity by reason of any medically determined physical or mental impairment lasting or expected to last at least 12 months.

(8) A person receiving benefits described in subsections (2)(d) through (2)(f), (2)(h), or (2)(i) may not exclude benefits described in subsection (2)(c) from adjusted gross income unless the benefits received under subsections (2)(d) through (2)(f), (2)(h), or (2)(i) are less than $3,600, in which case the person may combine benefits to exclude up to a total of $3,600 from adjusted gross income. **(Subsection (2)(k) terminates on occurrence of contingency—sec. 3, Ch. 634, L. 1983.)"**

An applicant who fails to provide such proof of ownership shall provide a certified statement describing how the motorboat or sailboat 12 feet in length or longer was acquired, from whom acquired if known, and other information requested by the department of justice.

HeinOnline -- 1989 vol. I 1284 1989

(4) If a certificate of ownership has previously been issued under the provisions of this part, the application for a new certificate must be accompanied by the immediately previous certificate. This subsection does not apply to motorboats or sailboats 12 feet in length or longer that are purchased as new and unused vessels or that were operated when the provisions of this part were not in force and effect.

(5) Any motorboat or sailboat 12 feet in length or longer that does not have a manufacturer's or other identifying number thereon must be assigned an identification number by the department of fish, wildlife, and parks. A fee of $1 must be paid to the department for an assignment of number.

(6) Upon completion of the application, the county treasurer shall issue to the applicant two copies of the certificate of number application, one of which must be marked "file copy". The treasurer shall forward one copy and the original application for a certificate of ownership to the department of justice, which shall enter the information contained in the application upon the corresponding records of its office, and shall furnish the applicant a certificate of ownership containing that information in the application considered necessary by the department and a permanent boat number. The certificate of ownership need not be renewed annually and is valid as long as the person holding it owns the vessel.

(7) The owner shall at all times retain possession of the certificate of ownership, except when it is being transmitted to and from the department of justice for endorsement or cancellation.

(8) Upon application for a certificate of ownership, a fee of *$5* must be paid to the county treasurer, *$3.50* of which must be forwarded by the county treasurer to the department of justice and deposited in the motor vehicle recording account of the state special revenue fund.

(9) A person who, on July 1, 1988, is the owner of a motorboat or sailboat 12 feet in length or longer with a valid certificate of number issued by the state is not required to file an application for a certificate of ownership for the motorboat or sailboat unless he transfers a part of his interest in the motorboat or sailboat or he renews the certificate of number for the motorboat or sailboat."

Section 2. Section 23-2-509, MCA, is amended to read:

**"23-2-509. Lost or mutilated certificate.** (1) If a certificate of ownership is lost or mutilated or becomes illegible, the person to whom it was issued shall immediately make application for and obtain a duplicate, upon payment of a fee of *$3.*

The county treasurer shall forward the application to the department of justice, which shall file the certificate upon receipt. *A* certificate of ownership may *not* be issued by the department until any outstanding certificate is surrendered to the department or its loss is established to the department's reasonable satisfaction. The county treasurer shall collect a fee of *$5* for each application for transfer of ownership, of which *$3.50* must be forwarded to the department of justice for deposit in the motor vehicle recording account of the state special revenue fund.

(3) A purchaser of a new or used motorboat or sailboat 12 feet in length or longer from a licensed dealer has a grace period of 20 calendar days from the date of purchase to register the motorboat or sailboat, make application for a certificate of ownership, and obtain a decal indicating that the fee in lieu of property tax has been paid on the vessel for the current year. It is not a violation of this part or any other law for the purchaser to operate a newly acquired motorboat or sailboat 12 feet in length or longer without a certificate of ownership, certificate of registration, and decal during the 20-day grace period. During this period the sticker provided for in subsection (4) must remain affixed to the motorboat or sailboat.

(4) Prior to the delivery of a motorboat or sailboat 12 feet in length or longer to the purchaser, the dealer shall issue and affix to a motorboat or sailboat constructed after October 31, 1972, a sticker as prescribed by the department of justice. The sticker must contain the name and address of the purchaser, the date of sale, the name and address of the dealer, and a description of the motorboat or sailboat, including its serial number. The dealer shall keep a copy of the sticker for his records and shall send a copy of the sticker to the department of justice.

(5) The provisions of subsection (2) do not apply in the event of the transfer of a motorboat or sailboat 12 feet in length or longer to a duly licensed dealer intending to resell the motorboat or sailboat and who operates it only for demonstration purposes, but every dealer, upon transferring *his* interest, shall deliver the certificate of ownership with an application for a new certificate executed by the new owner in accordance with the provisions of this part. The department of justice, upon receipt of the certificate of ownership and application for a new certificate containing notice of a security interest, if any, shall issue a new certificate of ownership, together with a statement of any conditional sales contract, mortgage, or other lien."

Section 4. Section 23-2-611, MCA, is amended to read:

HeinOnline -- 1989 vol. I 1287 1989

Section 5. Section 23-2-612, MCA, is amended to read:

**"23-2-612. Transfer of interest.** (1) Except as provided in subsection (3), upon a transfer of any certificate of ownership to a snowmobile registered as required under the provisions of 23-2-601 through 23-2-644, the person whose title or interest is to be transferred shall write his signature with pen and ink upon the certificate of ownership issued for the snowmobile in the appropriate space provided upon the reverse side of the certificate, and such signature shall be acknowledged before a notary public.

(2) Within 20 calendar days *after endorsement*, the transferee shall make application for transfer of the certificate of ownership with the county treasurer of the county in which the transferee resides and also make application for registration of the snowmobile. The county treasurer shall forward the application to the department of justice, which shall file the same upon receipt thereof. No certificate of ownership may be issued by the department of justice until the outstanding certificates are surrendered to that office or their loss established to its reasonable satisfaction. The county treasurer shall collect a fee of *$5* for each application for transfer of ownership, of which *$3.50* shall be forwarded to the department of justice for deposit in the motor vehicle recording account of the state special revenue fund.

It is not a violation of 23-2-601 through 23-2-644 or any other law for the purchaser to operate a newly acquired snowmobile without a certificate of ownership, certificate of registration, and a decal during the 20-day period. During this period the sticker, provided for in subsection (4), shall remain affixed to the snowmobile.

(4) Prior to the delivery of the snowmobile to the purchaser, the dealer shall issue and affix to the snowmobile a sticker (in a form to be prescribed by the department of justice). The sticker shall contain the name and address of the purchaser, the date of sale, the name and address of the dealer, and a description of the snowmobile, including its serial number. The dealer shall keep a copy of the sticker for his records and shall send a copy of the sticker to the department of justice.

(5) The provisions of subsection (2) of this section do not apply in the event of the transfer of a snowmobile to a duly licensed snowmobile dealer intending to resell the snowmobile and who operates it only for demonstration purposes, but every dealer, upon transferring *his* interest, shall deliver the certificate of ownership with an application for a new certificate executed by the new owner in accordance with the provisions of 23-2-601 through 23-2-644. The department of justice, upon receipt of the certificate of ownership and application for a new certificate, containing notice of a security interest, if any, shall issue a new certificate of ownership together with a statement of any conditional sales contract, mortgage, or other lien."

# CHAPTER NO. 537

[SB 94]

AN ACT CREATING A MOTORIST INFORMATION SIGN PROGRAM; AUTHORIZING INSTALLATION AND MAINTENANCE OF MOTORIST INFORMATION SIGNS WITHIN THE RIGHTS-OF-WAY OF INTERSTATE AND PRIMARY HIGHWAYS; ALLOWING THE DEPARTMENT OF HIGHWAYS TO AWARD FRANCHISES TO PRIVATE PERSONS TO ESTABLISH AND OPERATE A MOTORIST INFORMATION SIGN PROGRAM; PROVIDING FOR FEES TO COVER THE COSTS OF THE PROGRAM; GRANTING RULEMAKING AUTHORITY; AMENDING SECTIONS 60-5-110 AND 75-15-111, MCA; AND PROVIDING AN EFFECTIVE DATE.

STATEMENT OF INTENT

A statement of intent is required for this bill because [section 15] grants the department of highways authority to adopt rules to implement the provisions of [this act].

It is the intent of the legislature that the department have discretion to adopt rules that will result in a motorist information sign program that will aid the traveling public in locating gas, food, lodging, camping, recreation, and other tourist services that are conveniently accessible from the interstate and primary highways within the state. Such rules should supplement and interpret the provisions of [this act].

In adopting rules, the department should develop a policy for installation of motorist information signs. At a minimum, this policy should include criteria for:

(1) standards of service for business eligibility for placement of a logo sign;

(2) distances to eligible services;

(3) selection of eligible businesses for motorist information signing;

(4) location of motorist information signs at interchanges or intersections, in accordance with federal standards;

(5) standards for the size, design, installation, and maintenance of motorist information signs; and

(6) the costs to businesses for installation, annual maintenance, and repair of business signs.

HeinOnline -- 1989 vol. I 1291 1989

It is intended that the department establish service eligibility requirements with the knowledge that in the rural vastness of this state it is important for a traveler to obtain information about available services, even if the full range of services contemplated by federal guidelines is not available. The department may provide a method for the substitution or replacement of services that are not available at a location, and it may establish some method of signing to indicate to the traveler that a particular service category is not available at the signed businesses.

It is intended that the department may require additional terms and conditions relating to issuance of a franchise for operation of the motorist information sign program. Such additional requirements may relate to termination of a franchise agreement and to the posting of a contractor's bond for sign construction and maintenance.

Finally, the department should consider the success of the motorist information sign programs established in the states of Idaho and Washington and the logo sign franchise program established in the state of Minnesota.

*Be it enacted by the Legislature of the State of Montana:*

(2) (a) All losses actually sustained and charged off within the year and not compensated by insurance or otherwise, including a reasonable allowance for the wear and tear and obsolescence of property used in the trade or business, such allowance to be determined according to the provisions of section 167 of the Internal Revenue Code in effect with respect to the taxable year. (4) The amount of interest paid within the year on its indebtedness incurred in the operation of the business from which its income is derived; but no interest shall be allowed as a deduction if paid on an indebtedness created for the purchase, maintenance, or improvement of property or for the conduct of business unless the income from such property or business would be taxable under this part.

(ii) Taxes assessed against local benefits of a kind tending to increase the value of the property assessed.

(iii) Taxes on or according to or measured by net income or profits imposed by authority of the government of the United States.

(b) The public service commission shall not allow in the rate base of a regulated corporation the inclusion of contributions made under this subsection.

(8) In lieu of the deduction allowed under subsection (7), the taxpayer may deduct the fair market value, not to exceed 30% of the taxpayer's net income, of a computer or other sophisticated technological equipment or apparatus intended for use with the computer donated to an elementary, secondary, or accredited postsecondary school located in Montana if:

Section 2. Section 15-31-406, MCA, is amended to read:

**"15-31-406. License tax sections incorporated by reference.** The provisions of the following sections of this chapter are incorporated into this part by reference and made a part hereof:

(1) that part of 15-31-101 which defines the term "corporation" and 15-31-102, which specifies the classes of organizations whose income shall not be taxed;

(2) sections 15-31-111 through 15-31-114, 15-31-117, 15-31-118, 15-31-141, 15-31-142 *[section 3]*, 15-31-301 through 15-31-313, 15-31-501 through 15-31-509, 15-31-525, 15-31-526, 15-31-531, 15-31-532, 15-31-541, and 15-31-543, except that the term "gross income" shall be construed as excluding the net amount of interest income from valid obligations of the United States and except that wherever the words "tax", "license tax", "license fee", "corporation excise tax", or like words appear, referring to the tax imposed under part 1 of this chapter, there shall be substituted the words "income tax"."

Section 3. **Net operating losses — carryovers and carrybacks.** (1) The net operating loss deduction is the aggregate of net operating loss carryovers to the taxable period plus the net operating loss carrybacks to the taxable period.

HeinOnline -- 1989 vol. I 1300 1989

(2) The term "net operating loss" means the excess of the deductions allowed by this section over the gross income, with the modifications specified in subsection (6).

(3) If for any taxable period beginning after December 31, 1970, a net operating loss is sustained, the loss must be a net operating loss carryback to each of the three taxable periods preceding the taxable period of the loss and must be a net operating loss carryover to each of the five taxable periods following the taxable period of the loss.

(4) A net operating loss for any taxable period ending after December 31, 1975, in addition to being a net operating loss carryback to each of the three preceding taxable periods, must be a net operating loss carryover to each of the seven taxable periods following the taxable period of the loss.

(5) Except as provided in subsection (11), the portion of the loss that must be carried to each of the other taxable years must be the excess, if any, of the amount of the loss over the sum of the net income for each of the prior taxable periods to which the loss was carried. For purposes of the preceding sentence, the net income for the prior taxable period must be computed with the modification specified in subsection (6)(b) and by determining the amount of the net operating loss deduction without regard to the net operating loss for the loss period or any taxable period thereafter, and the net income so computed may not be considered to be less than zero.

(6) The modifications referred to in subsection (2) are as follows:

(a) net operating loss deduction may not be allowed.

(b) The deduction for depletion may not exceed the amount that would be allowable if computed under the cost method.

(c) Any net operating loss carried over to any taxable years beginning after December 31, 1978, must be calculated under the provisions of this section effective for the taxable year for which the return claiming the net operating loss carryover is filed.

(7) A net operating loss deduction must be allowed only with regard to losses attributable to the business carried on within the state of Montana.

(8) In the case of a merger of corporations, the surviving corporation may not be allowed a net operating loss deduction for net operating losses sustained by the merged corporations prior to the date of merger. In the case of a consolidation of corporations, the new corporate entity may not be allowed a deduction for net operating losses sustained by the consolidated corporations prior to the date of consolidation.

(9) Notwithstanding the provisions of 15-31-531, interest may not be paid with respect to a refund of tax resulting from a net operating loss carryback or carryover.

(10) The net operating loss deduction may not be allowed with respect to taxable periods that ended on or before December 31, 1970, but must be allowed only with respect to taxable periods beginning on or after January 1, 1971.

HeinOnline -- 1989 vol. I 1301 1989

(11) A taxpayer entitled to a carryback period for a net operating loss may elect to forego the entire carryback period. If the election is made, the loss may be carried forward only. The election must be made on or before the date on which the return is due, including any extension of the due date, for the tax year of the net operating loss for which the election is to be in effect. The election is irrevocable for the year made.

Section 4. **Extension of authority.** Any existing authority to make rules on the subject of the provisions of [this act] is extended to the provisions of [this act].

Section 5. **Codification instruction.** [Section 3] is intended to be codified as an integral part of Title 15, chapter 31, part 1, and the provisions of Title 15, chapter 31, apply to [section 3].

Section 6. **Effective date — retroactive applicability.** [This act] is effective on passage and approval and applies retroactively, within the meaning of 1-2-109, to taxable years beginning after December 31, 1988.

Approved April 14, 1989.

(3) Each applicant must be given an opportunity to indicate in the space provided under subsection (1) his intent to make an anatomical gift.

(4) The department shall issue to every applicant who indicates such an intent a statement which, when signed by the licensee in the manner prescribed in *72-17-201*, constitutes a document of anatomical gift. This statement must be printed on a sticker that the donor may attach permanently to the back of his driver's license.

(5) The department shall also furnish the licensee a means of revoking the document of gift upon the license."

*(a) make an anatomical gift for any of the purposes stated* in 72-17-202*;*

*(b) limit an anatomical gift to one or more of those purposes; or*

*(c) refuse to make an anatomical gift.*

*(2) An anatomical gift may be made only by a document of gift signed by the donor. If the donor cannot sign, the document of gift must be signed by another individual and by two witnesses, all of whom have signed at the direction and in the presence of the donor and of each other, and must state that it has been so signed.*

*(3) If a document of gift is attached to or imprinted on a donor's motor vehicle operator's license, the document of gift must comply with subsection (2). Revocation, suspension, expiration, or cancellation of the license does not invalidate the anatomical gift.*

*(4) A document of gift may designate a particular physician or surgeon to carry out the appropriate procedures. *(b) During a terminal illness or injury, the refusal may be an oral statement or other form of communication.*

*(10) In the absence of contrary indications by the donor, an anatomical gift of a part is neither a refusal to give other parts nor a limitation on an anatomical gift under [section 11] or on a removal or release of other parts under [section 12].*

*(11) In the absence of contrary indications by the donor, a revocation or amendment of an anatomical gift is not a refusal to make another anatomical gift. If the donor intends a revocation to be a refusal to make an anatomical gift, the donor shall make the refusal pursuant to subsection (9).*"

Section 5. Section 72-17-202, MCA, is amended to read:

"**72-17-202. Persons who may become donees — purposes for which anatomical gifts may be made.** (1) The following persons may become donees of *anatomical* gifts for the purposes stated:

*class having priority to act is opposed by a member of the same class or a prior class under [section 11], the donee may not accept the anatomical gift.*"

Section 6. Section 72-17-207, MCA, is amended to read:

"**72-17-207. Examination — autopsy — liability.** *(1) An anatomical* gift authorizes any *reasonable* examination necessary to assure medical acceptability of the gift for the purposes intended.

*(2) The provisions of this chapter are subject to the laws of this state governing autopsies.*

*(3) A hospital, physician, surgeon, coroner, enucleator, technician, nurse, or other person who acts in accordance with this chapter or with the applicable anatomical gift act of another state or attempts in good faith to do so is not liable for that act in a civil action or criminal proceeding.*

The document *of gift,* or *a* copy, may be deposited in any hospital, *procurement organization,* or registry office that accepts it for safekeeping or for facilitation of procedures after death. On request of *an* interested *person,* upon or after the donor's death, the person in possession shall *allow the interested person to examine or copy* the document *of gift.*"

Section 8. Section 72-17-301, MCA, is amended to read:

"**72-17-301. Rights and duties at death.** (1) *Rights of a donee created by an anatomical gift are superior to rights of others under [section 11(1)], except with respect to autopsies. A* donee may accept or reject *an anatomical* gift. If the donee accepts *an anatomical* gift of the entire body, *the donee,* subject to the terms of the gift, *may allow* embalming and the use of the body in funeral services. If the gift is of a part of the body, the donee, upon the death of the donor and *before* embalming, shall cause the part to be removed without unnecessary mutilation. After removal of the part, custody of the remainder of the body vests in the *person* under obligation to dispose of the body.

(2) The time of death *must* be determined by a physician *or surgeon* who *attends* the donor at death or, if none, the physician *or surgeon* who certifies the death. *Neither the* physician *or surgeon* who *attends* the donor at death *nor* the physician *or surgeon* who *determines* the *time of* death *may* participate in the procedures for removing or transplanting a part

(b) by *an enucleator* trained in eye enucleation.

(2) An acceptable course in eye enucleation must include the anatomy and physiology of the eye, instruction in maintaining a sterile field during the enucleation procedure, and use of appropriate instruments and sterile procedures for removal and preservation of corneal tissue.

(3) Certification of satisfactory completion of a course in eye enucleation must be provided by the ophthalmologist who teaches the course. This certification qualifies *an enucleator* to perform eye enucleations for a period of 3 years from the date of completion of the course."

Section 10. Section 72-17-312, MCA, is amended to read:

**"72-17-312. Approval of eye banks.** Any bank or storage facility that furnishes to the department written evidence of its membership and certification and reports and recommendations for future compliance, granted by the eyebank association of America, is approved for receipt and storage of eye tissue for the term of such membership and certification and is eligible during such term to be a donee of eye tissue pursuant to 72-17-202."

Section 11. **Making, revoking, and objecting to anatomical gifts by others.** (1) Any member of the following classes of persons, in the order of priority listed, may make an anatomical gift of all or a part of the decedent's body for an authorized purpose, unless the decedent, at the time of death, had made an unrevoked refusal to make that anatomical gift:

(a) the spouse of the decedent;

(b) an adult son or daughter of the decedent;

(c) either parent of the decedent;

(d) an adult brother or sister of the decedent;

(e) a grandparent of the decedent; and

(f) a guardian of the person of the decedent at the time of death.

(2) An anatomical gift may not be made by a person listed in subsection (1) if:

(a) a person in a prior class is available at the time of death to make an anatomical gift;

HeinOnline -- 1989 vol. I 1309 1989

(b) the person proposing to make an anatomical gift knows of a refusal or contrary indications by the decedent; or

(c) the person proposing to make an anatomical gift knows of an objection to making an anatomical gift by a member of the person's class or a prior class.

(3) An anatomical gift by a person authorized under subsection (1) must be made by:

(a) a document of gift signed by the person; or

(b) the person's telegraphic, recorded telephonic, or other recorded message, or other form of communication from the person that is contemporaneously reduced to writing and signed by the recipient.

(4) An anatomical gift by a person authorized under subsection (1) may be revoked by any member of the same or a prior class if, before procedures have begun for the removal of a part from the body of the decedent, the physician, surgeon, technician, or enucleator removing the part knows of the revocation.

(5) A failure to make an anatomical gift under subsection (1) is not an objection to the making of an anatomical gift.

Section 12. **Authorization by coroner or local public health official.** (1) The coroner may release and permit the removal of a part from a body within that official's custody, for transplantation or therapy, if:

(a) the official has received a request for the part from a hospital, physician, surgeon, or procurement organization;

(b) the official has made a reasonable effort, taking into account the useful life of the part, to locate and examine the decedent's medical records and inform persons listed in [section 11(1)] of their option to make, or object to making, an anatomical gift;

(c) the official does not know of a refusal or contrary indication by the decedent or objection by a person having priority to act as listed in [section 11(1)];

(d) the removal will be by a physician, surgeon, or technician; but in the case of eyes, by one of them or by an enucleator;

(e) the removal will not interfere with any autopsy or investigation;

(f) the removal will be in accordance with accepted standards; and

(g) cosmetic restoration will be done, if appropriate.

(2) If the body is not within the custody of the coroner, the local public health officer may release and permit the removal of any part from a body in the local public health officer's custody for transplantation or therapy if the requirements of subsection (1) are met.

(3) An official releasing and permitting the removal of a part shall maintain a permanent record of the name of the decedent, the person

HeinOnline -- 1989 vol. I 1310 1989

making the request, the date and purpose of the request, the part requested, and the person to whom it was released.

Section 13. **Routine inquiry and required request — search and notification.** (1) If, at or near the time of death of a patient, there is no medical record that the patient has made or refused to make an anatomical gift, the hospital administrator or a representative designated by the administrator shall discuss the option to make or refuse to make an anatomical gift and request the making of an anatomical gift pursuant to [section 11(1)]. The request must be made with reasonable discretion and sensitivity to the circumstances of the family. A request is not required if the gift is not suitable, based upon accepted medical standards, for a purpose specified in 72-17-202 or if there are medical or emotional conditions under which the request would contribute to severe emotional distress. An entry must be made in the medical record of the patient, stating the name and affiliation of the individual making the request and the name, response, and relationship to the patient of the person to whom the request was made. The department shall adopt rules to implement this subsection.

(2) The following persons shall make a reasonable search for a document of gift or other information identifying the bearer as a donor or as an individual who has refused to make an anatomical gift:

(a) a law enforcement officer, fireman, paramedic, or other emergency rescuer finding an individual whom the searcher believes is dead or near death; and

(b) a hospital, upon the admission of an individual at or near the time of death, if there is not immediately available any other source of that information.

(3) If a document of gift or evidence of refusal to make an anatomical gift is located by the search required by subsection (3)(a) and the individual or body to whom it relates is taken to a hospital, the hospital must be notified of the contents and the document or other evidence must be sent to the hospital.

(4) If, at or near the time of death of a patient, a hospital knows that an anatomical gift has been made pursuant to [section 11(1)] or a release and removal of a part has been permitted pursuant to [section 12], or that a patient or an individual identified as in transit to the hospital is a donor, the hospital shall notify the donee if one is named and known to the hospital; if not, it shall notify an appropriate procurement organization. The hospital shall cooperate in the implementation of the anatomical gift or release and removal of a part.

(5) A person who fails to discharge the duties imposed by this section is not subject to criminal or civil liability but is subject to appropriate administrative sanctions.

Section 14. **Coordination of procurement and use.** Each hospital in this state, after consultation with other hospitals and procurement organizations, shall establish agreements or affiliations for coordination of procurement and use of human bodies and parts.

HeinOnline -- 1989 vol. I 1311 1989

Section 15. **Sale or purchase of parts prohibited.** (1) A person may not knowingly, for valuable consideration, purchase or sell a part for transplantation or therapy, if removal of the part is intended to occur after the death of the decedent.

(2) Valuable consideration does not include reasonable payment for the removal, processing, disposal, preservation, quality control, storage, transportation, or implantation of a part.

(3) A person who violates this section is guilty of a felony and upon conviction is subject to a fine not exceeding $50,000 or imprisonment not exceeding 5 years, or both.

Section 16. **Applicability.** [This act] applies to a document of gift, revocation, or refusal to make an anatomical gift signed by the donor or a person authorized to make or object to making an anatomical gift before, on, or after October 1, 1989.

Section 17. **Severability.** If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 20. **Codification instruction.** [Sections 11 through 15] are intended to be codified as an integral part of Title 72, chapter 17, and the provisions of Title 72, chapter 17, apply to [sections 11 through 15].

# CHAPTER NO. 542

[SB 311]

AN ACT CREATING A SELF-SUFFICIENCY TRUST ACCOUNT TO BE ADMINISTERED BY THE DEPARTMENT OF SOCIAL AND REHABILITATION SERVICES TO PROVIDE CARE AND TREATMENT FOR CERTAIN DEVELOPMENTALLY DISABLED, MENTALLY ILL, OR PHYSICALLY HANDICAPPED PERSONS.

STATEMENT OF INTENT

This bill requires a statement of intent because [section 3] grants rulemaking authority to the department of social and rehabilitation services to administer the self-sufficiency trust account.

The rules should provide for the orderly administration of the trust account. Because the department of social and rehabilitation services will be administering the trust account for the department of institutions, contractual arrangements must be made between these departments. These arrangements must include but are not limited to:

(1) provision for the department of institutions to review and approve life care agreements for mentally ill beneficiaries;

(2) provision for the approval of payments from the trust account for mentally ill beneficiaries; and

(3) procedures for reporting to the department of institutions on the financial condition of the trust account.

The rules should also provide for the development of procedures and criteria for reviewing and approving the life care agreements between the self-sufficiency trust and the department of social and rehabilitation services. These procedures and criteria should also provide for the termination of the agreements.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. **Definitions.** As used in [this act], the following definitions apply:

(1) "Department" means the department of social and rehabilitation services provided for in Title 2, chapter 15, part 22.

(2) "Self-sufficiency trust" means a trust created by a nonprofit corporation that is a 501-C-3 organization under the United States Internal Revenue Code of 1954, as amended, and that was organized under the Montana Nonprofit Corporation Act, Title 35, chapter 2, for the purpose of providing for the care and treatment of one or more persons who are residents of this state and are developmentally disabled, mentally ill, physically handicapped, or otherwise eligible for department services, as defined by the department.

Section 2. **Creation of self-sufficiency trust account.** (1) There is created a self-sufficiency trust account in the state treasury. The state

HeinOnline -- 1989 vol. I 1313 1989

treasurer shall deposit to the credit of the trust account money received from a self-sufficiency trust for that purpose. The state auditor shall direct payments from the trust account upon claims certified by the director of the department.

(2) The assets of the trust account must be preserved, invested, and expended in the manner and for the purposes provided in [section 3]. At the end of each fiscal year, the unexpended account balance must carry forward to the next fiscal year and may not revert to the state general fund.

Section 3. **Administration of trust account.** (1) The department may accept money from a self-sufficiency trust for deposit in the self-sufficiency trust account pursuant to an agreement with the self-sufficiency trust naming one or more beneficiaries who are residents of this state and are developmentally disabled, mentally ill, physically handicapped, or otherwise eligible for department services, as defined by the department. The agreement must specify the care or treatment to be provided for each named beneficiary. Money in the trust account must be accounted for separately for each named beneficiary. The department of institutions shall contract with the department to administer the trust account for beneficiaries who are mentally ill.

(2) (a) The department shall adopt rules to administer the trust account.

(b) The money in the trust account may be spent by the department, pursuant to its rules, only to provide care or treatment for the named beneficiary in accordance with the terms of the agreement.

(c) If the director of the department determines that the money in the trust account for a named beneficiary cannot be used for the care and treatment of the beneficiary in a manner consistent with the rules of the department and the agreement or upon request of the self-sufficiency trust, the remaining money in the trust account for the named beneficiary, together with any accumulated interest, must be promptly returned to the self-sufficiency trust that provided the money for deposit in the trust account.

(3) The trust account money must be deposited in the state treasury and invested as required by law and the earnings credited to the trust account.

Section 4. **Benefits not affected.** Receipt by a beneficiary of supplemental services as a result of the self-sufficiency trust account or of care and treatment provided by the trust may not in any way reduce, impair, or diminish the benefits to which the beneficiary is otherwise entitled by law.

Section 5. **Special account.** There is created within the self-sufficiency trust account a special account for the disabled. The director of the department may accept money from any source for deposit into the special account. The money in the special account must be used by the department, subject to appropriation, for the purpose of providing for the care and treatment of low-income developmentally disabled, mentally ill,

HeinOnline -- 1989 vol. I 1314 1989

and physically handicapped persons or low-income persons otherwise eligible for department services, as defined by the department.

Section 6. **Extension of authority.** Any existing authority to make rules on the subject of the provisions of [this act] is extended to the provisions of [this act].

Approved April 14, 1989.

*Be it enacted by the Legislature of the State of Montana:*

Subject to the availability of money in the fund, if the whereabouts of a victim whose restitution payments were deposited in the county restitution fund become known, the county shall refund to the victim payments that were deposited in the fund.

(2) Money in the restitution fund may be used to provide payments on behalf of offenders who are ordered to pay restitution but, due to circumstances beyond their control, are unable to obtain employment or are unable to obtain employment sufficient to make restitution payments and sustain themselves and their dependents. Payment from the county restitution fund to the crime victims compensation account may be made only from moneys paid by the offender who caused the injury or death that resulted in the payment from the account.

*(c)* acquired by eminent domain; or

*(d)* acquired by adverse use by the public, jurisdiction having been assumed by the state or any political subdivision *of the state.*

*(8)* "Special fuel" means those combustible gases and liquids commonly referred to as diesel fuel or any other volatile liquid of less than 46 degrees A.P.I. The permit *is* not transferable and *is* valid for 90 days. Permits will be issued at no cost to the user by the department, scale house personnel, and gross vehicle weight patrol crews. The department may require the user who has fuel capacity in excess of 30 gallons to file a report and pay the tax on fuel used in Montana on which the tax has not been paid.

(5) A special fuel user need not display the original or reproduced copy of the special fuel user's permit as required by subsection (2) if:

HeinOnline -- 1989 vol. I 1324 1989

**"15-70-304. Bonding, release of surety, and additional bond.** (1) Except as provided *in this section*, *a* special fuel dealer's license or special fuel user's permit *may not* be issued to any person or continued in force unless *the* person has furnished bond, as defined in 15-70-301 and in *a* form as the department may require, to secure its compliance with this part and the payment of any and all taxes, interest, and penalties due and to become due *under this part*. The department shall waive the bond requirement of any special fuel user not subject to subsection (2)(a) or (2)(b). Upon application, the department shall waive the bond requirement of any public contractor licensed under Title 15, chapter 50, who has posted a performance bond conditioned on payment of all lawful taxes with the contracting entity.

(2) The total amount of the bond or bonds required of any special fuel dealer shall be equivalent to twice his estimated monthly tax payments and the total amount of the bond or bonds required of any special fuel user shall be equivalent to twice his estimated quarterly tax payments as provided *in this part*, determined as the department *considers* proper; provided, however, that the total amount of the bond or bonds *may not* be less than:

(3) Any surety on a bond furnished by a special fuel dealer or special fuel user as provided *in this section* shall be released and discharged from any and all liability to the state accruing on *the* bond after the expiration of 30 days from the date upon which *the* surety *has* lodged with the department a written request to be released and discharged, but this provision *may* not operate to relieve, release, or discharge the surety from any liability already accrued or which shall accrue before the expiration of the 30-day period. The department shall, promptly upon receiving *a release* request, notify the special fuel dealer or special fuel user who furnished the bond, and unless the special fuel dealer or special fuel user, on or before the expiration of the 30-day period, *files* a new bond in accordance with the requirements of this section or *makes* a deposit in lieu *of a bond* as provided in 15-70-301*(2)*, the department shall cancel the special fuel dealer's license or special fuel user's permit.

(4) The department may require a special fuel dealer or special fuel user to give a new or additional surety bond or to deposit additional securities of the character specified in 15-70-301*(2)* if, in its opinion, the security of

Section 5. Section 15-70-305, MCA, is amended to read:

**"15-70-305. Issuance of license, permit, or authorization — grounds for refusal — hearing.** (1) *Except as provided in subsection (3), upon* receipt of the application and bond in proper form, the department shall issue to the applicant a license or permit to act as a special fuel dealer or special fuel user. *Each special fuel dealer's license or special fuel user's permit is valid until suspended or revoked for cause or otherwise canceled.*

*(2) Except as provided in subsection (3), upon receipt of the application in proper form, the department shall issue to the applicant an authorization. A holder of an authorization is not required to furnish bond as provided under 15-70-304. The authorization must be issued annually and is valid from the date of its issuance through December 31 of the calendar year, unless a motor vehicle for which the tax is prepaid is sold, or until suspended or revoked for cause or otherwise canceled.*

*(3) The department may refuse to issue a special fuel dealer's license, special fuel user's permit, or authorization to any person:*

*(a) who formerly held a license, permit, or authorization that, prior to the time of filing application, has been revoked for cause;*

*(b) who is not the real party in interest and the license, permit, or authorization of the real party in interest has been revoked for cause prior to the time of filing the application; or*

*(c) upon other sufficient cause being shown.*

*(4)* Before refusal *to issue a license, permit, or authorization,* the department shall grant the applicant a hearing and shall grant him at least 10 days' written notice of the time and place *of hearing.*

*(5) A* special fuel dealer's license, special fuel user's permit, *or authorization is not* transferable."

Section 6. Section 15-70-306, MCA, is amended to read:

**"15-70-306. Revocation, suspension, and cancellation.** (1) The department may revoke the license, permit, *or authorization* of any special fuel dealer or special fuel user or any special fuel vehicle permit for reasonable cause. Before revoking *a* license, permit, *or authorization,* the department shall notify the licensee or permittee of its intention, by certified mail addressed to his last-known address shown in the files of the department, requiring him to appear before the department on a day and hour specified in *the* notice, not more than 30 days or less than 10 days from date of notice, and show cause, if any, why the license, permit, or *authorization*

HeinOnline -- 1989 vol. I 1326 1989

should not be revoked; provided, however, that at any time prior to and pending *the* hearing, the department may in the exercise of reasonable discretion suspend *the* license, permit, *or authorization.*

(2) Upon revocation by the department of any license, permit, *or authorization,* the holder shall immediately surrender the *license, permit, or authorization* to the department for cancellation."

Section 7. **Authorization for certain uses — disposition of proceeds — penalties.** (1) (a) A person who purchases, tax-free, special fuel in bulk and whose use of special fuel is predominantly for agricultural and nonhighway use but who owns or operates one or more passenger cars or pickups, each having a licensed gross vehicle weight of 10,000 pounds or less and powered by special fuel, may elect to apply to the department, as provided in 15-70-303, for an authorization. The authorization requires the holder to prepay an annual tax on the special fuel placed in bulk storage and used, in part, in the holder's special fuel-powered vehicles, rather than apply for a special fuel user's permit.

(b) If a holder elects to obtain an authorization, he shall prepay the tax at the rate of $120 for each passenger car or pickup within the weight limit specified in subsection (1)(a). The tax must be paid on a calendar-year basis and must be prorated from the date of authorization for each vehicle. A person whose purchases of special fuel are predominantly for highway or nonagricultural use does not qualify for the special fuel tax.

(c) Whenever the holder of an authorization ceases to farm within this state, he shall notify the department within 15 days after discontinuance. The holder shall surrender to the department the authorization issued to him by the department. The department shall refund the portion of the prepaid tax attributable to the remaining portion of the calendar year.

(2) All taxes collected must be remitted to the department or deposited directly in the state special revenue fund for use by the department of highways.

(3) A person violating any provision of subsection (1) is guilty of a misdemeanor and upon conviction is punishable by a fine of not less than $100 or more than $2,000 or by imprisonment for not less than 30 days or more than 6 months or by both fine and imprisonment. The fine and imprisonment provided in this subsection are in addition to any other penalty imposed by any other provision in this chapter.

Section 9. **Codification instruction.** [Section 7] is intended to be codified as an integral part of Title 15, chapter 70, part 3, and the provisions of Title 15, chapter 70, part 3, apply to [section 7].

STATEMENT OF INTENT

A statement of intent is required for Senate Bill No. 42 because it amends several sections within Title 40, chapter 5, part 2, on child support enforcement services. These amendments are proposed to bring state law into compliance with federal law. The department of revenue is granted an extension of authority to adopt rules in accordance with this bill that conform with federal laws and regulations.

The legislature intends that the department adopt rules that:

(1) reduce aid to families with dependent children (AFDC) expenditures by ensuring that the parent or other person responsible pays for the care, support, or maintenance of a child under the provisions of 40-5-202(1);

(2) ensure child support enforcement services will continue to be provided to families that cease to receive public assistance under AFDC, without requiring an application or payment of a fee;

(3) establish the terms and conditions of providing continued services for families no longer receiving public assistance; and

(4) establish procedures for the discontinuance of child support enforcement services when the custodial parent:

(a) ceases or fails to cooperate with the department as provided under 40-5-204; or

(b) takes an action to prejudice the rights of the department under 40-5-202(4) and (5).

*Be it enacted by the Legislature of the State of Montana:*

(2) "Department" means the department of revenue.

(3) "Director" means the director of the department of revenue or his authorized representative.

*(4)* "Need" means the necessary costs of food, clothing, shelter, and medical care for the support of a child or children.

*(a) receives a referral from the department of social and rehabilitation services or the department of family services on behalf of the child;*

*(b) is providing child support enforcement services under 40-5-203; or*

*(c) receives an interstate referral, whether under the Revised Uniform Reciprocal Enforcement of Support Act or an interstate action by a Title IV-D agency of another state.*

(2) *If the department is providing child support enforcement services for a child under this part,* the department *becomes* trustee of any cause of action of the child or the *obligee* to recover support due to *the child or* obligee from *the obligor. The department* may bring and maintain the action in *its* own name or in the name of the obligee.

(3) The department has the power of attorney to act in the name of any *obligee to endorse and cash* any and all drafts, checks, money orders, or other negotiable instruments received by the department *on behalf of a child.*

(4) For purposes of prosecuting any civil action, the department is a real party in interest *if it is providing child support enforcement services under this part.* No obligee *may* act to prejudice the rights of the department *while such services are being provided.*

(5) *If child support enforcement services are being or have been provided under this part, no* agreement between any obligee and any obligor either relieving an obligor of any duty of support or purporting to settle past, present, or future support obligations either as settlement or prepayment may act to reduce or terminate any rights of the department to recover from *the* obligor for support debt provided unless the department has consented to the agreement in writing.

(6) The department may petition a court *or an administrative agency* for modification of any order on the same basis as a party to that action *is* entitled to do.

This right of subrogation is in addition to and independent of the assignment under 53-2-613 and the support debt created by 40-5-221.*

(8) *If public assistance is being or has been paid, the department is subrogated to the debt created by a support order and any money judgment is considered to be in favor of the department. This subrogation is an addition to any assignment made under 53-2-613 and applies to the lesser of:*

*(a) the amount of public assistance paid; or*

*(b) the amount due under the support order.*

(9) The department may adopt and enforce such rules as may be necessary to carry out the provisions of this part.

(3) The department may not charge the applicant a fee as compensation for services rendered in establishment of or enforcement of support obligations. However, the department may charge a fee to the *obligor*. This fee must be in addition to the support payment. The department shall by rule establish reasonable fees commensurate with the cost of enforcement support services to be paid by the *obligor*. When payments are scheduled to be paid on an installment basis, a portion of the collection fee owed to the department shall be added to each payment. If the *obligor* makes a payment in an amount that is less than the support payment plus the collection fee for that payment, the department may deduct a percentage of the total sum collected which represents the department's standard proportion. The department may, upon a showing of necessity, waive or defer any such fee.

*(4) If child support enforcement services are provided under this part to or for a child as a result of the payment of public assistance, the department may continue to provide services after public assistance is no longer being paid, without requiring an application. An obligee's acceptance of continued services constitutes the obligee's agreement to the terms and conditions set for applicants by the department under this section.*

*(5) The department may terminate services under this section if it:*

HeinOnline -- 1989 vol. I 1332 1989

*(a) receives a written request from the obligee for termination of services;*

*(4) obtaining reimbursement for previously paid public assistance, if any.*"

Section 5. Section 40-5-205, MCA, is amended to read:

(2) *If services are provided to a child under this part, the department may request and all state, county, and city agencies, officers, and employees must provide on request any information concerning the location, income, and assets of an obligor.*

**"40-5-208. Medical support obligation enforcement.** (1) In *any proceeding* initiated pursuant to this part, the department shall require *the obligor* to secure and maintain health insurance coverage for each dependent child, at a cost not to exceed 5% of net income, whenever such health insurance is available through *the obligor's* employment. However, if a *support* order *has been entered that also orders the obligor to secure and maintain health insurance coverage for the child,* the department shall enforce the obligation as ordered.

(2) If the department determines that an *obligor* has failed to maintain health insurance coverage required by *a support* order, it may issue a notice commanding the *obligor* to appear at a hearing held by the department and show cause why a sum of not more than $100 should not be assessed for each month health insurance coverage is not secured or maintained. If the department finds, after hearing or *the obligor's* failure to appear, that *the obligor has not secured or maintained* health insurance coverage in accordance with the *support* order, the department may assess against the *obligor* not more than $100 for each month health insurance coverage has not been secured or maintained. Such amounts may be enforced by warrant for distraint provided for in 40-5-241.

(3) *If an obligor* who has been served with notice under this section appears before the department and shows that health insurance coverage in accordance with the *support* order:

(a) has been secured and maintained continuously since the date of the order, the department shall dismiss the pending action; or

(b) has not been secured or continuously maintained but such coverage is presently in effect, the department shall suspend the pending action for a period of 12 months.

(4) At the end of the suspension period, the department may schedule a hearing. If at this hearing the department finds that during the suspension period health insurance coverage:

(a) has been continuously maintained, the department shall dismiss the pending action and the *obligor* will not be assessed under this section; or

(b) has not been continuously maintained, the department may enter a final order requiring the *obligor* to pay the sum assessed in accordance with this section for each month coverage was not maintained.

(5) Any amounts collected pursuant to this section must be returned to the general fund to help offset expenditures for medicaid."

Section 9. Section 40-5-213, MCA, is amended to read:

**"40-5-213. Financial statements by obligor — penalty.** (1) *If the department is providing child support enforcement services under this part and has reasonable cause to believe that a support obligation is owed, an*

**"40-5-221. In the case of an *obligor who is an* adoptive parent, *a* debt for public assistance paid may *not* accrue prior to the date of adoption.

(2) *If a support order has been entered, the support debt created by this section may not exceed the amount of the order.*

(3) *If* a child has been placed in foster care and a written agreement for payment of support *exists between the obligor* and any state agency, the *support* debt *is* limited to the amount provided for in the agreement. However, if a *support* order is or has been entered, the provisions of the order prevail over the agreement.

(4) The department shall adopt rules based on ability to pay, with respect to the level of support to be provided for in such agreements or modifications of such agreements based on changed circumstances.

*(5) The department may establish and collect a debt created under this section in a proceeding that is in addition to and independent of the subrogation created by 40-5-202(7) and the assignment under 53-2-613.*"

Section 11. Section 40-5-222, MCA, is amended to read:

**"40-5-222. Support debt based upon support order — notice — contents — action to collect.** (1) The department may issue a notice of a support debt accrued or accruing based upon *a support* order. HeinOnline -- 1989 vol. I 1336 1989

(3) If no answer is had by the department to the notice of liability on or before *20* days of the date of service, the support debt *must* be assessed and determined subject to the computation and the department may issue a warrant for distraint authorizing a collection action under this part.

(4) If the *obligor*, within *20* days of the date of service of notice of liability, makes answer to the department alleging defenses to liability under 40-5-221, the *obligor* may receive a fair hearing pursuant to 40-5-226. The decision of the department in the hearing *must* establish the *obligor's* obligation, if any, for repayment of public assistance funds spent to date as an assessed and determined support debt."

Section 13. Section 40-5-224, MCA, is amended to read:

**"40-5-224. Finding of support liability based upon payment of public assistance — warrant for distraint — bond to release warrant — action to collect.** (1) If the department reasonably believes that the *obligor* is not a resident of this state or is about to move from this state or has concealed himself, absconded, absented himself or has removed or is about to remove, secrete, waste, or otherwise dispose of property which could be made subject to collection action to satisfy the support debt, the department may issue a warrant for distraint pursuant to 40-5-241 during the pendency of the fair hearing or thereafter, whether or not appealed. No further action may be taken on the warrant until final determination after fair hearing *or* appeal. The department shall make and file in the record of the fair hearing an affidavit stating the reasons upon which the belief is founded. Charging off child support debts as uncollectible.** *(1)* Any support debt due the department from *an obligor*, which *debt* the department determines uncollectible, may be transferred from accounts receivable to a suspense account and cease to be accounted as an asset. *If* a warrant for distraint has been filed and the support debt has subsequently been charged off as uncollectible, the department shall issue a release of lien.

*(2)* At any time after 6 years from the date a support debt was incurred, the department may charge off as uncollectible any support debt upon which the department finds there is no available, practical, or lawful means by which the *support* debt may be collected. No proceedings or action under the provisions of this part may be begun after expiration of the 6-year period to institute collection of a support debt. Nothing herein may be construed to render invalid or nonactionable a warrant for distraint filed with the clerk of court prior to the expiration of the 6-year period or an assignment of earnings executed prior to the expiration of the 6-year period."

Section 26. Section 40-5-257, MCA, is amended to read:

**"40-5-257. Assignment of earnings to be honored — effect.** *(1)* Any person, firm, corporation, association, political subdivision, or department of the state employing *an obligor* shall honor, according to its terms, a duly executed assignment of earnings, whether executed voluntarily or pursuant to *a support* order presented by the department. This requirement to honor the assignment of earnings and the assignment of earnings itself are applicable whether the earnings are to be paid presently or in the future and continue in force until released in writing by the department.

*(2)* Payment of money pursuant to an assignment of earnings presented by the department serves as full acquittance under any contract of employment. The state shall defend and hold harmless any action taken pursuant to the assignment of earnings. The department *is* released from liability for improper receipt of money under an assignment of earnings upon return of any money so received."

Section 27. Section 40-4-208, MCA, is amended to read:

**"40-4-208. Modification and termination of provisions for maintenance, support, and property disposition.** (1) Except as otherwise provided in 40-4-201(6), a decree may be modified by a court as to maintenance or support only as to installments accruing subsequent to actual notice to the parties of the motion for modification.

HeinOnline -- 1989 vol. I 1342 1989

(2) (a) Whenever the decree proposed for modification does not contain provisions relating to maintenance or support, modification under subsection (1) may only be made within 2 years of the date of the decree.

(b) Whenever the decree proposed for modification contains provisions relating to maintenance or support, modification under subsection (1) may only be made:

(i) upon a showing of changed circumstances so substantial and continuing as to make the terms unconscionable;

(ii) upon written consent of the parties; *or*

*(iii) upon application by the department of revenue, whenever the department of revenue is providing services under Title IV-D of the federal Social Security Act. The support obligation must be modified, as appropriate, in accordance with the guidelines promulgated under [section 3 of Senate Bill No. 129]. A modification under this subsection may not be made within 12 months after the establishment of the order or the most recent modification.*

(3) The provisions as to property disposition may not be revoked or modified by a court, except:

(a) upon written consent of the parties; or

(b) if the court finds the existence of conditions that justify the reopening of a judgment under the laws of this state.

(4) Unless otherwise agreed in writing or expressly provided in the decree, the obligation to pay future maintenance is terminated upon the death of either party or the remarriage of the party receiving maintenance.

(5) Unless otherwise agreed in writing or expressly provided in the decree, provisions for the support of a child are terminated by emancipation of the child but not by the death of a parent obligated to support the child. When a parent obligated to pay support dies, the amount of support may be modified, revoked, or commuted to a lump-sum payment, to the extent just and appropriate in the circumstances."

Section 28. **Extension of authority.** Any existing authority to make rules on the subject of the provisions of [this act] is extended to the provisions of [this act].

Section 29. **Coordination instruction.** If [section 3 of Senate Bill No. 129] is not passed and approved, [section 27 of this act] is void.

Section 30. **Severability.** If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

# CHAPTER NO. 550

[SB 70]

AN ACT TO IMPLEMENT THE WORK PROVISIONS OF THE FEDERAL FAMILY SUPPORT ACT OF 1988; TO ESTABLISH A JOB OPPORTUNITIES AND BASIC SKILLS TRAINING (JOBS) PROGRAM FOR RECIPIENTS OF THE AID TO FAMILIES WITH DEPENDENT CHILDREN PROGRAM; TO REQUIRE MANDATORY PARTICIPATION OF RECIPIENTS IN THE NEW PROGRAM; TO PROVIDE SANCTIONS AGAINST RECIPIENTS WHO FAIL TO PARTICIPATE IN THE PROGRAM OR TO ACCEPT SUITABLE EMPLOYMENT; TO REQUIRE NECESSARY CHILD CARE ASSISTANCE; AMENDING SECTION 40-4-204, MCA; REPEALING SECTIONS 53-2-701 THROUGH 53-2-709, MCA; AND PROVIDING EFFECTIVE DATES.

STATEMENT OF INTENT

A statement of intent is required for this bill because [section 15] grants the department of social and rehabilitation services authority to adopt rules necessary to implement the provisions of this bill.

It is the intent of the legislature that the department establish a program, consistent with the provisions of the federal Family Support Act of 1988, to assure that recipients of aid to families with dependent children obtain the education, training, and employment needed to avoid long-term dependency on welfare. The program should be a mandatory program and, in the biennium beginning July 1, 1990, should include enrollment of at least 7% of all recipients of aid to families with dependent children who are not exempt from participation under [section 6].

In establishing the program, the department should adopt rules for:

(1) determining participation in the program;

(2) providing services and activities to program participants;

(3) determining eligibility for child care assistance under [section 9];

(4) selecting providers of services and activities under the program;

(5) evaluating the performance and effectiveness of the program;

(6) imposing sanctions as provided in [section 10]; and

(7) resolving disputes involving an individual's participation in the program.

The legislature expressly intends that the department comply with federal requirements and adopt such methods of administration as may be necessary to obtain federal funds for the program in the maximum amount possible.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. **Purpose.** It is the purpose of [this act] to establish a program, consistent with the provisions of the federal Family Support Act of 1988, to assure that recipients of the aid to families with dependent children program obtain the education, training, and employment needed to avoid long-term welfare dependency.

On the basis of such assessment, the department shall, in consultation with the participant, develop an employability plan as required in [42 U.S.C. 682(b)(1)(B)].

The standards must consist of an objective, quantifiable measure of the extent to which participation in the program increases the employment and earnings of participants and decreases their dependency on public assistance.

(2) In order to determine whether performance standards are met, the department shall monitor and evaluate the program on the basis of appropriate factors that must include the following:

(3) Each district court judgment, decree, or order establishing a final child support obligation under this title and each modification of a final order for child support must include a provision addressing health insurance coverage in the following cases:

(b) In the event that health insurance required in a child support judgment, decree, or order becomes unavailable to the party who is to provide it through loss or change of employment or otherwise, that party must, in the absence of an agreement to the contrary, obtain comparable insurance or request that the court modify the requirement.

(c) All temporary child support orders must contain a provision requiring the party who has health insurance in effect for the child or children of the parties to continue the insurance coverage pending final disposition of the case.

(d) The parties may by written agreement provide for the health care coverage required by this section, subject to the approval of the court.

(e) Unless otherwise provided in the decree, the health care coverage required by this section is in addition to and not in substitution, in whole or in part, for the child support obligation.

(4) Each district court judgment or order establishing a child support obligation under this title, whether temporary or final, and each modification of an existing order for child support entered after October 1, 1985, must include a warning statement that if the obligor is delinquent in the payment of support, the obligor's income may be subject to income withholding procedures under Title 40, chapter 5, part 3 or 4. Failure to include a warning statement in a judgment or order does not preclude the use of withholding procedures."

Section 2. **Hearing.** (1) When the department determines that a wage claim exists and if it fails to settle the claim with the parties, it shall cause the matter to be brought to a hearing before a department hearings officer. The hearing must be conducted according to contested case procedures under Title 2, chapter 4, part 6, except that the hearings officer is not bound by statutory or common-law rules of evidence.

(2) The decision of the hearings officer is final unless further review is initiated pursuant to [section 3] within 15 days after the decision is mailed to each party's last-known address. The period may be extended by the board for good cause.

HeinOnline -- 1989 vol. I 1356 1989

# CHAPTER NO. 555

[SB 305]

AN ACT ALLOWING A STATE LAND LESSEE WHO WISHES TO ENTER THE LAND IN THE FEDERAL CONSERVATION RESERVE PROGRAM TO VOLUNTARILY TERMINATE THE STATE LEASE PRIOR TO THE EXPIRATION DATE SO THAT THE LEASE, UPON RENEWAL, MAY RUN CONCURRENTLY WITH THE FEDERAL PROGRAM; PROVIDING THAT A VOLUNTARILY TERMINATED LEASE IS SUBJECT TO THE SAME COMPETITIVE BIDDING PROCESS AS A RENEWAL LEASE; AMENDING SECTIONS 77-6-109, 77-6-110, 77-6-204, AND 77-6-205, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. **Voluntary termination of lease to allow concurrence with federal conservation reserve program — competitive bidding required.** (1) A lessee of state land who wishes to enter the state land in the federal conservation reserve program may request voluntary termination of the remainder of the lease prior to scheduled expiration in order to seek a renewal lease that will run concurrently with the federal program. The lessee shall apply for voluntary termination to the department on a form prescribed by the department. The form must specify:

HeinOnline -- 1989 vol. I 1357 1989

(a) the name of the lessee and a designation of the leased land for which voluntary termination is sought;

(b) the scheduled termination date of the lease; and

(c) the term of eligibility of the land under the federal conservation reserve program.

(2) Upon receipt of a proper application, the department shall terminate the remainder of the lease. When a request for voluntary termination is granted, the department shall fulfill the notification requirements of 77-6-204, and the lease is subject to the same competitive bidding process as renewal leases under 77-6-205. However, the lessee requesting voluntary termination retains the preference right allowed under 77-6-205.

(3) If a lease renewal is granted pursuant to 77-6-205 to a lessee who has requested voluntary termination under this section, the term of the renewal lease must coincide with the term of eligibility under the federal conservation reserve program.

Section 2. Section 77-6-109, MCA, is amended to read:

**"77-6-109. Duration of lease.** *Except as provided in [section 1], a* lease *for* agricultural or grazing lands may *not* be for a period other than 5 or 10 years. Leases for city lots, town lots, and lands valuable for commercial development may not exceed 40 years."

Section 3. Section 77-6-110, MCA, is amended to read:

**"77-6-110. Lease expiration dates.** *Except as provided in [section 1], all* leases for agricultural lands, grazing lands issued after February 27, 1939, no matter on what date issued, shall expire on February 28 within 10 years from the date on which the lease becomes effective."

Section 4. Section 77-6-204, MCA, is amended to read:

**"77-6-204. Notification of termination of lease.** When a lease expires, is canceled, *or is voluntarily terminated under [section 1],* the department shall immediately notify the holder of the lease and all persons who have expressed an interest in leasing the land during or immediately preceding the term of the expired, canceled, *or terminated* lease."

Section 5. Section 77-6-205, MCA, is amended to read:

**"77-6-205. Renewal leases.** (1) A lessee of state land classed as agricultural, grazing, town lot, city lot, or land valuable for commercial development who has paid all rentals due from him to the state *or who has voluntarily terminated a lease under [section 1]* is entitled to have his lease renewed for a period not to exceed the maximum lease period provided in 77-6-109 at any time within 30 days prior to its expiration *or within 30 days following voluntary termination* if no other applications for lease of the land have been received 30 days prior to the expiration of his lease *or within 30 days following voluntary termination.* The renewal shall be at the rental rate provided by law for the renewal period and subject to any other conditions at the time of the renewal imposed by law as terms of the lease. Except as provided in 77-6-212, if other applications have been received,

HeinOnline -- 1989 vol. I 1358 1989

the holder of the lease has the preference right to lease the land covered by his former lease by meeting the highest bid made by any other applicant. Applications for lease of lands in this section shall be given preference in the order of their receipt at the office of the department.

(2) The board shall accept the highest bid. If the lessee exercises the preference right and believes the bid to be excessive, he may request an administrative hearing. *The* request must contain a statement of reasons why the lessee believes the bid not to be in the state's best interest and must be accompanied by a deposit equal to 20% of the competitive bid in the case of grazing lands and $1 per acre in the case of agricultural lands. The department shall grant the request for a hearing if it determines that the statement indicates evidence that the bid may not be in the state's best interests. The board may, after the hearing, reduce the rental from the amount bid if the lessee shows that the bid is not in the best interest of the state because it is above community standards for a lease of such land, would cause damage to the tract, or impair its long-term productivity. If the board reduces the bid, it shall set forth its findings and conclusions in writing and so inform the lessee and competitive bidder. It is the duty of the board to secure the best lessees possible, so that the state may receive the maximum return possible with the least injury occurring to the land.

(3) A renewal lease may be canceled pursuant to 77-6-113, 77-6-208, 77-6-209, or 77-6-210 for a violation by the lessee that occurred during the previous lease term but no more than 3 years prior to the date on which the notice of cancellation required by 77-6-211 is issued. Cancellation procedures instituted but not completed before renewal are applicable to the renewal lease.

*(4) A renewal lease may be voluntarily terminated pursuant to [section 1]."*

Section 6. **Codification instruction.** [Section 1] is intended to be codified as an integral part of Title 77, chapter 6, and the provisions of Title 77, chapter 6, apply to [section 1].

Section 7. **Extension of authority.** Any existing authority to make rules on the subject of the provisions of [this act] is extended to the provisions of [this act].

Section 8. **Effective date.** [This act] is effective on passage and approval.

Approved April 15, 1989.

# CHAPTER NO. 556

[SB 388]

AN ACT TO CREATE A MONTANA CONSERVATION CORPS WITHIN THE PARKS DIVISION OF THE DEPARTMENT OF FISH, WILDLIFE, AND PARKS; AND PROVIDING AN EFFECTIVE DATE.

STATEMENT OF INTENT

A statement of intent is required for this bill because [section 3] authorizes the department of fish, wildlife, and parks to adopt rules relating to the Montana conservation corps.

HeinOnline -- 1989 vol. I 1359 1989

It is the intent of the legislature that the rules address the following:

(1) procedures for recruitment and employment of corpsmembers;

(2) procedures for review and approval of work experience projects;

(3) a corpsmember code of conduct and grievance procedure;

(4) standards and procedures to evaluate and report on the performance of corpsmembers and the corps program;

(5) training procedures and programs for corpsmembers; and

(6) other rules necessary to accomplish the purposes of the Montana conservation corps program.

WHEREAS, Article IX, section 1, of the Montana Constitution states that the Legislature shall provide adequate remedies for the protection of the environmental life support system from degradation and provide adequate remedies to prevent unreasonable depletion and degradation of natural resources; and

WHEREAS, to maintain, protect, and conserve the valuable and nonrenewable resources of the state parks, programs need to be implemented that will assure preservation of state parks, economic productivity, and scenic beauty, as well as public health and safety and social benefit, as they continue to be subject to public use; and

WHEREAS, conservation work programs have proven highly successful and cost-effective in assisting in the protection, conservation, rehabilitation, and improvement of scenic, historical, archaeological, scientific, and recreational resources.

THEREFORE, the Legislature finds that:

(1) it is appropriate to provide a work experience program for unemployed or economically disadvantaged youth, adults, and volunteers who would work without pay that will enable them to serve society, learn practical skills, and establish sound work records that will in turn provide opportunities for future employment and education; and

(2) benefits will accrue to the maintenance and economic productivity of the state park system, to the state economy, and to the participants who benefit from exposure to a fundamental work ethic through their experience in safeguarding and improving state resources as a result of corps employment opportunities.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. **Montana conservation corps — purpose and intent.** (1) There is a Montana conservation corps within the parks division of the department of fish, wildlife, and parks.

(2) The purpose of the corps is to accomplish labor-intensive improvements to the state park system and to other public lands for which specific responsibilities are accepted through service contracts.

HeinOnline -- 1989 vol. I 1360 1989

(3) It is the intent of the legislature that the corps grow in productive ways and that state agencies involved with the corps provide coordination of the conservation corps program. The legislature also intends that the Montana conservation corps program contract with the job service or the human resource development council, as defined in 53-10-501.

Section 2. **Definitions.** As used in [this act], unless the context clearly requires otherwise, the following definitions apply:

(1) "Corps" means the Montana conservation corps.

(2) "Corps coordinator" means the person who acts as the corps administrative officer and employs the staff necessary to implement the provisions of this chapter.

(3) "Corpsmember" means a participant in the corps.

(4) "Crewleader" means a participant in the corps who supervises corpsmembers.

(5) "Department" means the department of fish, wildlife, and parks provided for in 2-15-3401.

(6) "Division" means the parks division of the department of fish, wildlife, and parks.

(7) "State agencies" means the departments of fish, wildlife, and parks; social and rehabilitation services; labor and industry; state lands; family services; and natural resources and conservation.

Section 3. **Powers and duties of the division.** The division, in cooperation with the department, may:

(1) hire a corps coordinator;

(2) coordinate with state agencies to place eligible participants in work experience projects, including those state general assistance (GA) and federal aid to families with dependent children (AFDC) recipients utilizing grant diversion funding and youth under state supervision utilizing payments from the department of family services;

(3) develop and approve work experience projects that meet the requirements of [this act];

(4) ensure that work experience projects involve labor-intensive improvements to public lands or facilities that will result in a public value and have a potential to yield revenue;

(5) execute contracts or cooperative agreements containing the terms and conditions necessary and desirable for the employment of crewleaders and corpsmembers in approved work experience projects with federal, state, or local agencies, persons, firms, partnerships, associations, or corporations;

(6) execute contracts or cooperative agreements with federal, state, or local agencies, persons, partnerships, associations, or corporations for the purpose of administering the requirements of [this act];

(7) develop procedures for awarding incentive vouchers;

HeinOnline -- 1989 vol. I 1361 1989

(8) authorize use of the corps for emergency projects, including but not limited to natural disasters, fire prevention and suppression, and rescue of lost or injured persons, and provide adequate training to corpsmembers prior to participation in an emergency project;

(9) apply for and accept grants or contributions of services, funds, or lands from any public or private donors, including the acceptance of federal funds appropriated by the legislature;

(10) purchase, rent, acquire, or obtain personal property, supplies, instruments, tools, or equipment necessary to complete work experience projects; and

(11) adopt rules and guidelines necessary to implement the provisions of [this act] and to effectively administer the program.

Section 4. **Work experience projects — criteria — standards — land use exceptions.** (1) The division shall ensure that each work experience project established pursuant to the authority granted in [section 3] provides corpsmembers with job training skills, which may include job search and application skills, and with work experience related to the conservation, improvement, or development of natural resources or the enhancement, preservation, or maintenance of public lands, waters, or facilities. Job training may be provided by the work experience project or by other agencies as provided in [section 3].

(2) Work experience projects must be selected according to criteria that include but are not limited to:

(a) the extent to which the project will provide environmental, natural resource, and state park system benefits;

(b) the extent to which the project will provide opportunities for public use and value of the land or facility and on-the-job training for corpsmembers; and

(c) the extent to which the project will generate additional revenue for the state or its subdivisions.

(3) Work sites of work experience projects must conform to applicable health and safety standards required for safe work environments.

(4) Work experience projects developed or approved and funded by the division must be limited to public lands and facilities except where improvements to other lands will provide documented public value or benefit. Reimbursement must be provided to the division for that portion of the total cost of work on nonpublic lands. The reimbursement must be retained by the division for use in the corps program or for incentive vouchers. In the case of emergencies and natural disasters, projects may take place on land or at facilities not owned by the department or by another state or local agency without regard to public benefit and private reimbursement.

Section 5. **Eligibility for employment in program — referrals.** (1) To be eligible to participate in the Montana conservation corps program, a person must:

(a) be a citizen of the state as defined in 1-1-402;

(c) be capable of performing labor-intensive work; and

(d) meet the requirement of the job service and the human resource development council, as defined in 53-10-501, for participation in job training programs, be assigned by the department of family services as a youth under state supervision, be unemployed, or be accepted as an unpaid volunteer.

(2) Eligibility for corpsmembers must be determined by local job service offices and summer youth program operators. If the number of corps positions is insufficient to place all eligible individuals who apply for participation in the program, the job service may, upon approval by the applicant, provide the name of an eligible individual to private sector employers or to job training programs requesting referrals.

Section 6. **Term of enrollment — compensation — exemption from employee benefits.** (1) A corpsmember will be placed for a period not to exceed 12 months. The program operator shall refer the names of corpsmembers who successfully complete their participation in the corps to the job service for assistance in securing private sector employment or for enrollment in additional job training programs. The program operator may also, upon approval of the corpsmember, provide the name of a corpsmember who successfully completes his participation in the corps to private sector employers requesting referrals.

(2) A corpsmember may not be scheduled to work for more than 40 hours per week. Job training and placement services must be provided to corpsmembers during regular work hours. Corpsmembers must be compensated as provided in subsection (3) for participation in job training and placement service programs.

(3) A corpsmember must be compensated at a rate set by the department that is not less than the federal minimum wage.

(4) A corpsmember is not entitled to any employee benefits provided to permanent department or agency employees except for holiday pay and workers' compensation benefits that are provided through the funds appropriated to carry out [this act]. Service as a corpsmember does not qualify an individual for unemployment compensation benefits.

(5) If funds are available, a person who is employed as a corpsmember for the full period of enrollment and who receives a satisfactory employment evaluation may be awarded an incentive voucher valid for up to 3 years at any Montana institution of higher education or vocational-technical center.

Section 7. **Prohibited activities.** (1) The division, in developing and approving work experience projects, shall ensure that:

(a) work available to participants is not available as the result of a labor dispute, strike, or lockout and will not be assigned to cause a layoff or downgrading or to prevent the return to work of an available competent employee; and

(b) a work experience project:

(i) does not impair existing contracts for service or collective bargaining agreements; and

HeinOnline -- 1989 vol. I 1363 1989

(ii) is not inconsistent with the terms of a collective bargaining agreement without written concurrence of the labor organization and employer concerned.

(2) It is unlawful for a person to demand from any public officer, corpsmember, or crewleader an assessment or percentage of any money or profit, or its equivalent in support, service, or any other thing of value, with the express or implied understanding that it will be used for political purposes. Nothing contained in [this act] may be construed to prohibit voluntary contributions to any political committee or organization for legitimate political purposes to the extent allowed by law.

Section 8. **Coordination requirements — consolidation of programs authorized.** (1) The governor shall assure that program activities under [this act] are coordinated with programs administered under the federal Job Training Partnership Act and any other relevant employment, training, education, or work program in this state.

(2) The governor may consolidate the program established in [section 1] with other programs in order to maximize coordination of program activities as required in subsection (1) and to prevent overlapping and duplication of services.

Section 9. **Severability.** If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 10. **Effective date.** [This act] is effective July 1, 1989.

Approved April 15, 1989.

(2) A sum equal to 10% of the first money of every purse won by a horse bred in this state shall be paid by the licensee conducting the race meet to the breeder of the horse. Only the money contributed by the licensee conducting the race meet may be considered in computing the bonus.

[SB 342]

AN ACT TO PROHIBIT THE DISPLAY AND DISSEMINATION OF OBSCENE MATERIAL TO MINORS; AMENDING SECTIONS 45-8-201 AND 45-8-203, MCA; AND REPEALING SECTION 45-8-202, MCA.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. **Definitions.** As used in [this act], the following definitions apply:

(1) "Display or dissemination of obscene material to minors" means that quality of a description, exhibition, presentation, or representation, in whatever form, of sexual conduct or sadomasochistic abuse when the material or performance, taken as a whole, has the following characteristics:

(a) its dominant theme appeals to a minor's prurient interest in sex;

(b) it depicts or describes sexual conduct or sadomasochistic abuse in a manner that is patently offensive to contemporary standards in the adult community with respect to what is suitable for minors; and

(c) it lacks serious literary, scientific, artistic, or political value for minors. If the court finds that the material or performance has serious literary, scientific, artistic, or political value for a significant percentage of normal older minors, the material or performance may not be found to lack such value for the entire class of minors.

(2) "Material" means a book, magazine, newspaper, pamphlet, poster, print, picture, figure, image, description, motion picture film, record, recording tape, or videotape (except a motion picture or videotape rated G, PG, PG-13, or R by the motion picture association of America).

(3) "Minor" means a person under 18 years of age.

(4) "Newsstand" means a stand that distributes or sells newspapers or magazines.

(5) "Performance" means any motion picture, film, or videotape (except a motion picture or videotape rated G, PG, PG-13, or R by the motion picture association of America); phonograph record; compact disk; tape recording; preview; trailer; play; show; skit; dance; or other exhibition played or performed before an audience of one or more, with or without consideration.

HeinOnline -- 1989 vol. II 1395 1989

(6) "Person" means any individual, partnership, association, corporation, or other legal entity of any kind.

(7) "Prurient interest in sex" means a shameful or morbid interest in sex or excretion.

(8) "Sexual conduct" includes:

(a) vaginal, anal, or oral intercourse, whether actual or simulated, normal or perverted. A sexual act is simulated when it gives the appearance of depicting actual sexual activity or the consummation of an ultimate sexual act.

(b) masturbation, excretory functions, or lewd exhibition of uncovered genitals or female breasts;

(c) sadomasochistic abuse, meaning an act or condition that depicts torture, physical restraint by being fettered or bound, or flagellation of or by a nude person or a person clad in undergarments or in a revealing or bizarre costume.

(9) "Ultimate sexual act" means vaginal or anal sexual intercourse, fellatio, cunnilingus, or bestiality.

Section 2. **Public display or dissemination of obscene material to minors.** (1) A person having custody, control, or supervision of any commercial establishment or newsstand may not knowingly or purposely:

(a) display obscene material to minors in such a way that minors, as a part of the invited public, will be able to view the material; provided, however, that a person is considered not to have displayed obscene material to minors if the material is kept behind devices commonly known as blinder racks so that the lower two-thirds of the material is not exposed to view or other reasonable efforts were made to prevent view of the material by a minor;

(b) sell, furnish, present, distribute, or otherwise disseminate to a minor or allow a minor to view, with or without consideration, any obscene material; or

(c) present to a minor or participate in presenting to a minor, with or without consideration, any performance that is obscene to minors.

(2) A person does not violate this section if:

(a) he had reasonable cause to believe the minor was 18 years of age. "Reasonable cause" includes but is not limited to being shown a draft card, driver's license, marriage license, birth certificate, educational identification card, governmental identification card, or other official or apparently official card or document purporting to establish that the person is 18 years of age;

(b) the person is, or is acting as, an employee of a bona fide public school, college, or university or a retail outlet affiliated with and serving the educational purposes of a school, college, or university and the material or performance was disseminated in accordance with policies approved by the governing body of the institution;

HeinOnline -- 1989 vol. II 1396 1989

(c) the person is an officer, director, trustee, or employee of a public library or museum and the material or performance was acquired by the library or museum and disseminated in accordance with policies approved by the governing body of the library or museum;

(d) an exhibition in a state of nudity is for a bona fide scientific or medical purpose for a bona fide school, library, or museum; or

(e) the person is a retail sales clerk with no financial interest in the material or performance or in the establishment displaying or selling the material or performance.

Section 3. **Notice of violation.** Before a county attorney may prosecute a person for a continuing violation of [section 2], he shall determine that the material or performance is obscene to minors, give the alleged violator actual notice of the determination and notice that he will be prosecuted if he does not desist, and determine that the violation continued for at least 3 days after notice was received. The person may seek a declaratory judgment on the question whether the material or performance is obscene to minors. The statute of limitations for the offense is tolled while the declaratory judgment or an appeal from it is pending.

Section 4. **Penalties.** (1) A person who is convicted of violating [section 2] is guilty of a misdemeanor and may be fined an amount not to exceed $500 or be imprisoned for a term not to exceed 6 months, or both.

(2) For purposes of [section 2], multiple copies of the same title, monthly issue, volume and number issue, or other identical material constitutes a single offense.

Section 5. Section 45-8-201, MCA, is amended to read:

"**45-8-201. Obscenity.** (1) A person commits the offense of obscenity when, with knowledge of the obscene nature thereof, he purposely or knowingly:

(b) taken as a whole the material:

(i) applying contemporary community standards, appeals to the prurient interest in sex;

(ii) portrays conduct described in *subsection* (2)(a)(i), (ii), or (iii) in a patently offensive way; and

(iii) lacks serious literary, artistic, political, or scientific value.

(3) In any prosecution for an offense under this section, evidence shall be admissible to show:

(a) the predominant appeal of the material and what effect, if any, it would probably have on the behavior of people;

(b) the artistic, literary, scientific, educational, or other merits of the material;

(c) the degree of public acceptance of the material in the community;

(d) appeal to prurient interest or absence thereof in advertising or other promotion of the material; or

(e) purpose of the author, creator, publisher, or disseminator.

(4) A person convicted of obscenity shall be fined at least $500 but not more than $1,000 or imprisoned in the county jail for a term not to exceed 6 months, or both.

(5) Cities, towns, or counties may adopt ordinances or resolutions which are more restrictive as to obscenity than the provisions of this section and *[section 2]*."

Section 6. Section 45-8-203, MCA, is amended to read:

Certain motion picture theater employees not liable for prosecution.** (1) As used in this section, "employee" means any person regularly employed by the owner or operator of a motion picture theater if he has no financial interest other than salary or wages in the ownership or operation of the motion picture theater, has no financial interest in or control over the selection of the motion pictures shown in the theater, and is working within the motion picture theater where he is regularly employed. Section 2. Section 23-2-512, MCA, is amended to read:

**"23-2-512. Identification number.** (1) The owner of each motorboat, sailboat, *or personal watercraft* requiring numbering by this state shall file an application for number in the office of the county treasurer where the motorboat, sailboat, *or personal watercraft* is owned, on forms prepared and furnished by the department of justice. The application must be signed by the owner of the motorboat, sailboat, *or personal watercraft* and be accompanied by a fee of $2. Any alteration, change, or false statement contained in the application will render the certificate of number void. Upon receipt of the application in approved form, the county treasurer shall issue to the applicant a certificate of number prepared and furnished by the department of justice, stating the number assigned to the motorboat, sailboat, *or personal watercraft* and the name and address of the owner.

(2) The applicant, upon the filing of the application, shall pay to the county treasurer the fee in lieu of tax required for a motorboat 10 feet in length or longer, a sailboat 12 feet in length or longer, *or a personal watercraft* for the current year of certification before the application for certification or recertification may be accepted by the county treasurer.

(3) Should the ownership of a motorboat, sailboat, *or personal watercraft* change, a new application form with the certification fee must be filed within a reasonable time with the county treasurer and a new certificate of number assigned in the same manner as provided for in an original assignment of number.

(4) If an agency of the United States government has in force a comprehensive system of identification numbering for motorboats in the United States, the numbering system employed pursuant to this part by the department of justice must be in conformity.

(5) Every certificate of number and the license decals assigned under this part continues in effect for a period not to exceed 1 year unless terminated or discontinued in accordance with the provisions of this part. Certificates of number and license decals must show the date of expiration and may be renewed by the owner in the same manner provided for in the initial securing of the certificate.

(6) Certificates of number expire on December 31 of each year and may not be in effect unless renewed under this part.

(7) In event of transfer of ownership, the purchaser shall furnish the county treasurer notice within a reasonable time of the acquisition of all or any part of his interest, other than the creation of a security interest,

HeinOnline -- 1989 vol. II 1412 1989

in a motorboat, sailboat, *or personal watercraft* numbered in this state or of the loss, theft, destruction, or abandonment of the motorboat, sailboat, *or personal watercraft*. The transfer, loss, theft, destruction, or abandonment terminates the certificate of number for the motorboat, sailboat, *or personal watercraft*. Recovery from theft or transfer of a part interest that does not affect the owner's right to operate the motorboat, sailboat, *or personal watercraft* does not terminate the certificate of number.

(8) A holder of a certificate of number shall notify the county treasurer within reasonable time if his address no longer conforms to the address appearing on the certificate and furnish the county treasurer with his new address. The department of justice may provide by rule for the surrender of the certificate bearing the former address and its replacement with a certificate bearing the new address or the alteration of an outstanding certificate to show the new address of the holder.

(9) (a) The number assigned must be painted on or attached to each outboard side of the forward half of the motorboat, sailboat, *or personal watercraft* or, if there are no such sides, at a corresponding location on both outboard sides of the foredeck of the motorboat, sailboat, *or personal watercraft*. The number assigned must read from left to right in Arabic numerals and block characters of good proportion at least 3 inches tall excluding border or trim of a color that contrasts with the color of the background and be so maintained as to be clearly visible and legible. The number may not be placed on the obscured underside of the flared bow where it cannot be easily seen from another vessel or ashore. No numerals, letters, or devices other than those used in connection with the identifying number issued may be placed in the proximity of the identifying number. No numerals, letters, or devices that might interfere with the ready identification of the motorboat, sailboat, *or personal watercraft* by its identifying number may be carried as to interfere with the motorboat's, sailboat's, *or personal watercraft's* identification. No number other than the number and license decal assigned to a motorboat, sailboat, *or personal watercraft* or granted reciprocity under this part may be painted, attached, or otherwise displayed on either side of the forward half of the motorboat, sailboat, *or personal watercraft*.

(b) The certificate of number shall be pocket size and available to federal, state, or local law enforcement officers at all reasonable times for inspection on the motorboat, sailboat, *or personal watercraft* whenever the motorboat, sailboat, *or personal watercraft* is on waters of this state.

(c) Boat liveries are not required to have the certificate of number on board each motorboat, sailboat, *or personal watercraft*, but a rental agreement must be carried on board livery motorboats, sailboats, *or personal watercraft* in place of the certificate of number.

(10) Fees, other than the fee in lieu of tax, collected under this section shall be transmitted to the state treasurer, who shall deposit the fees in the motorboat or sailboat certificate identification account of the state special revenue fund. These fees shall be used only for the administration and enforcement of this part, as amended.

HeinOnline -- 1989 vol. II 1413 1989

(11) An owner of a motorboat, sailboat, *or personal watercraft* must within a reasonable time notify the department of justice, giving the motorboat's, sailboat's, *or personal watercraft's* identifying number and the owner's name when the motorboat, sailboat, *or personal watercraft* is transferred, lost, destroyed, abandoned, or frauded or within 60 days after change of state of principal use or if a motorboat becomes documented as a vessel of the United States."

Section 3. Section 23-2-515, MCA, is amended to read:

**"23-2-515. License decals to be displayed.** (1) Every Montana motorboat, sailboat, *or personal watercraft* numbered in accordance with the provisions of 23-2-512 *or* 23-2-513 shall be required to display license decals. For this purpose the county treasurer, upon proof of payment of the fee in lieu of tax *as required by 15-16-202* for motorboats 10 feet in length or longer, sailboats 12 feet in length or longer, *or personal watercraft*, shall issue a pair of decals prepared and furnished by the department of justice with all new certificates of number and renewals thereof.

(2) The decals shall be of a style and design prescribed by the department of justice and shall be a color differing from the preceding year. The license decal will be serially numbered and have the expiration date of December 31 of the appropriate year printed thereon.

(3) License decals shall be displayed only in the following manner: one valid license decal on each side of the forward half, 3 inches aft of the identifying numbers."

(2) The fee imposed by subsection (1) need not be paid by a dealer for motorboats, sailboats, *personal watercraft, motorized canoes, motorized rubber rafts, or motorized pontoons* that constitute inventory of the dealership."
